AUTOMATIC REVOLVER

WITH AUTOMATIC SHELL-EJECTING DEVICE

HIGH QUALITY ——— RIFLED BARREL ——— GOOD VALUE

This Revolver is made in three sizes, viz., .22 Calibre, .32 Calibre and .38 Calibre. The .22 Calibre Revolver uses .22 Calibre rim fire cartridges (long or short), and fires seven shots at one loading. The other two sizes use .32 and .38 Calibre S. & W. center fire cartridges respectively, and both fire five shots at one loading. We have no hesitation in saying this is one of the most powerful and effective weapons made. It has several very desirable features. It can be fired ONLY BY PULLING THE TRIGGER. Thus the shots can be fired RAPIDLY and in QUICK SUCCESSION, almost as fast as you could count, offering no obstacle to instant firing. This makes it the ideal weapon for Express Men, Bank Agents, Pay Roll Clerks, Automobilists, and all others where quick action is so absolutely essential in emergency. The Revolver can be aimed and fired at once; the hammer does not have to be pulled back; immediate sight can be obtained, that is necessary in quick shooting. Another very desirable feature is the AUTOMATIC SHELL EJECTOR, that throws the empty shells out when the barrel is tipped down. The Revolver is a magnificent specimen of high grade workmanship, being exceptionally well made of the very finest of materials and scientifically tested for accuracy. Handsomely nickel plated, with fancy rubber barrel.

Cartridges Adapted for these Revolvers

As prices of all revolvers are advancing, owing to present abnormal conditions, you should place your order early. Any of these Revolvers may be had with Blue Steel Frame and Barrel at an additional cost of $1.00.

No. 9001. AUTOMATIC BREAK OPEN REVOLVER. 32 Cal. Price..$ 9.50
No. 9002. AUTOMATIC BREAK OPEN REVOLVER. 38 Cal. Price. $10.50

REVOLVER HOLSTERS

No. R 9041

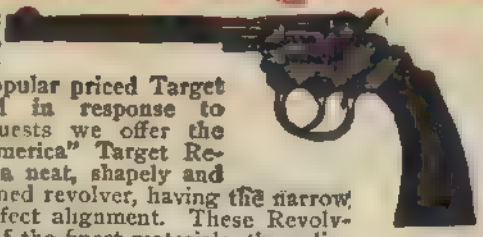
When you have occasion to use a revolver you usually want it quick. With one of these Holsters your revolver is always available and accessible for instant action. The Holster illustrated is made of good leather, with a loop for fastening to the belt. For travellers, bank messengers, pay clerks, express agents, detectives, others desiring to be ready for any EMERGENCY, a Holster is almost a necessity. We have them in various sizes, and if you mention length and make of revolver, we will send you one to suit. PRICES: OPEN TOP, $1.00, postpaid; CLOSED TOP (WITH FLAP), $1.50.

No. R 9040

SWEET—He is an old flame of yours, isn't he? SIXTEEN—Yes. Just look at him. About half-lit now.

Learn To Shoot Straight With The Celebrated

America Target Revolver



Cartridges Adapted for this Revolver. .22 Caliber Rim Fire.

$1.00 $1.00 65c per 100

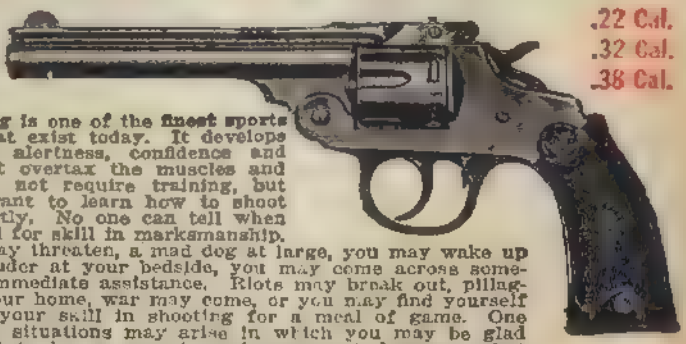
Of late there has been a very great demand for a popular priced Target Revolver, and in response to numerous requests we offer the celebrated "America" Target Revolver. It is a neat, shapely and well proportioned revolver, having the narrow frame and perfect alignment. These Revolvers are made of the finest materials, the cylinder is bored from a solid bar of steel, chambered and fluted, and the barrel is of the octagon type, well rifled and particularly well finished. The revolver is highly polished and nickel plated throughout, with fancy rubber handles and can be used as a single action as well as a double action arm. All the working parts are drop forged and case hardened, and with a few drops of oil here and there it will last for many years. This revolver is made in .22 calibre only, with 6 inch barrel, and special large TARGET HANDLES. It accommodates .22 calibre long or short rim fire cartridges that can be obtained almost anywhere, or from us direct if desired. The barrel is 6 inches in length; weight about 13 ounces.

No. R9020. America Target Revolver, 22 Cal., 7 Shots, Price, $9.00
Extras. Blue Steel Frame and Barrel, $1.00 additional.

Automatic Break-Open Target Revolver

—— IT HITS THE MARK ——

LESSON TO SHOOT ACCURATELY



.22 Cal.
.32 Cal.
.38 Cal.

Target Shooting is one of the finest sports and pastimes that exist today. It develops poise, accuracy, alertness, confidence and skill. It does not overtax the muscles and nerves and does not require training, but practice. You want to learn how to shoot and shoot correctly. No one can tell when he will have need for skill in marksmanship. A holdup man may threaten, a mad dog at large, you may wake up and find a marauder at your bedside, you may come across someone in need of immediate assistance. Riots may break out, pillagers break into your home, war may come, or you may find yourself dependent upon your skill in shooting for a meal of game. One hundred and one situations may arise in which you may be glad that you learned to be an expert marksman not, however, that you would be an enemy to society, nor that you should inflict cruelty on animals, but that you should be prepared to protect yourself, to stand firmly on the side of what you know to be right.

The Target Revolver illustrated answers the same general description as the Automatic Revolver illustrated on the next page, excepting that it has an extra long barrel, measuring six inches long, and special target grips. Made in the same three sizes, .22, .32 and .38 calibre, and using the same cartridges, fitted with shell ejector, and of the break-open type, same as the automatic on the opposite page.

No. R9022. AUTOMATIC BREAK-DOWN TARGET REVOLVER, .22, .32 or .38 cal. $13.50
IF WITH BLUE STEEL FRAME AND BARREL, $1.50 EXTRA.

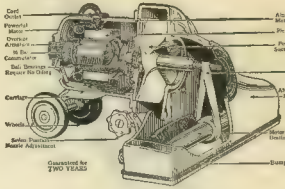
EACH ASSORTMENT IN A CRATE

ELECTRIC VACUUM CLEANERS.

HAMILTON BEACH.

WITH MOTOR DRIVEN BRUSH.



Cut Away View of Cleaner.

Attachments—These simple, common-sense tools clean everything in the house—overstuffed furniture, clothing, draperies, moulding, book cases, pianos, radiators and all sorts of hard-to-get-at places and corners.

Motor driven brush is a single row of pliable bristles which gently beat the embedded dirt loose and free surface litter.

Powerful Universal motor. Norma ball bearings, packed in grease. Motor requires no oiling.

Highly polished aluminum nozzle, scientifically designed to eliminate eddy current. Dust-proof bag, especially woven, durable material. Throat flap designed to prevent dust and dirt from falling out while bag is being removed for cleaning. Jiffy connection, a turn of the wrist and the bag is off or on. Dirt easily emptied through wide 8-inch bag mouth.

Fibre handle, beautifully finished in black, nickel trimmed. Conveniently curved to fit the hand. Trigger switch at finger tips stops the motor. Handle automatically held in an upright position when not in use. Has nozzle tilting stop for lifting cleaner nozzle from floor when cleaning rug fringe. 24 feet of cord.

Seven position nozzle adjustment. A turn of the knob gives exactly right position for cleaning bare floors, linoleum, Wilton rugs, Oriental rugs and floor coverings of every type.

Hamilton Beach vacuum cleaner is guaranteed for two years. This guarantee covers every part including brush, belt and bag. A guarantee bond signed by the Hamilton Beach Manufacturing Company is furnished to each purchaser.

Hamilton Beach Vacuum Cleaners—Without attachments; 105 to 120 volts AC or DC current; weight each, 21 lbs..... Each $39.50

Special voltages furnished from factory.

One in two cartons.

Hamilton Beach Vacuum Cleaner Attachments—For above cleaner; weight per set, 4½ lbs..... Per Set $6.00

One set in a carton.

Hamilton Beach Vacuum Cleaner Belts—Extra belts for motor driven brush..... Each $0.16

ELECTRIC VACUUM CLEANERS.

BEE-VAC.

BALL BEARING.

The super-efficient ¾ H. P. Birco Universal motor of finest construction is fully encased in dust-proof coverings and permanently lubricated at the factory. It requires no oiling of any kind, thus eliminating bearing troubles. Motor case and nozzle are of highly polished aluminum.

Powerful suction, concentrated in a narrow nozzle opening, together with a double, swing-back brush, gets the deepest dirt and most stubborn litter with complete safety to the finest rug.

The floating brush is of the stationary type and when swung into position it is held in contact with the floor covering at all times by spring pressure.

Adjustable rear caster, wheels easily removed for cleaning. Slide-on bag clamp. Convenient trigger switch, etc.

Over half a million Bee-Vacs in use today, some of them for 18 years, still giving efficient service. Nationally advertised, both in magazines and trade papers. Endorsed by the Board of Underwriters, Good Housekeeping, The Modern Priscilla and other testing laboratories.

Display material and imprinted advertising furnished free upon request direct to the manufacturer. Bee-Vacs require no adjustment by the purchaser. Every part of the Bee-Vac, motor and all, is guaranteed for two full years.

Each

No. B-DL50—Vacuum Cleaners; without attachments; 110 volts, D. C. or A. C., 60 cycles; shipping weight each, 16 lbs. $39.75

Per Set

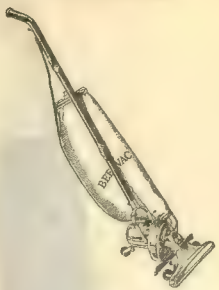
No. B-DL52—Vacuum Cleaner Attachments; for above cleaner $8.00

ATTACHMENTS.

Easily attached to center of fan casing by removing name plate.

1—An 8-ft. flexible rubber hose.
2—Swiveled metal connection fastened to end of hose for direct insertion into machine.
3—5-inch aluminum nozzle for dusting books, shelving, moulding, etc.
4—Brush which snaps on to 5-inch nozzle for cleaning portieres, draperies, heavy clothing, etc.
5—Steel connecting tube.
6—30-inch extension tube for cleaning the hard-to-reach places.
7—Blower nozzle for cleaning radiators.
8—Floor polisher for dusting, polishing and brightening up polished floors and linoleum.

BRONZE BEARING.



Equipped with a Birco 1/5 H. P. Universal motor of finest construction. Achieves its unusual results first, with powerful yet harmless air suction concentrated in a narrow nozzle opening; second, with a double, swing-back brush to loosen clinging material, surface litter, etc.; lifts the nap, sucking a hurricane blast of air straight through the rug, getting all embedded dirt, all dust, all grit, in quickest time without injury to the finest rug.

Double, swing-back, self-cleaning brush is an exclusive feature; cannot become detached or lost.

Light in weight, easy to handle, handsome in appearance and convenient to use in every way. The cleaning tools are easily connected direct to center of fan casing, giving unusually efficient suction.

Motor case and nozzle castings are made of highly polished aluminum. Bearings are protected by dust-proof coverings and a perfected lubricating system overcomes bearing troubles.

Each

No. B-G10—Vacuum Cleaners; without attachments; 110 volts D. C. or A. C., 60 cycles; net weight each, 11 lbs.; shipping weight each, 15 lbs. $29.50

Per Set

Bee-Vac, Bronze Bearing, Cleaner Attachments $5.00

ATTACHMENTS.

Easy to connect and use and consist of the following:

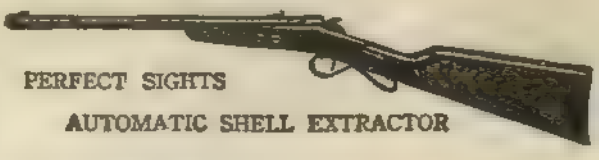
An 8-ft. flexible rubber hose. Swiveled metal connection fastened to end of hose for direct insertion into machine. 5-inch aluminum nozzle. Tapestry brush. Steel connecting tube. 30-inch extension tube.

THE HAMILTON BREECH-LOADING RIFLE

A LONG RANGE LOW PRICE SMALL BORE

Will Kill Up To 200 Yards

Accuracy of Grooving Insures Great Penetration



PRICE ONLY **$4.50** Postpaid to any address

PERFECT SIGHTS

AUTOMATIC SHELL EXTRACTOR

The HAMILTON RIFLE is safe, strong and accurate, with few working parts, which can easily be kept in order. It has hammer action, with automatic extractor; the breech-lock, when thrown open, automatically operates the ejector and the shells never jam. When the shell is inserted and barrel closed the thumb-piece is thrown to the right and automatically locks barrel at the same bringing the firing-pin into alignment with the hammer. The solid breech-lock makes action safe. The barrel is bronze and rifle under exclusive patents; has a built-up steel jacket, which makes it very strong, accurate and durable, and can be easily cleaned. The .22 calibre ammunition is very cheap and is obtainable from almost all storekeepers, or we will ship it ourselves by express if you are willing to pay the express charges. It measures 30 inches over all, length of barrel 16 inches. Sights, rear open and adjustable and front knife sights. Chambered for 22 calibre short or long rim fire cartridges. The weight is approximately 2½ lbs.

No. 3919. Hamilton Breech-Loading Rifle, Price, postpaid..... 4.50

THE HAMILTON REPEATING RIFLE

Fires Fifteen Shots in One Loading

HAMMERLESS

TAKE-DOWN MODEL

PUMP ACTION

.22 Calibre

Fitted With Safety Lock

Here is the cheapest Repeating Rifle to be had. It is a hammerless, take-down model Rifle, with pump action. The magazine is loaded with **Fifteen Shots** of 22 Calibre. Immediately after firing a shot, the pump action is pulled back, which automatically ejects the empty shell and places the next cartridge into position ready for firing. An **Automatic Lock** prevents **Accidental Discharge** while operating pump action as the trigger cannot be pulled until breech is locked in firing position. The Pump Action is automatically locked when the rifle is loaded and ready to fire.

Not the least desirable feature of this Rifle is the **Safety Lock** in the guard just back of the trigger, which is used to prevent accidental discharge when the rifle is not in use. The Rifle is easily taken apart by removing knurled take down screw just above the trigger. The Barrel is bronze lined, accurately rifled, with solid steel breech. Front sight knife pattern, rear sight open and adjustable, stock and forearm genuine walnut, turned. Length over all, 35 inches. Length of barrel assembly when taken down, 21¼ inches. Weight about four pounds. Each rifle comes packed in box. You should order at once to secure this great bargain.

No. 2920. Hamilton Repeating Rifle, Price, postpaid..... $17.50

No. R9052. 22 Cal. Cartridges for Same (By Express Only, per 100..... 1.00

AUTOMATIC CAP PISTOL

Often Better Than a Real Weapon

Fires 50 Shots at One Loading

A Rapid Fire Repeater

Though this is made and sold as a toy, it so closely resembles a regular repeater in shape, that you could hold off a burglar or scare a foot-pad with it. You press the trigger, and there is a **loud report,** but no bullet. The frightened thief thinks you have aimed badly and a quick second explosion as him on the run. It is free using blank cartridges in a regular revolver. can fire fifty shots in rapid succession without reloading. The mechanism self-cocking. The caps come in rolls of fifty shots, are fed merely place a ro in the Pistol and then fire.

No. 6250. Automatic Cap Pistol (without Caps), Price Postpaid..... 25c

PAPER CAPS

FOR CAP PISTOL AND OTHER EXPLODING DEVICES

These are the paper caps that are used in connection with the Toy Pistol described above, and also the various Shooting Devices described in this catalog that are operated with caps. The caps are not available, and can be shipped only by Express. The Caps are put up 50 caps in a roll and there are 5 rolls in a box. The price of a box (250 caps altogether) is 10 cents, or three boxes for 25 cents.

No. 6251. Paper Caps (5 rolls in box). Price per box 10c, 3 boxes for 25 cents, or 1 dozen boxes for only 75 Cents.

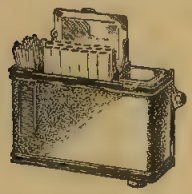
SMOKE-A-DORS



STANDARD MODEL

A necessity in closed cars. Fastens to the inside of car in any appropriate place by means of two screws.

By lifting the cover the cigarettes automatically raise within easy reach. Closing the cover they disappear. The entire operation is accomplished easily with one hand, without interference with the driving of the car.

The covered ash receiver is always ready for ashes and stubs and the cover acts as an effective snubber for lighted cigarettes, eliminating the after smoke and odors. The receptacle can easily be removed and emptied from below by turning a knob.

Made of metal, beautifully finished in genuine Morocco leather and gleaming nickel.

No. C7076—A1—W't each 1 lb., each $6.65

ONE IN A BOX

CRYSTAL ONYX GEAR SHIFT BALLS

Manufactured crystal onyx having a beautiful grain of assorted tones and colors. The color or lustre lasts indefinitely—does not become dull or fade out. The ball will not crack. A good looking and greatly appreciated gift.

Imbedded in each ball is a master bushing known as Number "O" which will fit several cars as you will note by referring to chart below. Other cars require adapters to fit the particular thread. These adapters screw into the master bushing and then onto the gear shift lever.

We furnish an adapter, when requested, with each ball. The adapters are exchangeable at any time.

TALKING MACHINES

HARMOGRAPH

PLAY ANY DISC RECORD MADE

TONE—Harmograph Talking Machines Have Long Had a Reputation for Being Marvelous Tone Reproducers. The Softest Strains of the Violin, the Clear Notes of the Singer, the Full Rich Melody of Orchestras as Well as the Syncopating Jazz Bands are All Reproduced Perfectly and Naturally. This is Due Principally to the Scientific Construction of the Harmograph Tone Chamber

CABINET—Harmographs are Designed Along Lines That Please the Artistic Eye. They are Symmetrical in Dimensions and Compare Favorably with Any Phonograph on the Market. The Finish is Unexcelled. All Panels are 5 Ply or 3 Ply Veneered ½ inch Thick. According to Size the Outer or Surface Ply is of the Beautifully Grained Natural Wood Described; the Inner Plies are of Close Fibered Soft Woods Best Adapted to Give Strength and Durability to the Panels. Frame and Legs are Gum or Poplar, Highly Finished to Match Panels

EQUIPMENT—Equipped with Universal Tone Arm Which Permits the Playing of All Makes of Disc Records. Motors are Simple, Durable and Efficient; Can be Wound While Playing.

ALL THE ABOVE HALF DOZEN IN A BOX

GENUINE RUSSELL'S GREEN RIVER SHEATH OR FISH KNIVES

These knives are generally known throughout the trade as sheath knives, which dates back to the time of the square rigged ships, when all sailors carried a knife ready for use and it was necessary to carry it in a sheath on their belt. From that time on fishermen have always called for a sheath knife although a sheath never accompanied same.

Used by fishermen along the Gulf, Atlantic and Pacific Coast for general cleaning and trimming of fish, cutting bait, etc.; used in canneries for packing fish. Each knife fully warranted.

WITHOUT SHEATHS

No. C215—Length of blade 4½ in. Cocobola handle securely fastened with brass pins. **Do not come with sheaths** .....per dozen $9.65

No. C82—Without Jewel, each $10.35

EACH REEL WRAPPED IN SILVER TISSUE AND ANTI-TARNISH PAPER

ONE IN A FANCY CARD BOX

HOOK AND LINE KEEPERS

LITTLE FRIEND

Whenever there is a fish hook on a line, there is need of a Little Friend Hook and Line Keeper. There are thousands of poles carried on automobiles and about the only safe way it can be done is to remove the lines, but this can be avoided by this "Little Friend" which will make the hook safe, hold line tight, preserve hook and save line. Fits any size hole.

No. C24—Made of a metal stamping, a coil spring, and a block of cork measuring ⅞×¾ in., 24 mounted on an attractive counter card, illustrated in colors .....per card $2.40

REELS

HEDDON'S NEW IMPERIAL

The entire frame and spool are die cast aluminum. The gun metal finish is very attractive and durable.

The large arbor or drum of the Reel insures quick recovery of the line when reeling in, also avoids small diameter coils which are injurious to the enameling. Steel and bronze bearings which give an unlimited amount of service.

The click, pawl and ratchet gear are heat treated tool steel, and the spring is of the best English Piano wire. This part is especially guaranteed.

The reel can be taken apart instantly and cleaned and oiled without tools, as the spool can be lifted from the frame by releasing the catch on the handle side of the spool.

No. C125—With agate line guide, w't 5 oz. .....each $22.20

ONE IN A BOX

REELS

MARTIN AUTOMATIC

Drums for above reels are made from a special grade of aluminum, reinforced on the inner rim by a collar of hard brass. Main spring is made of the best spring steel, the end of each spring being tempered by hand. Lock Brake is made of brass.

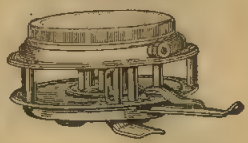
No. C1M—Especially adapted for trout fishing and is called a "Creek Whipper." This is the smallest of the Martin Reels and carries 75 feet of G line. No lock brake on this reel as for light fishing it is not necessary. Largest diameter 3⅜ in., depth 1¼ in., w't 9 oz....each $6.85

No. C2M—Second reel in size and is considered a small size has the lock brake attachment. Carries 90 feet of G line. Largest diameter 3⅝ in., depth 1¼ in., w't 10 oz., each $7.55

No. C3MA—Largest diam. 3¾ in., particularly adapted for bass and other game fish. Carries 150 feet of "G" line, depth 1¼ in., w't 8 oz., each $8.35

ONE IN A BOX

MARTINS IMPROVED AUTOMATIC FISHING REELS



No. C2LP—Ideal for general fishing. Capacity 90 ft. of "G" line and will carry a greater amount of a finer line. Equipped with a line protector being of great convenience, keeping the line off the edges of the reel while the line is being reeled up. Perfect workmanship, strong, serviceable and weighing but slightly over 7 ozs. .....each $9.10

CASTROLA BAIT

Something new in a motion—just like a real live minnow chasing a fly—hither and thither—up and down—sideways, the most erratic, —puzzling, teasing motion you ever saw. You can't imagine it until you see it—just vary the speed at which you reel—now fast, now slow, then a little jerk and the antics this baby cuts up will tease the variest old he-bass into an excited rush and vicious strike. It is a perfect caster and equally good for trolling. 3⅜ in. long, w't ⅞ oz.

No. C3100—Natural Pike, Scale Finish, per dozen *$10.20*

No. C3101—Natural Perch, Scale Finish, per dozen *$10.20*

No. C3102—White with Red Head..per dozen *$10.20*

ONE IN A BOX

NEW PLUNKER

Here's a splendid Lure when the bass seem to be "Logy" and not inclined to strike try one of these. Called the "Plunker" on account of the peculiar sound it makes when in action—"plunk," "Ker plunk." It's a great cure for "lazy" bass and say, the Pike seem to like it too. It's not a fancy bait at all, no "hokum" on it to make it sell on looks. Toss it into a likely looking "pocket" in the reeds or pads and give it a series of very short jerks with the rod. Don't try to make it move around too much, just twitch it enough to keep it bobbing, dancing, fussing and "kerplunking" in one place for a few seconds, then reel it in a few feet and do it again. It's small enough to fit most anywhere, only 2 in. long, but it has lead in its tail so it casts like a bullet.

No. C3200—Natural Pike, Scale Finish, per dozen *$9.00*

No. C3201—Natural Perch, Scale Finish, per dozen *$9.00*

No. C3202—White and Red Head....per dozen *$9.00*

No. C3218—Silver Flash Finish.....per dozen *$9.00*

ONE IN A BOX

HEDDONS ZIG-WAG

This new lure has a unique duplex movement. A wide erratic sweeping action, cutting the water in those unexpected angles and zig zags that seem to hunt out the hiding places of the fish. The tail section keeps up its fish-like fanning movement in sinuous curves as alive as life itself. Length of body 4¼ in., w't ⅞ oz. Supplied in the following standard colorations:

No. C8302—White body red head.....per dozen $22.20

No. C8309D—Green scale .....per dozen 22.20

No. C8309M—Pike scale .....per dozen 22.20

No. C8309P—Shiner scale .....per dozen 22.20

No. C8309R-RH—Natural scale, red head, per dozen 22.20

ONE IN A BOX

HEDDONS LUNY FROG

This is the first imitation frog bait having all the elements which have made wooden baits popular. When at rest in the water, it stands in exactly the same position as a live frog. When retrieved, it dives and has a good swimming movement. Is an excellent casting lure. It is made of Pyralin, practically indestructible, with hooks firmly imbedded and each placed in the best position to strike the fish. Length of body 4¼ in., w't ⅞ oz. Made only in the following finishes:

No. C3509B—Green Frog.....per dozen $22.20

No. C3509BB—Brown or Meadow Frog, per dozen $22.20

ONE IN A BOX

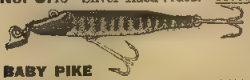
PIKIE MINNOWS

The new Nature Lure so closely imitates the pike minow in shape, color and movement that the combativeness of the bass is aroused and they strike it to kill.

Gives best results when reeled slow but does not revolve if reeled fast. It's a near surface wiggler, or by turning up the screweye a few turns and reversing the mouthpiece you have a surface splatter.

Slim body 4¼ in. long; weight ⅝ oz.; rust-proof bronze hooks to blend with color of body; all hooks including the tail hooks set in sockets to hold same away from the body.

No. C700—Natural pikie scale finish, per dozen *$12.00*
No. C701—Natural perch scale finish, per dozen *$12.00*
No. C702—White, red head, per dozen *$12.00*
No. C704—Golden shiner, doz. *12.00*
No. C708—Rainbow, per dozen *12.00*
No. C718—Silver flash .. doz. *12.00*



BABY PIKE

Thoroughbred from the Famous Pikie Minnow.

This lure 3¼ in. long is a smaller bait than the now famous Pikie Minnow, which has been making the record catches of game fish in every part of the country. It has a wicked wiggle and all the good qualities of the larger lure. A light, strong killer.

No. C900—Scale finish, per dozen *$11.40*
No. C902—White, red head, per dozen *$11.40*

CRAWDAD NATURAL CRABS

Natural shaped body and tail, black bead eyes, rubber legs, bronze hooks, movement backwards, same as a crab. Wiggle mostly in tail. Rubber legs give more movement. ONLY BAIT WITHOUT NICKEL PLATE; fine for use on bright days, in clear water and along stony shores.

Floats until started. Tail guards hooks from snags and bottom. Length of body 2⅝ in.; w't ⅝ oz. Casts like a bullet.

No. C300—Shell finish, per dozen *$11.40*

CHUB WIGGLERS

DE LUXE WAG TAIL

A bait which apparently swims with its tail. Looks like a live minnow, swims like one and is a Real Fish Getter. Has a nickel plated tail which swings back and forth as the bait travels through the water, and the flash of the nickel makes a more attractive lure. Body 2⅝ in. long, w't ½ ounce, double hooks so placed that the fish get hooked when striking and at the same time the bait is practically weedless.

No. C800—Natural Creek Chub, scale finish ..... per dozen *$12.00*

Always floats when at rest. Does not revolve. Practically weedless.

Per dozen.

No. C801—Natural chub..... *$12.00*
No. C802—White, red head... *$12.00*
No. C804—Golden shiner, scale finish *12.00*

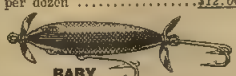
ONE IN A BOX

FLAT SIDE CHUB

Represents an injured minnow which is laying on its side about all in, but still able to make a little fuss on the surface and should be pulled in a series of small slow jerks or very slowly to properly imitate a struggling minnow. Bass will instantly take a lure which they believe to be a minnow in trouble and therefore easy to catch.

Loose vibration spinners give to strike or weeds, etc., and are superior to rigid kind. When pulled through water they spin just right and have a buzzing vibration which is very attractive. Bending of shaft will not stop them form spinning and small grass and moss do not clog them. Easily cleaned.

No. C1505—Red side scale finish, length of body 3⅜ in., w't ⅝ oz., per dozen *$12.00*
No. C1518—Silver finish, per dozen *$12.00*



BABY

Looks like a nice little meal for the fish. Has two double hooks which can be reversed so hooks point up and when so used gives a bait that can be pulled over the surface weeds and pads without fouling.

No. C1605—Red side scale finish, length of body 3⅜ in., w't ⅝ oz., per dozen *$11.40*

NEW BABY JOINTED PIKIE MINNOWS

This peppy little wiggler is about the size of the live bait generally used, and comes closer than any lure representing a live minnow in a hurry to get away. Found to be a deadly killer in rivers and lakes, especially in the new Silver Flash finish, which so closely imitates the Silver Shiner Minnow. Length of body 2⅜ in., w't ⅝ oz. Made in the following finishes:

No. C2700—Natural Pikie, scale finish ..... per dozen *$13.80*
No. C2701—Natural Perch, scale finish ..... per dozen *$13.80*
No. C7202—White with red head and tail ..... per dozen *$13.80*
No. C2704—Natural Golden Shiner, scale finish..... per dozen *$13.80*
No. C2708—Rainbow, per dozen *$13.80*
No. C2718—Silver Flash, per dozen *$13.80*

ONE IN A BOX

JOINTED PIKIE MINNOWS

This new jointed Pikie has a beautiful wiggling movement, flexible and sensuous, which makes it a fish getter. It is a very easy caster.

Length 4¼ in., w't ⅝ oz.

No. C2600—Natural pike, scale finish, per dozen *$15.00*
No. C2601—Natural perch, scale finish..... per dozen *$15.00*

ONE IN A BOX

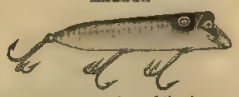
BASSER



Possesses certain subtle improvements in balance, stream outline and had-planes that intensify the erratic swimming movements associated with baits of similar type.

Casts straight and true and floats on the surface until retrieved. Under the line pull, it drops to an average depth of 18 inches below the surface, and comes in with an undulating, weaving motion, interrupted by short, quick darts that excite the curiosity of any bass in the vicinity. Equipped with three treble hooks. Length overall 3¾ in., w't ⅝ oz.

CASTING MINNOWS
HEDDON

Marvel of Life-Like Movement

This Triple Compound Flexing Movement is the Crowning Example of Heddon Luring and Hooking Science; It Realizes for the First Time in Bait History the True Naturalness and Actual Swimming Movement of a Real Creature of the Waters; When Retrieved, the Sections Move not Angularly But in Graceful Serpentines, Covering a Full Third of a Circle Repeated Through Every Four or Five Inches of Forward Travel; This Gives the Game Fisher the Greatest Range, Most Sensitive Response and Truest Swimming Movement Ever Imparted to an Action Bait; It Floats While at Rest; Casts Accurately and is Non-Fouling; For All Game Fish; Length, 4½ inches; Weight Each, ¾ oz.

SHAPLEIGH'S POINTERS

Watch the other fellow cast occasionally and school yourself to enjoy seeing him make a good catch. It can be done.

Never try to beat the other fellow to a good hole of water. Share it with him and ask him to join you.

Look the water over carefully for obstructions before you begin casting in any new place.

If casting from a conspicuous position, which often happens, stand perfectly still for a few moments before beginning to cast and then cast from the wrist alone, moving the body as little as possible

When the coast is clear and you know the water, cast from some distance back from the banks of the stream, especially your first cast.

BAITS
HEDDON-STANLEY

ACE

HEDDON

Marvel of Life-Like Movement

This Triple Compound Flexing Movement is the Crowning Example of Heddon Luring and Hooking Science; It Realizes for the First Time in Bait History the True Naturalness and Actual Swimming Movement of a Real Creature of the Waters; When Retrieved, the Sections Move not Angularly But in Graceful Serpentines, Covering a Full Third of a Circle Repeated Through Every Four or Five Inches of Forward Travel; This Gives the Game Fisher the Greatest Range, Most Sensitive Response and Truest Swimming Movement Ever Imparted to an Action Bait; It Floats While at Rest; Casts Accurately and is Non-Fouling; For All Game Fish; Length, 4½ inches; Weight Each, ¾ oz.

SHAPLEIGH'S POINTERS

Watch the other fellow cast occasionally and school yourself to enjoy seeing him make a good catch. It can be done.

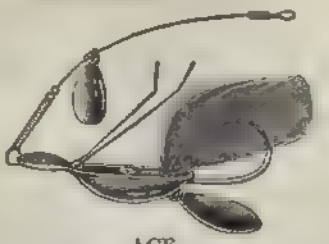
Never try to beat the other fellow to a good hole of water. Share it with him and ask him to join you.

Look the water over carefully for obstructions before you begin casting in any new place.

If casting from a conspicuous position, which often happens, stand perfectly still for a few moments before beginning to cast and then cast from the wrist alone, moving the body as little as possible

When the coast is clear and you know the water, cast from some distance back from the banks of the stream, especially your first cast.

BAITS
HEDDON-STANLEY



ACE

Same pattern and construction as the Bass Size but mounted on No. 8 hook. Can be depended upon for Trout when all others fail. Also excellent for pan-fish. One dozen assorted colors; brown, green and yellow.

No. C330—One dozen assorted, per assortment *$6.00*

ONE ON A CARD, 12 CARDS CONNECTED, ONE DOZEN IN A BOX

CARTER'S "BESTEVER" BAITS

Carter's Bestever Bait has the action, shape and finish that fools fish, and is a sure getter for bass and other game fish. Ideal lure for both lake and stream fishing, and all sizes are easy to cast with light or heavy rod.

Bait floats when still, looks and wiggles like a live minnow when in action, and ordinary reeling takes it under to desired depth and retrieves with no perceptible water resistance. Because of its shape and attached screweye and line in center of mouth it casts without a waiver, easier and farther than other similar baits, always lights right side up and instant reel is started begins to wiggle and goes under in proportion to speed reeled. Shape of mouth and balance of body makes it ride level through water and gives appearance of a live minnow swimming away from danger when casting or trolling.

Baits are highly finished with best grade waterproof enamels, selected as most tempting to game fish after careful tests in various weather and waters by expert fishermen, and equipped with best grade imported hooks, either treble or double.

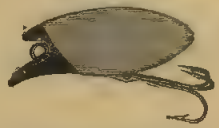
Our assortment is sufficient for use at all times, and to make sure of a good catch, fishermen should not be without them.

MEDIUM SIZE

Length 3½ in., equipped with two treble hooks, furnished in three colors, w't each ⅝ oz.

No. C20T—White with red head, per dozen *$10.80*
No. C21T—Aluminum with red head, per dozen *$10.80*
No. C25T—All black..per doz. *10.80*

MIDGET SIZE



Length 2⅜ in., equipped with one treble hook, also furnished in three colors, w't each ½ oz.

No. C10T—White with red head, per dozen *$9.00*
No. C11T—Aluminum with red head, per dozen *$9.00*
No. C15T—All black..per doz. *9.00*

ARBOGAST "TIN LIZ" BAITS

Molded of bright, rustless metal, with every detail perfect. Most realistic crippled minnow made! Real mouth, gills, fins, and shining scales irridescent green and silver.

Real crippled action as she flutters and wobbles along on her side. Real swimming flash and vibration of novel tail spinner.

All game fish pick on this poor, lil' cripple and that single hook just naturally slays 'em. Hook is the best possible design and, reaching up from that flat supporting body, grabs every fair strike. Record of 61 large mouth bass landed without a miss.

No. C6100—Color, Red Side Chub. W't ⅜ oz. .....per dozen $17.75

PACKED SIX ON DISPLAY CARD WITH NEAT INDIVIDUAL BOXES FURNISHED

PAW PAW MOUSE BAIT

A record breaking bait different than any lure in shape and action. The biggest old Bass has never seen such a lively life-like Mouse, looks like a field-mouse, swims like one.

No. C50M—Mouse color. Length 2½ in., w't ⅞ oz.....per dozen *$10.20*

ONE IN A BOX

BASS SEEKER BAITS

That "Go-getting Sensation"—THE BASS SEEKER, new cupped head, projected under-jaw and link-line connection—features that produce just the right zig-zag movement to make it an irresistable Bass Lure.

No. C260M—White, Red Head. Length 4 in., w't ⅝ oz., per dozen *$10.20*

ONE IN A BOX

PFLUEGER DEVON MINNOWS

BREAKLESS

The spring brass wire frame permits of quick attaching or detaching of the hooks which might have become broken or damaged and also changing of one size hook for another. With this device there is no fraying of the gut or gimp mounts as formerly used and is practically indestructible. Extra strong best quality treble hooks, bright nickel plated, brass barrel swivels and bronze wire leaders bright nickel plated.

The illustration above shows the Hercules No. 1923 Screen Side Canopy Top Express Body for mounting behind Chevrolet Cab on Utility 1½ Ton Truck.

APPEARANCE

Hercules Better Business Bodies are better built . . . from better raw materials . . . and they actually show these fundamental superiorities in an obviously better appearance. And this better appearance has a tangible prestige-building value to the firm that regards its delivery units as advertisements as well as trucks.

This superiority in design and appearance is one of the reasons why more Hercules Better Business Bodies are purchased in a year than any other one make in all the world. And because Hercules bodies are volume produced at a low per unit cost, they come to you at an amazingly low price!

There is a Hercules distributor in your locality who will gladly show a body to fit your haulage needs—from the 1929 64-page color catalog of over fifty body styles.

Specify a Hercules body on your next truck

KENMORE
Platinum Finish

The Ribbed Back of both Kenmore and John Adams is an Element of Beauty and Strength. The former has KENMORE stamped on every piece.

JOHN ADAMS
Platinum Finish

Early American Patterns in

Solid Sterling Silver

KENMORE

IN 1752, when Col. Fielding Lewis built an imposing mansion for his bride, Betty Washington, George Washington's only sister, they named their new home Kenmore.

Situated on a broad estate in Fredericksburg, Virginia, it became at once a center of social activities, and, both before and after the Revolution, was the scene of many brilliant gatherings. It is said that General Washington, himself, designed the stucco adornment of its interior, and that this was executed at his orders by Hessian prisoners of war.

JOHN ADAMS

THE fact that John Adams, called the "statesman of the Revolution," next followed Washington as president of the United States, is indicative of his importance and his achievements in the establishment of our nation.

As the recognized leader of the Continental Congress he aroused his fellow members to enthusiastic participation in the Declaration of Independence, in the preparation of which he had collaborated.

He was a member of the commission that served the American cause in France, and that, in 1783, signed the treaty of peace with England which confirmed our independence.

MARTHA WASHINGTON
Bright Finish

QUEEN LOUISE
Platinum Finish

Two Delicately Enriched Colonial Patterns in

Solid Sterling Silver

MARTHA WASHINGTON

The meeting of Washington, then a colonel of Colonial troops, with Martha Custis, his future wife, is of particularly romantic interest.

While crossing the Pamunkey River, in May, 1758, in the pursuit of military duties, Colonel Washington was observed from the gardens of the Chamberlayne mansion by a bevy of young ladies, of which Miss Custis was one, and, being invited by Mr. Chamberlayne, stopped there and partook of his hospitality. Thus were brought together the later "first lady and gentleman of the land."

Martha Washington represents to all Americans the ideal of Virginia womanhood, and this sterling silver table ware is a worthy tribute to her qualities, and reflection of her Colonial environment.

QUEEN LOUISE

Auguste Wilhelmine Luise, Queen of Prussia, was the daughter of Prince Charles of Mecklenburg-Strelitz, and was born in Hanover, March 10, 1776.

In 1793 she met at Frankfort the crown prince of Prussia, afterward King William III, who was so affected by her beauty and the nobility of her character, that he asked her to become his wife and they were married on the 24th of December of that year.

As Queen of Prussia, Louise commanded universal respect and affection, and her dignity and unflinching courage under the adversities of Prussia's struggle against Napoleon, are historic.

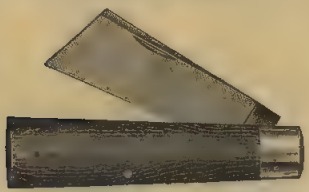
NEW MODEL MURRAY ELSON MAIZE KNIFE

After an intensive and extensive studying and experimenting with specially made knives to be used expressly for cutting maize, the Murray Elson pattern was decided upon to be the best knife ever made, suited for this purpose, this decision being based upon the opinion of the largest growers of maize throughout the South West of this country. The special shape drop edge or spoon blade is almost 50 percent wider near the point of blade than it is at the tang, thus greatly adding to the serviceability and life of knife, the tang is specially rounded to prevent users fingers being cut or blistered while knife is in use. The large comfortable handle is of the proper shape and helps user to do the work better without tiring. Special size and shape. Strong and sturdy. A dandy knife too for speying, budding and many other uses.

No. C2409P Hibbard—One large heavy gauge drop edge or spoon blade, nicely glazed and etched MAIZE KNIFE, extra weight, cocobola handle, iron lined hollow steel bolster, length when closed 4 in.....per dozen $13.35

Hibbard HARVESTER OR COTTON SAMPLING OR BELT KNIVES



One of the best and strongest and handiest Harvester or Cotton Sampling knives on the market, built to stand hard use and abuse, unexcelled for cutting twine, hacking, cutting and the thousand other uses a knife is put to during the harvester season, also makes an ideal cotton sampling knife, cannot be beaten as a glaziers knife for cutting out panels from doors, etc., scraping old putty and innumerable other things. Used extensively in R. R. car shops for cutting dynamo and other belting. Can be used with a hammer.

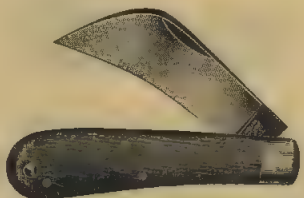
No. C2791P—Hibbard, one large wide heavy gauge blade, **cocobola handle,** steel lined, steel bolster, hole drilled through handle for fastening to rope or key chain, length when closed 4⅞ in.....per dozen $15.00

ALL ABOVE, HALF DOZEN IN A BOX

ELECTRIC LINEMAN'S WIRE STRIPPING POCKET KNIFE

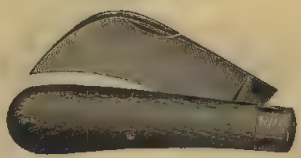
Used extensively by electricians and linemen for stripping insulation off of electric wires. The substantial hawk bill or hook blade does this work more quickly and efficiently than any other knife on the market. The very heavy gauge, quality blade makes this knife extremely serviceable and practically indestructible. The large comfortable handle has a hole drilled through same to receive a halliard, heavy cord or key chain that can be fastened upon the person of user, thus eliminating the necessity of climbing down from pole, ladder, scaffold or construction work in the event knife accidently slips out of the electricians hand while being used, as well as doing away with the annoyance in misplacing knife or having same stolen.

A dandy knife too, for pruning and trimming shrubbery, tree, etc. For cutting Kafir corn and maize, cutting linoleum, roofing, rubber, etc.



No. C3565P Hibbard—1 large heavy gauge blade, nicely glazed **cocobola handle** has hole drilled through same to receive a halliard, cord or key chain, iron lined, smooth steel bolster, length when closed 4¾ in., per dozen $17.75

PRUNING, KAFFIR CORN, MAIZE, LINOLEUM, ROOFING AND ELECTRICIANS' KNIFE COMBINED IN ONE



Most desirable shape for pruning and trimming shrubbery, trees, etc., for cutting Kaffir Corn and Maize, also for cutting Linoleum, Roofing, Rubber, etc., excellent for skinning wire etc.

No. C2874P—Hibbard, 1 large heavy gauge blade, nicely glazed, **cocobola handle,** iron lined, smooth steel bolster, length when closed 4 in.....per dozen $13.35

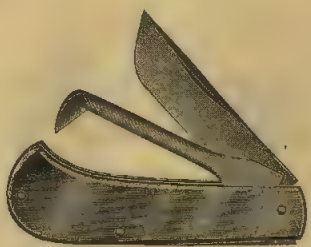
Hibbard NICKEL SILVER HANDLE VETERINARY AND CASTRATING KNIVES

Being made of metal they can be sterilized in boiling water so as to reduce to the minimum the chances of infection. Hibbard Castrating Knives make sure, clean, quick-healing cuts. Safe, practical and sanitary.

Cattle and stock raisers are very particular about the knives they can use in altering and marking cattle, hogs and sheep.

Our Hibbard Veterinary Knives have been gotten up to take care of an ever increasing demand for knives of this character, originating not only from the Professional Veterinarians but also from the Farmers and Stockmen who prefer themselves to perform operations on the live stock.

On account of the handles being made of nickel silver these knives can be freely immersed in boiling water to be sterilized, the handles will not crack or absorb dirt, thereby making this knife absolutely sanitary. The shapes are the most approved patterns and comfortably fit the hand.



No. C2540P—Hibbard, 1 large speying blade and 1 hook or veterinary fleam blade, nicely glazed and finished, **solid nickel silver metal handle,** length 2½ in. closed, per dozen $20.00

Our stock consists of a large assortment of Pocket Knives and other Cutlery. WE ILLUSTRATE OUR LEADING PATTERNS ONLY. Ask our salesman to show you samples of our complete line.

Made by American workmen. Blades are finest quality Crucible Steel, TEMPERED BY A NEW METHOD WHICH INSURES A UNIFORM AND LASTING EDGE. Sharpened, ready for use.

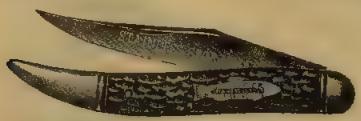
Hibbard STAINLESS SPORTMAN'S KNIFE

WITH FISH HOOK DISGORGER

Should be in every fishermans, hunters and sportsmans kit. Knife will not stain, spot, rust or discolor in any way or under any conditions.

The long slender blade is ideally suited for sticking and skinning, cutting bait, cleaning, slitting or scaling fish and for innumerable other purposes a knife is put to while fishing, hunting or camping. As a rule, ordinary knives when thrown into the fishing kit at the end of the season are not properly dried and oiled to prevent rusting, consequently same must be replaced at the beginning of the next season on account of blades and springs being so badly rusted as to make same worthless. This is some thing that cannot happen to the Hibbard SPORTSMAN, for regardless how careless the Hibbard SPORTSMAN is taken care of, it is always nice and bright the next time same is put to use.

The fish hook disgorger comes in mightly handy for dislodging the hook swallowed by the hungry fish. A dandy knife too, for any farmer, carpenter or mechanic.

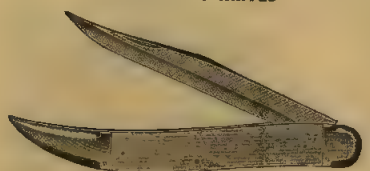


No. C2948S—Hibbard Stainless Steel Sportsman, has one long slender but substantial blade, nicely finished, stag handle, brass lined, nickel silver bolster, nickel silver slotted and grooved cap which acts as a fish hook disgorger, nickel silver shield is shaped like a fish, stainless steel lining, nickel silver rivets, length when closed 5 in.....per dozen $23.90

HALF DOZEN IN A BOX

A very attractive easel display card free with an order for these knives. BE SURE TO ENTER ON YOUR ORDERS.

SPORTSMAN'S KNIVES



A beautiful Saturday Evening special society or switch knife that will win instant favor with the colored Gentlemen of society. Also makes a crackerjack carpenters', mechanics', teamsters', fishermans' sportsmans', hunters' or trappers' knife. Ideally suited for sticking, skinning, or cleaning game or fish. Substantial enough for heavy work. Has a large comfortable handle affording a firm grip. A real knife for the in or outdoors man.

No. C1710P Hibbard—One long substantial sabre clip point blade, nicely finished, **Pearloid on Amber celluloid handle** (has the appearance of Mother of Pearl), brass lined, fancy nickel silver cap and bolster, length when closed 5 in.....per dozen $17.75

Hibbard STAINLESS STEEL LOCK-BACK STEEL HUNTER'S KNIFE

No hunter's or sportsman's kit complete without one of the Stainless Safety Lock-back Knives. The heavy gauge blade is ideally suited for sticking, skinning or trimming, for cleaning, dressing or scraping skins, furs, etc. Also makes a dandy knife for fishermen, campers, outdoors men, mechanics, farmers, carpenters, etc. The lock on back automatically locks the blade when opened and prevents same from accidentally closing and injuring the user. Hibbard Stainless Hunter will never spot, stain, rust or discolor, regardless of what use same is put to. Can be depended upon to be nice and bright the next time same is put in use, no matter how careless same as put away after hunting or fishing season. Full warranted.

No. C2951S—Hibbard Stainless Hunter, one heavy gauge sabre clip point blade, half crocus polished on front side, etched **Stainless Hunter,** stag handle, brass lined, nickel silver bolster, **blade locks automatically when opened, to release press down lock on back of knife.** Length when closed 4¾ in., per dozen $35.55

HALF DOZEN IN A BOX

Hibbard SPOTLESS WASHING MACHINE

HAND POWER DOLLY TYPE

GUARANTEED FOR ONE YEAR **BALL BEARING, HIGH SPEED**

Novel mechanical principles of construction, that is double lever, with walking beam connection, not only equalize power, but give greater speed to agitator than any other high speed washing machine. Ball-bearing used is simple, set up in vaseline, so that it will not need oiling for years.

Runs easily and fast. It not only washes clothes clean, but on account of easy running qualities, together with high speed, any housewife can get her washing finished much quicker and with less effort than with other machines.

Tub made of very best quality of selected Southern Cypress—"the wood everlasting." Cypress will last longer and give better satisfaction in a washing machine than any other wood. Tub is finished nicely with good quality of varnish and is very strong in construction, stave legs being well braced, to prevent breakage. All gears are underneath tub, where they are entirely out of way and every metal part of machine is not only carefully made, and extraordinarily heavy and strong, but is finished with electro galvanizing or sherrardizing process. This sherrardizing does not peel or check, as paint will do and effectually prevents rust.

On account of special ball-bearing, together with double lever and walking beam construction, this washing machine actually does run easier when loaded than any other high speed hand washer.

Every one of these high speed, ball-bearing hand power washing machines is guaranteed against defects in material or workmanship for a period of one year.

No. W20—Hibbard Hand Power Washer, floor dimensions 24×24 in., shipping w't 90 lbs.....each $27.80

Hibbard BALL BEARING VACUUM WASHERS

No. W6.

Cold Rolled Steel Shafting, Best Quality Malleable and Gray Castings, and Brass Ferrules. Wood Parts of Selected Material, Natural Finish with Three Coats of Varnish, Metal Parts Finished in Bright Red Enamel Ornamented with Gold Bronze, Spiral Cut Gears, Extra Long Bearings on Counter Shaft.

The **Hibbard** is so designed that a small amount of effort will secure the maximum result in a very short time.

No. W8.

In use, hot suds are put in up to the marked water line together with the same quantity of clothes which are handled in the ordinary washer. The lid is closed, the lever set in motion and when the plunger head comes above the water line, its chambers are filled with air which is forced out through the fibers of the clothes on the downward stroke. On the upward movement a vacuum is formed in the plunger which sucks the suds back through the garments with a force which brings out all the dirt at a remarkable speed. This vacuum system is rapidly gaining recognition as the most efficient method of cleaning.

No. W6 Hibbard—Louisiana cypress tub, stave legs with cross braces, double lids, reinforced wringer bottoms, inside of bottom and sides corrugated, height 36 in., width at top 22 in., at bottom 24 in., depth of tub 12½ in., floor dimensions 24×24 in., w't each crated 90 lbs., each $32.20

No. W8 Hibbard—26 gauge galvanized metal tub, double lids, hinged cover, legs braced with steel truss rods, height 36 in., width at top 22 in., at bottom 24 in., depth of tub 12½ in., floor dimensions 24×24 in., w't each crated 90 lbs., each $30.00

ONE IN A CRATE

Hibbard WASHING MACHINE

DOLLY TYPE

Combination Hand or Power. Each machine fitted with hand power pulley.

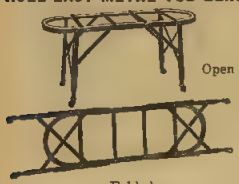
The Hibbard is an usually attractive hand power washer—easy running—high grade in quality—sturdy and dependable in construction and extremely simple in design.

The ball bearing mechanism and the perfect, machine cut gears, working in combination with the heavy fly wheel produce a remarkable smoothness and silence of operation. There are no heavy castings nor any large moving parts at the top of the machine. The driving gear is underneath the tub out of the way of the operator. The lid, unencumbered with castings, is light and easy to lift. It may be raised or lowered without stopping the driving mechanism.

Tubs are made of selected Louisiana red cypress. The wringer boxes are mortised and re-enforced. The extended stave legs are securely braced with cross arms and the inside of the tub is corrugated to increase the washing efficiency of the machine.

No. W9—Tub standard washing capacity. Floor space 22×24×33 in. Shipping w't crated 99 lbs.....each $30.00

ROLL-EASY METAL TUB BENCH



Folded

Practical—Safe—Sanitary—Simple —Reliable—Rigid

Just the bench every house-wife has been waiting for. Handy and useful about the house. Will carry 650 lbs.

The "Roll Easy" Benches are made of ⅞ in. steel angles and are 46 in. long, 15 in. wide and 21½ in. high, protected with best aluminum paint and weigh 15 lbs., are strongly RIVETED together, no spot welding process being used and are equipped with high grade casters, therefore will give many years of service.

The bench can be folded to a thickness of 1⅞ in. and when not in use can be hung up. Can be opened or folded again in a moment's time and is so simple any child can do it.

HORSMAN DOLLS
BUY HER ONE — Baby Dimples or Dolly Rosebud. To her it won't be a mother's toy. But a cuddly, kissable playmate to take for a ride or a walk — and to — with stitch'n talk — then to bed to answer baptismal drowsy — IS an overwhelming "Mama." Because, to a Horsman doll will have at when she's too big to play with it. But she'll never be too big to remember — or accept it.
On Sale Wherever Fine Dolls are Sold
DOLLY ROSEBUD
BABY DIMPLES
E. H. Horsman Co., Inc. 200 Fifth Ave. N.Y.

NINE famous magazines have been chosen to tell the story of DOLLY ROSEBUD and BABY DIMPLES to 12,500,000 American families with incomes, automobiles and real American spending habits. The story we are telling you is not the whim of any individual. It is the essence of the fundamentals we have learned in 60 years of selling dolls—the pictured charm of the Horsman doll itself—the instinctive joy of the child in playing mother—and the wish of the parent to be remembered as the giver. This selling appeal will be made in those December days when your customers are writing shopping lists. It will put DOLLY ROSEBUD and BABY DIMPLES at the head of most lists.

HUBLEY

CAST IRON TOYS THAT SELL

HUBLEY WINS *with the* SEA HORSE!

Sensational new toy boat is equipped with model of the famous new Johnson Outboard Motor.

The new Hubley "Sea Horse" proves that Hubley Toys are right up to the minute. This new toy boat is equipped with a toy size model of the famous new Johnson Outboard Motor. Hubley has brought it out NOW while outboard motor racing is at the height of its popularity. News reels, "talkies" and the daily press are giving this sport and boats of this type wonderful publicity. Here's your chance to cash in on it.

Hubley "Sea Horse" with Johnson Outboard Motor is made in two models, both 10 inches in length. No. 19 has a base painted to represent water. Both have rubber-tired eccentric wheels, which give them the appearance of riding the waves when pulled along. Each has a pilot bent over in racing attitude. Both boats have an imitation motor exhaust, and the sea horse design which is painted on the big Johnson motor is on the side of each boat.

THESE new toy boats, No. 18 and No. 19, with toy Johnson Outboard Motor, are but two numbers in the quick-selling HUBLEY Line. There are many other fast-moving numbers which you should have in your stock. The new Huber Road Roller, Maytag Washer, G-E Refrigerator, 4-cylinder Indian Motocycle, 2-cylinder Harley Davidson, the Lindy Airplane and the Grasshopper are producing big business for our dealers everywhere. The color and realism of these Hubley Toys, and the national publicity given the things of which they are copies, will be your assurance of quick sales and worthwhile profits.

Get after your Jobber at once for a copy of the new HUBLEY Toy Supplement showing the new HUBLEY Toys. There are profits ahead for you!

THREE VERY CURIOUS AND VALUABLE BOOKS ON

HYPNOTISM

MAGNETIC HEALING & PERSONAL MAGNETISM

PRACTICAL HYPNOTISM

MESMERIC THEORIES AND BIOLOGICAL EXPERIMENTS

COMPILED BY **Comte de Saint Germain,** A. B., LL. M.

WITH THIRTY INTERESTING ILLUSTRATIONS

By means of this remarkable Book anyone may become a skilled hypnotist, and, either for practical purposes or for amusement may learn to exercise this strange and wonderful influence over others. To persons in all ranks of life the power to impress others favorably is of inestimable value. It is possessed and exercised, consciously or unconsciously, by every successful politician and business man, actor, preacher, orator and teacher. Without its influence the most accomplished public speaker falls to stir his audience to enthusiasm; they listen, and may approve, but they remain unmoved and indifferent. By the aid of the mysterious hypnotic influence, on the other hand, every phrase becomes effective, every argument strikes home, every appeal is responded to, until the entire assemblage is swayed and controlled at the will of the speaker. Similarly in business matters, one man can carry through a transaction much more advantageously than another simply because the one becomes en rapport with the person with whom he deals, while the other cannot. The first chapter of the book explains that everybody may hypnotise, the second chapter describes the method of hypnotism, and so on throughout 264 pages, comprising the very latest and most up-to-date exposition of the theory and practice of this most wonderful and mysterious power that one person may exercise over others. The volume also contains a detailed description of the manner of curing diseases by the employment of the hypnotic influence.

No. 1164. PRACTICAL HYPNOTISM, By Comte de Saint Germain. **$1.00**
Price postpaid .....

The Science of Hypnotism

This is another very valuable book on Hypnotism that you should have. It is a cloth bound book of over 200 pages, by Professor Young. It fully explains all known methods, and describes fully how to become an expert hypnotist, all about Catalepsy, etc. This book has been pronounced by all who have read it to be one of the most fascinating and instructive works of its kind ever published.

No. 1165. THE SCIENCE OF HYPNOTISM, By Young. **$1.25**
Price postpaid .....

COMPLETE HYPNOTISM

Complete Hypnotism is by a very noted writer on Hypnotism, Professor A. Alpheus. It contains over 200 pages and thirteen chapters. Nearly 100 lessons specially prepared for self-instruction. Inductive Hypnotism, Mesmerism, Suggestive Therapeutics, and Magnetic Healing, including Telepathy, Mind Reading, Spiritualism, etc. All these and other subjects fully treated. Fully illustrated throughout, with paper cover.

No. 1166. COMPLETE HYPNOTISM, By Professor A. Alpheus. Price postpaid **35c**

THE AUTOMOBILE RACING CHAMPION OF THE WORLD AND Toy Railroad Engineer Who Has Spent Many Years in Building for Fourteen Years in World Fame
At the
SAN FRANCISCO
TOY FAIR
See the New IVES
Segrave
Special
Activities of the Ives Corporation this year are N-E-V-E-R to a greater extent than the activities of any miniature railroad manufacturer have ever been before. / Above) the International News Reel gets a "news release" for movie houses throughout the country: Major Segrave with the "Segrave Special" which he designed for the Ives Corporation.

MAJOR SEGRAVE

Boy's Greatest New Idol Now Ives' Consulting Engineer

HERE'S NEWS—real NEWS—of interest to the toy trade everywhere. And of particular interest to all 1929 Ives dealers.

One of the world's greatest celebrities — one of boyhood's greatest heroes—Major H. O. D. Segrave, is now one of us.

This Is Known Everywhere

All over the world facts and pictures have been printed showing this greatest of automobile racing drivers to be also the world's greatest miniature train "fan." His collection at home in England is the largest private collection in the world. It includes three Ives trains and dozens of others that were not only designed by Major Segrave himself, but made with his own hands.

Designs Wonderful New Engine

Major Segrave finally designed for the Ives Corporation what is probably the most perfect toy engine ever conceived. He went to Florida hoping to smash the world's speed record and to keep on living if possible.

On his victorious return, after cool nerve, skill and daring had set up a record likely to stand for many a year . . . 231 miles per hour in the famous "Golden Arrow" . . . he hurried to the permanent Toy Fair conducted by the Ives Corporation in the Fifth Avenue Building, New York, to see, for the first time, the final finished model of the new Ives Steam Type miniature electric locomotive and train, that he had designed—the "Segrave Special."

"Splendid!" he exclaimed — "I've seen nearly everything in miniature trains, but never anything like *this* before! It's a marvel!"

At the Pacific Coast Toy Fair now—be sure to see the new Ives Segrave Special! It's the biggest hit in years in miniature locomotives and trains!

Most Amazing Contest For Boys

Get your name on the list for advance information re: the Ives (copyrighted) Boys' Contest for this fall! Most popular sort of contest ever devised for boys—with a dealer tie-up that sends prospects direct to stores. Backed up by radio, magazine advertising and powerful publicity.

WORKING MODEL TRAINS

IVES

THE IVES CORPORATION - - BRIDGEPORT, CONNECTICUT

A successful window display by a prominent New York retail store

The 1929 Advertising Campaign for PETITE dolls begins with this HALF PAGE in COLOR in the comic sections of the AMERICAN WEEKLY

Appearing on the Sunday before Children's Day (June 15th) it offers a great selling opportunity to retailers everywhere who want to help perpetuate Children's Day as a great mid year toy selling event.

CAPITALIZE the CHARM—the SALABILITY—the NATIONALLY KNOWN NAME—the millions in advertising that have been put behind the CAMPBELL KIDS—and this powerful advertisement reproduced.

MAKE A WINDOW DISPLAY of Campbell Kids for Children's Day — run a newspaper advertisement to tie up with it.

Wire for an assortment if you haven't them in stock yet.

AMERICAN CHARACTER DOLL CO., INC.
20 East 17th Street, New York

We will appreciate your courtesy in mentioning PLAYTHINGS.

Economy Soldering Outfits

Contains everything you need to repair and make metallic articles.

ONLY 35c. CARRIAGE PAID.

Think of the kettles, cans, tin dishes, and the many other household articles that are thrown away merely because of a small hole, that might be easily mended in a few moments if you had an **ECONOMY SOLDERING OUTFIT.**

It is troublesome to send such things away to be repaired, and very often the expense of doing so is more than the saving effected. Breakages of metallic fittings are constantly happening, even in the most careful families, and, if you have no soldering outfit, it is difficult, if not impossible, to have such repairs promptly done. Then there are all sorts of things that can be very easily made out of tin, copper, brass, etc., that cannot be purchased just as you wish them to be; with this **SOLDERING OUTFIT** you can be quite independent of the metal worker, for, with a little ingenuity, you can yourself make anything you want. The outfit consists of a solid copper soldering bit, fitted with an enameled wooden handle, stick of solder, tin, supply of rosin; everything necessary, packed in a neat box as shown in the illustration. **OUR PRICE** complete is **ONLY 35c.** posted free. Order at once to secure this great bargain. It will surprise you how we can sell it so cheaply.

No. 4210. Economy Soldering Outfit, Price 35 cents postpaid.

JAPANESE INCENSE BURNERS

Very Quaint and Humorous Japanese Novelties

A GREAT CURIOSITY

Of all the quaint and artistic novelties that have emanated from the Flowery Kingdom there is nothing more delightfully interesting than these pretty JAPANESE INCENSE BURNERS. They are made of beautifully decorated earthenware, in natural colors, and their inexpressibly quaint appearance is necessarily inadequately depicted by these illustrations, but it gives you a very fair idea what they look like. The Incense is placed in the center of the tray, then lit with a match, and the Figure then placed over it. The Incense burns very slowly for quite a long time, the smoke therefrom finding its way through the Jap's mouth, just as if he were really smoking his pipe. The Incense, which in itself is a great curiosity, gives forth the most delightful fragrance, and fills the room with its scented aroma. It banishes mosquitoes and flies, and also counteracts disagreeable odors. There are several different models, but the two illustrated are probably in the greatest demand. They measure about six inches in height, and make very beautiful and unique ornaments. **PRICE, 50 CENTS EACH, or the two for 95 CENTS, or four for $1.80.** Eight cents each should be added for postage. INCENSE for use with the above, in boxes sufficient for about 24 hours burning, 10 cents per box, postpaid.

No. 6155. Japanese Incense Burners, Price 50c. each or 2 for 95c postpaid.
No. 6157. Incense for Japanese Incense Burners, 10 cents per box. 3 for 25 cents.

IGNITION COILS.

JEFFERSON.

INTERCHANGEABLE WITH ANY STANDARD BATTERY IGNITION COIL.

The Jefferson line of automotive coils consists of only a few types which are sufficiently flexible through the use of interchangeable brackets, to enable them to be used to replace the different coils now in general use.

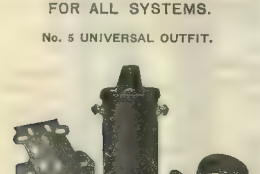
Under starting conditions, the battery is at its lowest ebb and requires a coil that will produce a hot, intense spark to overcome this drop in voltage. Jefferson coils are designed and guaranteed to take care of this extreme condition. They are particularly desirable because of their neatness, compactness, simple construction and completeness of detail. They are furnished in a tube which is impervious to heat as well as moisture and will not swell, warp or deteriorate with age.

Jefferson coils are recommended for all types and makes of internal combustion engines, automobiles, trucks, tractors, farm lighting plants, motorcycles, marine engines and stationary engines.

Important: 6 and 12-volt coils are not interchangeable. Be sure to specify voltage. Unless otherwise mentioned, standard 6-volt coils will be furnished.

FOR ALL SYSTEMS.

No. 5 UNIVERSAL OUTFIT.



Larger core and windings give hotter, fatter spark. More power, easier starting, saves gasoline and oil.

The Jefferson Universal coil assortment is the only ignition coil outfit which is universally adaptable to all standard battery ignition systems. The larger core and windings of the coil give a hotter, fatter spark. The Universal coil No. E-900 has 50% more turns on the secondary, 50% more primary strength and 35% more capacity than any other coil on the market.

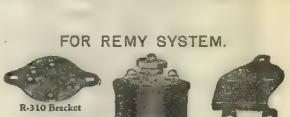
A heavy duty condenser is built into the coil which can be utilized in the circuit or eliminated, as required. Positive connections and complete protection is thus assured.

The same coil is used for 6 or 12-volt systems, a 12-volt system requiring a resistance unit. The coil, the brackets or the resistance can be purchased separately.

No. 5 Universal outfits fits all cars.

	Each
No. A-U-5—Universal Coil Outfits; including one U-900 coil and one each U-915, U-925, U 935 and U-945 brackets	$5.00
No. A-U-900—Ignition Coils; coils only, no brackets.....	4.00
No. A-U-915—Ignition Coil Brackets; brackets only....	.25
No. A-U-925—Ignition Coil Brackets; brackets only.....	.25
No. A-U-935—Ignition Coil Brackets; brackets only . . .	.25
No. A-U-945—Ignition Coil Brackets; brackets only . .	.25
No. A-U-950—Ignition Coil Resistance Units; 12 volt . .	.25
No. A-U-960—Ignition Coil Condensers	.75

FOR REMY SYSTEM.



The R-300 coil, like the Universal E-900, has oversize core and windings, which give a hot, fat spark and enables the engine to operate at highest electrical efficiency.

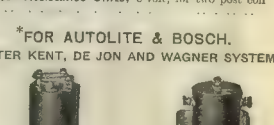
Made with two or three post. Three post shipped unless otherwise specified.

Brackets R-310, R-320 and R-330 are interchangeable for use with the R-300 coil on different cars. One bracket included in the price of each coil. Bracket desired must be specified when coil ordered.

	Each
No. A-R300—Battery Ignition Coils; 6 or 12-volt . .	$5.00
No. A-R310—Ignition Coil Brackets	.25
No. A-R320—Ignition Coil Brackets.....	.25
No. A-R330—Ignition Coil Brackets.....	.25
No. A-R350—Resistance Units; 6 and 12-volt.....	.25
No. A-R360—Resistance Units; 6-volt; for two post coil only.	.25

*FOR AUTOLITE & BOSCH.

ATWATER KENT, DE JON AND WAGNER SYSTEMS.



These coils, like other Jefferson coils, have oversize core and windings, which produce powerful sparks and will give the engine new pep and power.

Coil No. B-450 replaces Atwater Kent Type N7, Autolite 1G4031 and Bosch No. TC30.

Coil No. L-801 replaces Autolite No. I. C. 4035, De Jon No. CA38 and Wagner coil No. K83.

	Each
No. A-B450—Battery Ignition Coils; 6 or 12 volt. .	$5.00
No. A-L801 Battery Ignition Coils	5.00
No. A-L825—Resistance Units; for use in L-801 coil. .	.25

*Note. These coils will replace certain models of the systems named. See specification list for proper coil for each car.

WIRE LEADERS.

Per Dozen

No. S-3C—Leaders; spring steel piano wire leader, with No. 6 swivel and 1-inch safety pin snap; length over all, 6 inches $0.80

No. S-281—Leaders; South Bend leader; piano wire; 6-inch; No. 3 snap; No. 7 swivel; six on a card .... .80

Per Gross

No. S-420—Leaders; piano wire with swivel and snap.. $8.00

One gross in a box.

Gross lots only.

Per Dozen

No. S-4C—Leaders; made of heavy bronze wire; size 1 swivel and 1¼-inch safety snap.... $1.10

Straightened phosphor bronze wire, with box swivel on one end and safety snap swivel on other end.

Per Dozen

No. S-1W—Leaders; length, 1 yard.... $1.60

One on a card, one dozen in box.

CABLE WIRE LEADERS.

Twisted, rust-proof, flexible phosphor bronze wire, snap at one end and swivel at other. Mounted one on a card, six cards connected.

Per Dozen

No. S-1006—Leaders; 6 inches long.... $1.20

No. S-201—Leaders; 6-inch; No. 4 snap; No. 5 swivel.... 1.20

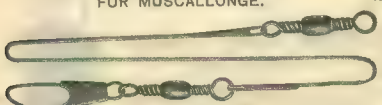
Twisted, rust-proof phosphor bronze wire, swivel at one end and swivel and snap at other.

Per Dozen

No. S-1709—Leaders; 9 inches long.... $2.00

Three dozen in a container.

FOR MUSCALLONGE.



Per Dozen

No. S-1912 -Leaders; 12-inch; extra heavy twisted wire; No. 1/0 swivel; No. 1/0 safety snap swivel.... $2.30

Six on a perforated card.

PARKWAY KNOTLESS.

Made of material that looks like silkworm gut when both are dyed a mist color. For practically all fishing it is as satisfactory as the higher grades of silkworm gut. The leaders have no knots except those necessary to make the loops at the ends. They are stronger than silkworm gut leaders of the same weight or the same price.

Per Dozen

No. S-43—Leaders; 3-foot; small trout; 4-lb. test.... $ .60

No. S-83—Leaders; 3-foot; large trout; 8-lb. test.... .80

No. S-103—Leaders; 3-foot; bass; 10-lb. test.... .90

No. S-153—Leaders; 3-foot; salmon; 15-lb. test.... 1.00

No. S-46—Leaders; 6-foot; small trout; 4-lb. test.... .90

No. S-86—Leaders; 6-foot; large trout; 8-lb. test.... 1.20

No. S-106—Leaders; 6-foot; bass; 10-lb. test.... 1.40

No. S-156—Leaders; 6-foot; salmon; 15-lb. test.... 1.60

JOE WELSH. TELERANA NOVA.

Made in Scotland. Their strength, color and absence of knots has created a very heavy demand for them. They do not require soaking before using. They can be looped or knotted like any leader. These are the genuine Joe Welsh Telerana Nova leaders. Single gut.

Per Dozen

No. S-1TN—Leaders; heavy; length, 1 yard; 30-lb. test; for large fish $7.20

No. S-2TN—Leaders; heavy; length, 1 yard; 16-lb test; for bass and large trout 6.00

No. S-3TN—Leaders; length, 1 yard; 10-lb. test, for large trout 5.20

No. S-4TN—Leaders; length, 1 yard; 7-lb test; for trout.... 4.40

No. S-3L.TN—Leaders; length, 1 yard; with one extra drop-per loop; 10-lb test; for large trout.... 5.60

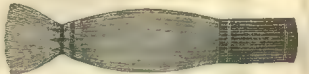
TAPERED DRY FLY LEADERS.

Telerana Nova leaders do not require soaking before use. The leaders can be looped or knotted like any gut leader. They do not crack even tied dry. Be sure that leader is put away stretched and thoroughly dry after use.

Per Dozen

No. S-JW7½—Leaders; 7½-foot.... $10.80

SPANISH SILK WORM GUT.



Selected Padrona stock, imported. Standard length 10 to 11 inches

Per 100 Strands

No. S-2G—Leaders; good quality; for trout or bass.... $1.50

100 strands in a package. Sold only in full packages.

WIRE LEADERS.

Per Dozen

No. S-3C—Leaders; spring steel piano wire leader, with No. 6 swivel and 1-inch safety pin snap; length over all, 6 inches $0.80

No. S-281—Leaders; South Bend leader; piano wire; 6-inch; No. 3 snap; No. 7 swivel; six on a card .... .80

Per Gross

No. S-420—Leaders; piano wire with swivel and snap.. $8.00

One gross in a box.

Gross lots only.

Per Dozen

No. S-4C—Leaders; made of heavy bronze wire; size 1 swivel and 1¼-inch safety snap.... $1.10

Straightened phosphor bronze wire, with box swivel on one end and safety snap swivel on other end.

Per Dozen

No. S-1W—Leaders; length, 1 yard.... $1.60

One on a card, one dozen in box.

CABLE WIRE LEADERS.

Twisted, rust-proof, flexible phosphor bronze wire, snap at one end and swivel at other. Mounted one on a card, six cards connected.

Per Dozen

No. S-1006—Leaders; 6 inches long.... $1.20

No. S-201—Leaders; 6-inch; No. 4 snap; No. 5 swivel.... 1.20

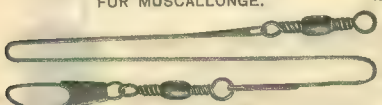
Twisted, rust-proof phosphor bronze wire, swivel at one end and swivel and snap at other.

Per Dozen

No. S-1709—Leaders; 9 inches long.... $2.00

Three dozen in a container.

FOR MUSCALLONGE.



Per Dozen

No. S-1912 -Leaders; 12-inch; extra heavy twisted wire; No. 1/0 swivel; No. 1/0 safety snap swivel.... $2.30

Six on a perforated card.

PARKWAY KNOTLESS.

Made of material that looks like silkworm gut when both are dyed a mist color. For practically all fishing it is as satisfactory as the higher grades of silkworm gut. The leaders have no knots except those necessary to make the loops at the ends. They are stronger than silkworm gut leaders of the same weight or the same price.

Per Dozen

No. S-43—Leaders; 3-foot; small trout; 4-lb. test.... $ .60

No. S-83—Leaders; 3-foot; large trout; 8-lb. test.... .80

ONE DOZEN IN A BOX. WE DO NOT BREAK BOXES

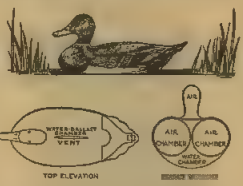
STONER WATER-BALLAST PNEUMATIC DUCK DECOYS



Made of Pure Rubber Gum, Cured to Give Long Life

The curing process gives a cloth texture appearance to the duck; no gloss. Deflated, each duck weighs only 6 ounces; inflated and with the ballast chamber filled with water, each weighs 34 ounces. The construction causes the duck to ride over the waves rather than through them. It is animated in action, yet can be held by a nail or other extremely light anchor. Easily inflated by blowing. The decoys should be set out tied in tandem, to prevent the loss of any due to air escapement. Leaks may be repaired the same as in any tire tube. This decoy solves the weight problem.

No. C284—Mallard Duck, pneumatic rubber decoys, packed in complete sets, one dozen assorted, eight males and four females, w't per doz. 6½ lbs. .....per dozen $42.65

ONE DOZEN IN A CARTON

MINNOW PAILS.

FLOATING.

Very Best Material and Workmanship.

WINNER.

These minnow pails are made of heavy tin stock, japanned and decorated, with removable skeleton lining of tin and wire gauze cloth. Both outside and inside pails have galvanized bottoms.

Each

No. S-1000—Minnow Pails; 10-quart; size, 9½x10½ ins.; weight each, 4 lbs. **$2.20**

FAMOUS.

Galvanized.

Galvanized steel bucket; no cover; perforated metal inset, solid at bottom to hold enough water to transfer, perforated, hinged, self-locking cover; plain galvanized with blue striping.

Each

No. S-708—Minnow Pails; capacity, 8 quarts; size, 9½x7⅝ inches; weight per dozen, 42 lbs. **$2.40**

GRAND.

Galvanized.

Round; floating; galvanized steel bucket, no cover; inset of galvanized wire, solid at bottom to hold enough water to transfer; hinged, perforated, self-locking cover; plain galvanized, finished in blue striping.

Each

No. S-310—Minnow Pails; capacity, 10 quarts; diameter, 9½ inches; height, 9½ inches; weight per dozen, 42 lbs. **$2.60**

AERO.

Galvanized.

The accompanying cut-open illustration shows the patent cone shaped construction of inset bottom. When inset is submerged there will be noticed a continual stream of air bubbles emerging from a small hole in the pinnacle of the cone, which are caused by atmospheric pressure, thus indicating that there is a continual flow of air through the water. Frequent passing of air tends to cool the water, keeping it charged with oxygen for the fish to breathe and preventing stagnation. A bucket thus aerated cools the water perceptibly in time and if ordinary precaution is taken by the fisherman in shading his bucket, keeping it away from the direct rays of the sun, he will be able to prolong the life and liveliness of the minnows indefinitely.

Round floating; galvanized steel bucket; no cover; inset of galvanized wire, solid at bottom to hold enough water to transfer; hinged, perforated, self-locking cover; plain galvanized, finished in blue striping.

Each

No. S-410—Minnow Pails; capacity, 10 quarts; diameter, 9½ inches; height, 9½ inches; weight per dozen, 42 lbs. **$3.80**

JONES' AQUARIUM.

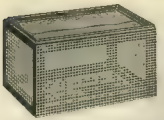
Consists of an outer receptacle of galvanized sheet steel, inside of which is a galvanized wire inset provided at its top with an oval air chamber, strongly braced on the inside, fitted with a valve to receive an ordinary bicycle pump by means of which enough compressed air is supplied to furnish a constant stream of air bubbles through the water from four to six hours. At one end of the cage the wire netting made funnel shaped, the end of the funnel coming even with the opening of the float. Each pail beautifully finished in green and gold.

Each

No. S-300—Minnow Pails; size 6x10x15 inches, capacity 12 quarts; weight each, 12 lbs. **$7.00**

FROG BOXES.

TWIN CITY.

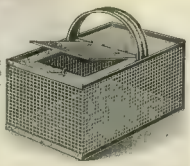


This frog box is a great improvement over any other type now on the market. Frogs will remain in a lively condition all day in this box. It is made of wood, stained green, with heavy galvanized wire cloth on four sides. The cover is very unique, consisting of two lengths of heavy sheet rubber with a slot in center and another strip of heavy rubber in center of top made so as to cover up the opening. One frog can be removed at a time without any danger of the others escaping. It is a thoroughly practical box that is being offered at a very low price. To see it is to buy it.

Each

No. S-40—Frog Boxes; length of box, 11 inches; width, 7¾ inches; depth, 7 inches; weight each, 1¼ lbs..... **$0.80**

TONKA.



Heavy galvanized steel with galvanized wire cloth on three sides. Hinged cover; very compact and durable.

Each

No. S-30—Frog Boxes; 4¾ inches high; 6 inches deep; 9 inches long; weight each, 1 lb..... **$1.30**

MINNOW PAILS.

WADE-IN.

Especially adapted for the use of trout fishermen or fishermen who wade.

Made of IC tin; oval shape top and bottom; flare in top; two ⅝-inch loops on each side for fastening shoulder straps; bucket just right size and shape to carry under arm without interference; cup shaped cover fits snugly into bucket; cover perforated at bottom to allow air to enter, 9 gauge steel wire lift pin securely soldered across cover to aid in removing it from bucket; no hinges; finished in green japan with gold lettering and striping.

Each

No. S-1—Minnow Pails; capacity, 2 quarts; bottom, 6x3¾ inches; top, 5x3 inches; height over all, 8 inches; weight per dozen, 9 lbs..... **$0.96**

MINNOW PAILS.

SPLENDID.

Round; single; bucket; wired top; sunk, perforated cover with hasp and staple; finished in green japan with gold striping.

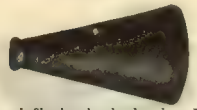
MEGAPHONES.

JUNIOR.



Made of tough fiber-board, colored a glossy Indian red and fitted with a large nickel plated mouth-piece. This metal mouth-piece cannot be knocked off or broken and is large enough to fully cover the mouth when wide open, as in shouting.

These megaphones are particularly intended for cheering at ball games, athletic events, parades, rallies, etc., but give good service wherever used.

This rack holds 144 bats. Takes up very little floor space, 80 inches high, 22x35 inches at base. Knocked down and crated one in a crate ready for shipping.

Each

No. S-BBR—Bat Racks; approx. shipping weight, 50 lbs. **$10.50**

KENNEDY TACKLE BOXES

The All-Steel Boxes That Wont Wear Out.

Made of light weight steel, and are reinforced at all points of strain so that they will stand the hardest usuage. Electrically welded, not soldered, and the ends are double seamed and cemented, to make them water tight.

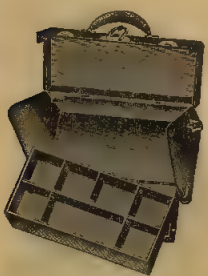
Finished in the durable Kennedy-brown enamel—baked on in order to keep it from rubbing off or scratching easily. Strong Corbin multiple change lock, is made with a loop-catch, which keeps the Box from falling open even when unlocked. The handle fits the hand, and is made of leather reinforced with a steel core.

Strong, durable, leak proof will give years of service.

The material, special construction and overlapping features makes them **Water-Proof, Wear-Proof, Fire-Proof, Weather-Proof and Inexpensive.** They will not soak up, warp, rot or go to pieces. They are also **Thief-Proof,** for they can be locked, chained and cannot be cut open.

No. C614—14 in. long × 7 in. wide, 9 in. high, leather brown baked enamel finish, light weight but strong grade steel, double seamed electric welded and reinforced throughout, waterproof and watertight, holds several reels, with two trays, fitted with brassed corner irons, side catches and lock, leather covered steel handle, w't each 7½ lbs., each *$6.00*

WRAPPED SINGLY



This style is shaped like a leather bag and equipped with tray divided into small compartments for carrying full casting equipment. Tray is made of light weight steel 1¾ in. deep and rests on ledges at top of case. Contents cannot spill out if box is loaded, as flat bottom will prevent overturning.

Nos.	C114	C116	C118	C120
Length, in.	14	16	18	20
Height, in.	9	11	13	15
Width, in.	7	9	10	11
W't each, lbs.	5½	6½	7½	8½
Each	*$5.25*	*5 50*	*5.75*	*6.00*

Combination Rod-Kit and Tackle-Case especially designed for the fisherman who wants a good substantial box in which he can carry full casting equipment, including rods. Equipped with two trays, suitable for carrying at least nine plugs or artifical baits. Ample space for snelled hooks, lines, sinkers, etc., in the tray. Bottom of the Box is divided to accommodate two reels in separate compartments, as well as space for rods, landing net, bottle bait, etc. Side catches, and a strong Corbin multiple-change lock. Finished in a durable brown baked enamel which cannot chip or easily scratch off.

No. C621—Length 21 in., width 6 in., height 6 in., w't each 6½ lbs., each *$6.00*

Combination Rod Kit and Tackle Case electrically welded throughout. Lower tray flush to upper tray which is flush to lid. Finished in brown, rust resisting, baked enamel, watertight and very durable.

No. C624—Length 24½ in., width 6 in., height 6 in., w't each 11 lbs., each *$6.75*

Made of steel practical design, having plenty of compartments in the two trays for artificial bait, snelled hooks, lines and sinkers, two compartments in the bottom for reels, bottled bait and other equipment. Watertight and is equipped with a first class lock with strong loop-catch and a genuine leather-handle with steel-core. Finished in a durable, brown, rust-resisting, baked enamel. Electrically welded throughout, not soldered. Also makes a nice shell box.

No. C612—Length 12 in., width 6 in., height 6 in., w't each 4 lbs., each *$3.75*

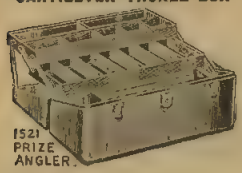
This style box is for the fishermen who desire a box in which they can carry short casting rods, in addition to their other equipment.

The two trays fit flush so that there is no danger of the contents spilling. They are so divided that there is plenty of room for plugs, or other artificial bait, hooks, lines, sinkers, etc.

There are two divisions in the bottom of box for reels with ample space, short casting rods, landing net, etc.

No. C616—Length 16 in., width 6 in., height 6 in., equipped with a corbin multiple-change lock, leather handle with steel core, w't each 4 lbs., each *$4.75*

OUTING'S "PRIZE ANGLER" CANTILEVER TACKLE BOX



This handsome, sturdy Box is new one-piece "Never-Leak" construction of complete top and bottom stamped from single sheets of plate steel. Absolutely water-tight always. Rounded corners, no seams or crimpings to spring open under heavy use or abuse. The two trays are operated by the top, and lift up and move over as the top is opened. Everything instantly accessible. Plated fittings and Corbin lock and key. Finished with extra heavy coat of dark maroon enamel baked on.

Nos.	C1516	C1521

Width, in.	6½	6½
Height, in.	7	7
W't each, lbs.	8	9½
Each	$6.50	7.50

ONE IN A CONTAINER

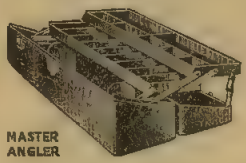
ONE-PIECE "NEVER LEAK" TOP AND BOTTOM

A strikingly handsome, serviceable and economical Box. Exceptionally compact and convenient. One tray only. Just the box for the fisherman with moderate equipment. The new "Never-Leak" construction makes these boxes water-tight always. Complete top and bottom are stamped out of single sheets of plate steel, no seams or crimpings to spring open under heavy use. Can be converted to a Shell-box for the hunting season or for a Tool-box at home. (Holds six boxes of 12 gauge shells in the bottom and extras in the top tray.) Rounded corners, Cadmium plated fittings and Corbin lock and key. Heavy dark maroon enamel baked on.

No. C1416—Size 6¾×6×16 in., tray 11¾ in. deep, w't 6 lbs. 13 oz., each $5.50

ONE IN A CONTAINER

HEDDON MASTER ANGLER TACKLE BOXES



New one-piece "Never-Leak" construction of these boxes with complete top and bottom stamped out of single sheets of lead-coated plate-steel, makes them absolutely water-tight under all conditions and no matter how badly they are dropped or banged around. No seams to spring open and no sharp corners to catch in clothing. Two trays, which are operated by Cantilevers, fold back as top is opened. Both trays and bottom of box instantly accessible. Box works smoothly and can not catch or jam. Trays have partitions for baits, sinkers, etc. Cadmium plated rust-proof lock and hinges. Corbin lock and key. Outside finish is a heavy coat of baked enamel and three coats of lacquer.

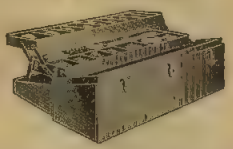
KENNEDY KANTILEVER KITS

For Fishing Tackle



Trays of a Kennedy Kantilever Kit, by means of levers attached to lid, swing out of Kit as lid is opened and your tackle is placed conveniently before you. No danger of box tipping over or of dropping and spilling a tray of tackle, yet you can keep your tackle box open without taking up much room in your boat.

Kennedy Kantilever Kits are built to same high Kennedy standard of quality that has served anglers for so many years. The C125 has space for reels and a good assortment of tackle, and has five plug compartments in top tray. The C166 has seven plug compartments, and the C217 nine. Each of two larger sizes will carry a short jointed casting rod.

Keystone Flashlight Movies

A New Kind of Movies

It Furnishes Its Own Electric Light

EACH MACHINE COMPLETE WITH CAN OF NON-INFLAMMABLE FILM, 1 FILM COMPARTMENT SLIDE, 1-DRAW-EM SLIDE, THEATRE TICKETS, OFFICERS' BADGES, FULL INSTRUCTIONS.

Combines
1—Moving Picture Machine.
2—Magic Lantern.
3 Flashlight.
All In One

PRICE ONLY $6.75

This is a new departure from the regular motion picture machine as the light is furnished by a very powerful flashlight. Simplicity itself. Always ready for use simply by pressing the flashlight switch with thumb. **NO OIL. NO GAS.** Not necessary to have electricity in the house, as the "FLASHLIGHT MOVIES" carries its own same as the regular pocket flashlights. The flashlight can be disconnected and used separately as desired, thus serving the purpose of an excellent pocket light in addition to furnishing the illumination for the Moving Picture Machine. It gives a most powerful light, which is greatly intensified by the powerful lenses of the movie machine. The actual SIZE of the machine is 13½x15¼x4¾ in., giving a picture 36x42 in. at about 10 feet from the wall. The picture can be made LARGER OR SMALLER by proper focusing or by placing machine closer or further away from the screen. The machine is arranged for use either with Films or Lantern Slides. With each machine is included 1 can of Film, 1 Film Compartment Slide, (with which you can make your own lantern slides out of pieces of film), 1 U-Draw-Em Slide, generous supply of tickets, bill posters, officers' badges, operators' and ticket takers' badges, ushers' arm bands, instructions, and, of course, the flashlight. Batteries can be obtained any time at any hardware or electrical store or direct from us for 50c each. The machine is made entirely of steel, baked with a crystallized enamel finish, with nickel plated lens tube and fittings, and strong wooden base.

No. 6002. FLASHLIGHT MOVIES. Price Postpaid..... $6.75

See Separate Page for Complete Price List of Films for all our Moving Picture Machines

EVERLASTING WRITING PAD

A GREAT MYSTERY

Write with air!

YOU WRITE with the first attainable object, such as a pencil, tooth-pick, your finger-nail, a piece of money—anything at all, for you are not writing on paper. You are writing on **CELLULOID,** transparent. Your writing at once appears in on the celluloid, and the funny part of it is that the **WRITING DISAPPEARS,** immediately on raising the inner part of the tablet. The tablet can be used OVER AND OVER AGAIN, almost indefinitely, for it is practically EVERLASTING. There are hundreds of uses for such a writing pad as this—for desk and telephone use, for memorandums, reminders, for figuring, estimating, etc. It is thoroughly practical, useful and a very novel article to have. Size is 6⅛x4¼ inches, very convenient size and shape for the pocket.

No. 2323 Everlastng Writing Pad. three for 40 cents: $1.35 per doz. 15 CTS.

Mechanical *Yell-O-Taxi*

Runs Half a Block on One Winding

The Realest Toy Ever Produced

Special 69 Cents

BUY one of these perfect Mechanical wonders and give boundless joy to the youngsters—and incidentally to the whole family. It is the finest and most real toy ever produced. Everyone knows the Yellow Taxi, and this toy imitates the regular "Yello" to perfection It is almost eight inches long. It runs half a block or more on one winding. Starts slow, then breaks the speed laws, then a steady purr of the motor. Winds up to run in a circle and straight a-way fashion. Matches the "Yello" absolutely in color and proportion—yellow and black—and don't forget there is a Yellow Taxi Chauffeur in the seat. Even a garage is included, the container in which the toy is sent serving the purpose of a garage. All this for ONLY 69 CENTS, and we pay the postage to any address in the world

NO. 3410 MECHANICAL YELL-O-TAXI. PRICE POSTPAID 69c

FIRST CO-ED—"Is he interesting?"
SECOND DITTO—"No' All he does is sit at the end of the sofa and talk!"

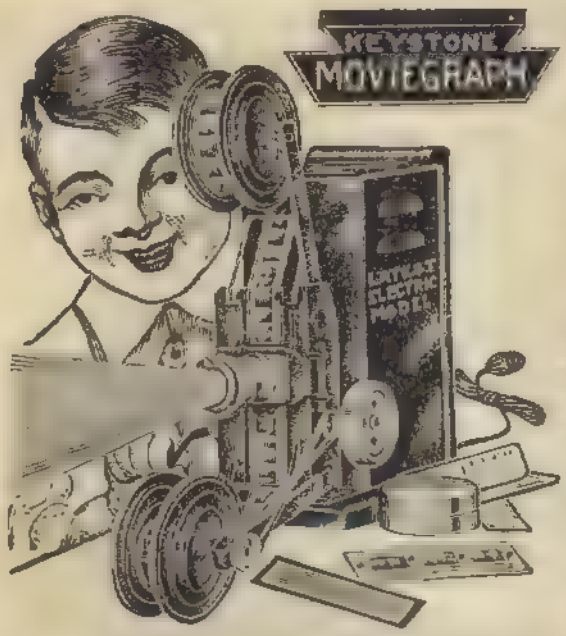
ELECTRIC MODEL

A Moving Picture Machine and Lantern Combined



A Safe Toy For Any Boy or Girl

Every Machine Guaranteed for Workmanship, Finish, Strength and Performance

ENTERTAIN YOUR FRIENDS

THESE Moving Picture [illegible] from any electric light socket. All you have to do is screw in [illegible] electric lamp socket, tack up a sheet, put on the [illegible] and turn the crank. That's all there is to it to get

Real Moving Pictures

[illegible] are shown in the big Movie Theatres. [illegible] if you don't have electricity in the house [illegible] there is no reason why you [illegible] enjoy [illegible] right [illegible] by electricity furnished by the power companies.

[illegible] Moving Picture Machines and Magic Lanterns com- [illegible] bined in one [illegible] a complete [illegible] at a [illegible] price. [illegible] the new [illegible] REWIND MODEL. It [illegible] [illegible] pictures, instead of [illegible] [illegible] [illegible] shows a [illegible] [illegible] pictures on the screen. The further back from the screen the machine is placed, the larger the picture will be. The machine is constructed of steel throughout, [illegible] finished, with wooden base, it takes the standard size movie film, [illegible] used in [illegible] picture theatres throughout the country [illegible] of [illegible] safety, [illegible] inflammable film, is included with every [illegible] [illegible] [illegible] Stereopticon Sock- [illegible] [illegible] [illegible]

Be a Movie King

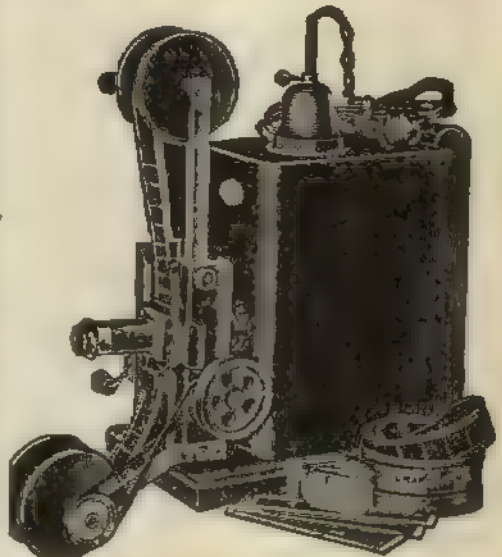
OH BOY! Some Sport

SURPRISE THE BUNCH— HAVE A BARREL O' FUN

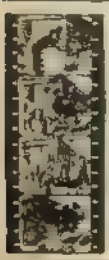
Here's what you've always wanted—a genuine MOVING PICTURE MACHINE—a machine that uses STANDARD FILM—like the Big theatres show—at a price you can easily afford to pay. This is the BIG opportunity—don't MISS it. Read every word, then act quick. Three swell models to select from. Each the best of its kind. ALL REAL moving picture machines—not toys or magic lanterns, but REAL MOVIE Machines, that show the pictures on the screen. The Films are supplied to us by the leading film corporations in America, and the subjects include all the LEADING actors and actresses that you see and admire in all the big theatres. The "fellers" and girls and the grown-ups, too, will sit spellbound, or roar with laughter at the wonderful, life-like, real movies you can show them.

No. 6198 Keystone Rewind Model

This model operates from any electric light socket. It has an electric lamp regulator so that different sized lamps may be used—electric socket, plug and six feet electric lamp wire cord, nickeled reflector. Simply screw in plug to your electric light socket and you are all ready for an exhibit. Equipped to show Lantern Slides as well as REAL MOVING PICTURES—just like the big machines. This model has a rewind arrangement that will unwind and rewind 100 to 200 feet of film. The size of the machine is 6¾x14¾x19 in., exclusive of film spool illustrated. It is constructed on a heavy wooden base which will not scratch the furniture, and is painted black with a finish like a telephone. With this machine we furnish a can of film, socket and six feet of cord with plug, 1 compartment slide, 1 U-Draw-Em Slide, supply of tickets, bill-posters, operator's badge and officers' and ticket takers' badges, ushers' arm bands and instructions. The U Draw-Em Slide is a special blank glass slide by means of which you can, in a few moments, write special announcements to be shown on the screen. This machine shows a picture about 45 x 60 inches depending upon the distance machine is placed from the screen. Constructed entirely of steel with a wooden base, and has high grade finish like the higher priced machines. Each machine sent complete and packed in a strong box, weighing 6 lbs. Sent by parcel post prepaid to any address.



No. 6198, Keystone Rewind Model Moving Picture Machine. Price Postpaid **$12.50**



Price List of Extra Movie Film

This is the standard size film used at all moving picture theatres. It is used with all moving picture machines we handle. It is standard 1⅜ in. wide with perforations at sides. Big variety of subjects, including all the leading and best known movie actors and actresses of the day, but as we have to take whatever Film is available at the time of purchase, no particular subject can be guaranteed. However we guarantee plenty of action in each reel, and that the performers are well known to the movie fans. Film is sold only in reels of 25, 50 or 100 feet lengths, and the prices are as follows:

No. 6110. 25 FT. REEL OF FILM. PRICE POSTPAID.....25 Cents
No. 6111. 50 FT. REEL OF FILM. PRICE POSTPAID.....50 Cents

Hardware Age Verified List
OF WHOLESALERS AND RETAILERS

Shows the names, addresses, capitalization, territory covered, percentage of wholesale business, number of traveling men, names of executive officers and buyers, and the lines handled by the Hardware Wholesalers.

For example, on pages 7 to 79 it indicates by the key number 14 which hardware wholesalers handle cutlery.

Then, the Hardware Retailers on pages 80 to 353 who are rated 1, 2, or 3 represent the live-wire dealers doing 75% to 80% of the retail hardware trade of the U. S., and they too handle the products just mentioned.

CONTENTS OF VERIFIED LIST

Wholesale Hardware Houses in U. S., Canada and Foreign.
Retail Hardware Stores in U. S., Canada and Foreign.
Chain Hardware Stores in United States and Canada.
5, 10, 25c. to $1.00 Syndicate Stores carrying hardware.
Department Stores carrying hardware and housefurnishings.
Manufacturers' Agents in U. S., Canada and Foreign.
Automobile Accessories Jobbers.
Mill, Steam, Mine and Machinery Supplies Dealers.
Sporting Goods Distributors.
Mail Order Houses handling hardware and housefurnishings.
Woodenware and Willow ware Wholesalers
Paint, Oil and Varnish Distributors.
Radio Apparatus and Parts Jobbers.
Plumbers and Tinners Supplies Jobbers
Membership Lists of Hardware Associations.

Hardware Age Verified List of Wholesalers and Retailers is indispensable in economic direct-by-mail promotion work and also a helpful guide for salesmen's calls. Every manufacturer's sales manager should have one on his desk, and every salesman could profitably carry a copy in his grip. Since the previous issue was published there have been more than 10,000 additions and corrections, and these all appear in the current edition.

It really is 16 directories in one.

Published annually, $15.00 postpaid

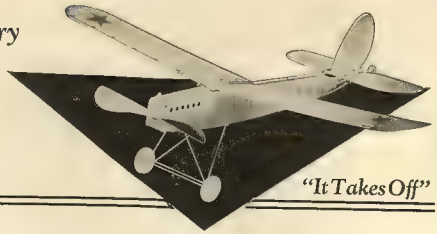
The Kingsbury
Silver Arrow
Flying
Plane



"It Takes Off"

Two Timely Toy Sensations

Kingsbury's Newest!

TWO natural-born SELLERS—toys with timely appeal for every boy and girl of this speed age! A plane that not only FLIES, but "TAKES OFF" the ground like a REAL plane. And a swift racing car that copies exactly the world's fastest car—Capt. Segrave's 231-miles-an-hour "GOLDEN ARROW."

The Kingsbury "Silver Arrow" Plane comes in two types—and four sizes. Built with surprising sturdiness of feather-light balsa wood reinforced with aluminum. The cabin type (as shown here) retails for $2.50 (22-inch wing spread) and $3.50 (26-inch wing spread). The racing type, without cabin, retails for $1 (18-inch wing spread) and $2 (26-inch wing spread). Not construction toys but FULLY-BUILT, ready to assemble in a jiffy, and FLY. The first toy planes built to actually "take off."

EXCLUSIVELY KINGSBURY!

Because of the great success of the Kingsbury "Sunbeam," modeled after Major Segrave's earlier record breaker, the Major gladly gave us exclusive rights to reproduce his latest winner—the Golden Arrow. And it's surely a winning toy—the same golden color, the same monster-like shape, the same genuine Dunlop-tired disc wheels. Strongly built of electric-welded steel and equipped with a speed racing motor of strongest clock-spring steel. Length 21 inches. Retails at $3.

Some dealer in your locality is SURE to make a lot of money with these two sensational sellers. Let that dealer be YOU. Order NOW—and be first in the neighborhood to display and sell the Kingsbury "Silver Arrow" Plans and "Golden Arrow" Racers.

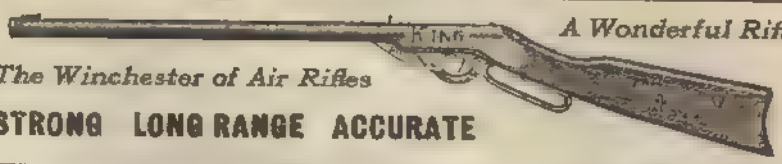
THE KING 1,000 SHOT

RAPID-FIRE REPEATING AIR RIFLE

HAS MAGAZINE CAPACITY OF

ONE THOUSAND SHOTS AT ONE LOADING

Thirty Shots Can be Accurately Fired in One Minute



A Wonderful Rifle

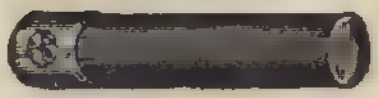
The Winchester of Air Rifles

STRONG LONG RANGE ACCURATE

The "King" Rapid-Fire Repeating Air Rifle is constructed to hold One Thousand Shots in its magazine (if required) at One Loading. It is in appearance very much like the Winchester Repeating Carbine, being about that size and model, all the parts are extremely simple and will not get out of order, and the materials used in its manufacture are of the best, all parts are interchangeable, and with ordinary care it will last a lifetime. So accurately does it shoot that a good marksman has split cards, edge-on, at 10 yards with it, and the penetration is greater than that of any air-rifle hitherto invented. The weapon can be fired 30 times in one minute, as the lever under the breech works very rapidly, loading and cocking the gun by the one action. The magazine and all metal parts are of blued and beautifully polished steel, the stock of polished and seasoned walnut, sights accurately set and tested, in fact workmanship and appearance are equal to any rifle costing double the price, for each rifle is a splendid example of the gun maker's art, assisted by the most modern machinery. The ammunition is the regular BB shot, which can be purchased anywhere, hence the cost of using this wonderful rifle is almost nothing. No sportsman should be without this magnificent weapon. There is no danger of explosion, and even boys and youths may use it without risk. The air-compressing mechanism is a perfect invention, being the simplest and most durable ever devised. The air chamber is constructed on a principle which gives great strength, and it will withstand a pressure of many pounds to the square inch. The pull of the trigger is rather less than in ordinary rifles, producing the great rapidity of firing. The "King" Repeating Air Rifle is not quite 36 inches long from muzzle to heel plate, the weight is about 2 lbs., which is light enough to cause no fatigue and heavy enough to ensure accurate shooting. It is an unusually handsome model, having a beautiful gunmetal finish, but it must be seen and used to be thoroughly appreciated. For target practice no air rifle made can surpass it.

NO. 2808. KING 1,000 SHOT REPEATING AIR RIFLE, PRICE, POSTPAID $3.00

AIR RIFLE SHOT



We recommend your buying the shot locally, as you can usually buy it for less than the postage it takes to ship it. However, as an accommodation to our customers, we will supply you with the Best Air Rifle Shot, put up in specially made tubes, containing about six ounces of shot at 25 cents, which includes postage to any address.

No. 2809. Air Rifle Shot, per Tube. Price, postpaid ..... 25 Cents

The Scare-'em Revolver

BETTER THAN THE REAL THING

Deceives Everybody

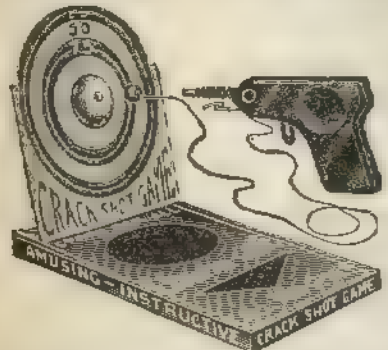
Made of Solid Metal, it Exactly Imitates a Fine Nickel-Plated Heavy Calibre Weapon

PRICE $1.00 We Pay The Postage

Besides being an effective joker, this imitation Revolver is just the thing to scare a burglar or other intruder. It looks and has a deadly work appearance you can scarcely believe, even when you have it in your hand, that it won't shoot. A lady could frighten a chief with this and think it to herself or anyone else. You can have it lying about without danger and with the certainty of having lots of fun with your friends.

No. 2922. THE SCARE-'EM REVOLVER. Price Postpaid to any address $1.00

THE CRACK SHOT GAME



The Outfit consists of a gun-metal finish Spring Pistol, that shoots with surprising accuracy, with the shot attached to the Pistol by means of a piece of string, and a brightly colored metal target painted red and yellow, with a nickel plated bell in the center. All packed in a very handsome and showy box, as illustrated in the above engraving. You should get this Crack Shot Game and become proficient in the art of target shooting.

No. 2923. CRACK-SHOT GAME .50c

3 for $1.25, or 12 for $4.50 postpaid.

Card Sailer Pistol

It shoots small squares of cardboard, sending them spinning and sailing through the air to great distances. Length 8¾ inches. Wood barrel, metal handle, heavy rubber band. Plenty of ammunition and extra rubber with each gun in neat box. More ammunition can be made as desired. Can use without the ammunition as a fly killer.

No. 2924. CARD SAILER PISTOL 15c

Glass Revolver

A perfect imitation of the real thing, made of glass, hollow and silvered inside, which gives a very bright finish, and difficult to detect. You can create quite a sensation with one of these Revolvers. They are a great protection for ladies, and in fact, they are really more suitable than a regular firearm. You can do no serious damage with the Glass Revolver, and thus a feeling of confidence is imparted, which would otherwise be lacking. It makes an ideal paper weight, which, in a case of emergency, would more than justify its small original cost. The Revolver is a little over seven inches in length, and altogether is the best of its kind ever put out.

No. 2171 Glass Revolver 25 Cents

Aeroplane Puzzle

There are four pieces, consisting of two aeroplanes, one large and one somewhat smaller, with two metal rings, as shown in the illustration. The puzzle is to take them apart, and then when you have them separated put them together again. It is one of the newest puzzles we have, and we predict it will be a big seller. Full directions accompany each puzzle.

No. 3666. Aeroplane Puzzle. Price 15¢

In Ordering Please Give Actual Chest Measure

Johnson's

America's First Tubular Skate

These skates are made in the celebrated seamless construction which is the strongest, lightest, and most durable method of skate manufacture. Electrically welded throughout. The cups are cold drawn and made of one-piece carbon steel. The blades of high carbon steel are electrically hardened and tempered, insuring uniformity and a degree of hardness and elasticity that make for speed and safety in skating.

Shoes have arch support and counters that insure forward and under the instep and give real support to the foot when skating. Reinforced with two tapes across ankle which prevents stretching and gives added support to the ankle. Each pair has our guarantee tag for quality and workmanship.

Racer or Hockey
For Men and Boys

E218+1	Hockey	Per Pair	$12.50
E218+2	Racer	Per Pair	12.50

Racer or Hockey
For Ladies

Skates Aluminum finish, electrically welded throughout. Seamless cups of one-piece drawn steel. High carbon steel blades. Electrically hardened and tempered.

The design of our Nestor Johnson Flyer outfit is along practical scientific lines, making an integral unit of the skate and shoe, which assures skating results quite impossible with an outfit not so designed.

Shoes on our popular Ladies skating shoe last with arch supporting counters. Reinforced with two tapes across ankle, which prevents stretching and gives added support to the ankle. Each pair has our guarantee tag for quality and workmanship.

"THE HOUSE OF QUALITY, SERVICE AND SATISFACTION"

TRAP GRADE SINGLE BARREL SHOT GUNS

LE FEVER TRAP

RAISED VENTILATED RIB, AUTOMATIC EJECTOR, TAKE DOWN, SOFT RUBBER RECOIL PAD, HAMMERLESS

A low-priced gun designed to supply every demand of the exacting trapshooter.

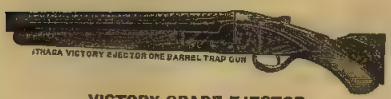
It is shapely, has a quick, snappy pull, automatic ejector, it is fitted with ivory front and rear sights, a soft rubber recoil pad and a raised ventilated rib. Stock and forearm are made from fine black walnut. The fore-end is large enough to keep the hand from the barrel while the stock has the extra thick comb popular with trapshooters.

The price is so low that the factory have standardized this model and will not supply any specifications other than those shown below.

No. C143R—12 gauge, 32 in. full choke barrel, for 2⅝ and 2¾ in. shells, full pistol grip stock, length 14½ in., drop at heel 1⅝ in., and drop at comb 1⅝ in., w't about 8 lbs. .....each $62.20

ONE IN A BOX

ITHACA TRAP



VICTORY GRADE EJECTOR

Built to "stand the racket" of trap shooting. Victory Grade gun comes only in the following standard dimensions, absolutely cannot be built to order.

Barrel is 12 gauge, 32 in., fitted with matted ventilated top rib and ivory sights. Full pistol grip hand checkered stock, 14½ in. long, 1⅝ in. drop at heel, 1½ in. drop at comb fitted with recoil pad. "Beaver Tail" hand checkered fore end and automatic ejector. Frame, top lever trigger plate, fore end iron and guard, line engraved.

No. C8R—12 gauge, 32 in. barrel, for 2⅝ and 2¾ in. shells, w't about 8 lbs.....each $186.75

No. F4R GRADE

Barrel—High grade fluid steel exceedingly tough, hard and strong, especially adapted for nitro powder, ventilated rib, automatic ejector.

Stock—Well finished walnut, full pistol grip, carefully hand checkered and figured gold shield in stock, beaver tail fore end soft rubber recoil pad.

Frame—Engraved with trap shooting scene on one side and American eagle design on the other, hardened and polished trigger, equipped with lightning lock, bolted at two points, will stand the continuous strain of heavy trap loads, hammerless.

No. F4R—12 gauge, 30, 32 or 34 in. barrel, for 2⅝ and 2¾ in. shells, w't about 8 lbs.★.....each $231.45

IVER JOHNSON

SPECIAL TRAP GRADE VENTILATED RIB BARREL

Fine quality, blue steel, full choke barrel. Selected black walnut stock, beautifully hand checkered, full pistol grip capped. Length of stock about 14½ in., drop at comb about 1⅝ in., drop at heel about 2 in. Trap style fancy, extra large, fore-end.

No. C260R—12 gauge, 32 in. barrel, automatic ejector, fitted with Lyman ivory front and rear sights, for 2⅝ and 2¾ in. shells, w't about 7 lbs.....each $37.75

IVER JOHNSON SUPERTRAP

VENTILATED RIB, EXTRA LARGE BEAVER TAIL FORE END, SELECTIVE AUTOMATIC EJECTOR, ANTI FLINCH RECOIL PAD

This medium-priced trap gun has all the latest features. The straightline ventilated rib breaks up the heat waves and gives clear vision for accurate shooting. While it has been designed as a trap grade, it also will give excellent service in the field.

Stock and fore end are of selected walnut, hand checkered and highly polished.

STANDARD SPECIFICATIONS

Stock 14½ in. long, including recoil pad, 2 in. drop at heel, 1½ in. drop at comb. Full pistol grip rubber capped, 2 Lyman ivory sights, selective automatic ejector, Beaver Tail fore end with D & E fastener, ventilated matted rib.

No. F68R—12 gauge, 32 in. barrels, for 2⅝ and 2¾ in. shells, both barrels full choke bored, w't about 8¼ lbs.,★ each $116.65

OPTIONAL SPECIFICATIONS

No deviation from standard stock measurements. Not made in any gauge nor barrel length other than 12 gauge, 32 in. The barrels may be supplied with any boring desired also will be furnished, upon order, chambered for 3 in. shells. Other recoil pads, than the Anti Flinch, are optional but the fitting of a special pad will necessitate some delay in shipment.

While the Automatic Safety is regular the factory will supply an Independent Safety, if the latter is preferred.

HIBBARD, SPENCER, BARTLETT & CO.

Hibbard SHOT GUNS

Hibbard CONSTRUCTION

The **Hibbard** Single Barrel Shot Guns are made by careful workmen, from the best materials. The finish and fittings, of these guns, compare favorably with the workmanship used on the highest priced firearms. Constructed for the use of nitro powders in standard ammunition.

The **Hibbard** Single Barrel Shot Gun cannot be opened when the hammer is cocked; this is an excellent safety feature.

The top lever will open the gun when pushed either to the right or left, therefore the arm is equally well adapted to the use of a left or right-handed shooter.

Balance and weights are standard, while the design of fore-end, frame and stock is distinctive. The durability of the **Hibbard** Guns reflects the first quality materials and workmanship used in their construction.

ONE IN A BOX, TEN IN A CASE

LEFEVER HAMMERLESS

Long Range, Suitable for Field or Trap

Automatic Ejector, Automatic Safety

The new Lefever is a three piece, take down, hammerless—the only one on the market at a moderate price—single barrel shotgun, with an automatic safety device such as is used on expensive double guns, also an automatic ejector. Full pistol grip, hand checkered, genuine black walnut stock and fore-end, highly finished. The snap fore-end is of the long, over size, trap gun type. Hard rubber cap fitted on the pistol grip, hard rubber butt plate. Stock 14 in. long, drop 2½ in.

The 410 gauge gun is chambered for 2½ in. shells and also will handle 2 in. shells. Every Lefever single gun is carefully choke bored to give a hard-shooting, long-range pattern. Every barrel undergoes a proof test, with an excessive load, to make sure that it has the necessary material and strength to be safe for any standard factory load.

No. C140—12 gauge, 28, 30 or 32 in. barrel, for 2⅝ and 2¾ in. shells, w't about 7 lbs.....each $26.65

No. C16140—16 gauge, 28 in. barrel, for 2⅝ in. shells, w't about 6¼ lbs.....each $26.65

No. C20140—20 gauge, 28 in. barrel, for 2½ and 2¾ in. shells, w't about 6 lbs.....each $26.65

No. C410140—.410 gauge or 44 caliber, 26 in. barrel, adapted to either .410 gauge paper shot shells, any length, 44 WCF and 44 XL shot cartridges, w't about 5¾ lbs.....each $26.65

WINCHESTER

MODEL 41, BOLT ACTION

Fine quality, blued steel barrel, all parts made of highest grade material, action is of the up-turn and pull-back type, which has fewer and more rugged parts, powerful extraction and positive ejection of shell, nicely balanced, pistol grip stock with hard rubber butt plate, two-piece take down.

No. C41041—410 gauge or 44 **caliber,** adapted to either 410 gauge paper shot shells, any length, 44 WCF shot cartridges or 44 XL shot cartridges, 24 in. barrel, w't about 4¼ lbs.....each $21.45

SINGLE BARREL SHOT GUNS

HARRINGTON AND RICHARDSON

BINOCULARS

(Page 125)

COLMONT PRISM

These binoculars are of moderate price yet of superlative value. Staunch of construction, optically dependable and pleasing in appearance, they find favor in the world of outdoor people: tourists, sportsmen, motorists, hunters and others.

The stereoscopic construction of the Colmont binoculars produces a view where the image is delightfully plastic; objects appear in lifelike proportion and not flat as in a picture.

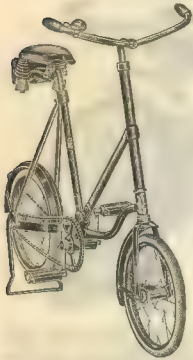
N92851—PAPER CUTTER—In the shape of a bayonet, this letter opener brightens up the writing desk. Is enclosed in fine leather case. Length, 7 inches.....Each 2.00

N92853—FANCY LETTER OPENER—A reproduction of an army sword. The handle is fancy in nickel scabbard. Blade is of tempered steel. Very unique and useful. Length, 12 inches .....Each 5.00

BICYCLETTES.

WITHOUT COASTER BRAKE.



They combine the advantages of a bicycle with its rapid movement and that of a velocipede with its safety. All parts of these play cycles that are not enameled are finished in bright non-rusting nickel plating. For girls they are more satisfactory than the three wheel velocipede. With the range of adjustment that they can be used by children of almost all ages.

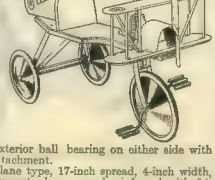
Length over all, 41 inches; wheel base, 30 inches; handle bar stem is adjustable from 28 to 33 inches; height of saddle from pedal, 22 inches; seat post can be adjusted to any height from 22 to 26 inches from pedal.

Wheels. 12 inches, bicycle construction.
Tires. Solid rubber.
Hubs. Ball bearing.
Spokes. Anti-weather, rust-proof.
Hanger. Rollfast ball bearing 3-piece hanger housed in special bracket 2x3 inches, annular ball bearings, 3½-inch cranks fastened to hanger shaft with tapered cotter keys.
Sprocket. Genuine bicycle sprocket. 18-tooth front, 8-tooth rear.
Chain. Bicycle roller, ⅞x1 inch, 38 links.
Chain Adjusters. Screw style.
Saddle. Rollfast special juvenile motobike type with cushion comfort springs.
Pedals. No. 1 Junior juvenile bicycle pedals with rubber treads.
Handle Bar. ⅝ complete with extension handle bar stem.
Grips. Rollfast red rubber.
Stand. To match frame.
Colors. Regal blue with gold striping. Hand striped

Each

No. S8-4—Bicyclettes; fitted with plain hubs, no coaster brake; rear stand; approx. shipping weight, 31 lbs.....**$20.00**

LINDY PLANES.



Sturdily built and easy to operate. Automotive type of steering control, biplane wing construction and a propeller that turns in the slightest breeze. For children, age two to eight years.

Rear wheels, disc steel, 8½ inches over all, including ¾-inch balloon tires; enclosed roller bearing, nickel hub caps.

Front wheel, disc steel, 10 inches over all, including ¾-inch balloon tire, exterior ball bearing on either side with special interlocking fork attachment.

Sheet steel wings, biplane type, 17-inch spread, 4-inch width, with eight vertical steel supports, lower panel reinforced with ⅝-inch wood support width and length of wing.

Finished in red and aluminum enamel combination.

Each

No. S8-LP—Lindy Planes; length over all, 34 inches; height, 22 inches; maximum width, 15 inches; packed in individual shipping cartons; shipping weight approx., 19 lbs. .**$9.00**

LOCUST

Strap Watches—Accepted as Modern Time Pieces

Every man needs a Strap Watch. The moderate prices of Locust Strap Watches enables every man to wear one. Whether the man needs a "second" watch, to wear at times when he feels that his more expensive watch would be safer at home, or a "first line" watch for general use, he will find satisfaction in a Locust.

Sturdily built, carefully constructed, and thoroughly tested, these watches —in 6 and 15 Jewel—have Cut Compensating Balances, handsomely designed mannish cases, and a built-in reputation for time-Keeping accuracy.

Locust Strap Watches also make ideal gifts for the boy of high school age—or younger.

Created For Adornment—Also Usefulness

LOCUST

Illustrations are ⅞ actual size

Combined with the beauty of case design, the sturdiness and dependability of movement, is the care exercised in the selection of acceptable stones for Locust Diamond Set Watches.

The same rigid care is given to the diamonds, sapphires, and emeralds, as is devoted to the construction of Locust movements. The brilliancy of the stones is set off against the pure background of solid white gold cases. Each stone is securely set to give the greatest brilliancy and jeweled effect.

The movements are accurate—expert craftsmanship make them so. The cases are beautifully designed and delicately engraved—skilled artisans lend their efforts. Locust Diamond Set Watches are not only things of beauty—they are accurate timepieces as well. Each watch is packed in a presentation box of novel design with exact price tag.

MacDonald Smith Special Matched Woods

Steel Shaft Drivers :: Brassies :: Spoons

MacDonald Smith, the famous Long Island Professional, winner of many championships, and golf veteran, is considered one of the world's most brilliant players. MacDonald Smith Woods, listed here, are duplicates of this famous player's own models.

MacDonald Smith Drivers, Brassies and Spoons are matched and registered models. The polished mahogany finished persimmon heads have a striking new design fancy face, securely held in place by metal lock screws, and a new designed aluminum back weight. Seamless drawn steel shafts have a hickory sheath and are equipped with green Wilson grips and Indestructo cap formed to create a bell top.

If left handed models are wanted put an X after catalog number.

Thus: 11R266X.

Super Shot Matched Woods

Super Shot Matched Woods. A new attractive design applied to a popular model high grade club. Beautiful in appearance as well as worthy in performance, they win instant admiration. Heads of finest persimmon, in a polished mahogany finish with an attractively designed face locked in place by metal screws. Aluminum brass back weight and sole plate add to the beauty and durability of the clubs, while unusually long hosels bring better grace and balance. Seamless drawn steel hickory Indestructo sheath covered shafts, equipped with rich brown Wilson calfskin grips, and Indestructo top.

THE WORLD FAMOUS
MAERKLIN TOYS

The Product and the Firm

Everyone knows that a product is no better than the firm behind it. MAERKLIN TOYS have since their inception been built for quality and not for price. Each toy is a true replica of its counterpart in real life.

The firm of Maerklin Bros. & Co., Goeppingen, Germany, was founded over 70 years ago and during this entire period its reputation has never once been questioned. Even during the unsettled times in Germany immediately after the war (when much could be reasonably excused), Maerklin Toys retained the original strength and quality which have become a tradition because Maerklin has always paid a premium for better help. Maerklin mechanics are the highest paid men in the industry abroad and rightly so, since each man is a specialist in his particular branch of the work. Builders of the first mechanical and electrical toy railways to run on tracks, Maerklin still leads in the production of BETTER TOYS. And now—STOCK AT NEW YORK brings this quality and permanence to your door.

8055
Mounted, Stationary, Anti-Aircraft Gun. Elevated and locked by hand wheel at side, revolves for directional sighting by means of hand and wheel, mounted on heavy plinth, spring release, two-piece cartridge. Height when fully elevated 10 inches. With six ¼ in. rubber shells, ammunition, cleaning brush and wire.

5081
Submarine—Various sizes, adjustable diving planes, rudder and conning tower, dives at regular intervals. Strong regulated clockwork. Beautifully finished in natural colors.

One good turn deserves another—please mention PLAYTHINGS

MAGIC CARDS

FACE VALUES CAN BE READ FROM THE BACKS

While these cards apparently are the same as any ordinary deck of Playing Cards, the backs are marked by a wonderful system of secret markings that defy detection, and thus they can be used for magical "stunts" without number.

No lengthy study or practice is necessary.

DE LAND'S

This deck contains over 32,000 secret marks. Some seemingly impossible feats in magic can be performed with it.

DAISY DECK

The backs of this deck contain a system of marks which can be read at a distance of 14 feet. Wonderful for stage use.

NIFTY DECK

This deck is especially suited for long distance reading. This clever book will tell you how to accomplish some seemingly impossible feats.

ADAMS' LEAGUE DECK

These cards can be "read" from the back as well as the front. You can perform as many acts in magic with these cards.

Every one of these decks is different. Exclusive tricks can be performed with each. Special directions containing the secret "key" are furnished with every deck.

With these cards YOU can accomplish feats in magic, equal to any performed by professional magicians.

No. 3121	DE LAND'S DECK OF MAGIC CARDS. Price, postpaid	$1.25
No. 3122	DAISY DECK OF MAGIC CARDS. Price, postpaid	$1.25

THE RACE FOR THE DERBY

A New and Exciting Game

There are six games in an envelope, which are ignited with a match at the red spot in front of the starting horses. The race commences. Then there is a loud BANG! announcing the winner of the race, followed by three successive explosions denoting the order in which the other three horses end the race. Excitement, surprise and astonishment all in one.

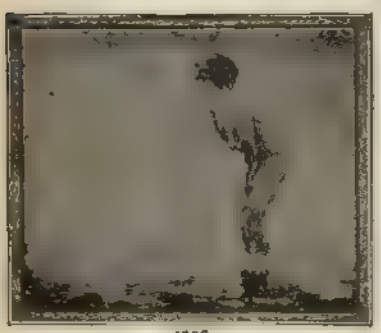
The WEATHER PICTURES

When It's Going to Rain, Color Changes to Pink When Weather is Fine Blue Appears, and Lilac Indicates a Change



4508

VERY PRETTY AND NOVEL ORNAMENTS TO HANG UP ANYWHERE

Here are two quaint-looking ornaments that you can hang up, and they will keep you accurately informed as to the state of the weather by means of various changes that take place in the coloring of certain parts of the ornament. Fine weather is indicated by a blue sky on the September Morn picture, and likewise a blue dress on the No 2 picture. Lilac indicates unsettled weather, whilst you can look for rain if the color changes to pink.

4509

No. 4508. Weather Picture. September Morn Design. Price 15 cents, 3 for 40 cents
No. 4509. Weather Picture. Girl with Dog Design. Price 15 cents, 3 for 40 cents

MAMMOTH SIZE
WATERMELON BALLOON
Strong and Durable

Here is a tremendous size WATERMELON BALLOON, that, when inflated, is NEARLY TWO FEET IN LENGTH. It is a wonderful imitation of a regular melon, green skin and stripes. Children will derive lots of fun playing with this MAMMOTH BALLOON, and, on account of its large size, they are not so likely to destroy it as with small balloons. Nothing pleases them more. You should get one and make your children happy with a balloon that may be larger than themselves. For decorative purposes it is a very interesting novelty that is sure to attract attention. Each Balloon is fitted with a special valve so that it may be inflated and deflated at will, and it is made of particularly strong and durable rubber consistent with its enormous size. **PRICE, 15 CENTS, POSTPAID, three for 40 CENTS.**

No. 3310. Watermelon Balloon, each 15c
3 for 40c, 1 doz. for $1.35 postpaid.

The Pig and Jackass Mirrors.

If you wish to perpetrate a practical joke and have some genuine fun you should send at once for one or both of our new mirrors. To all appearances they are ordinary plain mirrors in neat frames, nothing whatever to indicate that there is a little joker back of them. Inform your victim that you have a wonderful mirror that will take a correct picture of himself by simply breathing upon it. He does as directed, when, to his disgust, an immense Pig appears, with these words under the porker, "Yes! It is really me." The other mirror when breathed upon shows a long eared jackass, with the words beneath it, "A Perfect Picture of Myself." The picture and words remain on the mirror for only a few seconds, when they *vanish* and will not appear again until some one breathes upon the mirror. It is always ready for a new customer.

No. 2133. Pig Mirror. Price Postpaid 15c

No. 2134. Jackass Mirror, Postpaid 15c
3 for 40c, 1 doz. for $1.35 postpaid.

A rolling stone gathers no moss, but there are plenty of folks who do not want to be green.

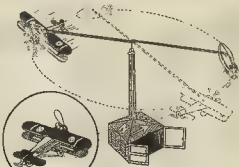
Aviation Pull Toys and Mechanicals

America

Each

N64140—AMERICA AIRPLANE. Iron pull toy finished in aluminum color. Length, 14 inches. Width, 17 inches. Packed one at a carton..... 8.00

Aviation Toys



Per doz.

N64045—CROSS COUNTRY FLYERS—Aeroplane rises from the ground, flies up in its own power, circles before light reverses climbs and then glides to the ground. Propeller action on Zeppelin Aeroplane can be used as a separate toy, operating on its own power. Length of Zeppelin, 6 inches. Length of Aeroplane, 4¾ inches. Wing spread, 7 inches..... 18.00

Yankee Flyer

Per doz.

N64312—YANKEE FLYER FRICTION PLANE—A bright enamel lithographed metal tin-plate with silvered wheels and a heavy friction motor. Length 14 inches 6.00

Dare Devil Flyer

Per doz.

N64062—DARE DEVIL FLYER — An airplane for that actually "loops the loop." Made of brightly lithographed metal and consists of airplane, zeppelin tower and balancing rod. Height, 18½ inches. Packed one set in an attractive cardboard box 18.00

Wind Up Airplanes

Per doz.

N64033—AIRPLANE. Well constructed and lithographed airplane, with a movable propeller. Size, 9x7x3¾ inches. Packed one in a carton 4.00

Per doz.

Forming-assembling layout. Complete bending and flying instructions. Length, 24 inches. Weight, 20 lbs..... Each 1.34

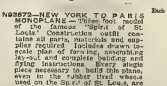
N93573—EVERY BOY'S AIRPLANE SET—A monoplane type airplane construction set of wood and polished aluminum, hand carved propeller, wheels, axles, wire, rubber tires, and colored parts and fittings. A real professionally looking airplane when it is complete. The outfit contains assembling and flying instructions. The wing spread is 3½ feet..... Each 3.50

Lindy Planes

N94134—LINDY AIRPLANE—The word "Lindy" appears in large raised letters on the top of the wings. The wheels, propeller and wings are made with edges so that they can be pulled along any flat surface. Made of iron and finished in silver, blue and gold. Length, 4½ inches. Packed six cartons in a box, not broken..... Per doz. 2.80

N94135—Same as N94134, except it is made of aluminum with a natural finish. Packed 6 dozen in a box, not broken..... Per doz. 4.00

Flying Ace



N94176—FLYING ACE—A highly constructed plane to insure successful flying, but this plane does though. The wheels are wound up when the whole body is run along the floor. Of wood with metal supports on wings and tail and metal propeller that whirs when plane is in motion. Coils flap when top is in the air. Wheels are standard to body with wire. Length, 18½ inches. Width of wings, 17¼ inches..... Each 10.00

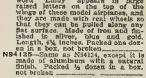
Silver Arrow

N94177—SILVER ARROW—A racing type of plane that will take off under its own power and fly 150 to 200 feet. Finished in bright, silver bronze and decorated. Made of Grade A Balsa wood and tread throughout with aluminum. Twirling propeller of aluminum. Length, 16 inches. Wing spread, 24 inches. Each 2.80

Los Angeles Blimp

N94180—LOS ANGELES DIRIGIBLE—A very modern toy for the younger child. A dirigible patterned closely after the latest real "ships." It can be pulled along the floor by a cord. Length, 11½ inches..... Per doz. 8.00

Air Mail Planes



N94160—AIR MAIL PLANES—The three small windows in the center of the unique rotary motor model, finished in black, and the three others highly polished nickel propellers and wheels. The wings and tail assembly planes look like the real thing. Of cast iron construction, and painted in yellow group of Mail Planes, 6¾x6 inches. Packed ¼ dozen in carton, not broken..... Per doz. 4.00

Graf Zeppelin Jr.

GRAF ZEPPELIN, JR.—This is the only Zeppelin in the market, constructed to fly, and it will will meet with instant success, as it is designed after the famous transatlantic air liners we read about daily. Of metal throughout, with a rubber band motor. Length, 18 inches. Safe, unbreakable. It will fly in a wide circle when suspended by a string in the hand or from the ceiling. Packed in individual cartons. Per doz.

N94834—Length, 16 inches..... 8.00
N94835—Length, 18 inches..... 10.00

"Lindy" Plane

N94138—"LINDY" MONOPLANE—Aviation has given us many subjects to toy suited this season. The "Lindy" Monoplane is proving one of the most popular right now. Its distinctive lines lend to its great popularity throughout the flying day period. Be prepared with your supply! The wings and fuselage are made of neat iron. Propeller, nose and rubber tire wheels are of aluminum. The wings have grooves to hold the propeller and the cut-outs back of the motor exhaust makes a realistic toy. Enameled silver gray with red trim. The wing spread is 13 inches and the length, 12 inches. Packed one in a colored carton..... Each 2.60

Bremen Plane

N94136—BREMEN MONOPLANE—Made of cast metal and equipped with a loop and two wheels so that it can be pulled along the floor. Brightly painted and decorated to resemble a flying fish. Length, 7 inches. Wing spread, 6½ inches..... Per doz. 8.00

Pony Blimp

N94188—PONY BLIMP DIRIGIBLE—Excellently modeled after real dirigibles, this toy excels most aeroplanes success with the modern child. It is easy to fly and requires no tethering. A string may be attached to the center in front so that the toy can be pulled along. Length, 9 inches. Packed one dozen in a box, not broken..... Per doz. 4.00

Friendship Plane

N94139—FRIENDSHIP PLANE—Modeled after a monoplane dear to the Americans. It has three propellers, cast steel motor, brightly painted. Equipped with four rubber tired wheels, so that it can be pulled along. Length, 11 inches. Wing spread, 11 inches..... Each 4.20

Iron Plane Pull Toy

N94133—AIRPLANE—Painted red, nickel finished propeller and wheels. Length, 6 inches. Packed one dozen in a carton, unbroken..... Per doz. 1.60

GUN MATERIAL.

NEW METHOD GUN BLUER.

This bluer is especially adapted for refinishing guns. It strengthens the original finish, arrests oxidation and withstands hard usage. It is ideal for rebluing rusty, badly worn or disfigured firearms, for bluing nickel plated revolvers or retouching worn spots or mars on shopworn and new guns.

This preparation is easily applied by the amateur gunsmith with such tools as he may have at his convenience.

Heating is not necessary.

Each

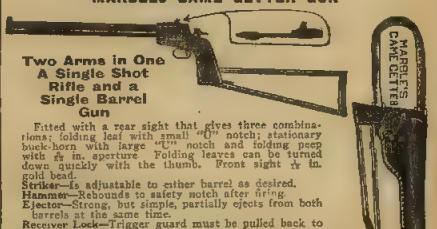
MARBLES GAME GETTER GUN



Two Arms in One
A Single Shot Rifle and a Single Barrel Gun

Fitted with a rear sight that gives three combinations: folding leaf with small "U" notch; stationary buck-horn with large "U" notch and folding peep with ⅛ in. aperture. Folding leaves can be turned down quickly with the thumb. Front sight ⅛ in. gold bead.

Striker—Is adjustable to either barrel as desired.

Hammer—Rebounds to safety notch after firing.

Ejector—Strong, but simple, partially ejects from both barrels at the same time.

Receiver Lock—Trigger guard must be pulled back to open breech.

Folding Stock—Made from cold rolled steel, nickeled. To place in rigid position, swing it backward, pulling back on sliding lock. Stock is locked by a strong sliding lock, which enters a notch ½ in deep, at base of grip.

Frame—Drop forged, blued.

Specifications: Round barrel, blued, single trigger, complete with fine leather holster with strap, walnut grips.

W't 3¾ lbs., each $9.10

IVER JOHNSON'S SINGLE SHOT RIFLES

MODEL X—SAFETY RIFLE, BOLT ACTION, TAKE-DOWN

The operation of the bolt handle cocks the hammer and sets it in its safe position in which the firing pin does not have contact with the cartridge. The vision is obstructed at the same time so that the user knows the rifle is "safe." To fire, it is only necessary to snap down the safety lever, which clears the line of vision for sighting. Other bolt action rifles have to be cocked, in a separate operation, after the bolt handle has been locked.

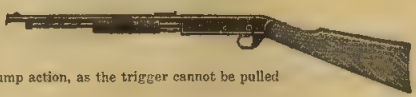
22 in. round, tapered, blued barrel. Walnut-finished birchwood stock with full pistol grip and steel butt plate. All working parts made of heat treated steel; coil springs. W't about 4 lbs.

No. C322—.22 caliber, adapted to .22 short, long and long rifle cartridges.....each $11.10

ONE IN A BOX, TEN IN A CASE

HAMILTON HAMMERLESS REPEATING RIFLES

MODEL 39—TAKE-DOWN—.22 CALIBER



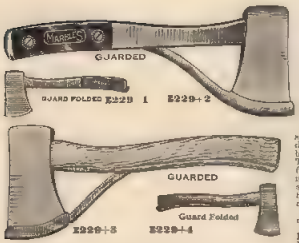
A hammerless, take-down model, with pump action. The magazine holds fifteen 22 short rim fire cartridges and twelve 22 long rim fire cartridges. It has an automtaic lock which prevents accidental discharge while operating pump action, as the trigger cannot be pulled until breech is locked in firing position.

Barrel is bronze lined, accurately rifled, with solid steel breech. Front sight knife pattern, rear sight open and adjustable, stock and forearm genuine walnut, turned. Length over all, 35 in., length of barrel assembly when taken down, 21¼ in., w't about 4 lbs. Each rifle is packed in cardboard box.

No. C39—.22 caliber take-down adapted to .22 short and long cartridges, w't about 4 lbs.....each $17.75

ONE IN A BOX, TEN IN A CASE

Marble's Hunting Axes and Knives



Marble's Safety Pocket Axes

A perfect axe for blazing, clearing a trail, setting a tent and in as necessary in the woods as a gun or knife.

E229+1 Weight, 20 ozs., length, 11 in., solid steel blade, steel handle. Each **$4.85**

E229+2 Weight, 26 ozs., length, 12 in., solid steel blade, steel handle. Each **$5.05**

E229+3 Weight, 16 ozs., length, 11 in., solid steel blade, hickory handle. Each **$2.90**

E229+4 Weight, 20 ozs.; length, 12 in.; solid steel blade, hickory handle. Each **$3.35**

Marble's Safety Pocket Axe with Folding Nail Claw

The "handsomest tool a sportsman ever carried." A tenpenny nail can be drawn with ease from a seasoned hemlock plank with it. One can set it and pull a nail with the axe and claw that could not be removed with the hammer alone.

E229+5 Weight, 20 oz., length, 11 inches, handle of hard rubber. Price, each **$5.01**

Marble's Camp Axe

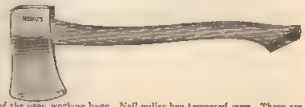
Blade forged from solid tool steel. Temporal head designed for driving stakes, spikes, etc. will not batter under severe service. The accurately machined eye is fitted perfectly by the handle, and is constructed to give the greatest amount of bearing surface to the handle, thus eliminating all liability of the head working loose. Nail puller has tempered jaws. These are ever-ready cut free by Marble's tool-steel axe.

Handles are of thoroughly seasoned selected hickory and offer a very secure grip. Axe can be easily inserted or removed from a sheath.

Blade, 3½x5¾ in., weight, 30 ozs.

E229+6 Camp Axe without sheath. Each **$3.70**

E229+7 Camp Axe with sheath. Each **5.55**



Marble's Camp Axe

A delightful little axe to handle—nicely balanced and just the right weight for speedy work in clearing or cutting firewood. The double edge is of great value, as the user can always have one sharp edge for chopping and the other for general service. A great favorite with Forest Rangers, Prospectors, Guides, Campers, etc.

Each axe is finely polished, and ground to a keen cutting edge ready for immediate use. Handle of clear, straight grained hickory.

E229+8 Price, each **$5.25**

Marble's Trailmaker Knife

Very satisfactory for blazing a trail or cutting a way through thick undergrowth or cane brake. Tent poles, sight firewood and trees up to seven inches in diameter can be cut as easily as with an axe.

E229+9 Blade, 10 in., handle, 6 in., weight, 15 ozs., with sheath. Each **$5.25**

Marble's Woodcraft Knife

Some knives are adapted for sticking, some for skinning, still others for cleaning, slicing, breaking bones, etc., but Marble's Woodcraft Knife embodies ALL these desirable features, 4¾-inch blade.

Leather Handle with Sheath

E229+12 Each **$3.30**

Staghorn Handle, with Sheath

E229+13 Each **4.50**

Marble's Ideal Hunting Knife, Stag Handle

This knife has won a world-wide reputation, keen, heavy and beautifully made. Sheath and protector furnished with each knife. Stag handle.

E229+10 Blade, 5 in. Each **$5.20**

E229+11 Blade, 6 in. Each **5.61**

Marble-De Weese Knife

Designed by Dall De Weese for use on expeditions after big game, where every item of the outfit has to be figured down to the lightest and most compact form possible.

It has a dull saw back on which the thumb is placed when skinning or cutting hard substances. When sticking, the little finger should be doubled up, letting the end of the handle against it. This takes the place of a guard.

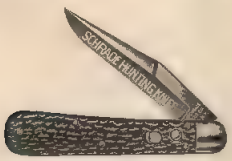
E229+15 Blade, 4 in.; horn handle, 3½ in.; weight, 4 oz. with sheath. Each **$3.00**

Marble's Expert Knife

These knives were particularly designed to meet the requirements of the professional hunter, trapper and guide, who requires a thin, keen edge for dressing skins and for scraping skins, while on the forest. The back of the blade is designed for this purpose. Leather handle, aluminum tip. Furnished with sheath.

E229+14 Blade 5 in., weight, 3½ ounces **$2.75**

SCHRADE SAFETY PUSH BUTTON KNIFE



Cannot Open in Pocket

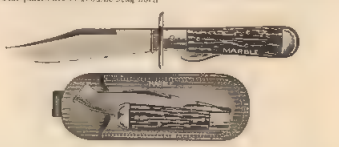
Safety Push Button Knife, 4¾ inches long; large saber clip blade; steel lined nickel silver bolsters; stained inside blade one-half crocus polished on one side; Bone Stag handle.

E229+16 Each **$3.00**

MARBLE'S SAFETY HUNTING KNIVES

These knives will appeal especially to that class of woodmen and sportsmen who object to the sheath knife and yet want a knife that is heavy, strong and rigid. They have a long blade with a short handle, utilizing the extensive guard as a safety hold when sticking. The guard as well as the blade is made particularly strong when either open or closed.

The hilts are of rock maple on each side of the blade—and the bolster and lining are of nickel silver. Side plates are of genuine stag horn.



E229+17 Blade, 4¾ inches; weight with sheath, 6 ounces **$3.25**

E229+18 Blade, 5 inches; weight with sheath, 9 ounces **5.75**

THE ABOVE PRICES ARE SUBJECT TO THE REGULAR DISCOUNT.

IF ANY ARTICLE PROVES UNSATISFACTORY, RETURN AT ONCE. WE WILL EXCHANGE OR REFUND MONEY.

SINGLE SHOT RIFLES

WINCHESTER

MODEL 1902, TAKE DOWN

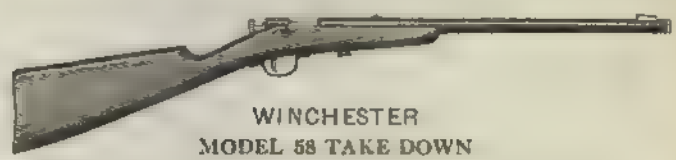
Can be Taken Apart Easily and Quickly, the Operation Consisting Simply of Unscrewing the Thumb Screw Located Underneath the Fore-Arm, which Releases the Barrel and Action from the Stock; the Action Used is of the Bolt Type and is Exceedingly Simple; When the Gun is Cocked, the Action is Locked Against Opening Until the Firing Pin Falls; this Permits Carrying the Gun Cocked Without Liability of the Action Jarring Open; The Gun is Cocked by Pulling Rearward on the Firing Pin, Which is Made with a Knurled Head to Afford a Good Grip; Boring and Rifling is Given Same Care and Exactness that Have Made Winchester Rifles Famous for Accurate Shooting; Sights on Every Gun are Lined Up by Shooting.

Round Barrel, Length, 18 inches Straight Grip; Walnut Stock, with Blued Steel Trigger Guard and Pistol Grip; Length, 13⅜ inches; Drop at Comb, 1⅝ inches; Drop at Heel, 2⅞ inches; Rubber Butt Plate; Fitted with Open Rear and Winchester Patented Front Sights.

Each

No. W0222—22 Caliber; Shoots 22 Short, 22 Long or 22 Extra Long Rim Fire Cartridges; Length Over All, 33½ inches; Weight Each, About 3 lbs. **$10.90**

Ten in a Case; Weight per Case, 45 lbs.



WINCHESTER

MODEL 58 TAKE DOWN

Can be Taken Apart Easily and Quickly, the Operation Consisting Simply of Unscrewing the Thumb Screw Located Underneath the Fore-Arm, which Releases the Barrel and Action from the Stock; the Action Used is of the Bolt Type and is Exceedingly Simple; When the Gun is Cocked, the Action is Locked Against Opening Until the Firing Pin Falls; this Permits Carryng the Gun Cocked Without Liability of the Action Jarring Open; The Gun is Cocked by Pulling Rearward on the Firing Pin; Which is Made with a Knurled Head to Afford a Good Grip; Gun is Tested, Targeted and Proved in Exactly the Same Manner as are All Winchester Arms.

Round Barrel 18 inches Long; Walnut Finished Stock, Straight Grip with Blued Steel Trigger Guard; Length, 13½ inches; Drop at Comb, 1⅝ inches; Drop at Heel, 2⅞ inches; Open Rear and Blade Front Sight.

Each

HEAVY DUTY CRANE

The Marquette Gives a Leverage Ratio of 174 to 1

The Most Powerful and Simplest Crane Made.

(Small Illustration Shows Slipping Chain Through Swivel Head Slot for the **Direct Pull Off the Drum.** Done in a Jiffy.")

A New Type of Full Floating Roller Bearing Winch is Used with an **Epicyclic Gear** Fashioned From Two Heavy Gears Entirely Enclosed—Which Gives the Tremendous Leverage Ratio of 174 to 1 and Always Keeps the Load Under Control—a Great Elimination of Friction with Ease of Operation. This Gearing is Safe—12 Teeth Are Always in Mesh Instead of Two.

The Full Universal Swivel Head Provides for Grabbing the Load From Any Angle. The Chain Can be Dropped Through the Swivel Head in Just a Jiffy for a Direct Pull Off the Drum with no Extra Attachments or Expense.

The Boom is Adjustable to Several Different Heights for Any Desired Degree of Overhang. A Knob Adjustment on the Drum Permits Rapid Spooling or Unspooling of the Chain. A Positive Spring Lock on the Drum Prohibits the Load From Slipping or Dropping When Being Raised or Towed, Besides Acting as a Safety Factor Against Impact Shock.

A One-Man Crane. Easy and Convenient to Operate from the Ground and from Either Side of Service Car is Allowed by the Winch, Being Mounted Low on the Boom with Shaft Extending on Both Sides.

Steel Construction, Large Safety Allowances, No Weakening Bends, Great Rigidity, All Possible Stresses and Strains Safeguarded.

SHAPLEIGH'S POINTERS

When looking over Wreckers, Creepers, etc., don't forget Jacks, Wrenches, Pliers, Tool Boxes, Wheel Pullers. All of these are necessary equipment on the Service Truck.

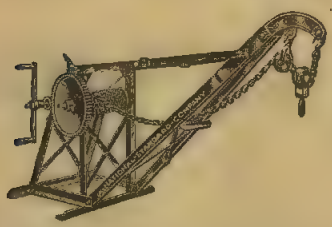
NATIONAL-STANDARD WRECKING CRANE



Simplicity of construction combined with correct design enables us to offer the "Standard" Wrecking Crane, which has maximum capacity, strength and efficiency, at a reasonable price.

CORRECTLY DESIGNED

The Standard Wrecking Crane is designed so that there are no breaking strains on any of the parts. Its construction is simple—all unnecessary parts have been eliminated, yet the Crane is highly efficient and has tremendous strength. It is quickly adjusted, fast in operation and is a one-man outfit.

OCCUPIES SMALL CAR SPACE

The base of the "Standard" Wrecking Crane is 30 in. wide by 86 in. long, a compact size that enables it to be installed on small cars such as the Ford, Chevrolet and others. Yet its construction is such that this small base does not decrease its strength. This feature has the added advantage of giving the operator room to work around the Crane when it is installed in the car.

TREMENDOUS POWER

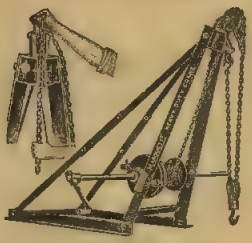
The gear ratio of this Crane is ample and enables you to handle many wrecks by direct pull with the chain, which is considerably faster than when using the multiple block. In hard pulls the multiple blocks give ample power to handle the worst wrecks. The gearing is not compounded and for that reason the full length of chain may be pulled from the drum at a rapid speed.

BOOM ADJUSTABLE BY ONE MAN

The boom may be adjusted for height by one man without danger of dropping, for when placed in its lowest position, lugs attached to the sliding strap prevent the boom from falling. Two locking pins are easily removed, making ten working heights instantly available.

No. F6144—93—Height, from 40 to 70 in. Base, 30x86 in. Maximum leverage, 120 to 1. Size of chain, $\frac{5}{16}$ in.—26 ft. long. Length of boom, 72 in. Net weight, 390 lbs. Shipping w't 415 lbs★.....each $211.10

MARQUETTE HEAVY DUTY CRANE



WITH 50 FEET OF CHAIN

This wreck-handling equipment enables you to quickly and safely handle any wreck. It has many important features. Note these advantages:

1st. **A new type full floating roller bearing winch** fashioned from two heavy gears entirely enclosed, provide a leverage ratio 174 to 1. A pull of 6 pounds on the crank lifts a load of 1044 pounds on the hook. This new gearing arrangement is safe from breaking of teeth and consequent dropping of load because 12 teeth are always in mesh.

2nd. A one man wrecking outfit—can be operated from the ground on either side. The tremendous power of this crane enables one man to handle most any job alone.

3rd. Boom is adjustable to four positions. One man can do this by hooking chain block hook on back frame spacer and turning handle; chain can be tightened, bolts can be removed and boom lowered or raised to desired position and bolts replaced.

4th. Has two speeds—high and low. A simple ingenious mechanism permits changing gears into high speed for unspooling or taking up slack in chain. Low speed for actual lifting or pulling in of load.

5th. The boom head is full universal which permits pulling in load at any angle. Head is equipped with clevis for anchoring guy lines.

6th. A positive lock on drum prohibits load from slipping or dropping when being raised or towed; besides acting as a safety factor against impact shock.

7th. Boom head is so constructed that chain can be dropped through head in a juffy for making direct pull off drum.

8th. Heavy steel construction, sturdy lines, few wearing parts, large safety allowances.

9th. Equipped with 50 ft. of B. B. B. chain. As much as 200 ft. of cable can be used successfully . When standard 50 ft. length is desired, chain is most satisfactory. When longer lengths are desired, $\frac{3}{8}$ inch extra flexible cable is recommended.

No. F6145—Length of base 42 in., width of base 32 in. Vertical height of boom in upright position 61$\frac{1}{2}$ in. Vertical height of boom in lowest position 50$\frac{1}{2}$ in. Height of winch from base of crane 16 in. Length of crank shaft 60 in. Lifting capacity 3$\frac{1}{2}$ ton. Shipping w't each 410 lbs.★.....each $216.65

★ Items marked thus ★ are shipped from factory only.

MARQUETTE SPACER TOW BARS

Improved Type

Universal in every direction

Showing the secure and easy connection of Tow Bar to the frame ends of a disabled car.

A most useful and efficient towing spacer connection. No service car is complete without one. While bringing in a wreck, this Spacer Tow Bar keeps both cars properly spaced and under absolute control at all times.

It makes the two cars travel as a unit, prevents their bumping together and stops all destructive jerking and sidesway. It permits wrecked cars to be raised but a few inches off the ground while towing, this preventing strain on rear of service car.

Improved design makes them unbreakable. Quick connection is made by inserting pin in vertical position, which forms a common swivel point for both bars. The heavy coupling piece is bolted to the truck. Bars quickly removed for carrying in service car when not in use.

Heavy compression spring in each bar absorbs all shocks. Chain grip locks provide quick, tight fastenings to the disabled car. Universal forks permit a wide latitude of fastenings.

No. F7831—Extended length of arms 50 in., contracted length of arms 36 in., range of adjustment 14 in., w't each 52 lbs.★.....each $48.90

A Few Short Strokes with the 48 inch Handle Lifts the Car to Any Desired Height; The Short Handle Clears Gas Tanks, Bumpers, Spare Tires and Fenders

The Foot Lift 3½ inches From the Ground When Lowered Will Grab the Axle of Any Low Slung Car and Make the Lift to the Desired Height; Especially Designed to Enable Service Men to Render Quick Service on All Cars, Especially Those With Low Axles and Balloon Tires.

Built to Lift One Corner of the Heaviest Car with Minimum Effort; All Working Parts are Sturdily Built; The Frame is Malleable Iron; The Pawls and Cap are Drop Forged; The Rack Bar is Case Hardened Steel and the Cantilever Principle of Lifting, Combined with Perfect Principles of Leverage, Make Lift-a-Car an All Around Garage Jack.

Specifications

Height 7¼ inches; Height of Foot, 3½ inches —7¾ inches; Raise 18¾ inches; Wheel Base 10½ inches; Capacity 2000 lbs.

Each

No. W715A—Weight Each, 40 lbs. .. .$35.00

MARQUETTE MODEL "G" TRUCK JACK

A Profitable and Indispensable Jack for Every Shop Handling Heavy Vehicles. Provides a Quicker, Easier and Safer Method for Handling Heavy Trucks and Busses up to 12,000 lbs. 25 lbs. Pressure on the Handle Lifts a Ton on the Saddle.

Multiple Stroke; Planatary Gearing; Cut Gear Teeth

Two Reductions; Less Friction; the Load Rolls Up on Roller Bearings.

Simple Reversing Mechanism.

Long Curved Handle Bars Make it Easy to Place Jack Under Front or Rear Axle.

Handle is Adjustable to Different Lengths, Making the Distance from Swivel Cap to End of Handle 6 feet 2 inches to 7 feet when Extended.

Easy to Dolly Under the Wheels, Due to its Short Wheel Base and Low Handle Bar. One Center Caster, Only 26 inches from Center of Rear Wheels, Makes it Easy to Swivel, Steer and Shift Around.

The Caster has a Thrust Ball Bearing. Both the Caster and the Wheels have Roller Bearings.

Wide, Safe Support of Load Resting Directly on the Extreme Outer Ends of the Axle, Next to Wheels, Center to Center 15½ inches; Outside to Outside of Rear Axle Shaft 19 inches.

Lifting Range from 5 inches (Low) to 17¾ inches (High); Range 12¾ inches; Capacity 12,000 lbs

WALKER

Every Conceivable Lift that is Required Can be Made in the Smallest Operating Space with the Least Manual Effort. When Set to Lift the Handle Cannot Pass Beyond a Vertical Position. This Eliminates the Danger of a Man Being Thrown Against the Car or the Handle Hitting the Car.

There are no Contact Rods on the Handle to Work with the Fingers, Which Means That the Operator Has a Firm Grip on the Handle with no Other Duties for His Fingers While Operating the Jack. There is No Possibility of Breaking the Jack by Attempting to Lift Beyond its Maximum Height. On the Last Up Strokes an Automatic Reverse Operates and Another Handle Stroke Starts the Jack Down When a Man is Working Under a Car, After Lift Has Been Made, the Handle Can be Unlocked From its Connection with the Lift Members so that at Any Contact with the Handle by a Passing Car or Another Mechanic Will Not Raise or Drop the Load

Specifications

Low Lifting Point	5 inches
Raised Under Power	12 inches
Maximum Height	17 inches
Capacity	5000 lbs.

Each

No. W740—Weight Each, 120 lbs.....$72 00

Same Construction as No. W740, Except it is Short Coupled, That is the Frame is 13½ inches Shorter and Has 6 inch Malleable Wheels; Particularly Adapted to Loading and Unloading Freight Cars.

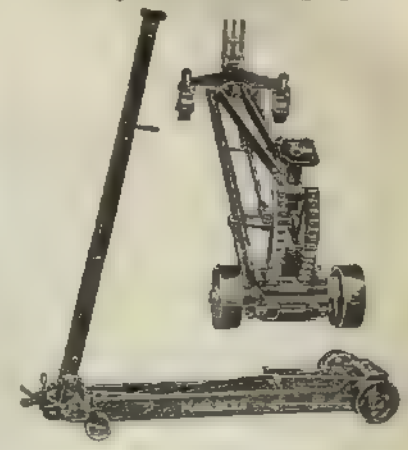
GARAGE JACKS

MARQUETTE MODEL "D"



BALLOON JACK

Only 5½ inches High. Goes Under Lowest Axle on Cars with Deflated Balloon Tires. Handles All Types of Cars; Standard or Balloon Equipped. The Marquette is Quickly Stepped Up with a Foot Lever to Height of Load. See Illustration.

Load Rolls Up on Pinion Floating on Axle Equipped with Roller Bearings, Making Lift Practically Frictionless; Lifts Any Car with a Few Short, Easy Strokes.

Five Operating Positions of Handle; This Means Room to Work Handle in High Position When Close to Walls or Other Cars; Low Position to Clear Bumpers, Trunks, Etc.

Handle Locks Upright Out of Aisle When Jack is Under Car. Large Swivel Cap Can be Adjusted 2⅝ inches.

To Reverse and Let Load Down Simply Throw in the Reverse Lever and Operate Same as When Lifting. After Swivel Cap Leaves Load Jack Automatically Drops to Lowest Position.

Specification

Range	From 5½ inches to 17¼ inches
Length of Body	46 inches
Tread	11¾ inches

GARAGE JACKS

WALKER

HYDRAULIC

Roll a Car

The Handle Operates in Any Position. You Can Use a Stroke as Short as 4 inches if Necessary or You Can Make a Single Stroke from an Upright Handle Position to the Lowest or Horizontal Position.

And for Dollying, a Plunger Operated from the Handle Locks the Handle Rigid at Either of Two Points.

A Convenient Foot Operated Reverse Pedal Releases the Load, and This is Supplemented by a Handle Lever That May be Used When the Handle is in Horizontal Position.

In This Position the Handle Also Protects the Reverse Pedal from Accidental Release.

The Handle Has Two Definite Stops—it Cannot Go Past the Vertical Position and Cannot Touch the Floor When in the Horizontal Position. A Special Safety Valve in the Large Oil Reservoir Acts as an Automatic Emergency Release Which Absolutely Prevents Overloading. The Rear Casters Are Mounted on Radial Ball Thrusts and Completely Shrouded to Shed Water When the Jack is Used on the Wash Rack.

The Construction Throughout is Rugged and Strong. Wear on the Hydraulic Parts is Reduced to a Minimum Through Exclusive features of Design. The Entire Hydraulic Mechanism is Mounted on a Fulcrum Pin at the Rear, Giving a Direct Drive to the Cantilever Arm and Eliminating Wear or Stress Upward or Downward on the Piston or Connecting Rod.

The Walker Hydraulic Has the Same Counterbalanced Construction That Makes it Position so Easily—the Same Low Starting Point of 5 inches and High Raising Point of 17 inches—the Same Sturdy, Non-Tipping Cap Construction. And in Addition it Has the Smooth, Easy Lifting Qualities That Hydraulic Operation Gives.

The New Hydraulic Roll-A-Car Has Positive Safety Features That Prevent Overloading or Accidental Release of the Jack While Under Load. It Operates in Closest Quarters, Up Against Obstructions, Under Running Board or Fender—and as Little as a four-inch Handle Stroke is All That is Required to Make a Lift.

All Parts of the Hydraulic Mechanism Are Built with Ample Over-Capacity to Guarantee a Full Load of 5000 pounds. A Large Oil Reservoir, Together with Special Recesses in the Cylinders to Catch and Return Oil Forced Past the Piston, Makes One Filling of Oil Last Indefinitely. Felt Washers Prevent Pistons From Carrying Dirt Into Cylinders. Precision Honed Cylinders Insure Against Loss of Pressure and Insure Long Life and Easy Operation.

Specifications

Low Lifting Point	5 inches
Raise Under Power	12 inches
Maximum Height	17 inches
Capacity	5000 pounds
Floor Clearance	1⅞ inches

GARAGE JACKS

MARQUETTE

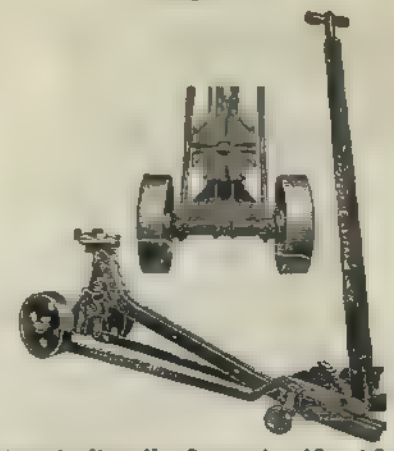

Illustration Shows New Construction of Swivel Cap

Improved Model

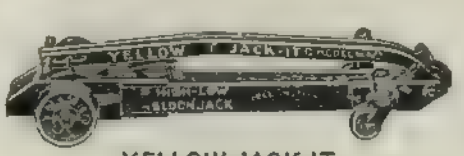
(Formerly "Red Devil")

Has 100 Per Cent Increased Leverage Over Old Red Devil and a Corresponding Ease in the Release of the Load; Has a Hinged Handle That Permits Bringing Handle Up Out of Aisle When Load is Raised or Folds Flat When Not in Use or Makes Easy Swivel Cap Adjustment When Car Has Rear Protrudances; Has a Big, Generous Swivel Cap (5x5 inches) of All Steel with a Large Center Hole to "Take" Drain Plugs and Grooved to Accommodate Truss Rods; This Exclusive Swivel Cap Feature on the Wood-Imes Leverage Jack Puts a Stop Forever to the Harmful Abuse of Supporting a Car on a Drain Plug When Jacking Up; Has Every Working Part of All Steel Construction; Does in One Stroke What the Average Jack Requires Six Strokes to do, as it Raises or Lowers Any Car with One Stroke; No Complicated Parts or Operations.

When Not in Use Fold the Handle Down Flat and Shove the Jack Under a Bench or in a Corner Out of the Way.

Each

No. WB—Adjusts 8¼ to 13¼ inches; Lifts 4½ inches, Length Over All, 62 inches; Long Folding Handle; Steel Wheels; Weight, 125 lbs. $64.00



YELLOW JACK-IT

HIGH-LOW BLOON JACK

Designed to Handle Any Car with Balloon Tires. It Has a Lifting Range of From 6 inches When Lowered to 14¼ inches at Maximum Height; Ratchet Mechanism; is Simple, and in Close Quarters Permits Raising the Load by Short Strokes, Holding the Handle at Any Angle Desired.

Specifications

Length of Jack, 43½ inches, Length of Handle, 42 inches; Diameter of Wheels, 6 inches; Face of Wheels, 2½ inches, Diameter of Casters, 3⅜ inches; Axle in Large Wheels, 1¼ inches; Lift, 8¼ inches; Minimum Height, 6 inches; Maximum Height, 14¼ inches, Weight, 134 lbs.; Capacity, 5,000 lbs.; Roller Bearings Throughout.

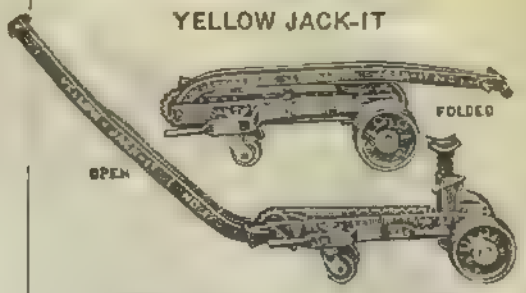
Each

No. 4Y—Weight Each, 134 lbs.....$80 00

Loose

GARAGE JACKS

YELLOW JACK-IT



For Pleasure Cars and Light Trucks; Has a Lifting Capacity Up to 5,000 lbs.

Its Short Length of 31 inches is a Great Advantage When Unloading Automobiles From Freight Cars and in Close Places. Handle Folds Down When Not in Use. So Compact That it May be Quickly Thrown in the Wrecking Truck When Called Out on a Job.

Pressure on the Foot Lever Raises the Rack Bar Up to Meet the Load. Then the Load is Lifted by Strokes of the Handle. Ratchet Mechanism Makes it Possible to Operate the Jack with Handle at Any Desired Angle. A Full Sweep Stroke is Not Necessary.

Specifications

Length of Jack, 31 inches; Length of Handle, 38 inches; Diameter of Wheels, 7½ inches; Face of Wheels, 2½ inches; Diameter of Caster Wheels, 3⅜ inches; Face of Caster Wheels, 1¼ inches; Axle in Large Wheels, 1¼ inches; Roller Bearings, Our Own; Ratchet Lift, 5 inches; Maximum Lift, 16¼ inches; Range of Adjustment, 3½ inches; Minimum Height, 8¾ inches; Capacity, 5,000 lbs.

SHAPLEIGH'S POINTERS

A Reel, no matter how good or how cheap, will do much better work if Cleaned and Oiled After Each day's Fishing.

Vaseline will answer, but NORLEIGH DIAMOND Reel Oil (page 1784) costs little and is far more Satisfactory.

Row Boats

Per doz.

N93559—MECHANICAL ROW BOAT—Water proof with sculler and coxswain. Body is enameled in imitation oak. The sculler moves the boat by propulsion of the oar. There is a regulator attached to the mechanism of the boat to start and stop the toy. Length, 10¼ inches..... 16.00

Liberty Sportster

Each

N93541 — LIBERTY SPORTSTER — Brilliantly enameled in yellow and blue. Runs from 100 to 200 feet at one winding. Non-clockable. Length, 16 inches..... 3.00

Fire Boat

Each

N93543—NEW LIBERTY FIRE BOAT—Closely follows the design of the powerful fire boats that guard the ships and buildings of our metropolitan harbors. A durable pumping mechanism, concealed in the hull and operated by the center plunger, draws in the water through a suction line and throws a stream a distance of 25 feet through the nozzle mounted on the front deck. This nozzle may be turned in any direction. Length, 22 inches..... 10.00

Destroyer

Each

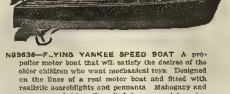
N93544—NEW LIBERTY DESTROYER—The response to this "miniature watchdog of the seas" will be immediate and enthusiastic. A perfect replica of Uncle Sam's Submarine Destroyers. The long, low lines, the revolving gun turrets, the four funnels indicating great speed—these are appeals which no boy will be able to resist. Detachable wheels enabling boat to be used on land or water. Length, 26 inches.. 11.25

Airplane Carrier

Each

N93545—LIBERTY AIRPLANE CARRIER—The Liberator is an exact miniature of the big airplane carriers now afloat on the high seas. Cabins and gun turrets set to one side to allow airplane take-off space full length of deck. Equipped with four colorful, painted metal airplanes mounted on deck. Easily removed and stored in hold—just like Uncle Sam's carriers, "Langley" and "Saratoga." Has two spring motors, twin propellers, and rudders, nickeled stand rail, masts and lifeboats. Length, 27 inches..... 13.25

Seaworthy Motor Boats



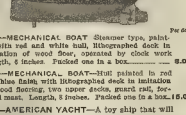
N93636—FLYING YANKEE SPEED BOAT. A propeller motor boat that will satisfy the desires of the older children who want mechanical toys. Designed on the lines of a real motor boat and fitted with realistic searchlights and pennants. Mahogany and sea green finish. Propelled by a special spring motor, enclosed in a steel case and finished to resemble a marine engine. Length, 23 inches. Packed one in a carton..... 7.00

Queen Ocean Liner

Per doz.

N94035—TRANSATLANTIC LINER—Made of red enamled metal, powered by a strong spring motor. Modern in every detail, including a miniature airplane anchored forward on the main deck. Length, 10¾ inches. Packed one in a carton..... 8.00

Mechanical Boats



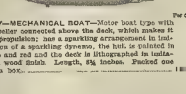
Per doz.

N93606—MECHANICAL BOAT. Steamer type, painted with red and white hull, lithographed deck in imitation of wood floor, operated by clock work. Length, 6 inches. Packed one in a box..... 6.00

N93470—MECHANICAL BOAT—Hull painted in red and blue finish, with lithographed deck in imitation of wood flooring, two upper decks, guard rail, forward mast. Length, 8 inches. Packed one in a box. 12.00

N93471—AMERICAN YACHT—A toy ship that will go in water when wound up by a key that winds the propellers. Made of metal, brightly colored. Equipped with chimneys, flag and board rail. Length, 10 inches..... 24.00

Air Motor Boat



Per doz.

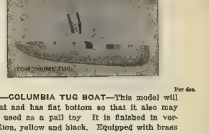
N93607—MECHANICAL BOAT—Motor boat type with propeller connected above the deck, which makes it air propulsion; has a sparkling arrangement in imitation of a sparkling dynamo, the hull is painted in blue and red and the deck is lithographed in imitation wood finish. Length, 8¾ inches. Packed one in a box..... 1.00

Liberty Tug and Scow

Each

N93642—LIBERTY TUG AND SCOW—Tug built of waterproofed veneered wood and metal lithographed red, blue, and yellow. Scow is made of wood, stanchioned hole. Length of tug, 13 inches, of scow, 14 inches. Packed one in a carton..... 4.65

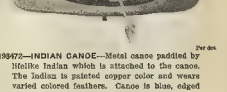
Tug Boat



Per doz.

N93537—COLUMBIA TUG BOAT—This model will float and has flat bottom so that it also may be used as a pull toy. It is finished in vermilion, yellow and black. Equipped with brass rails, portholes and brass chocks and also has a cast iron anchor. Length, 11¾ inches. Height, 6¼ inches..... 18.00

Indian Canoe



Per doz.

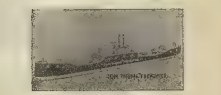
N93472—INDIAN CANOE—Metal canoe paddled by Hiawatha Indian which is attached to the canoe. The Indian is painted copper color and wears varied colored feathers. Canoe is blue, edged in darker blue. Length, 8 inches..... 15.00

Outboard Motor Boat

Per doz.

N93473—MECHANICAL SPEEDSTER. Sturdily constructed boat with outboard motor attachment. Occupied by three passengers. The boat is painted brown and has a red and blue top. Length, 8¼ inches..... 16.00

Diving Submarine



Per doz.

N93474—DIVING SUBMARINE—Painted in the camouflage style of the war, grey and black with gilt striped. Mechanically driven. When wound up the boat dives like a real submarine and comes up again. Length, 8¼ inches..... 16.00

Freighter

Per doz.

N93838—FREIGHTER—Made with a natural finished deck, black sides, red underbody, green cabin and brass portholes. One piece hull hollowed out. Size 12x2¾x4 inches..... 16.00

Mechanical Toys

Musical Bear

Per doz.

N93479—MUSICAL BEAR—The little bear is mounted on a stick which has on it a music box. You wind the stick and the teddy rose round while the box plays. The bear is dressed as a clown in blue and yellow. Height, 11¼ inches. Packed 1 dozen in a carton, not broken 3.00

Junior Circle Swing

Per doz.

N94348—JUNIOR SWING—A model for small boys and girls. Fast and accurate action. Pull up the spiral rod and let go. The three seated figures then travel in an outward circle. Lithographed in six bright colors. Height, 6 inches. Packed one in a box..... 3.60

Climbing Monkey

Per doz.

N93991—CLIMBING MONKEY—A metal monkey, lithographed in bright red, green, and yellow, attached to a string in such a way that it moves its arms very realistically as it travels down under its own weight. Height, 11¼ inches..... 3.60

Sparks

Per doz.

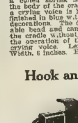
N94038—SPARKS—A new idea, an automobile that shoots harmless sparks from the rear as it travels straight or in a circle. Operated by a spring motor. Length, 5¼ inches. Width, 3 inches. Height, 2¾ inches 4.00

Soldiers on Parade

Per doz.

N93968—SOLDIERS ON PARADE—A fascinating procession of soldiers leaves the armory at the left, passes the reviewing stand and disappears into the fortress at the right. Wind in circle and it is attractively lithographed in colors. Length, 14 inches. Packed one in a carton, not box 3.00

Doll in Cradle



Per doz.

N94366—ROCKABY CRADLE BABY—Mechanically operated cradle which rocks to and fro by means of a coiled spring motor concealed in the body of the cradle. As it rocks, a crying voice is heard. Baby is dressed in yellow with pink and white decorations. The doll has unbreakable head and can be moved from the cradle without interfering with the operation of the cradle or the crying voice. Length, 10½ inches. Width, 8 inches. Height, 8 inches 16.00

Hook and Ladder

Per doz.

N93993—HOOK AND LADDER—Equipped with two ladders on the side and two ladders on the top, which by winding a crank move up automatically. Has a powerful spring motor and can be run straight away or in a circle. Size, 4¼x16 inches. Packed one in a box..... 4.00

Wild Fire

Per doz.

N93824—CART WITH BALKING MULE—When in operation the driver moves up and down in the seat and the mule balks, as it is attached to the cart by a long rod. Will go straight for 10 or 20 feet, then turn around and go in a circle. Cart finished in blue, wheels in tan. Length, 8¾ inches..... 4.00

Felix and Butter Cup

Per doz.

N93425—FELIX PULL TOY—Small mechanical toy made of metal and finished in bright colors. The cat and rolling toy attached to it, when pulled so that as the toy rolls along, the cat moves as though he were chasing the mice. Size, 7x3¾x4 inches. Packed 4 dozen in box, not broken..... 4.00

Music Box and Dancing Bear

Per doz.

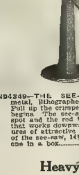
N93480—TEDDY CHIMES—A music box of chimes that plays when the handle is turned on the side. The bear is mounted on a stand on the merry-go-round thing. The teddy has a bow around his neck and is carrying a red and white umbrella. Box is constructed of metal, the bear of plush. Total height, 10 inches. Packed one dozen in a box, not broken..... 16.00

Mack Tank Truck

Per doz.

N94036—MACK TANKER—A faithful reproduction of a real Mack truck. Lithographed in colors. Operates on a spring motor. Length 7½ inches. Width 4 inches. Height, 4¼ inches 4.00

See-Saw



Per doz.

N94349—THE SEE-SAW—Made of metal, lithographed in six colors. Pull up the crimped rod and action begins. The see-saw rests on one spot and the figures in the cage-like seats move up and down in a series of attractive designs. Length of the see-saw, 14½ inches. Packed one in a box..... 7.20

Heavy Swell

Per doz.

N93486—HEAVY SWELL—In the shape of a wheel chair with a good natured character. When the crank is in operation, the character moves up and down in his seat. The wheels being eccentric, also move the chair in a wavy fashion and goes in a zig-zag direction. It is highly lithographed in varied bright colors. Measures 8 inches long by 6 inches high. Packed one in a box..... 8.00

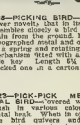
Lehmann Miller

Per doz.

N93520—WINDMILL WITH CLIMBING MILLER—The miller climbs up and down the ladder, operated by attaching the box to the unit. The miller then climbs up the ear and the weight of the bag resting on his head forces him to the ground again. Height, 17 inches. Packed one in a box..... 8.00

Pick-Pick Birds

A Great Seller



Per doz.

N93988—PICKING BIRD—A very clever novelty that in its action resembles closely a bird picking grain from the ground. Made of lithographed metal and decorated by a spring and rotating weight mechanism fitted with a removable key. Length 6¼ inches. Packed one in a carton..... 4.00

Per Doz.

N93823—PICK-PICK MECHANICAL BIRD—Covered with silk push in various colors with metal beak. When in operation the bird quivers and pecks away at a great rate of speed, very realistic. Measures 6¼ inches long. Packed one dozen in box, not broken..... 8.00

Flossy Flutter

Per doz.

N93833—MECHANICAL BUTTERFLY—Made of metal and composition. Colored in natural tints. Two wings of celluloid are attached. A spring is controlled by a key wind. A rubber suction cup at the back of the butterfly enables the operator of the butterfly to adhere to the surface..... 4.00

Felix Sparkler

Per doz.

N93424—FELIX SPARKLER—Watch his eyes blaze and see him spit fire. When in use he showers red sparks by thumb his eyes and his mouth. An ideal party favor and Jack-o'lantern decoration. Height, 4¼ inches. Packed one dozen in a package, not broken..... 4.00

ONE IN A BOX

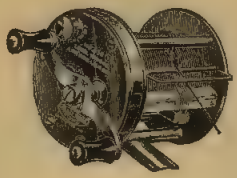
SOUTH BEND LEVEL WINDING ANTI-BACK-LASH REEL



It is just a plain, good, substantial reel, without any frills or embellishments whatever. It is priced even the occasional angler can afford a reel with these two desirable features.

Thumbing and spooling are entirely eliminated. It cannot back-lash, snarl, or tangle and it automatically spools itself, winding line smooth and even. Has new patented tension grip adjustment screw. This prevents brake adjustment from working loose. A quarter turn of this adjustment screw relieves anti-back-lash device and converts reel into an ordinary level winder.

No. C550—Frame is highly nickel plated brass with double grip of black ivoroid riveted to crank. Quadruple multiplying gears of hunting-tooth train type, that equalizes the wear on all teeth. Spool bearings run in bronze bushings. Adjustable spool caps. Capacity 100 yards 18 pound test Black-Oreno silk casting line. Spool diam. is 1¾ in. and width 1¾ in., w't 8½ oz.....each *$5.50*

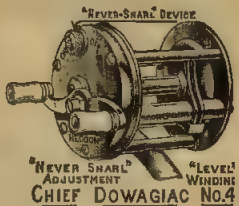
HEDDON "CHIEF DO-WA-GIAC"

No. C4CD

The Reel with the Mechanical Thumb



This "Mechanical Thumb" is an effective anti-back-lash device, adjustable to any weight of bait, and relieves the fisherman of constant "thumbing."

A handsome, serviceable and satisfactory anti-back-lash level-winding Reel.

Double life is now assured to the level-winding mechanism by the new process of plating all these parts with Chromium—the hardest wearing metal known—non-rusting and non-corroding.

Click on tail-plate, made of hardened steel with phosphor bronze spring. Screw caps covering spool pivots are adjustable, and have genuine agate jewel bearings. The highly polished nickel finish makes this an exceptionally handsome reel.

No. C4CD—Capacity 100 yards, w't 9 oz. .....each *$10.75*

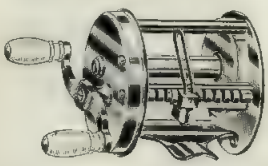
Bronson Level-Winding Reels

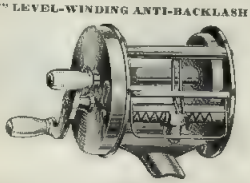
"LION" LEVEL-WINDING REEL



The "Lion" is an extremely low priced level-winding reel but made of best materials and is correct in design. Nickel finish throughout. Tempered gears, transverse screw of phosphor bronze and line carriage of a special alloy to give service. Slightly more than quadruple multiplying. Click and drag combined in one member. Capacity 150 yards of average size silk casting line. Weight 7 ounces. Each in box.

No. 16R35 (Mfg. No. 1800). Each..... **1.45**

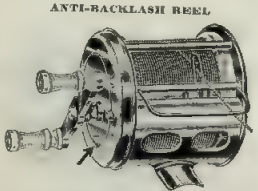
"LION" LEVEL-WINDING ANTI-BACKLASH REEL



This popular Bronson model fulfills the wide demand for a moderate-priced, dependable reel. Nickel finish. Equipped with precision balanced double "S" shaped crank handles; tempered steel spool shaft, metal alloy bushings; click-drag combined. Capacity 100 yards. Weight 7 ounces. Each in box.

No. 16R74 (Mfg. No. 2000). Each . . . **2.65**

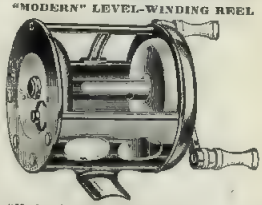
ANTI-BACKLASH REEL



A perfect mechanical combination of the famous Bronson level-winding reel with new and patented features. Nickel finish with scribed panels in head and tail plates. Tempered gears; transverse screw of phosphor bronze and line carriage of special alloy. Click and drag combined in one member. Capacity 100 yards of average size silk casting line. Weight 7¼ ounces. Packed each in box.

No. 16R62 (Mfg. No. 500). Each. **3.10**

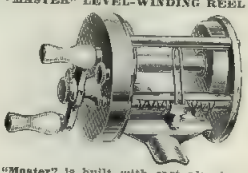
"MODERN" LEVEL-WINDING REEL



The "Modern" Level-winding Reel. For an inexpensive, quick-action reel, the **"Modern"** is a favorite. It is built up to the Bronson standard of perfection and supplies an ever increasing demand for medium-priced level winding reels. Nickel finish, equipped with double riveted grips, carefully balanced crank handle, tempered gears, wear-proof bushings, all of the best materials. Capacity 150 yards. Weight 7¼ ounces. Each in box.

No. 16R75 (Mfg. No. 100). Each . . **2.25**

"MASTER" LEVEL-WINDING REEL



The "Master" is built with cast aluminum head cap and tail plate, and equipped with an "S" shaped crank of double handle design exactly balanced for speed and weight. Bearings throughout, [illegible] spool and level-winding members are of highest grade nickel alloy. There is just enough criss cross action on the level-winding device to insure no back lashing. Full quadruple multiplying. Capacity 100 yards. Weight 8¾ ounces. Each in box.

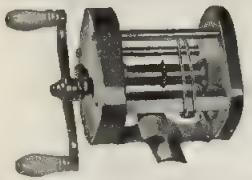
No. 16R76 (Mfg. No. 3000). Each **2.95**

PEERLESS TAKE-DOWN LEVEL-WINDING REEL

The Peerless Take-Down Level-Winding Reel can be taken apart without the use of tools. A feature never before accomplished in a reel of this type. Transverse screw of phosphor bronze and line carriage of special alloy to give best service. All bushings are of nickel silver alloy—the same as used in the highest priced reels. Special design of double crank handles. Both click and drag combined in one member for durability. Slightly more than quadruple multiplying. Capacity 100 yards of average size silk casting line. Length of spool, 1⅝ inches, diameter of spool, 1⅛ inches, weight, 7¾ ounces. Each in box.

No. 16R37 (Mfg. No. 700). Each **3.75**

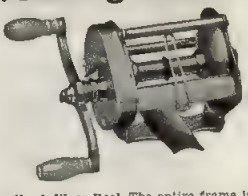
Meisselbach Level-Winding Reels



MEISSELBACH NO. 100 LEVEL-WINDING REEL

A level-winding reel with end plates of "Perm0," a tough material that is light, strong and not affected by water or oil. Rust resisting, nickel steel pivots run in phosphor bronze bearings. Heavily nickel plated brass frame. Brass arbor and nickel silver spool flanges Quadruple multiplying. Capacity 7½ ounces. Each in box.

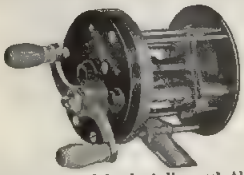
No. 16R63. (Mfg. No. 100) Each. . . **3.28**



Meisselbach Flyer Reel. The entire frame is made of brass, heavily nickel plated, which is pleasing in appearance. Spool flanges are of nickel silver. Arbor made of brass. Pivots are nickel steel running in phosphor bronze bearings. Adjustable end bearing. Can be oiled without disassembling. Pin which travels in groove of level wind shaft is made of long wearing hardened steel, copper coated to prevent rust. Quadruple multiplying. Line capacity 100 yards. Each in box.

No. 16R56. (Mfg. No. Flyer) Each . . **4.90**

Meisselbach Catucci Level-Winding Reels



Meisselbach Catucci, level-winding reel. All bearings are double cone, phosphor bronze and spool flanges of nickel silver. End plates are black "Catucite" and back plate is metal. Meisselbach Catucci Level-Winding Reel, Non-Back-Lash. Built with watchlike precision. Will last a lifetime and lends itself to every weight of bait, wind condition and any length of cast. Accurate flexible and perfect control. Full 100 yards of line capacity. Packed in individual anti-tarnish jeweler's bag Each in box.

No. 16R47. (Mfg. No. 257) Each..... **8.16**

REELS.

QUADRUPLE MULTIPLYING.

MEISSELBACH.

The level winding arrangement has been proven to successfully stand the wear and tear of years of actual use and is protected from sand and water by a hood shaped guard. The nickel steel, rust-resisting pivots run in phosphor bronze bearings which are both adjustable and removable, enabling the user to take up any play which may develop in the spool and to oil reel without disassembling it. Heavily nickel plated brass frame. The end plates are made of Permo, black color, a tough, tenacious (not brittle) material. It is light, strong, highly polished and unaffected by water or oil.

Each

No. S-M100—Capacity, 100 yards. **$6.00**

MEISSELBACH FLYER.

Entire frame of heavily nickel plated brass, pleasing in appearance; spool flanges nickel silver; brass arbor; nickel steel pivots running in phosphor bronze bearings; adjustable end bearings. Can be oiled without disassembling. Pin which travels in groove of level wind shaft is made of long wearing hardened steel, copper coated to prevent rust. Each

No. S-645—Quadruple multiplying; capacity, 100 yards. **$9.00**

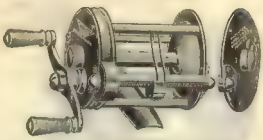
MEISSELBACH OKEH.

A high grade level winding reel. Frame is made in one piece. Bronze bearings, adjustable cork spool, can be taken apart by unscrewing left end plate. Worm gear is extra large and is rust-proof, preventing level winding device from wearing out.

Each

No. S-630—Level winding. **$15.00**

PFLUEGER AKRON.



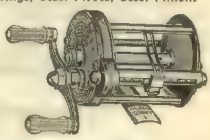
A very popular light weight, level winding reel. Phosphor bronze front bearing. Distinctive in design; built for wear and has ample line capacity. Combination satin and satin nickel finish

Each

No. S-1893—1⅞-inch pillar; 2-inch plate; will hold from 60 to 100 yards. **$8.00**

PFLUEGER SUMMIT.

Phosphor Bronze Bearings, Steel Pivots, Steel Pinion.



Level winding mechanism is one of the most important in any level winding reel. The double thread shaft is made of selected steel. The half nut which travels in the threads of the double thread shaft is made of highest quality tool steel, tempered and lapped to dimension.

Housing for double thread shaft is of one piece and is attractive in design and serves several purposes. By reason of it the level winding mechanism can be taken apart and quickly cleaned without disturbing any other part of the reel. Line guide loop travels the full width of spool, thus preventing any space between the wound line and the flanges of the spool and which if prevailed would very likely cause back lash and other casting difficulties.

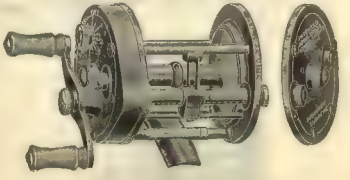
Tension oil cap with this feature the end play of the spool can be adjusted to any degree desired by the angler.

Each

No. S-1993J—Jewelled; nickel silver finish; 1⅞-inch pillar; 2-inch plate. **$12.50**

PFLUEGER SUPREME.

Level Winding and Anti-Back-Lash.



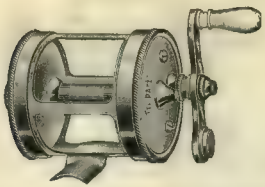
Made of nickalum, a metal very light in weight, but strong as steel. It is rust-proof and make is plain, but it is the strongest, lightest and smoothest running level winding anti-back-lash reel on the market. The anti-back-lash feature is contained within the reel and works automatically. Gears are made of tempered phosphor bronze with spiral gears.

Each

No. S-1573—1⅞-inch pillar; 2¼-inch disk; capacity, 60 to 100 yards according to size of line; packed one in a chamois bag. **$31.50**

QUADRUPLE MULTIPLYING.

TRI-PART.



The frame, including reel seat, is drawn from one piece of plate brass; spool is silver alloy and the bearings are steel and bronze. A patent friction device prevents back lashing and with it all wear on the axle may be taken up.

Made in one size only, 80 yards, but on account of its tubular frame construction, is no larger than the ordinary 60 yard reel.

Each

No. S-5-80—Silver alloy spool; 80 yard capacity; width of spool, 1⅜ inches; diameter of spool, 1¾ inches; weight, 6¼ ounces; regular click; quadruple action.....**$7.00**

TRI-PART FREE SPOOL.

The Great "Develine" Whistle

Very loud and piercing.

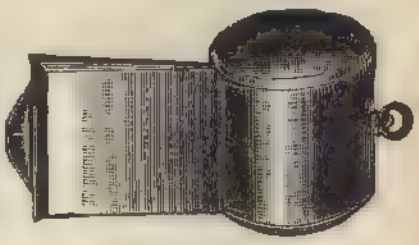
For an ear-splitting, soul-harrowing, nerve-shattering noise with which nothing in nature can compare, we recommend this new Whistle. If you wish your neighbors to rush for their shot guns, dogs to start for their cellars, cats to die of envy, and all living beings to start up in heart-broken protests, buy one of these and blow it. This is the **LOUDEST, STRONGEST AND BEST** of this class of Whistles. There are a number of others at a cheaper price, which we also stock, but they are in every respect inferior to the original Develine, which we sell at **ONLY 15 CENTS postpaid.**

No. 3475. Develine Whistle. Price 15 Cents postpaid, or 3 for 40 Cents.

Guard Whistle

Extra loud and penetrating pea Whistle.

This is one of the loudest Whistles of its kind made. It is very powerful and penetrating. Has pea inside, and it can be heard quite a long distance off. It has a patent extension lip, so it can be easily held in the mouth, and it is especially adapted for bicycle riders, hunters, horsemen, letter carriers, policemen and others.



No. 3476. Guard Whistle. Price 15 cents each, 3 for 40 cents, $1.35 per doz.

Boy Scout Whistle

The Whistle with a Double Tone. 15c Postpaid.

Most people are familiar with this Whistle. It has a double tone and is very loud indeed. It is greatly used by policemen, boy scouts, carters and tradespeople, as its tone is so unmistakable. It is in every respect a thoroughly reliable whistle with which you will be well pleased. **PRICE 15c, and we pay postage.**

FREE. With the first five thousand of these Boy Scout Whistles sold we will give, **ABSOLUTELY FREE** to every purchaser who asks for one, a strong, durable metal chain for using with the Whistle. Send in your order **NOW** and secure one.

No. 3472. Boy Scout Whistle. Price 15 cents postpaid, or 3 for 40 cents.

"Max and Fritz"

New Key Ring Puzzle.

A very ingenious puzzle. You may safely leave these keys with your cleverest friend for twelve months to separate. We have known this puzzle to keep a whole party occupied for the entire night, none of whom were able to offer any solution. Yet it CAN be done and quite simply too, when you know how.

No. 3061. Max and Fritz Key Puzzle. Price 12 cents, 3 for 30 cents postpaid.

COHEN—I'm an alderman up in Yonkers.
LEVY—Honest? COHEN—No; I said I was an alderman.

MILBRADT ROLLING STORE LADDERS

Showing No. F1 bent ladder, which runs on a track fastened to shelving near the top and runs close to wide base shelf.

The Milbradt Rolling Stepladders are all made to order, and to fit each particular place, of good oak lumber, in the most artistic and neatest style, handsomely finished, are durable and perfectly safe, as they cannot jump the track. They take up the least possible space, run noiselessly and so easily, either empty or with operator upon them, that a slight push will propel a ladder the length of an ordinary store. These ladders have an extra wide shelf at the top, which affords great convenience in handling stock. All iron work on ladders, as well as the brackets to hold up steel track, is malleable, artistic and strong and aluminum finished.

No. F1—Suitable fixtures at the top to run on steel track and rubber covered rollers attached near the lower end to run against the edge of base shelf. Best for all around purposes where shelving is reasonably strong. With fixtures★.....each $44.45

No. F2—For shelving that is not strongly built. Most of the weight of ladder and operator rests on the floor. Runs on a hardwood track at the top and has cushion tired wheels to run on the floor. No track required. With fixtures★...each $44.45

No. F10—Bent ladder that runs on a flat hard wood track screwed on top of original low shelving. When top of shelving is reasonably strong this is the most convenient way to apply a ladder to this style of shelving. With fixtures★.....each $44.45

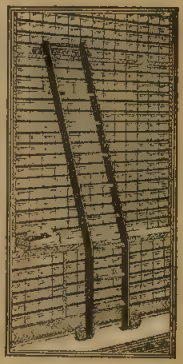
Approximate W't Ladder Crated 50 Lbs.

No. F11—Steel Track—For No. F1, regular strength★ per foot $0.75

Approximate W't Steel Track 1 lb. per Foot.

No. F20—Hardwood Track—For No. F2, complete, per foot★.....$0.65

No. F200—Hardwood Track—For No. F10, complete, per foot★.....$0.65



Showing No. F2 bent ladder, which runs on floor.

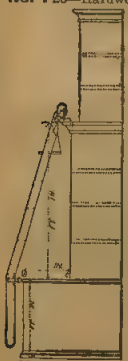
BICYCLE AND AUTO STEPLADDERS

MADE OF SELECTED OAK OR GEORGIA PINE, WITH EXTRA WIDE SHELF AT TOP

A light turned pole guides the upper end of the ladder in moving it. Stout hooks fit over this pole to prevent the ladder from tipping backwards, but not a pound of weight rests on the pole. Requires no track but runs on flat wheels. It can be set at any angle or pushed close to the shelving when not in use. It is particularly adapted to short runs, cramped spaces or sloping, uneven floors. The adjusting feature allows guide rail to be placed opposite a shelf regardless of being parallel with the floor.

No. F120S—Straight, w't each 40 lbs.★....each $42.20 | **No. F120B—Bent,** w't each 40 lbs.★.....each $44.45

No. F28—Hardwood Pole for Auto Ladders, japanned brackets★ .....per foot $0.55



Showing No. 10 bent ladder, which runs on track screwed on top of original low shelving.

HOW TO ORDER

Ladders as Nos. 1 and 2 give the exact height from floor to top of base shelf; the exact width or projection of base shelf and then the exact height from top of base shelf to top of shelf to which track is to be fastened and the track shell be fastened to a shelf that is about 3 feet from the top.

Steel track for ladders No. 1, both regular and extra strong, is 1 inch in diameter and therefore does not block up any space when fastened up opposite the edge of shelf. When ordering steel track give the total length of each line of shelving; second, give distance from center to center of uprights and state how many brackets are required to hold up the steel track. For regular steel track the brackets cannot be more than 4 ft. apart. When the uprights to which brackets are to be fastened are more than 4 ft. apart, it is necessary to use extra strong steel track.

Ladder No. 10, give the exact height from floor to top of base; the width or projection of base and then the exact height from base to the top of shelving or cornice on top of which track is to be fastened. Also state how much the cornice or moulding on top of which track is to be fastened, projects out over lower part of shelving.

No. F120 Auto Ladders—Give measurements: Floor to base shelf, width of base shelf, and height from floor to shelf where pole is to be fastened.

To order wood track for ladders Nos. 2 and 10, it is only necessary to state the number of feet required.

For further information write for special Rolling Ladder Catalogue.

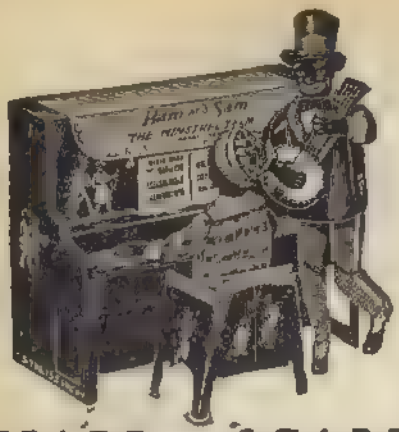
Start your letter right: "I saw your ad in PLAYTHINGS."



HAM and SAM

"The Minstrel Team"

A most amusing, realistic creation. Consisting of "Sam" a gaudily dressed negro, size 8" tall with banjo, dancing a lively jig, while "Ham", a rollicking negro piano player, adeptly moves his hands over the keys of the piano and rocks his body from side to side on the stool, in real jazzy motion. The piano itself is a work of art, lithographed in a rich mahogany color, with keyboard. A music sheet entitled "Dixie Blues" is shown on the music rest, a bright yellow piano cover with red embroidered border over top are funny sporty silhouettes are lithographed on each corner of front of piano and one on each side. A lever is situated between the two negroes that stops and starts the mechanism performs for over a minute with each winding. The Entire toy measures 7" long 8" and 5" wide.

No. 3385. HAM and SAM. Price..$1.50

SPIC and SPAN

"The Hams What Am"

This toy is the overwhelming hit of the present season. It is without a doubt the most colorful and elaborate mechanical toy ever produced. It embodies five distinct actions: Spic taking care of the playing of the base drum, cymbals and the trap drum (with his drumsticks,) while Span dances a minstrel jig while playing his violin. The toy itself is a work of art made entirely of sheet metal, wonderfully designed and lithographed with striking colors and is rigidly made.

No. 3386. SPIC and SPAN. Price..$1.50

FINE FUN FOR PICNICS AND PARTIES

A Spider in the Drink

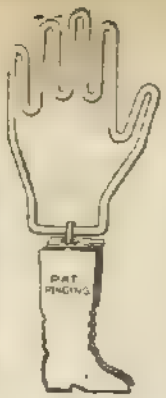
AN EXCELLENT & HARMLESS PRACTICAL JOKE

SPIDERS OR COCKROACHES 10c PER PACKAGE

One of these sham Spiders or Cockroaches dropped into a glass of beer or a cup of coffee will cause a lot of fun. When dry it will float around, and a good drink will go begging, or it can be made to stick to the bottom, and there the drinker finds it, to the joy of the onlookers. The insects are made of black celluloid, perfectly clean and quite unobjectionable except in appearance.

No. 2047. IMITATION SPIDERS. Per Packet..... 10c
No. 2048. IMITATION COCKROACHES. Packet.....10c
3 packets for 75 cents, or 75 Cents per doz. packets.

Bootlegger Puzzle



There is good fun to be had with the Bootlegger Hand Puzzle. The puzzle consists in separating the boot and the bottle from the hand. Full instructions come with each puzzle, so that it is no puzzle to you, but a very great mystery to your friends

No. 3077. Bootlegger Hand Puzzle. $0.15

Combination Lock Puzzle

The latest and most fascinating puzzle ever placed on the market. Patented May 30. It consists of four revolving dials, each dial containing 16 figures, 64 figures in all. To open the safe these dials must be turned around until the figures in each of the 16 columns added together total 40. The puzzle is made on the plan of the combination lock on the large iron safes that open on a combination of figures. Persons have been known to sit up all night, so interested have they become trying to get *each* column to total 40, in this fascinating puzzle. With the printed *key* which we send with each puzzle the figures can be set in a few minutes so as to total 40 in each column.

No. 3053. Combination Lock Puzzle ...15c
3 for 40c, 1 doz. for $1.35 postpaid.

THE PROVOKING SCISSORS

CANNOT BE OPENED

Few people can resist the inclination to snip something when they see a pair of scissors lying around. There is quite a struggle with the Provoking Scissors before it is realized that they won't work!

No. 2181. Provoking Scissors, price..15c
3 for 40c or $1.35 per dozen, postpaid

The Magic Ball and Vase

There is nothing new about this conjuring feat, but it is one of the best and most effective, while it is quite simple when you know how. The performer shows a beautifully machine turned vase, containing a solid ball, that he takes out of the vase, and places in his pocket, exhibiting the empty vase to the audience. He then places the cover on the vase and commands the ball to pass from his pocket and appear in the vase, and upon raising the cover the ball is found to be there. Again the cover is placed in the vase and the ball is directed to return to the performer's pocket, whereupon the vase on inspection is found to be empty.

No. 3142. Magic Ball and Vase.....20c
3 for 50c, 1 doz. for $1.80 postpaid

The Jokers' Tacks.

With a box of these tacks in his possession one can have any amount of fun, as when struck with one's hand they flatten out, but at once regain their former position. Place one on a chair and ask your friend to sit down. A great many practical jokes can be played with them. Put up in regular tack boxes.

No. 2188. Jokers' Tacks, box..... 10c
3 for 25 cents, 1 doz. for 75c postpaid.

Do not forget to give height of ceiling. If height of ceiling varies give the height at each end and center of each run of track. Give length of each run of track.

DESCRIPTION

The track is the well known double angle steel rail, which is very neat and strong, and is suspended from ceiling by means of lag screws, either jointed or rigid or by flanged plates and wood screws. By this means the track is placed close to the ceiling and can be leveled on an uneven ceiling without the least trouble, and without any blocking or bridging, as is the case in many other tracks.

The ladder is constructed of the best clear Georgia pine, nicely finished, filled and varnished, has open panel sides 5 in. wide, steps 5 in. wide. Each step is supported at each end with a special malleable dowel tee, which makes the strongest construction possible. The width of the ladder is 12 in.

The trolley is self-adjusting and made of malleable iron, fitted with turned steel bearings and 3 in. anti-rattler wheels turned and bored on lathe and fitted with special rubber tires.

The floor travelers are 5 in. in diameter, composed of metal sides with rubber cushion tires clamped in such a position as to be impossible to get off or come loose. These wheels are placed on a steel axle which revolves with one of the wheels, the other running loose. In this manner the ladder will adjust itself to the floor. With this style trolley, which is noiseless, a great objection in other ladders is overcome.

When the ladder is too long for ceiling, cut off at the bottom and replace the lower traveler shaft by boring new holes at the proper point so as to have the steps of the ladder level.

NAVARRE

A NEW AND RICH PATTERN OF STERLING SILVER

• • •

Although no longer a kingdom, Navarre has an imperishable place in romance and history.

Lying between Spain and France it was long ago absorbed by those nations, and its people, north and south of the Pyrenees, once independent and united, are now divided and alien. Spain's portion was taken by conquest, but that on the north, which is the Navarre of romance, came to France in 1589 by the accession of Henry IV of Bourbon, its king, to the throne of the greater country.

Henry IV, called Henry of Navarre, and Henry the Great, was a wise, beneficent, and beloved ruler, whose reign greatly strengthened France in finance, agriculture, and industry. Under his fostering care the crafts of his realm flourished, and the *argenteurs*, or silversmiths, laid the foundations of the art that, under the Louis, his successors, evolved into the classic style here exemplified in the sterling pattern named for his native kingdom.

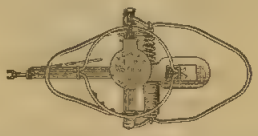
GIBBS QUALITY GAME TRAPS

Patented and manufactured by an experienced trapper who has applied his practical knowledge to the design of these traps.

TWO-THROW



Does not injure the pelt. Prevents wringing off. Has no spring breakage. Strong, well-made inner trap catches by the leg the same as an ordinary trap and holds the animal, outer trap gets the grip that keeps him there. Catches and kills such animals as mink, martin, muskrat, etc. Catches and holds skunk, coon, o'possum, etc. Absolutely guaranteed to prevent escape of animals of size to which they are adapted.

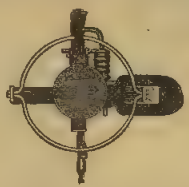
Inner trap is operated by a heavy coil spring which makes it exceedingly strong and the jaws of the big trap are of specially made roundwire.

No. D31TT—W't per doz. 13 lbs.....per dozen $11.10

FIFTEEN DOZEN IN A BARREL

SINGLE GRIP

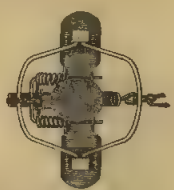
"Single Grip" Traps are coil spring traps. They are small, easy to set, light and easy to carry. The springs are guaranteed against breakage during the life of the trap, and are more flexible than the long spring type.



No. D11—For **Muskrat, Mink, Martin, Gopher, Weasel,** etc., w't per doz. 8 lbs.....per dozen $4.20

No. D11½—For **Muskrat, Chuck, Skunk, etc.,** w't per doz. 11 lbs., per dozen $5.40

THIRTY-FIVE DOZEN IN A BARREL



No. D12—For **Fox, Coon, Skunk, Possum,** etc., w't per doz. 14 lbs., per dozen $7.45

No. D14—For **Beaver, Otter, Wolf, Badger,** etc., w't per doz. 27 lbs., per dozen $14.90

GIBBS FUR STRETCHERS

"ALLSIZE"

This new Fur Stretcher is, as the name implies, an all size stretcher. Only one size is necessary to stretch any size of hide, from a Weasel to a Wolf.

It can be adjusted to fit any hide perfectly and is always true to shape. A feature found in no other stretcher.

The point holders are also always in the center of the stretcher. The only perfect stretcher ever offered the trappers.

No. D789—Per dozen $5.35

ONE DOZEN IN A CARTON. WE DO NOT BREAK

"MUSKRAT"

Made of heavy wire. The point holders are always in the center of the stretcher. Extra length is secured by turning the tail piece down. An exclusive Gibbs feature.

No. D678—Per dozen $3.00

Carry a line of goods upon which you can rely.

THE dealer who carries H.S.B. & Co. Brands marks his store as a place where the better goods are sold.

A house with over seventy-four years' experience stands back of our brands.

HALF DOZEN IN A CASE

H&SB BRONZED HATCHETS

SPECIAL ASSORTMENT

A convenient stock assortment for the dealer, in a single case. H&SB Hatchets are made for the expert workman whose requirements are most exacting. We would not know where to look for better quality, pattern and construction. Each tool is forged from highest quality tool steel, scientifically heat-treated, and tempered to give a cutting edge which is hard, yet tough. So seldom is resharpening required that H&SB Hatchets will be found remarkably long-lived.

Each hatchet is fitted with a well-shaped handle of select white second growth hickory, waxed, with flared end to prevent slipping. The balance or "hang" is correct for easy, fast and accurate work. Heads are beautifully shaped, with smooth, gold-bronzed finish, and highly polished bit and face. We will cheerfully replace any H&SB Hatchet which may prove defective.

No. M462—Case contains ¼ dozen No. 402 Shingling, ¼ dozen No. 412 Claw, ¼ dozen No. 422 Half, ¼ dozen No. 432 Lath, ¼ dozen No. 442 Broad, and 1/12 dozen No. 452 Flooring; w't per assortment 30 lbs.....per assortment $30.00

ONE ASSORTMENT IN A CASE. WE DO NOT BREAK CASES

BRONZED HATCHETS

A line of Hatchets expressly made for the carpenter and builder, whose requirements are most exacting. We would not know where to look for better quality, pattern and construction in any hatchet than we have attained in [illegible]. Each tool is forged from highest quality tool steel, scientifically heat-treated, and tempered to give a cutting edge which is hard, yet tough. So seldom is resharpening required that [illegible] Hatchets will be found remarkably long-lived.

Each hatchet is fitted with a well-shaped handle of selected white second growth hickory, waxed, with flared end to prevent slipping. The balance or "hang" is correct for easy, fast and accurate work. Heads are beautifully shaped, with smooth, gold-bronzed finish, and highly polished bit and face. A display of these tools in the dealer's window or show case is a joy to behold. [illegible] Hatchets will be cheerfully replaced if any defect develops in material or temper.

Hibbard HARD-WEAR TOOLS

Hibbard Tools are a worthy supplement to Our Very Best,—the product of leading factories like Ⓒ. Our Hibbard Tools are ALWAYS FIRST QUALITY, and up to the best market standards of pattern and finish.

Any Hibbard Tool found defective in material or workmanship will be cheerfully replaced.

Hibbard TOOLS ARE HY-GRADE TOOLS

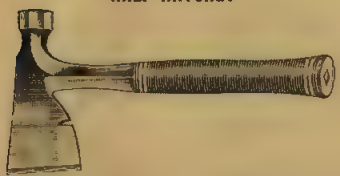
ESTWING UNBREAKABLE TOOLS

WITH IMPROVED LEATHER GRIP

Sectional View of New I-Beam Handle with Leather Washer Covering

This unique line is of unusually sturdy construction, by reason of the Heads and Handles being forged from one solid piece of high carbon steel, there being no weld or joint between the heads and handles. This results in the handles being everlasting, and for a very small additional first cost, the expense of many handle replacements and the danger of loose handles is avoided. These tools are carefully forged, tempered to give exact service, and well balanced for easy operation. The factory unreservedly guarantees the handles against breakage, and the same guarantee applies to the cutting tools and the Hammers as to all high grade tools, namely, replacement in case of any defect in temper, material or workmanship. The leather handle grips are well shaped and proportioned, easy on the hand, and are non-conductors of electricity or heat or cold.

HALF HATCHET



No. 250—E502—Estwing, well proportioned, with large head and thin bit, giving better cleavage and making regrinding easy. Each Hatchet has convenient nail slot. Length 14 in., width of cut 4 in., w't each 2 lbs., per dozen $40.00

HALF DOZEN IN A BOX

NAIL HAMMERS

Steel—Crucible steel of special analysis, proven the best by years of experience, and tested constantly to insure uniformity of composition.

Temper—Tempering and hardening heats regulated automatically by Thermostat. Steel of uniform composition, uniformly treated, must give uniformly perfect results.

Faces—Of extreme hardness, yet not brittle, will do any reasonable work without cracking, denting or breaking down.

Claws—Short, compact, tough, with fine drawn slot, whose sharp knife edge will grip and hold and pull straight any nail which will enter it.

Patterns—Embodying the best suggestions of scores of practical mechanics. No "hit or miss" designs, but the best shape in each tool for comfort and efficiency.

Handles—Turned from best second growth white hickory, split, not sawed, insuring straight grain. Made with full grip and slightly flared end, will not slip from hand. Securely wedged, heads and handles never part company.

Packing and Finish—Nickel plated, or highly polished, and put up one in a display box, a beautiful setting for showing these attractive tools in show case or in window. The artistic stamp and label brand each tool now and always as

Guarantee—We will cheerfully replace any Hammer which may prove defective.

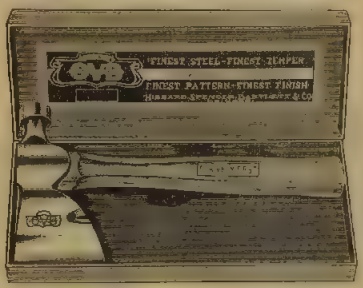
EXPERT POLISHED HATCHETS
WITH OUR NEW SELF-SELLING DISPLAY PACKAGE

Note the ease with which the Individual Package may be used as a Display Container, for the Counter or Show-Window. Leave the Tool in the Box, which is a Brilliant Orange, lined with Rich Blue Paper, a handsome setting for the Beautiful Pattern and Finish.



Nest the rear of the Box into the Cover, which stands vertically, displaying the Selling Story, with your own pricing inserted, upon an Attractive Label inside the Cover. These Tools, with their Boxes, are too handsome to put away. Place them in the best position to be seen, and they will Sell Themselves.

EXPERT HATCHETS ARE THE FINEST HATCHETS EVER MADE

Forged from highest quality tool steel, scientifically heat-treated, and tempered to give a cutting edge which is hard, yet tough.

Expressly made for the expert carpenter and joiner, whose requirements are most exacting. We would not know where to look for better quality, pattern, construction and finish in any Hatchet than we have attained in the expert.

Each Hatchet is fitted with a well-shaped handle of our own design, selected white second growth hickory, waxed, octagon neck, with oval grip, and flared end to prevent slipping. The balance or "hang" is correct for easy, fast and accurate work. Heads are beautifully shaped, with highly polished finish, set off by the trade-mark stamped in rich blue on heads and handles. A display of these tools in the dealer's window or show case is a joy to behold. Expert Hatchets will be cheerfully replaced if any defect develops in material or temper.

HALF

ONE IN A BOX. HALF DOZEN IN A CARTON

TRADING DOWN

The Maker of Hatchets and Hammers Says:

"To make the same gross margin that lies in the sale of one high-grade tool, it is necessary for the dealer to buy at least two low-grade tools, haul them from the freight station, unpack them, put them in stock, sell them, wrap them up, charge them on the books to different customers and collect the money. The only difference between the cost of handling high quality, as compared to low grade, low price Hammers or Hatchets is the interest and insurance on the difference in the cost price. As an extreme the difference could not amount to more than 2c per tool on stock carried four months.

"The actual margin of dollar profit to the dealer, per hammer or hatchet sold is usually more than double for a high grade tool. Selling on price is easy but not profitable. A reputation as headquarters for high grade dependable tools builds business. Offer the cheaper grades when you must, but push the good ones."

IVORY BLACK HATCHETS

BEAUTIFUL TOOLS FOR LIFE-TIME SERVICE

Forged from highest quality tool steel, scientifically heat-treated, and tempered to give a cutting edge which is hard, yet tough. So seldom is resharpening required that Hatchets will be found remarkably long lived.

Polished ivory-black, non-rusting, with trade-mark stamped in rich blue. Finest white hickory handles, octagon, with rolled corners, affording secure but restful grip.

The Acme of Perfection in Steel, Temper, Workmanship and Finish

Each tool in a beautiful Orange and Blue Display Box.

The balance or "hang" is correct for easy, fast and accurate work. Hatchets will be cheerfully replaced if any defect develops in material or temper.

Paint, Like Advertising, Works Wonders

A MILLION dollars a letter is the value placed on a slogan used to advertise Paint and Varnish.

What made the "Save the Surface" slogan so popular—good advertising and the thought it contained: To save property as well as improve its appearance.

Now Paint, like advertising, can be made to work wonders.

But don't expect dealers to spread your paint story and consumers to spread your paint unless you mix your paint message with good advertising and spread it in the right medium.

That medium is the "Monthly Paint Section" of Hardware Age.

FOR OCCULT PHENOMENA

OUIJA BOARD COMBINED WITH THE MYSTIC HAND

AFFORDS ASTONISHING RESULTS. UNEXPLAINABLE

Thought-Compelling **Deeply Interesting** **Truly Wonderful**

From the earliest manifestations of so-called spiritualistic phenomena the Ouija Board has occupied a prominent position. Select coteries assemble for experimental purposes, such as table-rapping, spirit writing, materialisations and so on, but most of these demonstrations require semi-darkness which naturally suggests chicanery. The Ouija Board and Mystic Hand, on the contrary, works in the brightest light and upon a clear table, so that, whatever the results, trickery need not be suspected. When the operators are en rapport, the Ouija Board and Mystic Hand gives replies to questions as to past present and future events, offers [illegible] advice, warns of impending danger and in other psychical precepts after the manner of the oracles of old. The most astounding phenomena are occasionally obtained such as a message in a foreign language that no one present can decipher, but that, when translated proves to be an opposite answer to the question submitted. It is well worth while to observe the Mystic Hand as it moves across the Mystic Ouija Board forming words and sentences now hesitatingly as if dubious of the wisdom of imparting the knowledge and at another time impetuously as if in haste to communicate the information. Sometimes the Mystic Hand cannot be got to move, or two writers when touched by the operator but not by another. When two persons are in sympathetic affinity the result is a clear and clear, but when the controlling forces are antagonistic or indifferent the manifestations are slow and often obscure.

No. 3627. THE MYSTIC OUIJA BOARD AND MYSTIC HAND. PRICE $1.00

BEAUTIFUL SILK PIECES
FOR PATCHWORK

EXTRA SUPERFINE QUALITY **Brilliant and Elaborate Patterns**

Lovely Contrasting Designs and Colors

ANTHONY: "And come off with enough vegetables to last a month."

REBUILT TYPEWRITERS

A Special Selling of Genuine Factory Rebuilt Typewriters at Remarkably Low Prices for Cash!

You can now purchase your favorite typewriter at a price hitherto unheard of, and for less than half the regular prices in most cases. All of these machines have been factory rebuilt and carry the same guarantee as a new machine. Every machine has undergone a special process of reconstruction and refinishing, new parts installed where replacement is required. Every typewriter we sell **is guaranteed for FIVE YEARS, and with proper care will give a lifetime of satisfactory service.** Please bear in mind that these specially low prices are for cash only. We sell our machines on a very close margin of profit for cash, hence we eliminate all of the expenses and losses that go with time payment transactions. That is the reason why we under-sell other re-built typewriter concerns. All machines shipped by express securely packed in strongest typewriter boxes guaranteed against breakage or damage. Average weight of full size standard typewriter, boxed for shipment, is about 70 pounds. Portable typewriters, about 15 pounds. Your choice of Elite or Pica type.

This is actual size of the ELITE type.

This is actual size of the PICA type.

VIOLIN SPRUCE DIAPHRAGMS

Spruce has Long Been Recognized as the Ideal Resonator. These Diaphragms have been Treated by a Secret Process to Prevent Warping and to make them Waterproof.

Each Violin Spruce Diaphragm is Graduated in Thickness According to the Depth and Size of Your Reproducer.

In Every Fibre of Violin Spruce are Suspended Innumerable Diaphragms, Almost Infinitesmal in Size. Under the High-Powered Microscope these Minute Diaphragms are Revealed as Perfect Sounding Boards, All Vibrating Sympathetically. Cut Shows a Tremendous Magnification of One of them, Showing How Wonderfully Nature has Adapted Violin Spruce for Tone Reproduction.

Violin Spruce Diaphragms Continue to Reproduce Perfectly Even After Holes have been Punched in them.

	Each
No. VSD—All Standard Sizes. One in a Package	$2.00
Fitted on Your Reproducer, Including Labor of Installing	3.00

Packed six to carton.

Moderne Black and Pearl

Parker Duofold De Luxe

Silvery, Beautifully Iridescent

NEW—derived from crystals of pearl combined with Parker's jet Permanite.

8500. Senior Pen $10. *8503 Senior Pencil $5.*

As the old Forty-niners panned the streams of California for gold, so modern science has dipped into the depths of oceans for a new and glittering rarity—and has found it.

Thus comes the iridescent beauty of Parker's Duofold De Luxe in Black and Pearl. For Art and Science combine this luminous pearl with Parker's flashing jet Permanite, in designs of infinite variety and charm. "As modern as the moment" the art world declares. "And as the mode, too, [illegible] style and [illegible]."

The very finest, the very newest, the very smartest Fountain Pen you can carry, or mount on your desk, or send as a princely gift.

Highest Mechanical Excellence and Finish

Guaranteed forever against all defects. To prove Parker Duofold Pen and Pencils are of lifelong perfection the manufacturers offer to make good any defect, provided complete pen or pencil is sent by the owner direct to the factory with 10 cents for return postage and insurance.

Parker "Black and Pearl" Pen and Pencils are made in three sizes, **Senior size, Junior size,** and **Lady's size.** (Actual sizes can be found by referring to previous pages.)

Parker "Black and Pearl" Pen and Pencil Sets also made in the same three sizes, **Senior, Junior,** and **Lady's.**

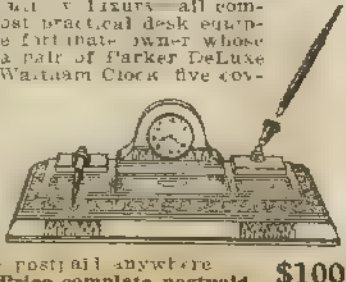
The New Parker DeLuxe Desk Set. $100.

An original design in bronzed metal of dignity, and of luxury—all combined in this new Parker creation. The finest most practical desk equipment conceivable—a new and lavish gift for some fortunate owner whose lifelong appreciation you will receive. Here are a pair of Parker DeLuxe Senior Pearl and Black $10.00 Pens, a fine 8 day Waltham Clock, five covered compartments for little accessories such as clips, pins, erasers, cigarettes, matches, or what you-use-the-most-of. All of these in a 9½x13½ inch base of dark bronzed metal, embellished by a base relief design of tasteful charm. Yes, two fountain pens—hence two inks of two colors if you like, or one pen to fall back on when the other runs dry—the handy spare tire idea in a new application. No fine office can be as fine as possible without this sovereign of all Desk Sets—the Parker Duofold DeLuxe. $100.00 complete postpaid anywhere



No. 8463. NEW PARKER DE LUXE DESK SET. Price complete postpaid $100

38 CALIBER MILITARY POLICE REVOLVERS

The 32 Winchester Revolver is Identical with This Model, Except for the Caliber. In Ordering Parts for the 32 Winchester, Give Letter W Before Number of Part Wanted. The 1902 Model in Both the 38 Hand Ejector and 32 Winchester Revolvers Differ from the 1905 Model Only in the Shape of the Butt, the Stocks Being Round Instead of Square. Designate Which Model You Desire When Ordering Frame or Stocks.

COMPONENT PARTS OF WINCHESTER REPEATING SHOT GUNS

1912 MODEL

When Ordering Parts, Always Give Their Name and Number; Also Gauge of Shot Gun for which They are Wanted. If Possible, Also Give Number of Shot Gun.

In Replacing Parts Marked Thus * It Will be Necessary to Send Gun to the Factory.

WINCHESTER SERVICE CHARGE

The Winchester Repeating Arms Company inaugurated July 1st, 1928, a service charge as follows:

All single shot rifles returned to them for repairs of any kind	$2.00 Net
All other rifles	3.50 Net
All Shotguns	4.50 Net

This service charge will be made in addition to the charge for repair parts or any re-conditioning that is necessary on the gun. In other words, when a customer returns an arm to Winchester, it will cost him as per the above plus the charge for repair parts or re-conditioning.

COMPONENT PARTS OF WINCHESTER REPEATING RIFLES

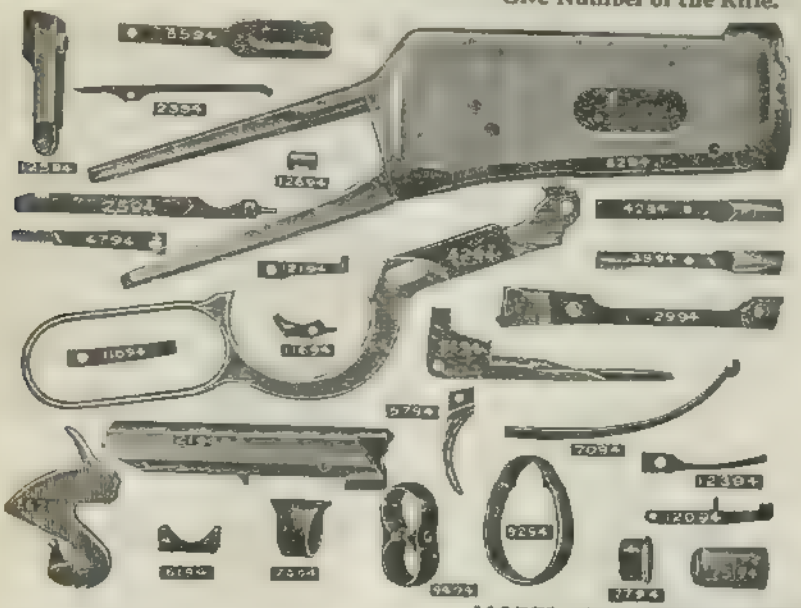
When Ordering Parts, Always Give Their Name and Number; Also Caliber of Rifle for Which They are Wanted. If Possible, Also Give Number of the Rifle.



WINCHESTER SERVICE CHARGE

The Winchester Repeating Arms Company inaugurated July 1st, 1928, a service charge as follows:

All single shot rifles returned to them for repairs of any kind	$2.00 Net
All other rifles	3.50 Net
All Shotguns	4.50 Net

This service charge will be made in addition to the charge for repair parts or any re-conditioning that is necessary on the gun. In other words, when a customer returns an arm to Winchester, it will cost him as per the above plus the charge for repair parts or re-conditioning.

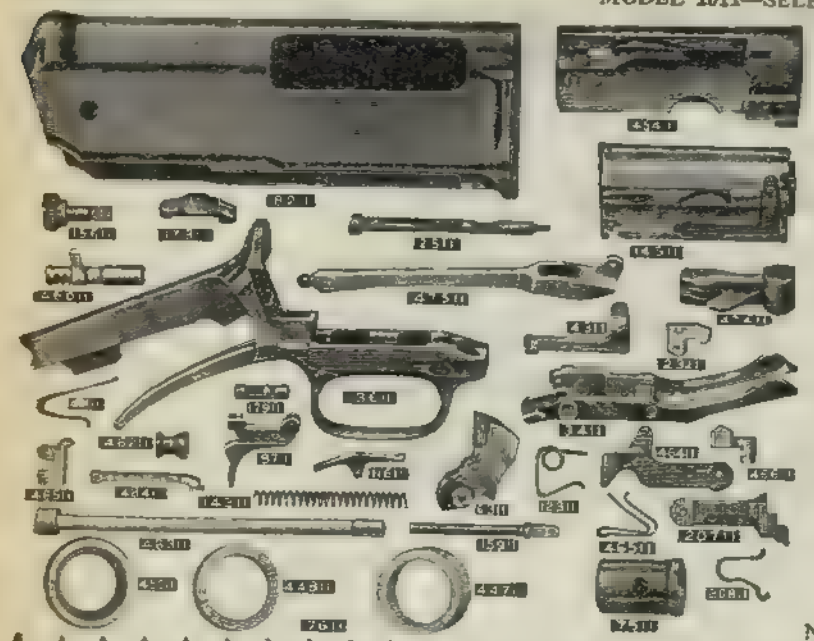
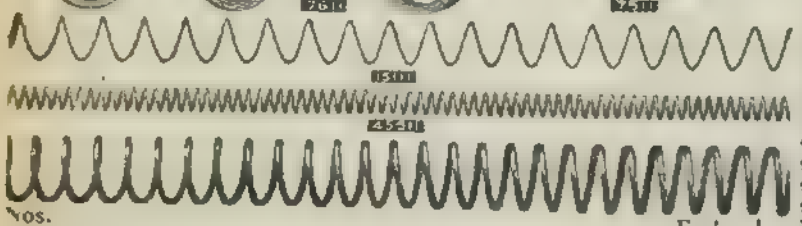
When Ordering Parts, Always Give Their Name and Number. Also Gauge of Shot Gun for Which They Are Wanted; If Possible, Also Give Number of Shot Gun.

MODEL 1911—SELF LOADING





WINCHESTER SERVICE CHARGE

The Winchester Repeating Arms Company inaugurated July 1st, 1928, a service charge as follows:

All single shot rifles returned to them for repairs of any kind $2.00 Net

All other rifles ..... 3.50 Net

All Shotguns..... 4.50 Net

This service charge will be made in addition to the charge for repair parts or any re-conditioning that is necessary on the gun. In other words, when a customer returns an arm to Winchester, it will cost him as per the above plus the charge for repair parts or re-conditioning.

COMPONENT PARTS OF WINCHESTER REPEATING SHOT GUNS

WINCHESTER SERVICE CHARGE

The Winchester Repeating Arms Company inaugurated July 1st, 1928, a service charge as follows:

All single shot rifles returned to them for repairs of any kind	$2 00 Net
All other rifles	3 50 Net
All Shotguns	4 50 Net

This service charge will be made in addition to the charge for repair parts or any re-conditioning that is necessary on the gun. In other words, when a customer returns an arm to Winchester, it will cost him as per the above plus the charge for repair parts or re-conditioning.

Famous Patrick County, Va., Lucky Stones

STRANGE CROSSES OF STONE, WORN BY THOUSANDS, SAID TO PROTECT THE WEARER AGAINST WITCHCRAFT, SICKNESS, ACCIDENTS, DISASTERS OF ALL KINDS, AND TO BRING GOOD LUCK

IN a quiet sunny glade, nestled among the rugged foothills of the Blue Ridge mountains, in Patrick County, Virginia, U. S. A., a section made renowned by the fact that old King Powhatan once held undisputed possession there, was discovered a single quarry of the far-famed Virginia "FAIRY" or "LUCKY" STONES.

These little curiosities, which range in size from one-fourth of an inch to 1½ inches, bear in the most unique form some shape of a cross, which has been outlined by Nature's own hand. Many of them are of the St. Andrew variety, others Roman, while those most sought after are the Maltese.

In that weird spot, the only known place in the world where the little wonder-working gems are to be found, the good fairies flourished, according to the legend, and had their workshop many hundreds of years ago. This, you will probably say, was rather a strange place for Titania's subjects, but were you to visit this charming mountain region, you would find every rock and tree infected with a glamour of romance.

As to the real origin of these little crosses of stone, comparatively nothing is known, as the leading scientists of the country have failed to throw any satisfactory light on the subject; but in that remote mountain section runs a very pretty legend to the effect that hundreds of years before King Powhatan's dynasty came into power, long before the woods breathed the gentle spirit of the lover Pocahontas, the fairies were dancing around a spring of limpid water, playing with the naiads and wood nymphs, when an elfin messenger arrived from a strange city far, far away in the land of the dawn, bringing the sad tidings of the death of Christ, and when they heard the terrible story of the crucifixion they wept. And as their tears fell upon the earth they were crystallized into little pebbles, on each of which was formed a beautiful cross. When the fairies had disappeared from the enchanted spot the ground about the spring and the adjacent valley were strewn with these unique mementoes of that melancholy event.

Not even in the old world, with its quaint and curious lore, is a more beautiful legend to be found, and just how it originated no one knows, but for more than a century thousands of people have held these little crosses of stone in more or less superstitious awe, being firm in the belief that they will protect the wearer against witchcraft, sickness, accidents, and disasters of all kinds. It is well known that ex-President Roosevelt and President Wilson, also other prominent people of this country, as well as some of the crown heads of Europe and prominent officers and men in the European war, carried one or more of these little lucky pieces tucked snugly away about them.

Every stone is in some shape of a cross, and the price of these unmounted stones is ONLY 25 Cents each. We also supply the Crosses with Gold Filled, or Solid Gold Mountings, the latter mounted in one, two, or all four corners of the cross, at prices as listed. Every Stone is guaranteed to be the Genuine Patrick County, Virginia, Lucky Stone, from the original Fairy Stone Beds of Patrick County, Va. We also mount these stones to order in any style you may desire. Prices furnished on request.

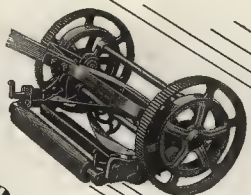
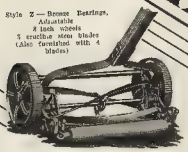
NOT JUST LOW-PRICED MOWERS BUT LOW-PRICED AND PENNSYLVANIA-BUILT!



Style W—Ball Bearing
12-inch wheels
4 crucible steel blades
(Style X same as Style W but with 8-inch wheels)

Style Y—Ball Bearing
8 inch wheels
4 crucible steel blades



Style Z—Bronze Bearings,
Adjustable
8 inch wheels
4 crucible steel blades
(Also furnished with 6 blades)

Low prices on a nondescript line of lawn mowers mean very little either to dealer or user. But low prices on the complete new line of PRIMOS Mowers—all Pennsylvania-built—mean Extra Value and easier, safer profit.

Ask your jobber now for full details, with prices, on these low-priced, Pennsylvania-built PRIMOS Mowers.

PENNSYLVANIA LAWN MOWER WORKS

1615-35 North 23rd Street **Philadelphia, Pa.**

These new, PENNSYLVANIA-built PRIMOS Mowers *will help you get the* "price" business

There always have been and probably always will be lawn owners who can't see beyond the price tag on a mower—who have not yet learned that PENNSYLVANIA Quality Mowers are always cheapest in the long run.

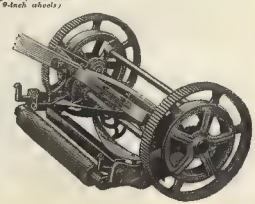
To help PENNSYLVANIA dealers get their share of this "price" business, the complete new, low-priced line of PRIMOS Mowers has been developed and marketed. And, since PRIMOS Mowers are all Pennsylvania-built, VALUE as well as PRICE will speed their sale.

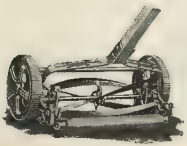
Your jobber is ready now to furnish complete details, with prices, on these low-priced PRIMOS Mowers.

PENNSYLVANIA LAWN MOWER WORKS
1615-35 North 23rd Street, Philadelphia, Pa.

Style Z—Bronze Bearings, Adjustable. 8-inch wheels 3 crucible steel blades (Also furnished with 4 blades)

Style W—Ball Bearing 10-inch wheels 4 crucible steel blades (Style X — same as Style W, But with 9-inch wheels)





Style Y—Ball Bearing 8-inch wheels 4 crucible steel blades

There's EXTRA VALUE built into *these low-priced* PRIMOS mowers

Although the new low-priced line of PRIMOS lawn mowers is intended primarily to meet competition in the low-price field, PENNSYLVANIA skill and experience have built EXTRA VALUE into every PRIMOS mower.

These new PRIMOS mowers will attract customers because of price, will sell readily because of the nation-wide PENNSYLVANIA reputation, and will stay sold through their own merit. Furthermore, in conjunction with the world-famous PENNSYLVANIA Quality Mowers, they will enable PENNSYLVANIA dealers to meet all the requirements of every class of mower buyers.

Your jobber is ready now to furnish complete details, with prices, on the new low-priced PRIMOS line.

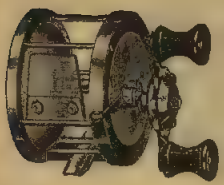
PFLUEGER "TEMPLAR" SALT WATER REEL

DOUBLE MULTIPLYING



The "Templar" is constructed to withstand the terrific strains of all heavy salt water fishing. A metal Disk is set in on the outside of the Front Plate and on the inside of Back Plate to which Pivot Bearings are attached. Designed with many improved features, principal of which are as follows:

Drag Handle (Williams' Patent)—Extra strong construction with a Locking Washer which firmly secures the Drag to the Reel.

Drag Stop—Controlled by a Shifting Lever, operated on the edge of Front Plate, preventing injury to the hand.

Thumb Brake (Patented)—Puts the brake resistance equally on the flanges of Spool thus preventing damage to the Line.

Tension Oil Cup (Patented)—On both Front and Back Plate permits of quick and very close adjustment of all end play of the Spool.

Oiling System—Every part of the Reel can be oiled and greased without removing a screw or part.

Cross Plate—One Piece with Shoulder Extensions into both Front and Back Plate, preventing shearing off of the Screws and greatly increasing the strength of the Reel.

Nickel Silver is treated to prevent tarnish.
Generated Spiral Tooth Phosphor Bronze Gears.
Hard Rubber Plates, reverse metal bound.
Phosphor Bronze Bushed, for bearings.
Adjustable Back Sliding Click.
Steel Pivots, highly polished—End bearing.
Bakelite Handle.
Rustproof Line Hole.

No. C14201—Satin Nickel Silver, 500 yards, 2¾ in. pillar 4½ in. plate.....each $69.45

REEL IS WRAPPED IN SILVER TISSUE AND ANTI-TARNISH PAPER. ONE IN A FANCY CARD BOX.

PFLUEGER "SALTAIRE" SALT WATER ROD

SIX STRIP, HEXAGONAL PATTERN

A Great Rod for Tarpon, Tuna and All Other Salt Water Fishing

The Pflueger "Saltaire" Salt Water Rod is a one piece Rod with Detachable Butt and made from the finest selected Tonkin Bamboo, a wood which experience has taught to be one of the best for salt water fishing. Strictly hand planed and the greatest care taken in its manufacture.

These Rods are furnished with Tips measuring 5 ft. 6 in. over all, and in any weight from 7 to 15 ozs. inclusive, the purpose being to meet all of the requirements of the light and heavy tackle angler in one Rod, but for the convenience of filling orders promptly, factory only carries in stock the Rod with two Tips; one a 10-oz. for light fishing and the other a 12-oz. for heavy fishing, and will so supply each rod with these two Tips unless otherwise instructed.

Butt—Measures 20 in. long over all, and made of selected Hickory, wound with Cane, Nickel Silver Reel Seat with the Hood at the bottom of the Seat and provided with a patented Reel Locking Band, extra long Mushroom Butt Cap with reinforced bottom, and with a special hand made Nickel Silver Connecting Ferrule which will permit of interchanging Tips in any weight as may be specified within the range of 7 to 15 ozs. inclusive. Metal Plugs for Ferrules.

Tip—Measures 5 ft. 6 in. long over all, with a 4½ in. Cord Grip above the Ferrule—Nickel Silver Agate Surf Top, Nickel Silver Double Bell Guides and Nickel Silver hand made Ferrules.

No. F1930—Each★.....$70.45

ALL ABOVE, ONE IN A BOX

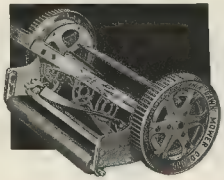
Philadelphia Series "S" Mowers have established unprecedented "first season" sales records, fully justifying our own and our dealers' confidence in this revolutionary new type of lawn mower. Unsolicited letters from all classes of users, praising the performance of these



mowers, constitute the best answer to those dealers who hesitated to sell a "first season" article. Series "S" Mowers enter their second season embodying a few minor improvements which we believe will result in even better service to the user.

Philadelphia
SERIES "S"

Hardware Age Verified List

OF WHOLESALERS AND RETAILERS

Shows the names, addresses, capitalization, territory covered, percentage of wholesale business, number of traveling men, names of executive officers and buyers, and the lines handled by the Hardware Wholesalers.

For example, on pages 7 to 79 it indicates by the key number 40 which hardware wholesalers handle paints and varnishes.

Then, the Hardware Retailers on pages 80 to 353 who are rated 1, 2, or 3 represent the livewire dealers doing 75% to 80% of the retail hardware trade of the U. S.; and they too handle the products just mentioned.

CONTENTS OF VERIFIED LIST

Wholesale Hardware Houses in U. S., Canada and Foreign.
Retail Hardware Stores in U. S., Canada and Foreign.
Chain Hardware Stores in United States and Canada.
5, 10, 25c. to $1.00 Syndicate Stores carrying hardware.

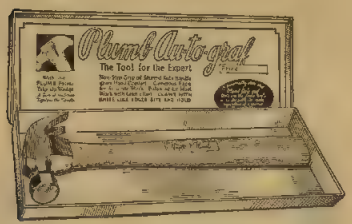
Make Your Wants Known

If it's Hardware you have for sale or want to buy—make your wants known in HARDWARE AGE, the "News-business" paper of hardware retailers and wholesalers all over the United States.

HARDWARE AGE will bring *buyer* and *seller* together at minimum cost.

PLUMB AUTOGRAF NAIL HAMMER

Made of special analysis steel, heat treated and tempered to give years of service. Shaved side handle keeps the tool from turning in the hand. Swelled end handle for non-slip grip. Oval edges of handles designed to fit the fingers and palm. Each tool bears the personal Autograf of Fayette R. Plumb. Each tool packed in a selling display box, which presents the tool in an attractive form and is a sales maker for the dealer.



Weight thrown into head, puts driving force and power behind the full face. Neck strengthened to stand the crystallization of years of shock. Claws designed with the famous Plumb bend with short split which adds to the leverage of the handle and gives power to the pull. The curve of the claws with the top of the eye the high point, will pull a nail clear out of the wood without the head marring the wood work. Claws designed and tempered for bite—in the physical test they must pull a brad or headless nail through a board, by virtue of the gripping power of the claws.

No. 11½AN—AN11½—Size 11½, w't each 17 oz., per dozen $35.55

CRUSO HAMMERS

Under our Cruso Brand we offer a line of good quality, forged steel Hammers, with good quality handles, a line suitable for all ordinary purposes, and which will be found highly satisfactory for use around the farm, house or shop. While Cruso Tools are neat and attractive in appearance, they have not the high finish or superior grade of handles used in our [illegible] or Hibbard tools. Every Cruso Hammer is a surprising value for the price we ask.

HALF DOZEN IN A BOX

Exploding Papers For Cigars and Cigarettes

These are small gummed pieces of paper, chemically treated, and you have merely to stick one on to a cigarette or cigar, and wait for the performance to begin. As soon as the cigar or cigarette is smoked down to that part where you have pasted the piece of paper, there is a loud explosion and the smoker gets the surprise of his life. They are very small, and in most cases are not noticed, especially if pasted underneath the band of the cigar, or you can place them on the insides of the cigarettes you make yourself.

No. 3712. Exploding Papers for Cigars and Cigarettes
Price per Package.. .... 15 cents
3 pkgs. for 40c., or 12 for $1.35 postpaid

THE BAD MARKSMAN

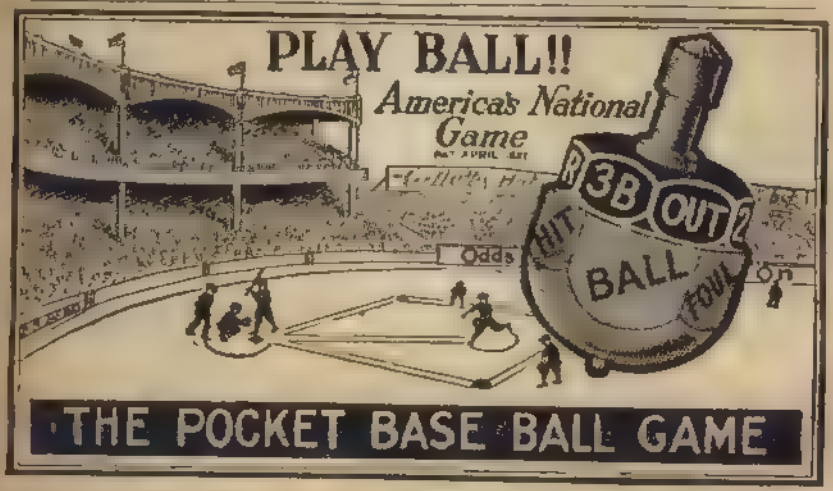
DIDN'T KNOW IT WAS LOADED!!

A STARTLER

PLENTY OF AMUSEMENT AND NO DANGER

THERE are several VERY QUAINT PICTURES in each package, and the one here illustrated has an inscription in German that "She is still quite young and not at all old, etc." and the target in the middle. The "Shooter" takes hold of the apparatus with both hands and pulls the thing apart, and then a SURPRISING EFFECT is produced and there is a STARTLING EXPLOSION.

No. 2715. THE BAD MARKSMAN. Price Per Package 15c
Three packages for 40 cents, or Twelve Packages for $1.35



A regular game of base ball can be played with this top. Every play known in base ball can be made. Number of players is unlimited.

No. 3641 "Play Ball" Price Prepaid. . . . . .50 cents

CIGARETTE STUB JOKE

A perfect imitation of a partly smoked cigarette. The end fairly "glows" with what looks to be the red hot fire. There is no limit to the number of jokes you may play with it. When asked for a light the borrower will probably give free expression to his feelings when he finds the joke you have played on him. You can place it carelessly down upon a spotless table-cloth, book or other object, and there is an excited outcry for you to remove it. Even the indignant victim joins in the fun when the hoax is explained.

No. 2085. Cigarette Stub Joker. Price 5c
3 for 12 cents.

Japanese Surprise Casket

An Excellent Joke, But Quite Harmless

SEE THE LADIES TAKE FRIGHT

A lot of genuine fun can be had with this **Japanese Surprise Casket.** As soon as the lid is removed the whole box collapses, and the spring sausage flies in all directions, to the horror of the spectators. This is one of the best novelties out and is always a source of amusement at parties and evening entertainments. Or if you want to play a practical joke post it to one of your acquaintances. You of course, can easily put the Box together again.

No. 2075. Jap Surprise Casket
3 for 05c., $2.25 doz. postpaid..... 25c

Radio Cigarettes

You hand the box to a fellow who wants a cheap smoke. Directly he opens the box, half a dozen cigarettes fly out towards him, and his nerves must be as strong as his "nerve" if he hasn't "the jumps" for the rest of the day. The cigarettes are all fastened to each other, and the six of them together measure almost two feet long. The box is a nice-looking Cigarette Case, with nothing about it to suggest a trick or deception, and when you are tired of using it to play practical jokes with, you have a very elegant Case for keeping your cigarettes that is worth all of the price asked.

No. 2079. Radio Cigarette Case... 50c

SNAPPING CIGARETTE CASE

There are different ways of discouraging the persistent Cigarette borrower, and this is one of the best. If he gets the cigarette he has a "rap over the knuckles" at the same time. It is a handy little box, and the "snapper" mechanism is not liable to get out of order.

No. 2061. Snapping Cigarette Box
Price 25c

Colored Kodaks and Ciné-Kodaks—Kodacolor

Colored Kodaks are the latest vogue among multitudes of up-to-the-minute amateur photographers. The models shown below (No. 1A Pocket Kodak in color, and Vanity Kodak) are among the most popular numbers. With their new beauty, added to well known Eastman proficiency, these cameras are unusually fast sellers.

Colored Cine-Kodaks add the beauty of color to the marvel of home movies. The models listed below represent the simplest and at the same time handsomest home movie cameras we can offer. They are easily adaptable to Kodacolor, the wonderful new full-color movie process now made available to all amateurs.

No. 1A Pocket Kodak

SERIES II, IN COLOR

This famous Kodak, with its self-erecting front and other exclusive features now makes its second debut this time in color. Both camera and case come in three striking hues, Brown, blue, and green, applied to genuine, lustrous, grained leather Bellows, shutter, etc., are colored to match while metal trimmings are heavily plated in nickel. The camera has been redesigned to meet the modern trend but basically it is the same proficient camera which people have known in the older black finish.

It is equipped with a capable single lens and with the Kodex shutter a combination that assures fine pictures in the 2¼x3¼ inch size. As the camera is opened, lens and shutter automatically spring into picture-making position. The case is velvet lined and is provided with both shoulder and wrist straps, completing a combination that carries a strong appeal for both sexes.

Uses Kodak Film No. 116

No. F99J57.	Green	} Each	$42.55
No. F99J58.	Blue		
No. F99J59.	Brown		

Vanity Kodaks

Incomparably beautiful in color and design, the Vanity Kodak is all that the up-to-date gift should be, and thousands of people are buying it for that reason. Gorgeously colored, swagger, smart, it reflects the modern mode and possesses the rare combination of beauty and utility. Pictures of splendid quality are assured by the famous Kodak Anastigmat lens f.6.8 and Diomatic Shutter. Metal parts match the finely colored leather of the cameras. The specially designed ultra chic cases are richly lined in harmonizing hues and have a clever adjustable hand strap.

The beauty of these Kodaks must be seen to be appreciated. In every sense they represent the acme of modern camera construction as done by the world's foremost photographic manufacturers.

Picture size, 1⅝x2½ inches.

Uses Kodak Film No. 127

No. F99J53.	Blue	} Each	$34.05

Colored Ciné-Kodaks

Cine-Kodak Model B with the ultra fast f 1.9 lens, together with a special case, now meets the modern trend toward color. A rugged, coarse-grained gray and a rich, ruddy brown—practical and beautiful colors—lend added distinction to an outfit already smart. The same genuine leather is used on camera, case and shoulder strap, making a complete ensemble in key with the latest mode. Blue, velvety plush lines the gray case a beautiful combination when the cover is thrown back—white golden yellow brightens the interior of the brown case. When you lift the Cine-Kodak from its case you will also be impressed with the beauty of the metal fittings. Crank shaft and levers are chromium-plated, the other fittings are lacquered to match the leather. This outfit is easily adaptable to Kodacolor (see below)

No. F99J108.	Brown. Each, including case	$297.85
No. F99J109.	Grey. Each, including case	297.85

Kodacolor—Motion Pictures in Full Color—Kodacolor

Anyone can now make movies in full color by the marvelous, new Eastman Kodacolor process. The simplicity of the process is no less amazing than the surpassing beauty of the results on the screen. Motion pictures in full color with the same ease to which the amateur is accustomed in making black and white pictures—that is Kodacolor in a nutshell. And not only can Kodacolor be made just as easily, but the film is processed for you in Eastman Laboratories and a Kodascope Model B easily projects it.

No. F99J82.	Cine-Kodak f. 1.9, black. Each	$254.30
No. F99J110.	Kodacolor Filter. Each	25.55
No. F99J85.	Kodascope Model B. Each	468.10

Imported Handcuffs

Low price, yet very strong and reliable

These imported Handcuffs are very much in use in Europe. They possess several advantages not found in those in vogue in this country. They can be snapped on a person's wrists in a twinkling. They are very comfortable and easy to handle. No key is needed to open when put on a person's wrist; simply fold or close the cuffs and they open without a key. When on a prisoner, however, you must use a key to open. They are very popular with police officers on account of this feature. Full nickel plated, strong, yet light, weighing only 11 ounces; lay flat in the pocket. Complete with 2 keys to every pair.

No. 9090. Imported Handcuffs, Price per pair postpaid..... ...$3.50

Boys' Handcuffs

No key required to lock or unlock these Handcuffs

There is a great deal of wholesome fun and amusement to be derived from these Handcuffs. Although merely a toy, they are well and strongly made, with extremely simple mechanism, that can be slipped on and off in a moment. No key is required either to lock or unlock them. Just slip them over the wrists and you have your pal securely handcuffed. These Handcuffs stand for Law and Order and, in the hands of the boy, inspire him with respect for Civic Virtues. They are entirely nickel plated all over.

No. 2752. Boys' Handcuffs. Price Per Pair Postpaid.. ....65c

Police and Watchmen's Clubs

No. 9091. Police and Watchmen's Club with Lead Head. Four plait covering on spring handle, hard lead head knob cloth covered, 8 inches long. Weighs nine ounces.

No. 9094. Rubber Police and Watchmen's Club, made of Solid Rubber, ten inches long, weighs but ten ounces raw hide sling, very good value
Price postpaid $2.75

The Silent Defender or Aluminum Gloves

These aluminum Gloves are used by Police Officers, Detectives, Sheriffs, Night Watchmen, and others, as a means of self protection, and they are certainly effective. They easily fit the hand, the fingers being placed in the four holes, thus tightly grasping the Glove. Very useful in an emergency. Made of aluminum, highly polished, they are very light, weighing only 3 ounces. They are 4¼ inches long and 2¾ inches across and will fit compactly in the pocket, always available ready for instant use. You should buy one for each hand.

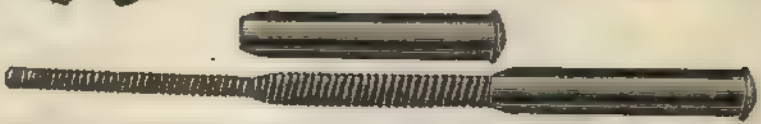
No. 9095. Silent Defender. Each $1.25
Or Two for $2.00 postpaid anywhere

The Spring Steel Patent Telescopic

Police Club

EASILY CARRIED IN THE POCKET

Always Ready for Any Emergency. The Most Reliable Arm for Self-Defense.



THIS Police Club is far superior to any other device of its kind. It has many advantages over any other kind of Police Club, "Billee," or any other weapon. It has the advantages of all of these combined, with none of their disadvantages. The technical details are as follows. HANDLE is constructed of first-class steel tubing, attached to which are the STRIKING SPRINGS which are made of the highest grade crucible extra stout steel wire. The two springs drop automatically into the handle when not in use. Length when closed 5 & one-half inches, length opened 14 inches. Thus it can be most easily carried in the pocket, always ready for any emergency. When closed it can be concealed in the hand without being noticed. The springs automatically leave the handle when striking or when the club is held in a downward position, consequently your adversary is caught quite unprepared and is landed a stinging blow of a totally unexpected nature, rendering him completely helpless yet without seriously injuring him. On account of the resiliency of the springs it does not cause a wound nor fracture the bones of your opponent, and for that reason it is preferred by many to a firearm or any other weapon of self-defence, for you can subdue a troublesome antagonist without killing him. It is always ready. You have it at your hand ready at any given moment, invisible to your adversary, quick as lightning, a most effective safeguard in case of sudden attack. It is indespensable to women and to anyone who may be exposed to personal danger. It is the ideal equipment and striking weapon for policemen, the military, night watchmen, authorities charged with the enforcement of law and order, etc. It is in use and officially adopted by the Police Departments of many of the great European cities. With this Club you can take on half a dozen opponents at the same time, and whip them all. Do not mistake this Club with weak imitations. There is nothing else like it on the market. It is superior in every respect to any Wooden, India-rubber or Steel Club.

No. 9077. SPRING STEEL POLICE CLUB. PRICE POSTPAID TO ANY ADDRESS $1.50

POLICE and other STARS

These Stars are made of nickel-silver, cup ball pointed, heavily nickel plated, black letters with the following wording:

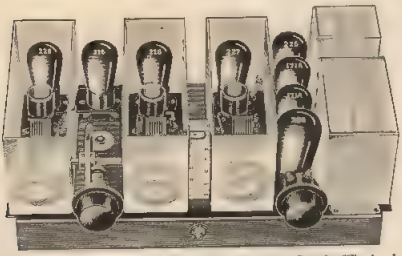
"THE HOUSE OF QUALITY, SERVICE AND SATISFACTION"

Audiola A. C. Stage Shielded Radio Receiving Sets

For Operation on 50–60 Cycle, 110–120 Volt Alternating Current.



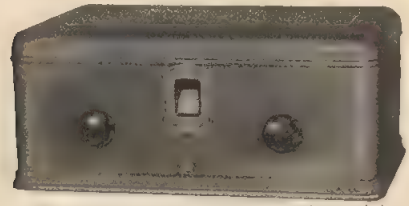
Just plug in the electric light circuit and enjoy real radio reception.

Satisfaction in a radio depends solely on the performance and stability of the set chassis. The design and mechanical construction of Audiola sets is the direct result of experience over a long period of time in building radio receiving sets. Only the highest grade parts are used throughout the chassis. Each tuned circuit is stage shielded including the tubes, in order to secure maximum selectivity and distance. Thordarson push-pull amplification is used in all models to assure the very best tone quality. All Audiola sets are of the single control type. Two knobs control all operations of the set—a Steering Wheel and a Throttle—the Steering Wheel to select the station you want and the Throttle to control the volume.

Radio engineering skill of the keenest ability assisted in designing the Audiola chassis. Extensive tests of every nature have been applied to it with results exceeding the most enthusiastic expectations. A. C. Chassis illustrating interior construction of the set and tubes required.

E203+1 Special C (A.C.) Console with built-in speaker and tubes. Each **$223.96**

This console has the new Audiola No. 339 Stage Shielded chassis single dial control. Tuning dial is illuminated for convenience in tuning. Cabinet is finished in walnut finish, the loud speaker is built in and is equipped with a high grade unit. A remarkable instrument at a very low price. Size 30 in. x 16 in. x 41 in. high. Shipping weight, 90 lbs.



E203+4 (A. C.) Music Box, complete with **E203+5** Entertainer loud speaker and tubes. Each **$194.16**

A neat compact metal cabinet beautifully finished in bronze and gold that can either be used as a table model cabinet or can be placed in a console cabinet. The chassis is the standard eight-tube Audiola A. C. chassis. This little set meets in a happy way the demand for a small compact table model that will not occupy much space but is beautiful in appearance. Size of the cabinet 10¾ in. x 12⅝ in. x 6½ in. high. Shipping weight, 14 pounds.

E203+2 (A. C.) Standard Console, complete with high grade built-in speaker and tubes. Each **$313.32**

The Audiola Standard Console illustrated incorporates the new State Shielded eight-tube chassis in a cabinet that is a most exquisite piece of furniture. The entire front is of burled walnut. There is a beautiful grill in the lower compartment covering the loud speaker. The loud speaker is of the very highest quality and will give absolute natural reproduction free from distortion, the loud speaker being of the long air column type. Size 33 in. x 16 in. x 44 in. high. Shipping weight, 175 pounds.

E203+3 A. C. Baby Grand Console, complete with built-in speaker and tubes. Each **$313.32**

The Audiola Baby Grand console is a beautiful design which incorporates the new State Shielded eight-tube chassis. The cabinet is a Baby Grand piano in shape, but is designed for the purpose of the set. It will not scratch the floor, and piano [illegible] Size 30 in. x 16 in. x 30 in. high. Shipping weight, 108 lbs.

E203+5 Entertainer Cone Loud Speaker. Each **$36.00**

An improved type of balanced armature unit, extremely sensitive and especially built to give perfect service over long periods of continuous operation.

Improved spring features with double coil gives positive control over the air gap. Absolutely free edge cone. Reproduces over a wide range of audibility, handling all details with true fidelity—volume with mellowness and entire absence of blasting or distortion.

Cabinet of beautiful panelled two tone walnut with bronze mesh screen front and back. Shipping weight, 12 pounds.

Premier Table Model

E204+1 Solid Walnut Cabinet, very handsome. Its extreme simplicity gives it that rich looking appearance that appeals to all. Front panel natural wood mounted on heavy steel panel which assures strength and rigidity and non-warping at the same time keeping the fine appearance that wood always gives over substitutes. Size 22x8½x12½ inches deep. Weight packed for shipment, 65 lbs. Complete, tubes, etc., each.**$162.24**

Single Drum Control with calibrations on the left in both meters and kilocycles while the right is plain so that different stations can be marked in pencil or erased at will. Our Microtrol feature, controlled by knob on the left gives us the last word in selectivity while the small switch at the right controls the entire current flow with the set operation. In fact in sensitivity and operating efficiency we guarantee it to be the equal of the best 6 tube set the market affords and much better than the rest. It has distance, selectivity, and above all that superb tone quality which every good radio set must have. Premier No. 100-RAC Power Supply Unit is 100% Premier made to function most efficiently with our Premier Chassis. This Power Supply Unit is placed in the cabinet back of the chassis and uses a No. 280 Rectifying Tube. It is easily removable from the cabinet and is packed separately in a breakproof compartment so that all possibility of damage in shipment on account of its weight is guarded. However, connection with the chassis is by means of a cable and is made in less than half a minute. Premier Chassis are a beautiful job mechanically, made from all metal panels, each tube, the sub-base being in box form. The transformers and all wiring are in sub-base, the front panel is natural wood mounted on heavy metal panel as service [illegible] shielded. Radio Frequency Transformers independently shielded to prevent [illegible] and secured and sealed to prevent tampering. Complete job through with guarantee to operate satisfactorily when connected properly. Dials 2x2½ inches in size, large enough including Power Supply Unit [illegible] inches. We Show the Following Designs to be Used in Printing Wrapping Paper. The Customer's Name, Address and Card is Set up in Prominent Type. In Ordering, Designate which of these Designs Shall be Used.

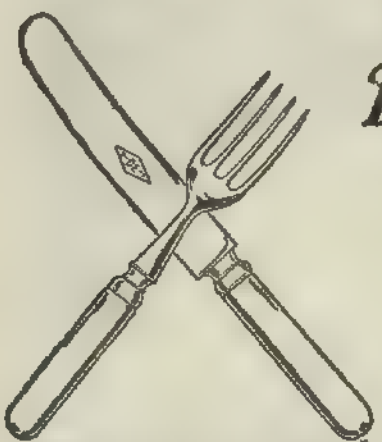
DIAMOND EDGE CUTLERY



"DIAMOND EDGE IS A QUALITY PLEDGE"

"DIAMOND EDGE IS A QUALITY PLEDGE"

SHARP, VERY SHARP, AND SHARP WHEN YOU BUY IT

That is what *DIAMOND EDGE* means on Cutlery. If the man who makes cutlery can't make it sharp, why should you try? When you buy *DIAMOND EDGE* Cutlery the remarkably sharp edge will be the first thing that appeals to you, and it has the "metal" quality which insures that the edge can be made sharp again and again.

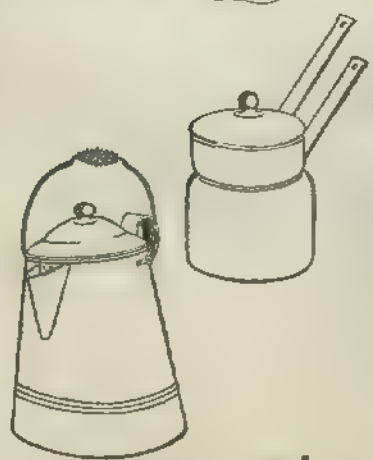
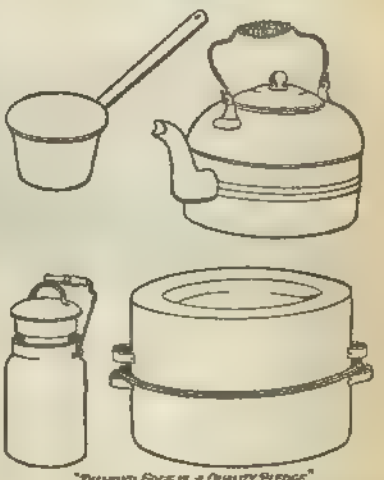
HOME MAKERS SUPPLIES





In this Space will be set the Trade-mark of the Line of Enameled Ware Purchased

Order by Number

"DIAMOND EDGE IS A QUALITY PLEDGE"

"DIAMOND EDGE IS A QUALITY PLEDGE"

We want every Home Maker who takes pride in her work to come and talk household supplies with us. We want to show you the difference between the good kind and the ordinary kind.

We want to show you that the good kind pays by saving time, by saving temper and finally by saving money, as they last so much longer.

COME AND LET US SHOW YOU OUR LINE OF HOME MAKERS SUPPLIES

PRESCOTT SPINNERS.

The Prescott Spinner
Used with equal success upon streams or lake
An Unequaled Bass-Killer
Manufactured by Chas. E. Prest, Prescott, Wis.

An unequalled game fish getter, can be used for casting, trolling or still fishing when bait is used, minnows, frogs or skin of a fish belly. Nickel plated steel wire that will not rust or tangle up when casting. Split ring to change hook, swivel to keep line from snarling, snap to put in weight, if weight is used.

Per Dozen

No. S-PS—Prescott Spinners; brass spoon, nickel plated; plain hollow point Cincinnati bass hook; wire leader . . . **$3.20**

No. S-14PS—Prescott Spinners; same as No. PS Prescott Spinner, except Weedless **3.70**

No. S-2P—Prescott Pike Spinners; size 3 nickel plated spoon, 5/0 hollow point Carlisle hook **3.50**

One on a card; one dozen in a package.

STANLEY'S PERFECTION.

Open hooks that are weedless, intended for surface fishing in lily pads, reeds, weeds, etc. Baited with pork chunk or frog.

Per Dozen

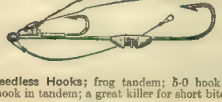
No. S-1—Weedless Hooks; plain, 5-0 hook with Kendall sneck **$6.40**

One dozen in a box.

Per Dozen

No. S-2W—Weedless Hooks; with spinner and weight, 5-0 hook, extra stout Kendall sneck **$8.00**

One on a card, one dozen in a box.



Per Dozen

No. S-6—Weedless Hooks; frog tandem; 5-0 hook with smaller hook in tandem; a great killer for short biters **$8.80**

One dozen in a box.

STANLEY'S PERFECTION.

PORK RIND TANDEM.

Per Dozen

No. S-50—Weedless Hooks; an open hook that's weedless; with nickel plated spoon that always revolves **$8.00**

One dozen in a box.

FLY WITH SPINNER.

An open hook that is weedless, very desirable for surface bait as nickel plated spinner makes an attractive ripple; can be used for under water fishing; a small pork rind strip may also be used.

Per Dozen

No. S-8SF—Weedless Hooks; red body and wings, white tail **$14.40**

One dozen in a box.

KOHLER'S ICE DECOYS.

Per Dozen

No. S-KDM—Baits; silver finish, with red gills and red around fins; length, 6½ inches; weight, 2½ ozs . . . **$12.00**

DOWAGIAC ICE DECOYS.

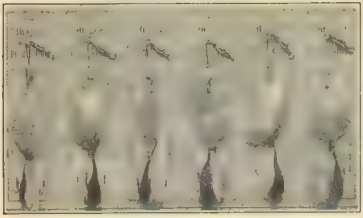
Has adjustable feature so the minnow may be held in different positions.

Per Dozen

No. S-YP—Baits; yellow perch; length over all, 5¼ inches; weight, 2½ ounces **$24.00**

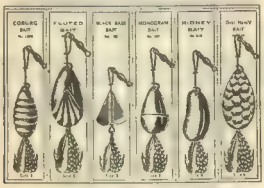
No. S-GB—Baits; green back; otherwise as No. S-YP **24.00**

ARTIFICIAL BAIT ASSORTMENTS.



The Magnet pearl spoon assortment consists of hammered kidney spoon, Plain oval spoon, willow leaf spoon, fluted spoon, kidney spoon and new checkered spoon. The blades are ground and polished to the utmost degree of perfection. Have nickel plated shanks and barrel swivels, fancy feathered spring steel treble hooks.

No. S-140—Bait Assortments; size blades, 1½ to 1¾ inches in length; put up six on a neat card.....**$2.50**



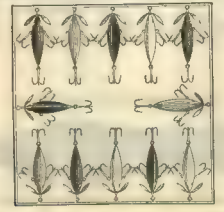
COBURG BAIT No. 1376
FLUTED BAIT No. 110
BLACK BASS BAIT No. 116
MONOGRAM BAIT No. 307
KIDNEY BAIT No. 228
OVAL HAMMERED BAIT No. 619

The celebrated six great killer baits are as follows: No. 1376 Coburg bait, No. 110 fluted bait, No. 116 black bass bait, No. 307 Monogram bait, No. 619 kidney bait, plain and No. 228 oval hammered bait.

Per Assortment

No. S-HA—Bait Assortments; packed six assorted baits sewed on a perforated card and one card in a card box.....**$1.80**

MINNOW ASSORTMENTS.



Per Assortment

No. S-MA -Minnow Assortments; special waterproof porcelain, enamel as illustrated, four each, white belly and green back, white belly and red back, and all white; one dozen on a heavy display card, size 12x12 inches, one card in a fancy box **$3.90**

ARTIFICIAL BAITS.

TIN LIZ.

The sensational metal minnow fools them all; wall-eyed pike, northern pike, rock bass, and black bass and the beautiful part of it is that it casts easily and is not affected by the wind as much as most wooden baits.

Per Dozen

No. S-TL—Baits; length, 3¼ inches; weight each, ⅝ oz...**$16.00**

ARBOGAST KICKER.

The luring qualities of frog, fly and minnow combined in one, live kicking bait. Wobbling head, fluttering feather legs, flashing tail spinner. Can be cast right into snags and lily pads and when they strike, just set the hook hard, because this is one weedless bait that really lands every fair strike. Color, frog head, white legs, red chenile body.

Per Dozen

No. S-AK—Bait; weight each, ⅝ oz.....**$16.00**

BASS KING.

Grooved bait with a combined metallic core built into the body. It dives, wiggles and wobbles with amazing speed when reeled in slowly and actually seems to be swimming along of it's own volition. Bass do not miss seeing it, nor do they miss it when they strike. Floats when not in motion. Body is 3½ inches long and is equipped with two highly nickeled treble hooks. Has a high grade lacquer finish that will not crack or break loose from the body.

Per Dozen

No. S-BK1—Baits; white body, red head.....**$13.60**

No. S-BK2—Baits; yellow body, red head.....**13.60**

NEVERFAIL.

Wooden minnow, beautifully finished, 3 inches long.

Per Dozen

No. S-3173—Baits; white enameled belly, blended rainbow back.....**$10.50**

No. S-3169—Baits; white with red and green spots.....**10.50**

No. S-3185—Baits; green cracked back.....**10.50**

No. S-3196—Baits; white body, red head.....**10.50**

One dozen in a box.

JUVENILE AUTOMOBILES

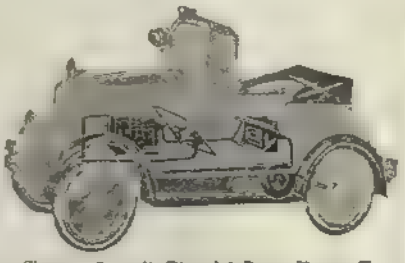
WITH REAL ELECTRIC MOTORS

Electrical Equipment

Electric Motor—The Numbers Shown are all Equipped with a New Powerful Electric Motor. This Motor is Specially Designed for this Type Auto, and will Give Long and Satisfactory Service. It is Attached to the Rear of the Car and Transmits the Power to the Rear Wheels in Practically the Same Manner as On a Large Electric Automobile



Showing Juvenile Electric's Power Units. Two 6 Volt Guaranteed Standard Auto Wet Batteries One ¼ Horse Power Guaranteed Electric Motor Two Speeds, Forward and Reverse

Batteries—Long-lived, High-powered Automobile Wet Storage Batteries Furnish the Current. As Nearly Every Home has a Radio and Battery Recharging Outfit, it will be a Simple Matter to Charge the Battery Once a Month or So.

Lights—All Cars are Electric Lighted, Two Road Lamps with Nonglare Lens and Tail Light with Ruby Lens, Controlled from the Instrument Board.

Band Brakes—Another Strong Feature on These Numbers is Our New Friction Band Brake. This Operates Positively and Efficiently on the Right Side of Rear Axle, Connected with Regular Brake Control Handle at Right of Driver.

Safety Control—The Car is Very Simple to Control. No Complicated Mechanism. The Driver Simply Presses Foot on a Button and Car Moves Forward. Pressing Foot on Alternate Button Puts Car in Reverse Motion. The Motor is Geared to Moderate Speed so Child Cannot Get Reckless and Can Quickly Stop Car when Necessary.

For Balance of Electric Automobile Equipment, See Description Accompanying Each Illustration.

WM. ROGERS & SON SILVERPLATE

Silverplated flatware with the above trademark is guaranteed without time limit by the International Silver Co., the world's largest silverware manufacturers.

Besides the regular heavy plate the most used pieces have an extra Reinforced Plate where the most wear comes. Only the finest white nickel silver is used for the base for plating.

Wm. Rogers & Son Silverplate is the best known popular priced line of silverplated flatware and the patterns shown here, Triumph, Mayfair and Princess have been extensively advertised in the magazines of national circulation.

Our Latest Idea In a Musical Clock

(Patent Applied for)

Side View Front View Side View

RADIO STYLE MUSICAL CLOCK, the very latest idea. Originated, designed and manufactured by us, the idea being to put out a high grade article,—NOT HOW CHEAP BUT HOW GOOD,—for the least money. Not only is this clock ornamental in appearance but it is useful as a timepiece and each has the added feature of playing two different tunes, well known airs such as: Mother Machree, Sweet Genevieve, Anvil Chorus, Silver Threads Among The Gold, Sing Me To Sleep, Old Kentucky Home, Swanee River, Carry Me Back To Old Virginia, Old Black Joe, Oh Promise Me, Rosary, Ramona, America, Star Spangled Banner, etc., when ordering state more than one choice, so that if we are out of stock on one selection we can give you the next nearest we have in stock. Simple and compact, the music apparatus is so arranged that by lifting the clock up, the strains of sweet music are immediately heard and when the clock is put down the music stops. This music arrangement is independent of the clock and can be wound and played whenever desired. The 30 hour clock movement is the best American manufacture.

The oxidized silver finished case is moulded of metal in shape of a radio console showing on front below clock dial, a panel with radio dials, etc. Lower part of front representing the doors is engraved with lifelike portraits in relief of Wagner and Schubert the noted composers embellished with musical instruments. Each side of case is engraved with musical notes and instruments. Case is 8 inches high and 5½ inches wide. Weighs about 5 pounds.

We recommend this article, as all who have seen it have been enthusiastic about it and we look for large sales on it. Order a sample and see for yourself.

No. 60W460. Each..... 5.50

"PEPPY PALS"

The Original Dancing Marionettes

The Big, Outstanding DOLL HIT Of The Year

This sensational S. & H. Wonder Seller will help you reach new Fall and Holiday profit peaks. It has all the play value of two beautiful dolls PLUS the marvelous DANCING ATTRACTION.

Hold the "DANCING MARIONETTES" by the string so their feet touch the floor, turn on the radio or phonograph and you'll see all the latest dance steps. And—for regular play purpose, the dolls can be unsnapped in a jiffy. Light in weight and strongly made, with unbreakable cloth faces. Dressed in a wide variety of children's costumes cut in the prevailing mode. Be sure your supply will be adequate for the rush—order without delay.

"TEE-WEE" HAND BABE

The Living Doll

Continues in Popular Favor

Does everything a living baby does —the hand fits inside and makes it live. You all know how it sells—and records prove it is selling better than ever. Fully patented and protected.

WARNING

Peppy Pals are fully protected by applications for U. S. Letters Patent, and our rights will be vigorously defended to the limit. Suits against manufacturers for infringement are now pending in the courts.

S. & H. NOVELTY CO.

SWITCHMAN'S.

ADALAKE.

Wood Bail.

An extra strong lantern, built to withstand hard use.

Wires and frame are dipped in molten tin which makes them absolutely rigid. Fount is drawn from one piece of tin and is removable from frame being held in place by two brass springs. Equipped with No. 2 brass signal oil burner, and No. 39 globe of best quality.

Bail is rigid wood type, always upright, makes control of signal easy; also gives firmer grip.

Per Dozen

No. 90—Lanterns; height 15 inches; length of handle 8½ inches; weight per dozen, 24 lbs. $48.00

In bulk.

RAILROAD.

In lots of 5 dozen or more deduct y% from current catalogue price.

A strong, durable conductors railroad lantern; has heavy wire globe guard held stationary by protected spring under hood.

Made of heavy brass, handsomely nickel plated. Mounted on concave base with rolled rim.

Per Dozen

No. 39—Conductors Lanterns; size of wick, ⅝ inches; height with bail down, 10¾ inches; diameter of base, 6½ inches; weight per dozen, about 50 lbs. $23.30

One dozen in a case.

Light, strong and durable. Made from heavy gauge wire for frame and base; upright globe guards are heavy twisted wire; front is fitted with spring catch which is easily released for removing globe. Frame, base and outer metal parts are nickel plated.

Per Dozen

No. 40—Conductors Lanterns; size of wick, ⅝ inches; height with bail down, 10 inches, diameter of base, 7½ inches; capacity oil pot, 6 ounces; weight per dozen, about 47 lbs. $23.80

One dozen in a case.

SEARCHLIGHT.

COLD BLAST.

Per Dozen

One in a case; weight of case, 32 lbs.

LAMPS.

HAND.

GEM.

Per Dozen

Gem Hand Lamps—Glass fount; 7-inch tin reflector; No. 2 burner; No. 2 chimney; weight of case, 25 lbs. $8.00

In bulk.

F·O·K·&·C·

COLD BLAST.

Absolutely wind proof; gives bright light; has an inside lift that cannot get out of order.

The fluted globe plate prevents the wind from striking the flame, which burns without flickering.

It is our aim to furnish the trade a line that will give the best light possible to be had from kerosene, best in brilliancy and best in withstanding the wind.

Our lanterns have our **F. O. K. & Co.** trade mark and the number of the lantern stamped in the fount, and the **F. O. K. & Co.** blown in the globe.

F. O. K. & Co. lanterns are made by a factory whose goods have been favorably known for the past ten years, through the construction of the ONE PIECE TOP and FLUTED GLOBE PLATE.

F. O. K. & Co. lanterns are fitted with the **latest lifts, larger oil founts and extra large fillers and flush filler screw caps** and in their construction only the best grade of tin plate, wire, burners and globes are used.

BURNERS are high grade tinned steel with brass wick tubes.

Per Dozen

No. 2—Lanterns; fount holds oil enough to burn 23 hours; takes a No. 2 cold blast burner; 1 inch wick; cold blast globe..... $20.00

One half dozen in a case, weight per case, 25 pounds.

WE DO NOT BREAK PACKAGES

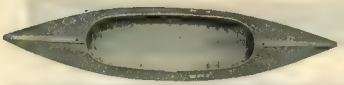
DUCK BOATS.

EXPERT.



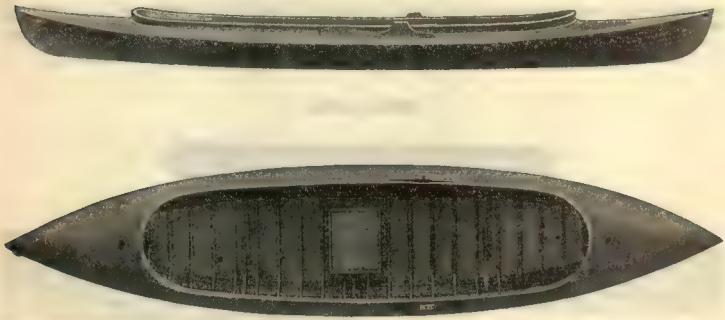
Two-man boat, with room for decoys, guns, etc. Flat bottom; will stand very rough seas; sturdily built. Bottom is cedar, ⅝-inch thick, remainder of planking is cedar, ⅛-inch thick put on in strips with one edge concave and the other convex. The ribs, stems, deck beams, keel and coaming are of white oak. The decking is cedar and is so constructed that it will stand the hardest kind of usage. Each boat is equipped with anchor tube through deck, false bottom and carrying handles. Finished in a dead grass color, two coats of paint inside and three coats outside.

Each

No. S-14—Duck Boats; length, 14 feet; beam, 36 inches; length of cockpit, 8½ feet; weight, 80 lbs **$93.00**

The above price includes one pair six-foot oars and oar locks. . . . . F. O. B. Little Falls, Minn.

RED HEAD.



Interior View.

Bottom 20 inches wide, cedar, ¾-inch thick, shiplap joints, white lead in each joint, securely fastened with clout nails. Planking, four strakes, cedar, ⅜-inch thick, put on in white lead. Stems, oak; ribs rock elm, ⅞x⅞, spaced about 4½ inches apart. Three sawed oak frames, ⅞x1½, moulded to shape. Decks, cedar, coaming, oak, painted two coats inside and out dead grass color.

Complete with seat, oars, push paddle and anchor tubes. Crated F. O. B. Hayward, Wis.

ROW BOATS.

LADY OF THE LAKE.

Square Stern.

Beautiful in outline and finish. Thoroughly well made.

This is the handsomest and finest boat that skilled labor can produce. It is a smooth built boat, being made up of narrow strips 1⅜ inches wide by ½ inch thick with half-round joints (see cut). This makes a strong and durable boat. The strips are nailed together with galvanized nails. The half-round fender on outside of boat is not nailed on as usually done by other builders, but is a solid piece of oak built in when planking is put on and therefore cannot come off, as is often the case where it is put on after boat is finished.

After the boat is planked it is planed and sanded to a smooth finish. Then it is clamped and drawn together with chains every thirty inches, under several thousand pounds pressure Then the ribs are fastened in place, which holds the planking firm. This is what keeps our boats from leaking.

No. S-102—Keel stem stern, gunwales and ribs of selected white oak, planking selected cedar. The false bottom is fastened down with buttons and can be taken out, which makes it very convenient in cleaning or repairing the boat. Finished inside and out with three coats best grade spar varnish Removable false bottom, adjustable foot braces, two pair oar locks, one pair taper handle spruce oars, copper tipped, leathered and varnished.

No. S-104—Same material as No S-102 but painted inside and outside, except seats, seat fenders, gunwales and shear streak, including half-round fenders, which are finished in natural wood with three coats best grade spar varnish. Removable false bottom, adjustable foot braces, two pair oar locks, one pair 7½ foot taper handle spruce oars, copper tipped, leathered and varnished

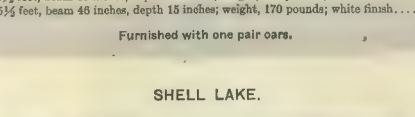
There are so many calls for a row boat suitable for the detachable row boat motors that we are building all the Lady of the Lake style boats so they may be used for this purpose. The stern is reinforced and quite wide so as to stand the strain and extra weight of motor.

	Each
No. S-102—Boats; length 15½ feet, beam 46 inches, depth 16 inches; weight, 170 pounds; natural finish all over	**$150.00**
No. S-104—Boats; length 15½ feet, beam 46 inches, depth 15 inches; weight, 170 pounds; white finish	**140.00**

F. O. B. Alexandria, Minn.

Furnished with one pair oars.

SHELL LAKE.



The special square stern row boat, which we illustrate above, is our leader and we have hardly been able to supply the demand for them. It is the ideal boat for a boat livery, hotel or summer resort. We call attention to the liberal depth and width, the fine entrance and clearance, of the easy graceful lines, the easy deadrise and good shoulders, a good flat floor carried well fore and aft, all lending towards a graceful, safe and steady boat.

Grade C—The entire frame of selected white oak, planking white cedar, hardwood trimmings, galvanized fittings, steel stem band and painter rig one pair of straight spruce oars, leathered and varnished and copper tipped. The seats, gunwales and breast hooks are finished in the natural wood in spar varnish. The balance of the boat is painted with three coats of best marine paint.

Grade B—Same specifications as above, except that the three top strakes, in addition to the gunwales, are finished in the natural wood in spar varnish.

F. O. B. Shell Lake, Wis.

Boats—No.	Grade B Each	Grade C Each	Length, Feet	Beam, Inches	Depth Forward Inches	Depth Amidship, Inches	Depth Aft, Inches	Weight Lbs.

Stock the One the Boys Want

Stop the next boy you meet on the street and ask him what kind of Air Rifle he wants. He'll say he wants the new one, the improved one, the one that looks like a sure-enough repeater—the Remington. He's saying that every day in stores all over the country. He's read about the new Remington in all the boys' papers. He's seen it advertised in the Saturday Evening Post.

Boys want the latest developments, the up-to-the-minute goods. Don't waste time trying to sell them something else. Sell them Remingtons.

REMINGTON ARMS COMPANY, Inc.
113 Years of Quality

Four Models of Jefferson Transformers Operate Every Electrical Toy Train

BIG toy buyers choose Jefferson Transformers for two good reasons. First, the Jefferson line of four models will operate every electrical toy train—reducing quantity of stock necessary to carry. Second, the Jefferson quality and performance, which cuts down complaints.

Jefferson Transformers are sturdily constructed and designed to give complete satisfaction. Their wide range of secondary voltages gives perfect control of all engine speeds without the use of additional rheostats to prevent track-jumping. They are guaranteed to deliver full-rated capacity and will stand 25% overload—conforming to every requirement of the Underwriter's Laboratories.

Each transformer is packed in an individual carton, plainly labeled with the makes of trains it will operate.

Specify Jeffersons on your next order for transformers. Keep down your stock investment—protect your profits against come-backs from dissatisfied customers. Order through your wholesaler.

SUPPLEMENTAL CHAMBER

WINCHESTER

This Handy and Simple Device Permits the Use of Popular Pistol Cartridges in High Power Rifles Chambered for 30 Winchester, 30 Army, 303 Savage, 303 British, 32-40, 32 Winchester Special, 35 and 405 Winchester Cartridges Without Change or Readjustment of the Rifle, Except the Sights, the Winchester Supplemental Chamber is Inserted in the Rifle, the Same as a Cartridge, and as it is Extracted from the Gun in the Same Manner as an Empty Shell, it Does Not Interfere with the Instant Use of Regular Ammunition. For Short Range Shooting or Indoor Target Practice it Gives Excellent Results, Which Makes it a Valuable Addition to Every Sportman's Equipment, it is Also an Aid to Attaining Proficiency in the Use of a Regular Hunting Rifle at a Minimum Expenditure for Ammunition.

The Winchester Supplemental Chamber is Made in the Following Sizes:

Caliber	Cartridges
30 Winchester	For Use with.....32 Smith & Wesson
30 Army	For Use with.....32 Smith & Wesson
303 Savage	For Use with.....32 Smith & Wesson
303 British	For Use with.....32 Smith & Wesson
32 Winchester Special	For Use with.....32 Short Colt
32-40	For Use with.....32 Short Colt
35 Winchester	For Use with.....38 Smith & Wesson
405 Winchester	For Use with.....41 Short Colt Action Double

We Recommend the Use of Smokeless Powder Cartridges with the Winchester Supplemental Chamber, as the Black Powder Cartridges Soon Foul Barrels Having Such Quick Twists as the Above.

REPEATING SHOT GUNS

REMINGTON

The Mechanical Construction of All Remington Repeating Shot Guns is the Same; They Have an Absolute Solid Breech, Closed on Top. Loading and Ejecting of Shells is Accomplished from the Under Side, with the Advantage that Ejected Shells are Kept Away from the Face of the Shooter and From Interfering with the Aim; the Solid Breech Insures Absolute Safety to the Operator, as There is No Chance for Firing-Pins, Bursted Shells, Gases or Burnt Powder Flying Back in the Face or Eyes; Breech Block Must Always be Forward in Order to Put Gun Together.

Pump Action, Take-Down, Solid Breech, Hammerless, 6 Shot Bottom Ejector, Blued Receiver.

Special Stocks Require from Five to Eight Weeks and Are Positively Not Subject to Cancellation.

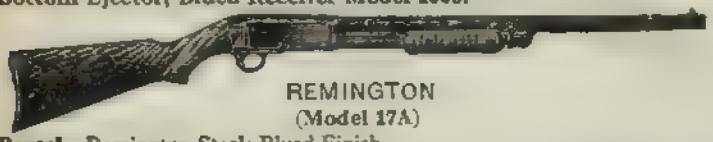
TRADE MARK REGISTERED IN THE U. S. PAT. OFFICE

REPEATING SHOT GUNS

The Mechanical Construction of All Remington Repeating Shot Guns is the Same; They Have an Absolute Solid Breech, Closed on Top; Loading and Ejecting of Shells is Accomplished from the Under Side, with the Advantage that Ejected Shells are Kept Away from the Face of the Shooter, and from Interfering with the Aim; the Solid Breech Insures Absolute Safety to the Operator, As There is No Chance for Firing Pins, Bursted Shells, Gases or Burnt Powder Flying Back in the Face or Eyes. Breech Block Must Always be Forward in Order to Put Gun Together

Pump Action, Take-Down, Solid Breech, Hammerless, 6 Shots, Bottom Ejector, Blued Receiver Model 1908.



REMINGTON
(Model 17A)

Barrel—Remington Steel; Blued Finish.
Stock—Walnut; Pistol Grip, Not Checkered; Rubber Butt Plate; Length, 13¾ inches, Drop at Comb, 1⅛ inches; Drop at Heel, 2⅝ inches.

The Model 17, 20 Gauge Remington Differs from the Remington 12 Gauge in the Take-Down Which is Operated on An Entirely New Principle; The Magazine and Fore-Arm Remain Attached to the Receiver so That a Change from One Barrel to Another is Merely a Matter of Removing One Barrel and Putting Another in Its Place.

20 Gauge — Each

No. RR20F—Full Choke Bored, 26, 28, 30 and 32 inch Barrels; Weight Each, About 5¾ lbs..... **$78.90**

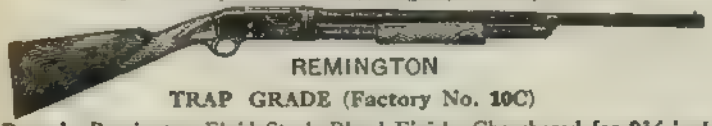
No. RR20MM—Modified Choke Bored, 26 and 28 inch Barrels; Weight Each, 5¾ lbs..... **92 15**

Extra Barrels for Above **43 30**
One in a Box; 10 in a Case; Weight per Case, 105 lbs.



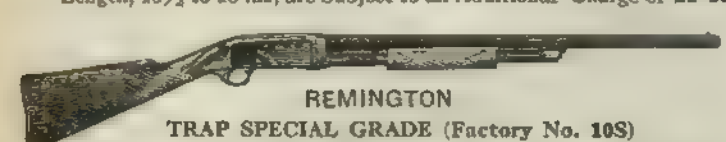
REMINGTON
TRAP GRADE (Factory No. 10C)

Barrel—Remington Fluid Steel; Blued Finish; Chambered for 2¾ inch Shells.
Stock—Selected English Walnut; Straight Grip with Full Comb; Finely Checkered; Rubber Butt Plate; Length, 14 inches; Drop at Comb, 1½ inches; Drop at Heel, 2 inches.
Receiver—Blued Finish, Matted on Top.

12 Gauge — Each

No. RRT12—Full Choke Bored; 30 inch Barrel; Weight Each, About 7¾ lbs..... **$127 45**
One in a Box; 10 in a Case; Weight per Case, 115 lbs.

Any Stock Variations Exceeding Limits of Dimensions as Follows: Drop, 2 to 3¼ inches at Heel; Drop, 1¼ to 1¾ inches at Comb; Length, 13½ to 15 ins; are Subject to an Additional Charge of **24 10**



REMINGTON
TRAP SPECIAL GRADE (Factory No. 10S)

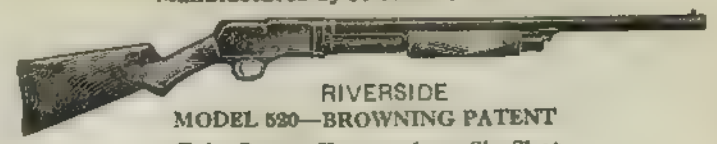
Barrel—Remington Fluid Steel, Blue Finish; Matted Entire Length; Chambered for 2¾ inch Shells.
Stock—Selected American Walnut; Straight Grip with Full Comb; Finely Checkered, Rubber Butt Plate; Length, 14 inches; Drop at Comb, 1½ inches; Drop at Heel, 2 inches.
Receiver—Blued Finish; Matted on Top.

12 Gauge — Each

No. RTS12—Full Choke Bored; 30 inch Barrel; Weight Each, About 7¾ lbs. **$93.80**
One in a Box; 10 in a Case; Weight per Case, 115 lbs.

REPEATING SHOT GUNS

Manufactured by J. Stevens Arms Co.



RIVERSIDE
MODEL 520—BROWNING PATENT

Take-Down, Hammerless, Six-Shot
Proof Tested

STANDARD

One of the Simplest, Smoothest, and Most Positive Repeating Shot Guns on the Market: When the Action is Closed it Remains Positively Locked until the Recoil of the Explosion Operates the Improved Slide Lock Release Mechanism or the Hand Release. Button is Operated by the Shooter; This Improved Mechanism will Work under All Weather Conditions; Dirt, Gummed Oil, Water or Snow Cannot Balk It.

Barrel—Stevens Compressed, Forged Steel; The Barrel Used in the Manufacture of this Gun is First Compressed, and is Then Forged into Shape Thus Making it as Strong as it is Possible to Make a Shot Gun Barrel; It is Finished in Black Oxide, Which Gives it a Beautiful and Lasting Appearance; Will Handle Any Standard Shell Up to 2¾ inches.

Receiver—The Receiver is a Solid Drop Forging, and in the Manipulation of the Gun, None of the Interior Parts Protrude that Usually Interfere With the Pleasure and Safety of Shooting a Repeating Shot Gun; This is One of its Most Valuable Features; It has the Same Black Oxide Finish as the Barrel. The Tangs to Which the Stock is Fitted are Extra Long and Add Strength to a Stock at its Weakest Point. Shells are Ejected from the Side which is the Most Popular Method in Use, as the Shells are Ejected Away from the Shooter.

Stock—American Walnut; Half Pistol Grip; Stock and Fore End Checkered; Rubber Butt Plate.

12 Gauge — Each

No. SR12—Full Choke Bored; 28, 30 and 32 inch Barrels; Weight Each, About 7¾ lbs..... **$60 00**

No. SR12M—Modified Choke Bored; 28 and 30 inch Barrels; Weight Each, About 7¾ lbs..... **60.00**

No. SR12C—Cylinder Bored; 26 and 28 inch Barrels; Weight Each, About 7¾ lbs..... **60.00**

No. SR12FR—Matted Rib; Full Choke Bored; 30 and 32 inch Barrels; Weight Each, About 7¾ lbs. **72 00**

No. SR12X—With Plain Extra Barrel; Full Choke Bored, Plain Barrel; 30 inch Only, and Extra Barrel, 28 inch Only; Weight Complete, About 10 lbs..... **100 00**
One in a Box; Ten in a Case; Weight per Case, About 105 lbs.

16 Gauge — Each

No. SR16—Full Choke Bored; 28 inch Barrel; Weight Each, About 7¼ lbs..... **$60.00**

No. SR16M—Modified Choke Bored; 28 inch Barrel; Weight Each, About 7¼ lbs **60 00**

No. SR16C—Cylinder Bored; 26 and 28 inch Barrels; Weight Each, About 7¼ lbs **60 00**
One in a Box; Ten in a Case; Weight per Case, About 95 lbs.

RIOT — Each

No. SR12R—Cylinder Bored; 20 inch Barrel; Weight Each, About 7½ lbs..... **$60 00**
One in a Box; Ten in a Case; Weight per Case, About 100 lbs.

Rogers Hornsby Model Fielders' Gloves

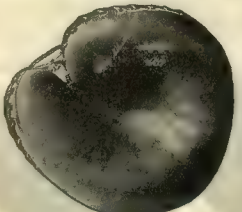
The Wilson Rogers Hornsby Regular Model Glove, very similar to the DeLuxe Model. Designed by Hornsby and built by Wilson to meet major league requirements.

Finest horsehide with full pearl color leather lining, diverted seams, hand tailored asbestos pad. Oil treated and ready broke. Tunnel loop thumb web, laced heel—strap and button wrist.

Rogers Hornsby Model 4 finger style fielder's glove. Large size. Each in box.
No. 6R44. Each..... 5.63

Rogers Hornsby Model 3 finger style fielder's glove. Each in box.
No. 6R45. Each..... 5.63

Ray Schalk Catcher's Mitt



Ray Schalk Model Catcher's Mitt was designed by Ray Schalk. It is built to meet every requirement of major league baseball, made of specially tanned finest selected tan color horsehide. Seams sewed outward for greater durability. Hand moulded palm. Special constructed pad of finest quality felt. Hand formed moulded and closely hand stitched. Buckless adjustable wrist strap. Mitt is small size, giving perfect balance and enabling catcher to shift easily. Each in box.
No. 7R41. Each..... 11.27

Bill Terry Basemen's Mitt

Wm. H. "Bill" Terry Model, designed for professional use. An exact duplicate of the mitt used by several of the leading first basemen in the American League. Made of the finest materials by careful and skilled craftsmen. Highest quality horsehide in dark tan color, especially oil treated keeps it soft and pliable. Leather laced throughout, which permits removal and rearrangement of padding. Panel back-roll leather binding are features that make this model a favorite among big leaguers and players everywhere who demand a real professional mitt. Wilson patented "Buckless" adjustable wrist strap. Adjustable loop thumb lace. Each in box.
No. 7R69. Each..... 6.86

HOW TO REFINISH AN AUTOMOBILE WITH ZAPON—(Continued)

5. SURFACING:

Zapon Finishing Enamels are Hard, Tough, Durable and Resistant to Abrasion. Therefore an Enormous Amount of Time, and Labor Would be Required to Sand Down a Smooth Surface Showing No Imperfections From Metal if Attempts Should be Made to Carry Out the Sanding and Smoothing Operation on the Finishing Coats. Zapon Auto Sand Surfacer is a Material Which is to be Applied After the Priming and Puttying Operations in Sufficient Quantity to Fill Up All Remaining Small Imperfections in the Metal.

It Has Been Designed Especially to Produce Filling Qualities, Combined with Ease of Sanding.

(A.) Application of Surfacer:

The Can of Zapon Auto Sand Surfacer Should be Thoroughly Agitated Before Use. A Stick Should Always be Used to Probe to the Bottom of the Can to Make Sure That All the Pigment is Mixed Into the Surfacer.

Zapon Auto Sander Surfacer is Prepared for Spraying by Mixing 1 Part of Zapon Auto Thinner with 1 Part of the Sand Surfacer. The Proportion of Thinner May be Varied, Depending on the Type of Spray Used.

About Twelve (12) Pints of the Thinned Surfacer is the Maximum Amount Required for Surfacing the Car. In Cases Where the Metal Surface is Very Smooth, Only Half of This Will be Needed. The Surfacer Should be Sprayed on in Successive Coats Until all the Imperfections and Scratches Have Been Filled. Where the Metal is Rough, More Coats are Necessary. All Parts of the Car Should Have Sufficient Surfacer so that the Sanding Operation will produce a Smooth, level Foundation Without Cutting Into the Metal Primer. The Application of Zapon Sand Surfacer will Require About One Hour.

After the last of the Zapon Sand Surfacer has been applied, the car Should be Allowed to Dry at Least One Hour Before Sanding.

B. Sanding:

The Following Materials are Required for the Sanding Operation:

1. A Pail of Water.
2. A High Grade Sponge, Free From Coral or Gritty Matter.
3. A Good Chamois Skin.
4. Sandpaper of the Following Qualities:
   240—Manning Speed Grits, or 5-0 Wet or Dry Sand Paper; (or equivalent)
   320—Manning Speed Grits, or 7-0 Wet or Dry Sand Paper; (or equivalent)

Wet the Surface Thoroughly with Water, by Means of a Sponge. With the 240 Manning Speed Grits or Equivalent, Sand Until Imperfections are Obliterated, Using Plenty of Water and Wiping Off Frequently with the Chamois for Inspection. **Do Not Sand Through the Primer.**

After the Whole Car Has Been Treated in This Manner, Repeat, Using 320 Manning Speed Grits or Equivalent. The Sanding will Require Approximately Four Hours. In the Sanding Operation Make Every Effort to Obtain a Surface as Nearly Perfect as Possible Before the Tough Finishing Coats are Applied

(C) Washing:

After the Sanding Operation, the Car Should be Thoroughly Washed to Remove All Loose Material. Use a Brush Around Mouldings and in Places Where the Sponge and Chamois are Not Effective.

The Car Should be Blown with a Strong Blast of Air to Remove All Water from Seams and Crevices, Especially Between the Body and Dust Pans and Behind Mouldings. The Finishing Enamel Should Not be Applied Until the Surfacer is Thoroughly Dry and Free from Water.

6. COLOR COATS:

(A) Application of Zapon Auto Enamel:

Stir and Agitate the Auto Enamel Thoroughly. Zapon Auto Enamel is Prepared for Spraying by Mixing one (1) Part of Auto Thinner and One (1) Part of Auto Enamel. About Twelve (12) Pints of Thinned Auto Enamel is Sufficient for Giving the Color Coats to the Car. The Entire Quantity Should be Used in Putting a Uniform Covering on the Surface to be Finished. This will Require About One and a Half Hours.

The Color Coats Should be Allowed to Dry Over Night Before Further Treatment.

(B) Sanding: Using the 240 and 320 Manning Speed Grits or Equivalent and Proceeding as Described Under Paragraph No. 5-B, the Car Should be Sanded Until the Surface is Smooth and Free from Imperfections Produced in the Spraying.

(C) Pumice Rubbing: Now Rub the Car with a Half inch Felt Pad, Water and FF Pumice Until Sandpaper Marks are Removed.

(D) Rottenstone Rubbing: The Surface is Rubbed with Rottenstone and Water to Obtain a Final Polish.

A Higher Polish Than is Obtained by the Above Method May be Obtained by Using Any One of the Many Cutters and Polishes Now on the Market for this Purpose. The Entire Time Required for the Final Rubbing and Polishing is About Eight Hours.

7. FINISHING OF WHEELS:

(A) Metal Disc Wheels: Metal Disc Wheels Should be Finished in the Same Manner as the Body.

(B) Wire Wheels: Wire Wheels are Sprayed with One Coat of Zapon Undercoat and this Treatment Followed Up with Sufficient Zapon Auto Enamel to Produce the Desired Finish.

(C) Painted Wooden Wheels: Painted Wooden Wheels Should First be Sanded Smooth, Then Sprayed with One Coat of Zapon Undercoat to Protect the Paint from the Action of the Enamel. The Undercoat Should be Allowed to Dry Over Night Before the Application of the Subsequent Coats.

If the Surface is Not Sufficiently Smooth, Apply Zapon Sand Surfacer and Sand Smooth, or Else Spray with Sufficient Auto Enamel to Give the Desired Finish.

8. CHASSIS FINISHING:

The Chassis, Having Been Thoroughly Cleaned, Freed from Oil, Grease, Etc., is Sprayed with Any Good Chassis Enamel.

NOTE—For Zapon Brushing Lacquer See Household Section of Catalog

AUTOMOBILE LIFTS—CURTIS ROTATING

Oil Locked

With Both Free-wheel and Roll on Types, the Oil-Locked Valve Makes it Possible for the Same Air that is Used to Lift the Car to be Used also for Spring Spraying, Operation of Accurate Gun, Etc., Without Affecting Position of Lift. An Exclusive Curtis Feature.

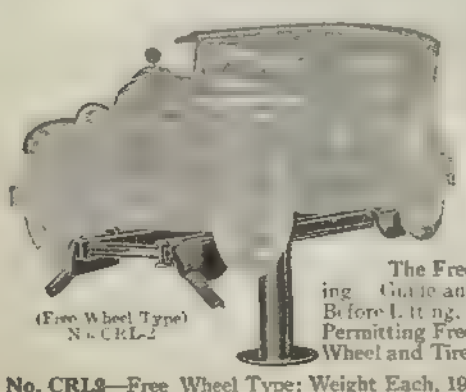
The Installation Expense is Nominal. The Cylinder is Buried in Concrete. Use of Air is Very Economical. You Can Operate With Small Compressor.

Saves Time With Safety

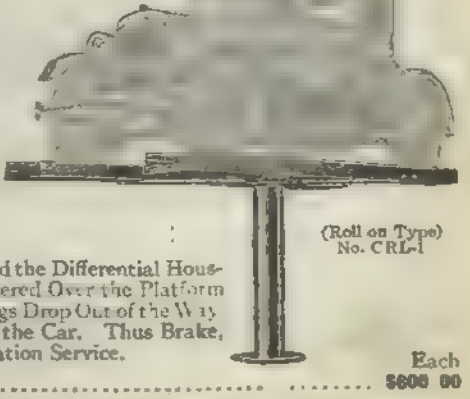
The Curtis is a Hydraulic Lift. The Entire Load is Supported on a Column of Oil, Not Air and is Held by a Hydraulic Check Valve. Oil is Not Compressible Like Air. Therefore it Does Not Supply Mercy an Unstable "Cushion" On Which the Weight Rests But Rather a Solid Support as Unyielding as Steel or Cement. The Curtis Lift, Once Raised, is Definitely and Solidly fixed in Position. It Will Not Descend a Fraction of an Inch, Except by the Deliberate Choice of the Operator. Hence the Term—"Oil Locked."

Specifications

The Curtis Rotating Lift Consists of 12-inch Diameter Cylinder, 10½-inch Diameter Piston Rod, Platform of Either the Roll-On or Free-Wheel Type, Oil Storage Tank with Filling Plug, Gauge and Vent Cock, Two Operating Valves and Air Gauge, One Safety Foot-Operated Oil Check Valve, One Socket Wrench, for Packing Gland, and Bucketholder for Draining Crank Case. Shipping Weight, 1920 lbs.



(Free Wheel Type) No. CRL-2



(Roll on Type) No. CRL-1

No. CRL-2 Free Wheel Type

The Free-wheel Type Platform Lifts the Car by the Front Axle and the Differential Housing. Guide and Stop Castings Insure the Car Being Automatically Centered Over the Platform Before Lifting. When in the Upper Position These Guide and Stop Castings Drop Out of the Way Permitting Free Rotation of the Wheels and Easy Access to All Parts of the Car. Thus Brake, Wheel and Tire Service are Readily Rendered, as Well as Chassis Lubrication Service.

Each

No. CRL2—Free Wheel Type; Weight Each, 1920 lbs. **$600 00**

No. CRL-1 Roll-On Type

Car is Driven Directly on Runway Beams. Ends of the Beams are Bent Downward so that the Wheels Roll on Easily. Chocks Block the Car Securely in Place. Instant Access is Given to Every Bearing on the Chassis.

Each

No. CRL1—Roll-On Type; Weight Each, 1920 lbs. **$600.00**

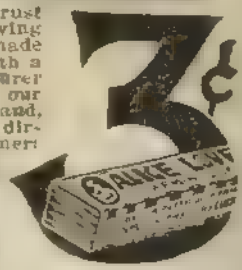
5 Sticks of CHEWING GUM

Full Size—5 Sticks to the Pack



Why pay trust prices for Chewing Gum? We have made arrangements with a leading manufacturer to put up for us our own special brand, and by selling it direct to our customers in original cartons, we are able to offer you a high grade of Chewing Gum for just about HALF the usual retail price. Just think, as good a Chewing Gum as you can buy anywhere, for ONLY 2½ cents per package, and we pay the postage in addition. In order to obtain the benefit of this price you must order in original boxes, as listed below. Please bear in mind that the quality has not been sacrificed in order to quote this price; as a matter of fact it is our contention that the well-known "Trust" brands could be marketed at the same prices we offer if the costly selling and advertising and middlemen's expenses were to be eliminated. 5 full size sticks to the package. A sample package will be sent post-paid upon receipt of three cents. Send for a sample, try out the flavor, and then order by the carton at our money-saving prices.

No. 0144. Alice Love Chewing Gum Price Per Carton of 20 Packs. 50c

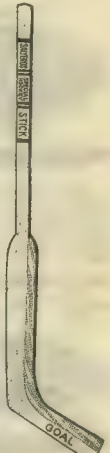
Loose

SALYERDS.

ONE PIECE ROCK ELM.

Made from the most carefully selected second growth rock elm, thoroughly seasoned. The Salyerds sticks have been made for both the Canadian and American markets and have always satisfied the trade. All leading clubs use them.



No detail has been neglected in making and they are first class in every respect.
Boy's sticks are same quality as men's, but smaller in size. Goal keeper's stick is made full limit of the size allowed under the rules. This is done by adding a strip of wood attached firmly and in such a way as to make the stick more effective than the ordinary style.

SCOUT.

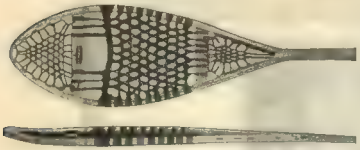
SNOW SHOES.

SOMETHING BETTER THAN REGULAR GOODS.

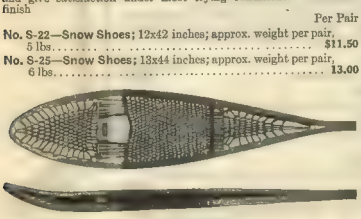


These snow shoes are made of the very best quality of white ash butts. This wood combines lightness, toughness of fibre and just the right spring to a remarkable degree. The filling is made of selected cowhide. It is strong and will not stretch or sag in soft snow or slush. Models are very graceful, 3-inch turn at toe, and give satisfaction under most trying conditions. Varnished finish

Per Pair

No. S-22—Snow Shoes; 12x42 inches; approx. weight per pair, 5 lbs. **$11.50**

No. S-25—Snow Shoes; 13x44 inches; approx. weight per pair, 6 lbs. **13.00**



This shoe is known as the Alaska Trapper's shoe, with long 8-inch curve at the toe and hand made bows. This shoe is extensively used in Alaska by hunters and trappers and also by power line patrols. It has a very finely woven mesh. Varnish finish.

Per Pair

No. S-29—Snow Shoes; 12x60 inches; approx. weight per pair, 6 lbs **$17.00**

BEAR PAW.

Per Pair

No. S-88—Snow Shoes; Bear Paw style, used in mountains of the Northwest, designed to stand the hardest tests of service, 15x24 ins. **$12.00**

Weight, per pair 3 lbs.

SAVAGE HEALTH MOTOR

MODEL A

A COMPACT, PORTABLE, EFFICIENT EXERCISER AND REDUCER

Model A—the original Savage Health Motor is furnished with elastic oscillator belt, washable slip-over cover, and handsome black carrying case

Health-Motor provides the manipulative and vibratory action to stimulate the stomach, spleen, liver, kidneys, bladder, intestines and glandular centers, as well as the muscles and tissues.

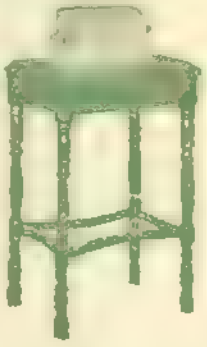
By stimulating the internal organs and quickening the muscles, the Health-Motor prevents or corrects intestinal stasis. By the elimination of waste matter and toxic por- [illegible] intestinal toxemia, or as more commonly [illegible]

Model A

The action of the Health-Motor is not severe. Any person in normal health need have no apprehension in using it. In the event of a real or fancied ailment, when infection may be present or immediately after an operation, it is best to consult your physician as to [illegible]

MODEL B

Original, stylish "radio speaker" design. Beautiful crackle and nickel finish. All metal, one-piece housing. Variable stroke adjustment for graduations of light surface or deep tissue massage. Two oscillator belts—wide and narrow. Famous original Savage adjustable "anchor strap." [illegible] driving belts or gears—all moving parts concealed. All this at a popular price.



Model B Mounted on Savage Table

Model B Mounted on Savage Pedestal and Pedestal Platform

A few minutes with the Health-Motor night and morning will do this for you.

By serving as a complete substitute for the usual form of time taking and costly exercises, the Health-Motor proves [illegible]nomical. It is highly efficient in evenly and thoroughly exercising all the muscles and vital parts, which no one conventional sport or set of exercises accomplishes.

EXERCISERS

GONSETT VIBRATOR

Reduces—Massages—Exercises

Awakens the blood circulation, influences every structure and function of the body; aids digestion and produces sleep. The rapid penetrating motion waves are sent through the belt or cap at the rate of 60 per second and carry to the innermost parts of the body. Not a tissue escapes the perfect mechanical movement. Removes excess weight without producing needless muscular development, chases pain, and helps keep you in health. It is most soothing to the nervous person. The many vibrations, from [illegible] the heaviest, can be obtained instantly [illegible] obesity, rheumatism, neuralgia, headaches, scalp massage, [illegible] neuritis, constipation, kidney and liver trouble, [illegible] go, nervousness, poor circulation, stiffness [illegible] will give satisfactory results.

No parts to oil. Can be used any place where [illegible]. Most of the exercises can be taken sitting down [illegible]

Gonsett [illegible]

Hibbard STAINLESS SPORTSMAN'S KNIFE

WITH FISH HOOK DISGORGER

The long slender blade is ideally suited for sticking and skinning, cutting bait, cleaning, slitting or scaling fish and for innumerable other purposes a knife is put to while fishing, hunting or camping. The Fish Hook Disgorger comes in mighty handy for dislodging the hook swallowed by the hungry fish. A dandy knife too, for any farmer, carpenter or mechanic.

No. C2948S Hibbard—Has one long slender but substantial blade, nicely finished, stag handle, brass lined, nickel silver bolster, nickel silver slotted and grooved cap which acts as a fish hook disgorger, nickel silver shield is shaped like a fish, stainless steel lining, nickel silver rivets, length when closed 5 in., per dozen $23.90

HALF DOZEN IN A BOX

PUSH BUTTON PATTERN

A popular pattern with the colored gentlemen. The safety slide makes this knife absolutely safe to carry; on the other hand, it takes but a second to open up the blade with one hand. Simply push back safety slide, press button and blade springs into position ready for instant use. Knife is also made safe when open by pushing safety slide forward thus eliminating any possibility of blade closing and cutting the fingers while knife is being used.

One long clip point blade, highly polished on front side. **Brown Lined Cream Pyralin Handle,** brass lined, nickel silver cap and bolster. Length when closed 4 in.

No. C1514P—Schrade Safety Push Button, per dozen $26.65

ALL ABOVE HALF DOZEN IN A BOX

MINIATURE WATCH CHARM JUNIOR SCOUT KNIVES

Makes a dandy watch charm or anchor for watch chain. A handsome and popular novelty. Opens and closes like a regular size knife. Every scout will want one of these knives.

One small spear point blade, nicely finished, brass lined, nickel silver bolsters, shield and toggle for fastening to watch chain, length when closed 1⅞ in.

No. G01110—Assorted 6 Each with Stag and Shell Celluloid Handles on a handsome easel display card.....per dozen $4.45

TWO DOZEN IN A PACKAGE

PICKANINNY CHARM-KNIFE

Miniature size of the famous Society or Switch Knife, so popular with the colored gents. Makes a dandy watch charm or anchor for watch chain. Opens and joins like a regular pocket knife.

Imported—Only About One Half the Length of a Match.

No. G01130—One small chip point blade, nicely glazed, stag pattern handle, metal cap, bolster and lining, full length when closed, exclusive of toggle ring on end, 1⅛ in., per dozen $4.45

ONE DOZEN ON AN ATTRACTIVE EASEL DISPLAY CARD
WE DO NOT BREAK CARDS

"THE CHIEF" CHARM KNIVES

Miniature copy of the famous Ethiopian Beauty, a favorite with the colored race. Opens and closes like a regular Pocket Knife. Makes an ideal watch charm or anchor chain. Not including the toggle measures only about half the length of a match.

No. G01114—The Chief, one small clip point blade, nicely glazed, stag pattern handle, nickel silver cap, guard, bolster and lining, length when closed not including toggle 1⅛ in.....per dozen $4.45

ONE DOZEN ON AN ATTRACTIVE EASEL DISPLAY CARD ON WHICH IS PASTED A PICTURE OF AN INDIAN CHIEF MOUNTED ON A HORSE

BABY BASEBALL BAT KNIVES

A handsome and popular novelty watch charm or anchor for watch chain. Every baseball fan will want one. Miniature size. Only half as long as a match.

Imported

No. G01109 — One small clip point blade, highly polished on front side, hickory grained celluloid handle, brass lined, brass hollow bolster, spring extends from end of handle and has hole punched through same, so that knife can be attached to watch chain, key ring or key chain. Handle of knife is shaped to represent baseball bat, per dozen.....$4.45

ONE DOZEN ON A HANDSOME DISPLAY CARD, SHOWING CASEY TO BAT. WE DO NOT BREAK CARDS

per dozen **$26.65**

HALF DOZEN IN A BOX

Reg U. S. Pat Off.

Do you know whose trademark this is? *So do a lot of your customers!*

Push the button and the blade opens automatically. Safety slide locks the button with the blade open or closed. DOUBLE-LOCKED—the only Safety Knife that is actually Double Locked. It requires two motions to unlock and open the knife—therefore safe, both conveniently done with one hand.

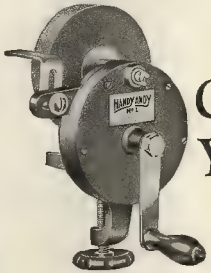
This Is It—

PIKE "Handy Andy"

They're All Selling It—



So Can You!

A great field opens to you in the small shop without electrical power, where the efficiency of the Pike "Handy Andy" makes it a most welcome tool. The four sizes in which the "Handy Andy" is made offer every such shop the grinder it needs.

Many a home, too, needs a grinder—and is "always going to get it." Display the Pike, make it the reminder and make the homes happy.

So easy running, and the Pike Vitrified Grinding Wheel is a sure, keen, fast cutter. The machine-cut helical gears give it unerring accuracy. Genuine auto body enamel finish imparts to the Pike that high-class look it deserves.

The modest price helps sell it.

If your Jobber cannot supply you, write us.

ALL ABOVE THREE DOZEN IN A BOX

BELLS.

LEADER.

PLAIN.

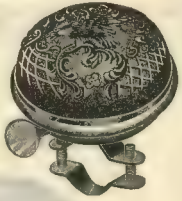
A low priced bell of unusual value. The gongs are made of wrought steel and the operating mechanism is equal to that used in some of the higher priced bells.

Per Dozen

No. S-22—Bicycle Bells; 2-inch; weight per dozen, 6 lbs. **$4.20**

LEADER.

FANCY.

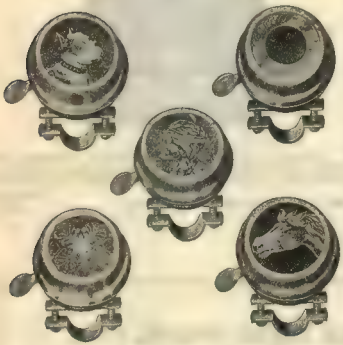


This bell has the same mechanism as the Leader Plain, with a gong of cast bell metal ornamented with eagle, scroll and lattice design in strong relief.

Per Dozen

No. S-LF—Bicycle Bells; 2½ inch; weight per dozen, 7 lbs. **$6.50**

MASCOT.



This assortment consists of twelve handsome bells with flat top gongs enameled in brilliant colors and showing unique Mascot designs. The gongs are steel and are electrically welded to the hub of the bell mechanism. The tone is, therefore, unusually pure and free from clatter. Each dozen bells are individually boxed in a container. Two each of the following designs comprise the regular assortment: Boy Scout, Pocahontas, Horse, Dog, Grecian and Scroll.

Per Assortment

No. S-M—Bicycle Bell Assortments; weight per assortment, 4 lbs. **$6.00**

BICYCLE HORNS.

SEISS.

A miniature automobile Horn. Every part interchangeable. Beautiful in design. Emits a loud sound at the slightest touch of the plunger.

Per Dozen

No. S-100—Bicycle Horns; for handle-bar attachment; size, 3x3 inches; weight, 1 lb.; all black finish **$12.50**

A double acting bicycle warning signal that will command attention with a loud auto tone signal, having no small springs, ratchets or pawls. Nickel plunger; finished in glossy black enamel, heat baked.

Per Dozen

No. S-B—Bicycle Horns **$19.20**

TROUSER GUARDS.

Per Dozen Pairs

No. S-14—Trouser Guards; enameled, flat spring steel; weight per doz., 1 lb. **$0.80**

BICYCLE LAMPS.

ELECTRIC HEAD.

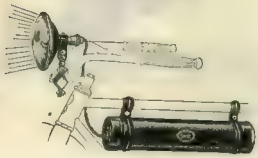
Projects a brilliant powerful road light ahead. Standard auto type of switch controlled by convenient lever. Bulb is locked in socket, no possible chance to work loose and break contact.

Separate solid brass silver plated inner reflector, Mazda bulb, connecting cable, 3¼-inch convex lens and container for one standard No. 6 dry cell battery. No batteries furnished. Black japan finish.

Each

No. S-30—Bicycle Lamps. $2.70

ELECTRIC SPOTLIGHT.



Delivers a powerful, penetrating road illumination. Ball socket joint moves up, down, forward or back. 4½-inch wide angle reflector, solid brass polished and silvered. Bulb socket cannot loosen with vibration. 2.4 volt Mazda lamp; knurled switch; ample cable and container for two batteries. Lustre japan finish with nickel fittings. No batteries furnished.

Each

No. S-40—Bicycle Lamps; two battery outfit. $4.00

REFLECTORS.

REAR.

Per Dozen

No. S-28—Bicycle Reflectors; 2¼-inch diameter; made of imported ruby glass with a mirrored back, very powerful, incased in aluminum; 12 reflectors on an attractive display card. $4.00

REFLEX LIGHTS.

Attach on tip of rear bicycle mud guard. Lenses are Bohemian bronsed ruby jewels and reflect an extremely powerful red danger signal. Twelve jewels on attractive dealers' counter display.

Per Dozen

No. S-24—Bicycle Reflectors; 1¼-inch $3.00

For quality goods and right prices, you can make no mistake by making your selection from this Catalogue.

THE FAMOUS

JUNGLEGYM Junior

★DIAMOND EDGE AXE WEDGES

★DIAMOND EDGE
TRADE MARK REGISTERED IN THE U. S. PAT. OFFICE.

The *DIAMOND EDGE* Axe Wedge is Used by Us Exclusively in Handling Axes, Because it Cannot Work Loose from the Handle, but can be Driven Further In, Should the Wood Shrink.

We do not Sell These Wedges Alone.

Illustration Shows Wedge, Full Size

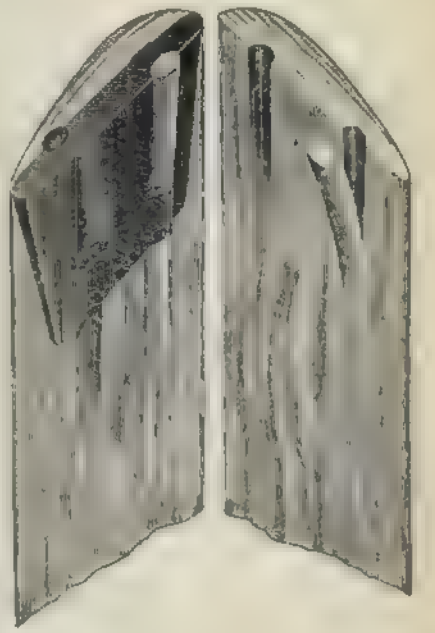
★DIAMOND EDGE
TRADE MARK REGISTERED IN THE U. S. PAT. OFFICE.

The *DIAMOND EDGE* Axe Wedge is Used by Us in all Styles of Our Handled Axes. Our Exclusive Brands as well as Manufacturers, Brands are Handled by Us in our Own Plant, and no Other Wedge is Used.

The *DIAMOND EDGE* Axe Wedge Positively Prevents the Axe Flying Off the Handle. It Cannot Work Out, but can be Driven Further in, Should the Handle Shrink. The Wedge Cuts its way into the Handle, and in doing so, Separates Two Slivers from the Inside of Handle, One on Each Side of Wedge, as Illustrated Below; these Slivers form a Binding Wedge on Either Side of the Metal, which **Prevents the Wedge from Working Loose.** This Feature is the Strongest Point Possessed by this Wedge and will Appeal Strongly for Favor with Practical Wood Choppers. The Superiority of this Wedge over All Others, Together with our Complete Equipment for the Correct Handling of Axes, Gives this Department of Our Business a Distinct Advantage, over any Other Establishment Selling Handled Axes.

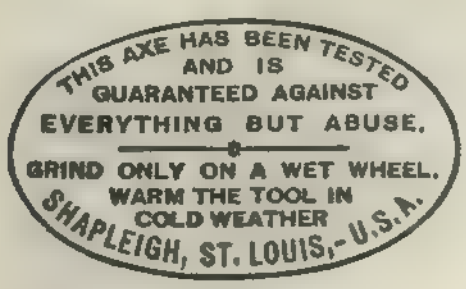
Illustration Shows Wedge as it Appears in Axes Handled in Our Own Plant.

Illustration Shows Wedge Driven in Handle and Handle Pulled Open to Show Binding Effect Produced by Action of Wedge.



The Sliver Lock

Illustration Shows Handle Broken Open to Show the Two Round Slivers Cut by Wedge.



THIS AXE HAS BEEN TESTED AND IS GUARANTEED AGAINST EVERYTHING BUT ABUSE.
GRIND ONLY ON A WET WHEEL.
WARM THE TOOL IN COLD WEATHER
SHAPLEIGH, ST. LOUIS, U.S.A.

Illustration Shows Facsimile Stamp Covering Our Guarantee on Axes which is Placed on the Upper End of the Handle.

Illustration Shows Crate of Handled Axes as Put Up by Us for Shipment. All of our Handled Axes are Put Up in Crates of One Dozen. The Axes are Held Firmly and Securely in Place and do not Rub or Scratch Each Other. The Handles are Covered with a Cloth Bag and Securely Tied, Protecting Them from Dust, Dirt, Water and Damage in Shipping and Storing.

SINGLE BIT AXES

*DIAMOND EDGE

TRADE MARK REGISTERED DE IN THE U.S. PAT. OFFICE

Full Polished and Etched

DIAMOND EDGE Axes are Recognized as Being the Best Made. They are **Hand Tempered** by an Improved Process. Every Axe Carefully Tested Before Leaving the Factory. This Practically Prevents Axes with Flaws or Soft Cutting Edges Reaching the User. It also Insures Uniformity of Temper, without which an Axe will not Hold a Fine Sharp Cutting Edge.

The **Eye is Tapered**; this Holds the Handle Firmly and Prevents its Splitting.

In Ordering Axes on this Page, Give Numbers and Weights Only

SINGLE BIT AXES

*DIAMOND EDGE

TRADE MARK REGISTERED DE IN THE U. S. PAT. OFFICE

Gold Bronzed and Labeled; Polished Bit and Head

DIAMOND EDGE Axes are Recognized as Being the Best Made. They are **Hand Tempered** by an Improved Process. Every Axe Carefully Tested Before Leaving the Factory. This Practically Prevents Axes with Flaws or Soft Cutting Edges Reaching the User. It Also Insures Uniformity of Temper, without which an Axe will not Hold a Fine, Sharp Cutting Edge.

The Eye is Tapered; This Holds the Handle Firmly and Prevents its Splitting.

In Ordering Axes on this Page, Give Numbers and Weights Only

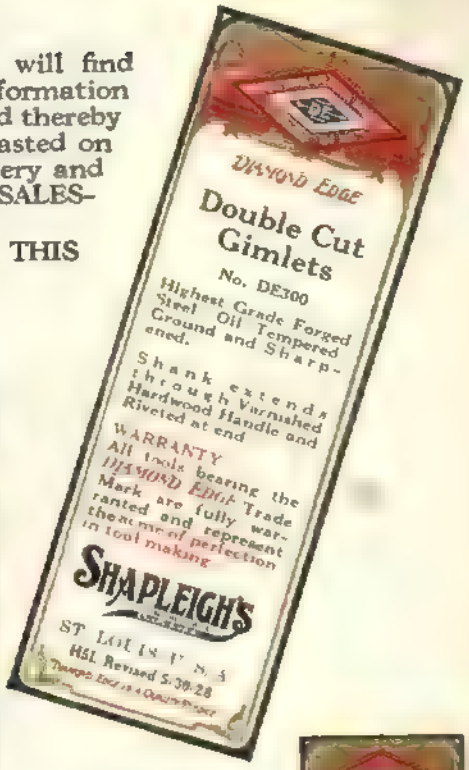
DIAMOND EDGE HINT SLIPS

A HELP TO RETAIL SALESMAN. The retail dealer will find these Hint Slips a benefit to his clerks. Valuable information is printed thereon which very often is a necessity and thereby helps sell the goods. One of these Hint Slips is pasted on every box containing DIAMOND EDGE Tools or Cutlery and gives the necessary sales talk to HELP RETAIL SALESMEN SELL THE GOODS.

THIS IDEA OF HELPING THE RETAILER IN THIS MANNER WAS

"ORIGINATED BY US"

DIAMOND EDGE
DRILLS
Made in U. S. A.
MANUFACTURE—
DIAMOND EDGE
DRILLS are made of highest grade carbon drill steel, full polished, uniform in size. Bit brace shanks will fit any brace on the market
TEMPER
DIAMOND EDGE DRILLS are all tempered, to cover the widest possible range of service and are not easily injured in contact with screws or nails
WARRANTY
All tools bearing the DIAMOND EDGE Trade Mark are fully warranted and represent the acme of perfection in tool making
SHAPLEIGH'S
ST. LOUIS, U. S. A.
H5E Revised 5-11-26



DIAMOND EDGE
Double Cut Gimlets
No. DE300
Highest Grade Forged Steel Oil Tempered Ground and Sharpened.

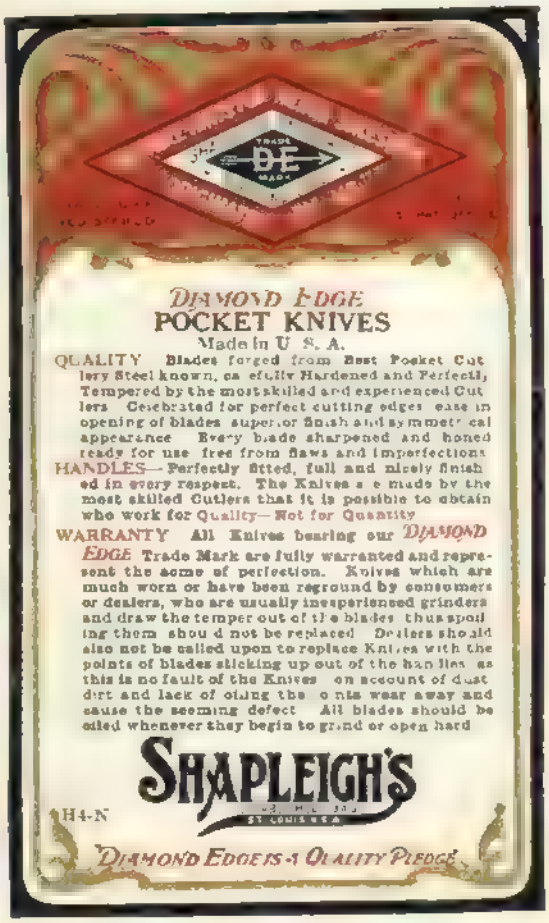
H5L Revised 5-30-28

"ORIGINATED BY US"



DIAMOND EDGE
POCKET KNIVES
Made in U. S. A.
QUALITY Blades forged from Best Pocket Cutlery Steel known, as carefully Hardened and Perfectly Tempered by the most skilled and experienced Cutlers. Celebrated for perfect cutting edges, ease in opening of blades, superior finish and symmetrical appearance. Every blade sharpened and honed ready for use, free from flaws and imperfections.
HANDLES—Perfectly fitted, full and nicely finished in every respect. The Knives are made by the most skilled Cutlers that it is possible to obtain who work for Quality—Not for Quantity
WARRANTY All Knives bearing our DIAMOND EDGE Trade Mark are fully warranted and represent the acme of perfection. Knives which are much worn or have been reground by consumers or dealers, who are usually inexperienced grinders and draw the temper out of the blades thus spoiling them, should not be replaced. Dealers should also not be called upon to replace Knives with the points of blades sticking up out of the handles as this is no fault of the Knives, on account of dust, dirt and lack of oiling the joints wear away and cause the seeming defect. All blades should be oiled whenever they begin to grind or open hard
SHAPLEIGH'S

DIAMOND EDGE
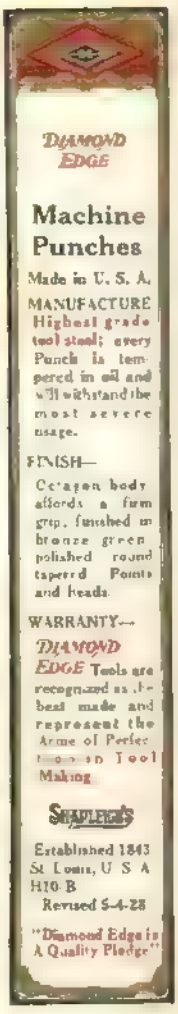
SOLID CENTER AUGER BITS
ADVANTAGES
DIAMOND EDGE Solid Center Auger Bits are forged of the highest grade tool steel, best adapted for Auger Bits. They are very strong and the rib or solid bar in the center gives them added strength over other types of bits. Solid center bits bore very rapidly and in addition to the open twist there is plenty of clearance and will not choke
FINISH
The entire bit with the exception of the bit brace shank is highly polished. The screw is accurately cut, the cutters are very sharp and tool is carefully tempered. They will hold cutting edge long and can be easily sharpened
WARRANTY
DIAMOND EDGE Solid Center Auger Bits like all DIAMOND EDGE Tools are warranted in every particular and represent the Acme of Perfection in bit making
SHAPLEIGH'S
ST. LOUIS, U. S. A.
H1-L



DIAMOND EDGE
Machine Punches
Made in U. S. A.
MANUFACTURE
Highest grade tool steel; every Punch is tempered in oil and will withstand the most severe usage.
FINISH—
Octagon body affords a firm grip, finished in bronze green polished round tapered Points and Heads.
WARRANTY—
DIAMOND EDGE Tools are recognized as the best made and represent the Acme of Perfection in Tool Making
SHAPLEIGH'S

MOSKITO FLYER

The Amazing New Model Plane That Is Breaking All Records

FLYS

from 3 to 8 Minutes

You can be as sure the Moskito Flyer will really fly as you are there will be a flame when you strike a match.

It has none of the drawbacks of most model planes—and many exclusive features found in none. The most important is the *slow revolving* propeller which turns for many minutes instead of a few seconds—and has the power to send the Moskito Flyer soaring through the air for hundreds of feet.

This plane is not an experiment. It is a proven success in flying performance and in sales. Entered in many contests, it always walks away with first prize—now selling in the biggest metropolitan stores and more are ordering daily.

Sell the boys a model plane whose flying ability will delight them instead of send them back with a kick. Get going with the Moskito Flyer—it is your best bet for sure and untroubled airplane profits.

SEND *for* SAMPLES *And Prices*

RETAILS FOR ONE DOLLAR

All parts packed in unique, attractive tube, together with simple instructions for assembling. *Beautiful four-color counter card that makes sales without demonstration FREE with every order.*

SILVER ACE

Silver Ace Tri-Motor Fokker Monoplane

SILVER ACE models lead in the Air. They are expertly designed and built by aero engineers so the normal child can secure satisfactory results, flights up to 2000 feet having been recorded. A good many grown-ups find real pleasure in model flying, too. The sport combines fun and science—a science that has more appeal today than any other. All-the-year profits come from the fine Silver Ace line of construction sets, ready-to-fly models and supplies.

Beautiful new catalog on request.

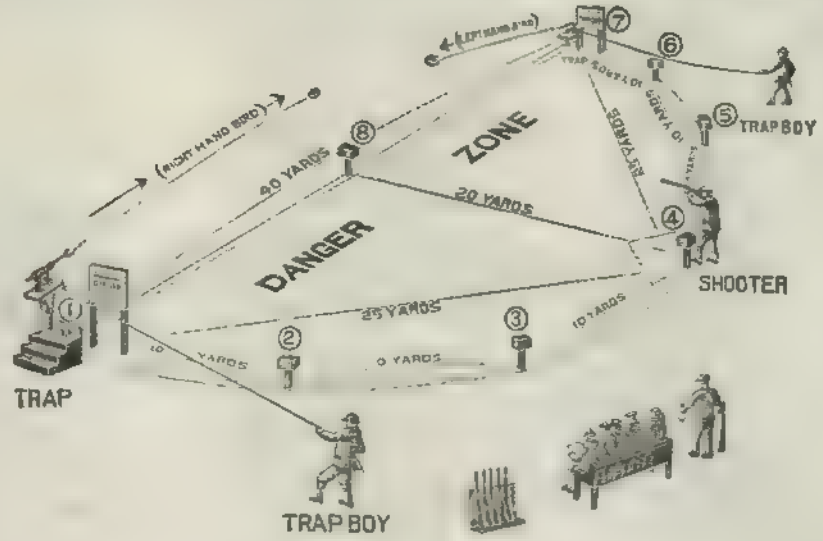
SKEET

The New Game of Trap Shooting



Layout of SKEET Grounds

Skeet Requires Two Skeet Traps—A Piece of Waste Land over Which to Shoot—An Auto to Take You, Your Friends and the Skeet Traps There. Skeet Like Golf is a Game of Sporty Chances. Full of Bunkers and Hazards. Skeet gives the Shooter Problems in Wing Shooting the Same as he Actually Encounters in Hunting.

In conducting a game of *Skeet* the following method is used. First shooter steps to Station 1 and the target is released from Trap 1. This gives the shooter a so-called "Straight-away" shot and is known as 1R on the Score Card. As Soon as the Shooter has Reloaded His Gun, a Target is Released from Trap 7. This shot is known as an "Incoming" Because of its Coming Towards the Shooter and is Recorded on the Score Card as 1L. Two Shots are Fired from Station 1 by Each Shooter, then he Moves to Station 2. As Soon as he Takes his Position at Station 2, Target is Released from Trap 1. Another Target is Released from Trap 7. He then Moves on to Stations 3, 4, 5, 6 and 7. Then, to Complete the Program, Shooter Goes to Station 8 Which is in the Center of the Grounds and Shoots at One Target from Both Trap 1 and 7. These are the hardest shots on the Program. Now Comes the Doubles from Stations 1, 2, 6 and 7. In Shooting Doubles, 2 Shells are Put Into the Gun and Both Traps are Pulled at the Same Time. The Shooter Shoots at the Going Away Target First and the Incomer with the Second Barrel. The Total Number of Shots up to This Point is now 24 and to Round Out the Program, the Shooter has an Optional Shot which may be Taken from any Regulation Station or Either Trap. He will naturally Choose the Shot he Considers the Easiest in Order to Bring up His Score.

Skeet Means Increased Sales of Shells, Targets and Traps

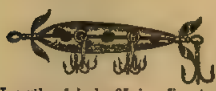
SOUTH BEND BAITS

UNDERWATER MINNOWS

Standard type of underwater minnow, used for casting or trolling. Equipped with spinner at both front and rear. Treble hooks are attached with countersunk screw-eye, trebles easily removed by simply unscrewing and lifting out. This bait, while primarily designed for all species of fresh water fish, has also proven effective for salt water species such as Striped Bass, Rovallo, etc.

FIVE TREBLE



Length of body 3¾ in., five treble hooks, w't 1¼ ozs.

No. C905RAIN—Rainbow color, per dozen *$12.00*

No. C905GCB—Green cracked back, white belly.....per dozen *$12.00*

No. C905RH—Red head and white body.... .....per dozen *$12.00*

ONE IN A BOX
ONE DOZEN IN A CARTON

MIDGET UNDER WATER

MIDGET

Body is weighted and bait is of underwater type, equipped with front spinner, three No. 2 treble hooks and glass eyes.

No. C901RH—Red head and white body.....per dozen *$10.20*

No. C901SF—Green scale finish, per dozen *$10.20*

ONE IN A BOX

MUSK-ORENO

Especially designed for Muskellunge and large Pike. It is a combination of the underwater and the surface type baits, diving, darting and zig-zagging in a minnow-like course when being reeled and floating when not in motion. Used for casting or for trolling.

No. 976RH—Body is 4½ in. long. Hooks are 1-0 super strong hollow point, with all trimmings are extra heavy. Red head, white body, per dozen *$15.00*

ONE IN A BOX

THE FAMOUS BASS-ORENO

Wobbler type of bait, used for casting or trolling. Has a wonderful erratic action, irresistible to game fish. In motion it dives, dashes, darts and wiggles much like an injured fish. Not in motion it floats.

3¾ in. body, made of red cedar wood, and has a high finish enamel, w't each ¾ oz. Equipped with three No. 1 Treble Hooks.

No. C973RH—Red head and white body .....per dozen *$12.00*

No. C973Y—Yellow body with red head black striped decorations, per dozen *$12.00*

No. C973R—Solid red color, with black nose .....per dozen *$12.00*

ONE IN A BOX

PIKE-ORENO

As its name implies, the Pike-Oreno is designed especially for Wall-eye Pike and large Pickerel. However, has proven effective for Bass and other game fish—even Muskie.

The Pike-Oreno travels deep, due to its particular construction. The grooved head is fitted with a nickel-plated metal head plate, peculiarly shaped and extending below or beyond the length of the groove, causing the bait to submerge from 4 to 8 feet, depending upon the speed with which it is reeled. Has the same diving, darting, wobbling action in motion as the famous Bass-Oreno.

Body length is 4¼ inches. Equipped with three treble hooks, extra strong.

No. C975RH—Red head and white body .....per dozen *$12.00*

No. C975SF—Scale finish, green, per dozen *$12.00*

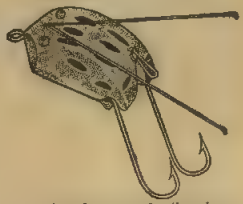
ONE IN A BOX

A neat, attractive assortment of one dozen of the Pike-Oreno baits. Assortment consists of golden-rod yellow box containing two layers, six boxes to a layer. Assortment of colors RHA-RH-RAIN-SF-RSF-YP.

No. C388—Half dozen assorted, per assortment *$6.00*

ONE ASSORTMENT IN A BOX

NEW WEED BUG BAIT



Here is a lure to take the place of the pork chunk and live frog. It is superior to the pork chunk because it floats when cast, and the hooks are presented in a better position to receive the strike. The head is so shaped to go through the reeds and lilly pads and has planes to take the bait up over the moss and weeds. These planes also make a ripple and throw a spray when the bait is retrieved. It has a hook at the rear for attaching the pork rind, and the wave-like motion of the rind makes the lure still more attractive. This lure can be thrown into any kind of reeds, pads, weeds or rushes and will come back through them without fouling. At the same time it gets all fair strikes. It is the bait to use in the bad places where other baits cannot be used, and on dark nights. Length of body 2 in., w't ⅜ oz.

No. C2800—Weed Bug, yellow body, green wings .....per dozen *$12.00*

No. C2819—Weed Frog, Meadow Frog colors .....per dozen *$12.00*

ONE ASSORTMENT IN A BOX

SOUTH BEND GUARANTEED FISH-ORENO

THE BAIT WITH THE INSURANCE POLICY

Only lure ever produced that is guaranteed by manufacturer to catch fish. Covered by an insurance policy attached to bait, that is backed by resources of South Bend Bait Co. Can be sold to any angler with positive guarantee of "money back" if not satisfied after one year's use.

Fish-Oreno is an innovation constructed along similar lines to our famous Bass-Oreno. It has a highly polished nickel head plate which sinks bait at approximate rate of 2 feet per second to any desired depth, where, when retrieved, it performs in an erratic, wobbling, quivering, zig-zag fashion so enticing to game fish. It is, particularly desirable for hot weather fishing, when a bait that will travel deep, and still not sacrifice action is wanted by angler.

Body length over all 3¾ in., equipped with two extra strong treble hooks, highly nickel plated, enamel lacquer finish, w't per doz. 1¼ lbs.

No. C953RH—White body, red head and highly nickeled plate in front of red head.....per dozen *$15.00*

ONE DISPLAY IN A CONTAINER WITH ATTRACTIVE COUNTER EASEL

SOUTH BEND DART-ORENO

A very attractive single hook pork rind lure with extremely lively enticing action.

Besides the attraction of a highly polished metal body and the bright combination of hackle and bucktail, the quivering pork rind sweeps back and forth across the hook. It is the livest lure of this type offered the angler. The pork rind is attached well ahead of the hook and sweeps back and forth directly above the hook, which points up and is not impeded by any type of weed guard. The Dart-Oreno is a semi-surface lure and when the fish is hooked the fight is practically on the surface, giving the thrill of a surface bait. W't ⅝ oz. Although there is no weed guard, the hook rides point up with the head-plate slightly higher in the water, and in this manner the lure will come through most weeds. This also accounts for its great effectiveness in getting strikes, as the hook is presented in an ideal position.

We recommend the use of No. C266 Jack's Pork Rind Min-Oreno with this lure.

STEELCRAFT

PRODUCED BY
THE MURRAY OHIO MFG. CO.
CLEVELAND

At the Top of the List Fast Selling—Profitable

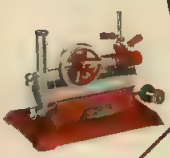
Thousands of little girls are going to head their Christmas lists with Empire Miniature Electric Ranges, that actually cook and bake—that have attractive colored panels, control switches, oven thermometers and aluminum cooking utensils. And these little girls are not going to be disappointed. There's an Empire Range to suit every pocketbook. And the educational value wins the approval of parents.

For the boys, Empire builds a complete line of Electric Steam Engines and accessory toys. No fire—no danger. They are fast, powerful and exclusive in design.

Electric Kitchenette Range—B-25. Cooks and bakes as efficiently as a large range.

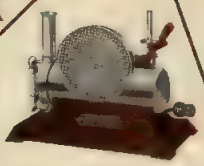
Empire Miniature Electric Range—B-24.

Empire Miniature Electric Range—B-26.



Empire Electric Steam Engine—B-30. Also vertical and twin types.

Battery Engine—B-32. Looks and runs like a steam engine. Operates on one dry cell.



Electric Steam Engine Turbine Type B-35.

Liberal discounts, six color window displays, envelope stuffers and a strong national advertising campaign will help you sell this profitable Empire line. Send for the new broadside showing the complete line.

Windmill Pump—B-36 Actually pumps water in a continuous stream. A new engine accessory, attractively finished with red duco base and nickel trimmings.

SHAPLEIGH'S POINTERS

Skeet—

The new game of Trap Shooting—
Like Golf—is a game of Sporting Chances,
Full of Bunkers and Hazards,
it gives the Shooter problems in Wing Shooting
the same as he actually encounters in hunting.

See pages 1592 and 1593 for further particulars.

A Brief Treatise on the Art of Fly Casting

FLY CASTING

Fly fishing for the wily trout, or bass, is a recreation unsurpassed. It is no wonder, then, that the vast army of vacationists and health-seekers are taking up fly fishing as their chief pastime. No other outdoor sport can compare with the thrills one has when playing and landing a real game fish. No one can know the real boundless pleasure that Mother Nature has in store for him until he slips away to some good stream and matches his skill with the strength and cunning of a good trout or bass, and if you are successful in landing the fish, it makes you feel like a victorious general returning from the battlefield with the spoils of war. Fly fishing, if only for a day or a week, is so stimulating, so revivifying a thing that the greatest physicians proclaim it to be the most invigorating and healthful of outdoor sports.

If you would have a real wholesome and beneficial vacation, if you would know the real, boundless, exhilarating joy of fly fishing, then it is for you that the following lines are intended.

OUTFIT

Before proceeding to explain the art of fly casting I will endeavor to give the angler an idea of what his fly fishing outfit should consist of. The first thing to take into consideration is the fly rod, which should be about 9 feet long and should weigh about 5 or 6 ozs. The line should be an enameled line, and as light as can be cast. Your reel should be a good smooth running double multiplier, or an automatic. A good light leader about 6 feet long and a landing net with a handle about 2½ feet long, and a set of good strong flies, with 3-inch snells. The flies should be as near an imitation of the natural fly as it is possible to procure. A good fly book and leader box are also of importance

You will find our fly fishing outfits just the thing for all-round lake and stream fishing.

CASTING THE FLY

To make an ordinary overhead cast correctly, the angler should begin with a gut line not more than six feet long and with two flies. Supposing, then, the rod and line correctly balanced, and mounted with suitable gut lines and flies, let him draw off from the reel as much as once and one-half the length of the rod, allow the current to carry the line down stream until it is fairly taut from end fly to rod tip. Now let him raise his rod until only the leader and flies lie lightly on the water, and he is ready for the back cast, with a smart stroke back over his shoulder, slightly inclining the rod's point to the right. He must hurl his line clear behind him, avoiding all elbow work, and without allowing the rod point to go back further than an angle of 45 degrees. This throws the line behind him, where he must be careful to allow it time to straighten out. If he starts the forward cast too soon he may snap off the end fly. As soon as the line has straightened out in the rear, and this can be determined from the pull of the line on the tip of the rod, swing the rod forward in the direction desired to a position a little above parallel with the water. To cause the flies to alight softly, which is most desirable, slightly raise the tip of the rod just before the flies fall upon the water. Try always to do your casting with the wrist and positively not with the whole arm's swing from the shoulder. The proper grasp of the hand upon the rod has a good deal to do with facilitating casting perfectly, and the right way to grasp the rod is to have your thumb extended along the upper surface of the rod handle.

It is hardly ever necessary for practical fishing purposes to cast more than forty feet, and no very great amount of practice will enable you to cast thirty feet consistently and with needful accuracy and delicacy. So do not attempt on your first fishing trip to smash the records of expert fly casters. Confine yourself to a reasonably short line and accuracy, and keep your elbow low.

A few days' experience on the stream will qualify you as a practical fly caster. In the meantime you will pick up a number of points regarding fly casting. You will discover, for instance, that the kind of fly fishing which proves most resultful is the cool, deliberate and thorough sort, carefully working your flies over every ripple and little pool, and never neglecting the water near at hand for some supposedly better (swim) further on.

WHERE AND HOW TO FISH

In the fly fishing season Trout generally lie everywhere in the shallow swift portions of the stream, and you must thoroughly try out every riffle and rapid. Bass are caught more readily in the deep pools and close to brush and logs. The best cast is across or up stream and let the fly float down in a natural way. It is indeed a good plan, when you come to a still extensive pool, to fish it from below as well as from the top. The beginner, however, will do well to confine himself to casting down stream, as the current is a great aid to straightening out an awkward thrown line.

If these directions are carefully studied the angler will see that there are three movements and a "Pause" (1) Raise the rod point and get as much line clear of the water as possible. (2) Make the backward cast, then "Pause" until the line gets time to straighten. (3) Now make the cast over the place intended and the movements are complete. Having in a degree mastered this, the angler should extend his line (about a yard at a time) until he can fairly command the water being fished. He must now choose how and where he will fish, and in this experience only will guide him, keeping in mind that the wind at his back is an advantage. Always fish with the sun in your face, or otherwise your shadow may fall upon the water and scare the fish.

STRIKING AND HOOKING

Besides casting the fly, there is great art in striking and hooking the fish When a fish is seen to rise to your fly, this can be ascertained by the rings which will appear on the water when the fish takes the fly, the rod point should be smartly raised with a motion of the wrist only, taking care that you do not jerk too hard, as very little force is sufficient to fix so sharp an instrument as a small fly hook in the mouth of a fish.

In doing this the angler must be very careful, as the excitement usually causes the beginner to strike too hard and consequently he will lose the fish and run chances of breaking his tackle. If you strike too slow, the fish will have a chance to mouth the fly and blow it out as soon as it discovers its artificial nature.

"PLAYING" AND LANDING THE FISH

After you have hooked the fish, it now remains to land him. It is always best not to hurry the process of landing the fish. Hold the rod point well up so that the pliancy of the rod may be utilized in the play. If the fish rushes off wildly, do not attempt to stop him, but the moment he eases up, put a firm strain on the line, and in a few minutes, if you are able to hold him away from snags, he will be exhausted.

When the fish is exhausted he will lie on his side in the water. Then draw him slowly toward you, taking care that he does not touch any obstacle in the water, as this may cause him to rush off again, and you will run chances of losing him. When he reaches a position above your landing net, which you should have in readiness, raise it with a steady sweeping motion, and the fish is yours. After which it should be at once killed by a blow on the head.

THINGS TO REMEMBER

As a rule, fish do not feed early in cold weather. Big fish stay around the pools and eddies, except at night. Little fish love the ripples. All game fish generally lie with their heads up stream. Arrange your cast so that one fly will be in the surface and one sunken. Never work your flies against the current, always let them follow the natural direction. Keep out of sight as much as possible and follow the directions carefully and you are bound to be successful.

ABOUT FLIES

The angler should never neglect to have a well filled fly book, as he may be compelled to try a number of flies before he finds the right pattern. The best way is to copy nature as much as possible. If you notice a dull grayish sort of fly, around the stream you are fishing, then the Willow Fly will doubtless be the most killing, or if the natural insect is a Yellow Fly, then the Yellow May or Sally will be the one to use, etc.

The list of patterns contained in our catalogue was selected by a jury of expert anglers, and is considered the most killing set of flies obtainable

THE BASEBALL CLUB BAND MOUTH ORGAN

Note the Extra Large Sound Horns.

Great Volume of Tone

Very Rich and Powerful Tone

Bell Metal Reeds on Solid Brass

THIS is a very popular type of Mouth Organ, having Bell Metal Reeds, rivited on solid brass plates. For the two [illegible] that [illegible] are [illegible] but [illegible] [illegible] [illegible]

Trumpet Kazoo

A Fine Musical Novelty. You Simply Hum Into It.

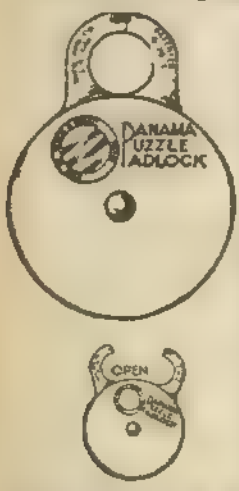
With the Trumpet Kazoo, or Musical Submarine as it is sometimes called, you can play any tune that you are familiar with, simply by humming into it. The music that it produces is somewhat similar to a "Jazz" or Saxophone. There are no holes to finger. It is simplicity itself. You do not blow into it, but sing, speak, laugh or hum. Used with astonishing results at society meetings, home, club or church entertainments, dances, serenades, picnics, outings, excursions. Just the thing for choruses and shows, bicycle and marching clubs, etc. Excellent for vocal or instrumental accompaniments, either with or without other musical instruments.

No. 4416. Trumpet Kazoo, price.....15c

3 for 40c, 1 doz. for $1.35 postpaid.

Puzzle Padlock

A Padlock and Cigar Cutter Combined



The locking mechanism in this device operates by gravity, and the only way the lock can be opened is by holding the top part lower than the center. It is not necessary to turn it bottom side up; just a slight incline is sufficient and is not so noticeable to the audience. Before attempting to pull the two parts of the shackle open they should first be pushed together so as to be sure the locking mechanism is free to work. Simply closing the lock in an upright position locks it again.

No. 3063. Puzzle Padlock, price..... 25c

3 for 65c, 1 doz. for $2.25 postpaid

The "Otto" Zither

EASILY MASTERED

NO TEDIOUS PRACTICE

Very Sweet Harmonious Music

The "OTTO" ZITHER is a Musical Instrument possessing a marvelous quality of tone, and so simple in construction and manner of operation that any person can play it without tedious practice, either as an accompaniment to the voice in singing or any other instrument, or both air and accompaniment can be brilliantly played with one or both hands. If you understand Music, all the better. If you do not, it does not make any difference. You can play the "OTTO" ZITHER right off by following the numbered Chart which is placed in sight right under the strings. You can see at a glance just which note to strike. A discordant note is impossible. There are three chords and 27 strings. It is handsomely finished throughout and prettily decorated. We carefully tune each ZITHER before forwarding. PRICE, which includes Tortoiseshell Pick, Tuning Key, Complete Illustrated Book of Instructions, packed securely in strong box, PRICE $7.50. Shipped by express, expressage payable on delivery, or by parcel post if postage is added. Shipping weight is 10 lbs., and any postmaster can tell you the exact postage. Outside of U. S. A. postage is $1.20.

No. 6178. Otto Zither, price .. $7.50

Kaiser Helmet

A unique novelty of the European war, that does not need much explanation. It is handsomely silver plated, and there is a pin on the reverse side for attaching it to the coat or vest.

PRICE ONLY 10 CENTS, or three for 25 cents, sent by mail, postpaid.

No. 2020. Kaiser Helmet, price 10c

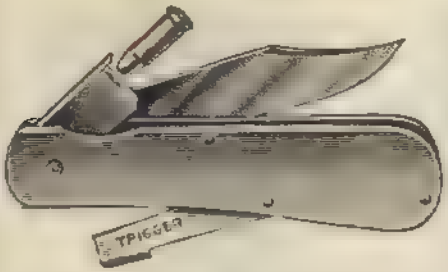
"THE DEFENDER"
POCKET KNIFE AND REVOLVER

A WONDERFUL COMBINATION

ACCURATE SHOOTING **GREAT PENETRATION**

USES THE STANDARD .22 CALIBRE CARTRIDGE



There are many persons who naturally desire the protection that a good revolver affords, but for obvious reasons do not care to have a sinister looking weapon laying around. What you need is the "Defender" Pocket Knife and Revolver. It is small and compact, measuring but 3¾ inches long, by nearly an inch wide, yet it is just as effective and equal in shooting qualities to any pistol made. Its workmanship and general appearance are excellent. If you do not find it all that we describe, you may return it and have your money cheerfully refunded.

When you buy a "Defender" you get a .22 calibre pistol and a first-class pocket knife combined. The "Defender" discharges any standard .22 long or short rim fire cartridge, blank or ball, that can be bought very cheaply through storekeepers throughout the country. The action of the "Defender" is very simple, yet highly ingenious, and it will not readily get out of order. The loading mechanism and trigger are so cleverly disguised that a deadly weapon is about the last thing the uninitiated would take it for. To operate the Revolver, you hold it in the right hand with back side up. The barrel is raised with the thumb and this allows the insertion of the cartridge. The Safety Trigger is then raised, and you have but to aim and fire. The Trigger is so arranged that the weapon cannot accidentally "go off." There is no jamming of cartridges. It is absolutely safe, never misses fire, a RAPID LOADER, and a CLOSE, ACCURATE SHOOTER. Not the least useful part of the "Defender" is the splendid Knife Blade, that is made of the very best quality steel, a most useful combination that will be thoroughly appreciated by sportsmen, hunters, campers, night watchmen, cyclists, automobilists, travellers, ladies, and the public generally. As a knife alone it will prove a good investment. Nothing could be more serviceable on a belting tramp as it obviates the necessity of carrying a heavy gun. Every Revolver is positively guaranteed. PRICE, $5.00 sent by Express. Every "Defender" is given a severe test before being sent out. The apparatus is made by one of the largest Small Arms concerns in the country. It is handsomely finished, nickel plated, and made of the very finest steel throughout. It measures 3¾ inches long and can be conveniently carried in the vest pocket or ladies handbag, ready for any emergency.

REVOLVERS CANNOT GO BY PARCEL POST.
SHIPPED ONLY BY EXPRESS.

Miniature Watch Charm Pistol

THE LATEST NOVELTY WATCH CHARM

A Real Pistol. Fires Blank Cartridges.

A REALLY SENSATIONAL ARTICLE

Made With Nickel Silver, Gold Filled, Galalith or Pearl Grips.

THIS is surely the very latest novelty in watch charms. It is an exact reproduction of a real pistol, and it actually fires REAL BLANK CARTRIDGES of miniature size, of course. Our illustrations, which represent the actual size of the pistol, clearly show the details. The pistol is of the well known break open type, and the first illustration shows the pistol with the barrel in position for loading the cartridge, and with the trigger pulled back. The second illustration shows the gun after the trigger has been pulled. The third illustration shows the details of the pistol from a still different angle. The pistol measures about one and three quarter inches long, and has a ring at one end so that you can attach it to your watch chain, etc. It uses miniature blank cartridges, which are always obtainable from us, and owing to the loud report when the trigger is pulled, it means a really sensational article. It loads and shoots just like a regular pistol.

The pistols are made of high grade steel, has octagon barrel, and can be furnished with grips of Nickel Silver, Gold Filled, Galalith, or genuine Mother of Pearl, at prices as listed below. Galalith is one of the newest substances, resembling polished marble, famous for its toughness, durability and great beauty.

Galalith comes in a variety of colors. The pistols, fitted with grips of Galalith or Pearl, are particularly attractive when used for watch charms or for other decorative purposes.

A miniature cleaning rod accompanies the pistol, and the whole comes well packed in an elegant cardboard box. The Blank Cartridges are packed 25 in a neat box, as illustrated.

IS ALL THAT IT IS "STUCK-UP" TO BE

"I have taken some WONDERFUL PHOTOGRAPHS with the watch Camera. It is all that it is stuck up to be, and then some. Pictures that were taken in the house were as plain as if they had been taken in a photo gallery." G. W. GAYLOR, Clearfield, Penna.

BETTER THAN HOPED FOR

"The Expo Camera I received from you proved to be FAR BETTER THAN I HAD HOPED FOR."—J. W. OBAIO, Tacoma, Wash.

VERY SATISFACTORY

"Your Expo Watch Camera proved very satisfactory indeed."—A. HOWARD, Rochester, Ind.

VERY PLEASED

"Very pleased with Watch Camera. I might add that I took some of the same scenes that I exposed herewith, with a [illegible] Camera, also. The Watch Camera pictures came out perfectly, while these taken with the [illegible] were no good at all."—W. W. HASTON, Portland, Me.

Saws as no other Saw Saws

You Pull the Handle-the Mighty Spring does the rest.

THE POCKET-SAW

[Patented] combines.

Meat saw. Wood saw. Salt saw. Fret saw. Cross-cut etc.

Invaluable to every householder, farmer, gardener, joiner, motorist, etc. etc. and a positive joy to every boy.

Makes work a pleasure.

A remarkable invention of great ingenuity.

THE POCKET-SAW

Cuts in any direction desired. Cuts in any position and at any angle. Will saw down a tree or make a child's toy.

Saves Labour.
Saves Time.
Saves Money.

This is probably the most clever invention in saws. It works so easily that sawing is a **pleasure.** No skill is needed. The powerful spring does most of the work. You merely pull the handle. Exactly what is needed by every householder, farmer, mechanic, motorist and handy-man. Hook the saw to the edge of a bench or table or hold down the hook with your foot, and you can cut in any direction, follow any marked pattern like a scroll or fretwork, and do it so accurately and with so little effort that you will be astonished. It is just like having a strong man at the other end of a crosscut saw. Cuts in any direction. Cuts in any position. Cuts at any angle. And it really justifies the name "Pocket" Saw, for it packs into a box only 6½ inches long by 3¼ inches broad and ¾ inch deep.

The actual length of the saw is about 10 inches. The saw can be used for sawing in any position in any direction and in angles where other saws are useless. For fine work dove tailing and even for sawing trees and timber it is surer and speedier than any other saw. The power in the spring means a saving of one workman, and at the same time does away with exertion and fatigue. A new blade can easily be fitted when required.

"THE HOUSE OF QUALITY, SERVICE AND SATISFACTION"

WASHING MACHINES.

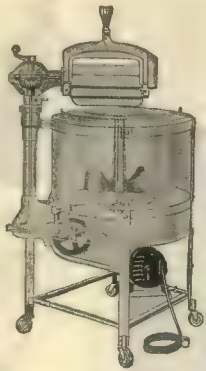
THE IMPROVED BRAMMER LINE.

Incorporating Quality, Appearance, Price.

A few of the many mechanical features are as follows:

Submerged cast aluminum agitator; heavy copper tub, nickeled inside; all mechanism is under the tub providing safety and convenience. Four position wringer of aluminum, has large soft rolls.

Equipped with ¼ H. P. Wagner motor. Large easy rolling casters; Durex bronze bearings throughout insure long life and freedom from service. Machine cut gears running in a continual bath of oil.



In appearance not a single point has been neglected. The tub lid is of heavy spun aluminum and highly polished; the balance of the machine including wringer is finished in durable baked enamel, bright green.

The channel steel frame is built to withstand the most severe use. The round nickel lined tub and large smooth agitator, with its gentle action, will not injure the daintiest garment, yet the heavier pieces are handled quickly and are thoroughly cleaned.

Capacity, six sheets.

THRIFT GASOLINE ENGINE.

	Each
No. 52G—Washing Machines; equipped with Briggs-Straton engine with a foot starter; a special saddle is used for mounting engine, eliminating vibration; exhaust tubing and muffler included with each machine, otherwise the same as electric models described above; weight each, 220 lbs.	$167.50

THRIFT ELECTRIC.

	Each

	Each
No. 55-AC—Washing Machines; 110 volt AC, 60 cycles; weight each, 210 lbs.	$120.00

Note—Not furnished equipped with gas engine.

THOMPSON UNDERGROUND SPRINKLING SYSTEM

Concealed Lawn Sprinkling Systems consist of Thompson Sprinkler Heads, placed at intervals in the lawn and set even with the top of the ground, but below the level of the grass, these being connected to water pipes underground, and operated from Thompson Control Valves. Systems are laid out in sections, a certain number of heads and one valve to each section. Number of heads to a section and the number of sections that can be satisfactorily operated at a time depend largely upon the size of the water supply line and meter, and upon the available water pressure.

Nothing to get out of order. Contains only two parts. Body is of Horse Head zinc, die cast, lined with heavy, yellow brass. Nozzle core is machined from solid brass. Strainer and patented port plate are spun in nozzle core. These metals are rust resisting and will withstand corrosive action of water no matter where used. Brass lining overcomes any tendency on part of nozzle to stick in head. It also makes possible especially accurate cutting of threads so that adjustments may be easily made or nozzle core quickly removed for occasional cleaning.

FULL CIRCLE ADJUSTABLE HEAD

Nos.	115	116
Threaded for pipe, in.	½	¾
W't per doz., lbs.	4½	4½
Per dozen	$17.75	17.75

TEN IN A CARTON

HALF CIRCLE ADJUSTABLE HEAD

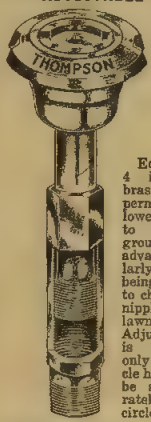
Companion sprinkler head to No. F115. Used along walks, next to buildings, in parkways—wherever it is desired to throw water in one direction only.

Body does not interfere with spray—an important feature in connection with this type of head. Angle of spray is such that when head is installed at foot of terraced lawn, terraced area can be properly covered without tilting head. Adjusted by screw in bottom of nozzle core.

Nos.	140	F141
Threaded for pipe, in.	½	¾
W't per doz., lbs.	4½	4½
Per dozen	$17.75	17.75★

TEN IN A CARTON

FULL CIRCLE HEAD WITH ADJUSTABLE NIPPLE



Equipped with a 4 in. adjustable brass nipple which permits raising or lowering the head to conform with ground level. An advantage, particularly in new lawn, being unnecessary to change the riser nipple after the lawn has settled. Adjustable nipple is manufactured only in the full circle head and cannot be supplied separately or with half circle head.

No. F160—Mounted on adjustable brass nipple. For ½ in. pipe, w't per doz. 13⅜ lbs.,★ per dozen $35.55

PACKED 10 IN A CARTON

ALL BRASS CONTROL VALVE

Complete With Unions

Substantially constructed to permit the frequent operation necessary. An obstructed flow of water assuring maximum flow for proper function of system.

Few parts are high tensile strength, assuring rigidity and enabling them to withstand severe stress. Castings heavy red brass valve stock. Valve stem is much larger in diameter than in most valves of similar size. In order to minimize wear on discs, disc holder is made to permit its revolving around stem.

No. F180—In.	¾	1	1¼

LOOSE

SELECTION OF SPRINKLER HEADS

Note carefully that selection of the proper size or sizes of sprinkler heads depends upon: (1) The water pressure available, (2) The spacing of heads that best fits your lawn.

Made in five sizes of interchangeable nozzle cores: "Specials," "A," "B," "C," "D" to meet any water and lawn conditions.

Sprinkler Head Catalog Number and Nozzle Size	1 Space Heads Apart in Lawn, Not Over:	2 Water Line Pressure Required, Not Less Than:	3 Area Covered By One Sprinkler Head	4 Water Delivered By One Sprinkler Head (Gallons Per Minute)

COMBINATION HOSE REEL AND SPRINKLER

Galvanized and Malleable Iron, Special Nickel Plated Brass Faucet to Attach to Water Pipe Permanently.

The special faucet is attached to water pipe by thumb screw forming an axle on which the reel revolves. The joint is made water tight by means of a special fibre washer and thumb screw.

The reel can be instantly attached or detached or remain attached to the faucet. The hose pulls off in any direction while water is running and as much or as little of hose unreeled as desired.

Hose is easily drained, impossible to kink or twist it, which greatly increases the life of hose.

No. T42—20 in. reel capacity 100 ft. of ¾ in. hose, w't per doz. with faucet 115 lbs. .....per dozen $89.20

ONE IN A BUNDLE

No. 43—Extra faucets, per dozen $32.00

[illegible]

HOSE REELS

[illegible]

Compact, easy to handle and sturdy. Simply put socket of a hose in ring and roll along, slipping reel at intervals to roll hose tight. Fully loaded it doesn't take up any more room than hose itself. Hang it up anywhere. Made of substantial material, hub braces are bent around rims and riveted to hub plate. Made in two identical halves, for shipment knocked down in nests. Halves are put together with stove bolts at the store or after delivery to customers.

No. T44—Steel, finish, grass green, diam. 24 in., width 9 in., cap. 75 ft. ¾ in. garden hose or 100 ft. ¾ in., w't each 7½ lbs.....per dozen $38.35

"SYSTEMATIC SAVING ASSURES SUCCESS"

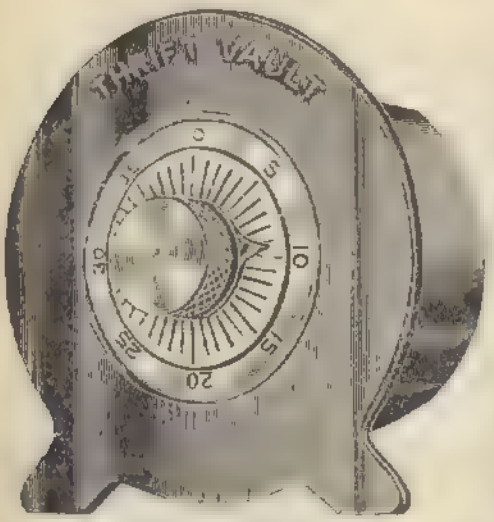
Combination Thrift Vault and Savings Bank

A MINIATURE VAULT BANK

HAS REAL THREE NUMBER COMBINATION LOCK

CANNOT BE PICKED

IT'S JUST LIKE A REAL BANK VAULT

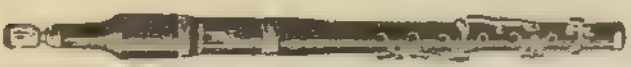


ONE of these Combination Thrift Vaults and Savings Banks and a Systematic plan of saving offers you the right combination to everything you have always wanted. Your own home, a college education for your children, a trip abroad, a new car, a successful business of your own—there is nothing you cannot have if you manage to save a definite sum every day or a definite percentage of your income. Drop your spare Dimes or Quarters into this Thrift Vault. You'll never miss the money and you will be surprised how rapidly it mounts up.

Your money and valuables will be perfectly safe in this new Combination Thrift Vault and Savings Bank, because it has a real combination lock just like the regular Safes and Vaults. The lock requires three numbers to open it. There are over 54,000 different combinations. The lock is pick-proof. It cannot be opened by "listening" for the combination because it operates silently like the lock on a safe or vault.

It is keyless in every sense of the word. No key is required. If you learn the combination it can be opened in a moment or two. It takes [illegible] currency, etc., or you can use it for storing jewelry and [illegible] and it keeps your private memorandums, etc., from prying eyes. Coins and currency can be placed in [illegible] does not [illegible] of [illegible] [illegible] [illegible]

THE SHEPHERD'S FLUTE



Unexcelled In QUALITY AND - TONE -

Can be used as Flute or Piccolo. A remarkably ingenious instrument. Very Easy to Play. Requires very little practice.

This clever instrument plays exceedingly sweet, and can be mastered with a very little effort. Knowledge as how to play it is almost unnecessary, since it is fingered like a penny whistle, and yet its sounds are simply divine. It has all the advantages of a perfect Orchestral or Solo Instrument possessed, though it demands such a little effort to produce that charming music. **The Shepherd's Flute** is capable to produce, by the easy exertion of the performer, endless pieces, songs, waltzes, etc.

The Shepherd's Flute is a perfect and charming companion. It will cheer and amuse you better than your best friend. Its charming strains will teach and elevate you to the art of music. Another very essential point is that you can take off the top of the **Flute** and replace same with the **Piccolo Head,** which will turn the instrument into a regular Orchestral or Solo Piccolo. Once you have learned to finger the **Shepherd's Flute,** it will be so much easier to play the Piccolo.

No. 4412. Shepherd's Flute, 4 keys. Price.....$5.00

No. 4413. Shepherd's Flute, 6 keys. Price..... 6.50

THE MONEY MAKER

One of The Best Novelties Out

INSERT A PIECE OF BLANK PAPER, AND OUT COMES A DOLLAR BILL

Friends believe that you are printing real money

Demonstrate this machine to your friends and they will think that you have discovered something better than a gold mine. You simply insert a piece of white paper, turn the key and out comes a nice new dollar bill, you insert another paper, give another turn and out comes bill number two. You can repeat as often as you like. This isn't a counterfeiting scheme, but you can have a lot of fun in making your

No. 3198. The Money Maker, Price Postpaid 50c

Tennis Racquet Puzzle

A Regular Teaser.

This is an all-metal puzzle, a little over 2 inches long, cast metal copper finish, racquet shape with circular dent in the center, furnished with perfectly smooth steel ball. The puzzle is to pick out the steel ball with the fingers from the dent in the Racquet, a feat which is not by any means so simple as it looks and then when you have done it you may not be able to do it again unless you know the solution.

No. 3098. Tennis Racquet Puzzle, Price 15 cents postpaid, 2 for 40 cents.

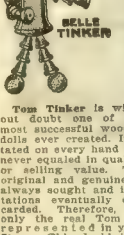
Tinker Toys

Tinkertoy is probably the best known plaything in the world today. Made of the choicest New England white birch, the 78 wood parts will supply means for constructing a thousand different toys. Cardboard wind blades, direction book, etc., are also contained in the laminated mailing can, 3-inch diameter and 12 inches high. Packed twelve to a shipping case

No. 39N254. Per dozen..... **5.40**

Double Tinkertoy is destined to become one of the fastest selling items in the history of playthings. There are double the number of parts, in addition to ten new extra pieces for making hundreds of unusual motion models not otherwise possible; in fact, the scope of this toy is infinite. A comprehensive instruction book showing 42 completed models is contained in each set. A well balanced stock for retail demands would be half Single Tinkertoy and half Double Tinkertoy. Double Tinkertoy will double your sales without added effort. Size of can 12 inches high, 4 inches diameter. Packed one dozen in a shipping case.

No. 39N255. Per dozen..... **10.80**



Belle Tinker. A lady doll 7 inches tall made of smooth wood turnings will all edges rounded; enameled in seven attractive colors; boxed singly. Packed 1 dozen boxes in carton.

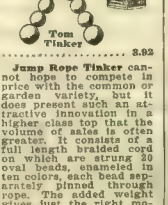
No. 39N243. Per dozen.... **3.12**

Life Guard Tinker. An expert advocate of the Australian Crawl, demonstrating its ability to perform on land. His arm and leg motions are perfect. With so many recent accomplishments in the line of swimming, this handsome exponent should become instantly popular with both girls and boys.

No. 39N250. Per dozen..... **7.84**

Tom Tinker is without doubt one of the most successful wooden dolls ever created. Imitated on every hand but never equaled in quality or selling value. The original and genuine is always sought and imitations eventually discarded. Therefore, let only the real Tom be represented in your Store. This doll is 8 inches tall from head to feet and is packed in an individual box. One dozen boxes in carton.

No. 39N244. Per dozen..... **3.92**



From the standpoint of quality and self-selling, this idea in beads stands as one of the foremost productions of the Toy Tinkers. The beads are divided into two shapes and seven colors, ⅝-inch round and ⅜-inch long oval, enameled in pastel shades and colorings entirely different than have ever been produced in a bead outfit. Packed in jars of three sizes: the small jar contains twenty-eight beads, enough to make a necklace that will go over the head easily; the second size jar contains thirty-six beads, and the third size one hundred and thirty-three. Stringing tape and safety needle are supplied in each set. Jars have screw caps lithographed in delicate colors. No labels whatever are packed on the glass. One dozen jars in each instance are packed in a shipping case.

Jump Rope Tinker cannot hope to compete in price with the common or garden variety, but it does present such an attractive innovation in a higher class top that the volume of sales is often greater. It consists of a full length braided cord on which are strung 20 oval beads, enameled in ten colors, each bead separately pinned through rope. The added weight gives just the right momentum and provides the most perfect device of the kind yet produced. Packed singly in box to prevent soiling. Twelve boxes in shipping case.

Most everybody tries to imitate Bobby Jones.
Some actually learn to follow his style
but none can equal his performance.

TOOTSIETOY

More than a name. More than just a toy among toys. TOOTSIETOY has come to mean Leadership.

The price of real leadership comes high—but it is permanent because it requires origination and not imitation.

Few things really worth while are built in a day. TOOTSIETOY is seasoned. It has run the gauntlet of experience and has come out a leader—to stay—a leader.

DOWST MANUFACTURING CO.
CHICAGO

A BIG SWING
for Your
FALL PROFITS

THE Mason 2-passenger Swing for children has long been a popular item. Now a 4-passenger swing has been added to the Mason line and early reports from the field indicate that it will be an exceptionally fast seller for Summer and Fall.

Extra wide seats provide plenty of room for two children on each side. Sturdy construction insures long life under hard service A lot of swing for the money and a good profit for you on every sale.

A circular letter at this time of year brings interested parents to the store and leads to extra sales. Swings sell easily in the Fall because they can be used on the porch in good weather or bad, and they help keep children out of the wet.

Order a few Mason Swings and set one up on your floor where children and parents can see it and try it. Send out a good sales letter to a test list You will be surprised at the business you can do on these attractive Mason Swings.

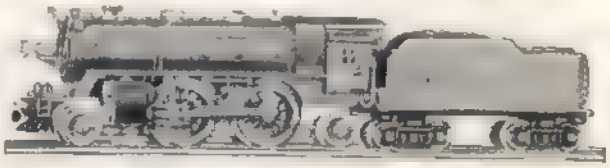
The New Lionel Steam Type Locomotives and Train Outfits

JUST as LIONEL electric locomotives are recognized throughout the world as the last word in model electric railroad construction—so LIONEL Steam-Type Locomotives are, by far, the most magnificent and perfect of their type that have ever been presented to the trade. You have never before seen a Steam Type Locomotive that is so perfect, so realistic, so striking a piece of mechanism as the New LIONEL. It transcends in excellence of design, in beauty of construction, and in electrical and mechanical perfection, any model Steam Type Locomotive that has ever been made. The new LIONEL Steam Type Locomotive is electrically driven by the famous LIONEL "Build a Loco" motor (the motor that snaps out in a jiffy, then can be taken apart and quickly assembled by any boy). The new LIONEL Steam Type vibrates with realism and tremendous power. There's a thrill in its grace—power in its heavy steel construction—a suggestion of tremendous speed in its graceful length. The movement of its pistons and driving rods is so natural in action that you see before you a miniature of a great "Giant of the Rail."



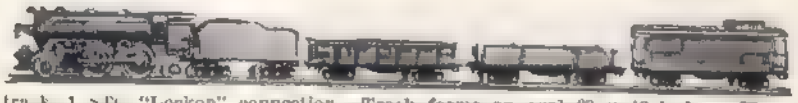
NOS. 390 AND 390E. SIDEVIEW.

No. 390. Hand Control Steam-Type Locomotive and Tender for "Lionel Standard" Track. Locomotive is 14 inches long, 5 inches high. Tender is 8¾ inches long, 4½ inches high. Complete length of locomotive and tender is 22¾ inches. Complete with headlight and flags.

Price—$30.00

No. 390E. "Distant-Control" Steam Type Locomotive and Tender for "Lionel Standard" Track. Similar in every way to No. 390 described to the left, but is equipped with "Distant-Control" mechanism, by which the locomotive can be started, stopped, reversed and operated at any speed at any distance from the track. Complete with No. 81 controlling rheostat, headlight and flags.

Price—$35.00



No. 391. Hand Control Freight Train Outfit for "Lionel Standard" Track. Comprises 1 No. 390 Steam-Type Locomotive and Tender, 1 No. 512 lumber car with load of lumber, 1 No. 517 illuminated caboose, 8 sections C curved track, 4 sections S straight track, 1 STC "Lockon" connection. Track forms an oval 60 x 42 inches. The entire train is 62 inches long. Complete with headlight and flags.

Price—$39.00

No. 391E. "Distant-Control" Freight Train Outfit for "Lionel Standard" Track. This is in every way similar to No. 391 outfit described in the opposite column, but locomotive is equipped with "Distant-Control" mechanism, enabling the user to start, stop, reverse or operate train at any speed at any distance from the track. Complete with No. 81 controlling rheostat, headlight and flags.

Price—$44.00

No. 394E. "Distant-Control" Passenger Train Outfit for Lionel Standard" Track. Comprises 1 No. 390E "Distant-Control" Steam Type Locomotive and Tender, 1 No. 310 illuminated baggage car, 2 No. 309 illuminated Pullman cars, 1 No. 312 illuminated observation car, 8 sections C curved track, 8 sections S straight track, 1 STC Lockon connection and 1 No. 81 controlling rheostat. The train can be started, stopped, reversed and operated at any speed at any distance from the track. Track forms an oval 102 x 42 inches. The entire train is 81 inches long. Complete with headlight and flags.

Price—$55.00

No. 848. Lionel Illuminated Power Station. It is possible to control and operate the most elaborate model railroad from this attractive new power station. Original architectural design, it is embellished with wonderful details. Doors, windows, frieze, etc., are artistically inserted in the structure. Steel construction throughout. Rich enameled in beautiful colors. 26 in. long, 21¾ in. wide, 18 in. high.

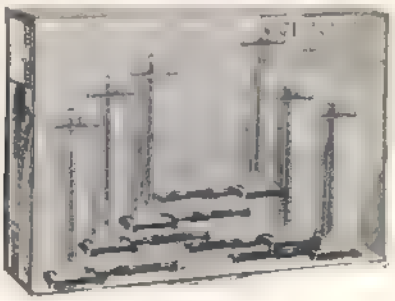
Price—$22.50

No. 128. Illuminated Station. This station is mounted on a terrace which contains beautifully landscaped flower beds, flagstaff, etc. The retaining wall surrounding the structure represents ornamental masonry, and several benches, lamp posts, arches, etc., decorate the terrace. The station building is illuminated inside and out, by electric bulbs. Roof is removable so that interior light can be reached. Steel construction throughout. Beautifully enameled. 31½ in. long, 12 in. wide, 12 in. high.

Price—$26.25

No. 129. Station Platform. Same as described above, but without the station, so that owners of Lionel Stations Nos. 128 or 122 can use them in this elaborate setting.

Price—$16.75

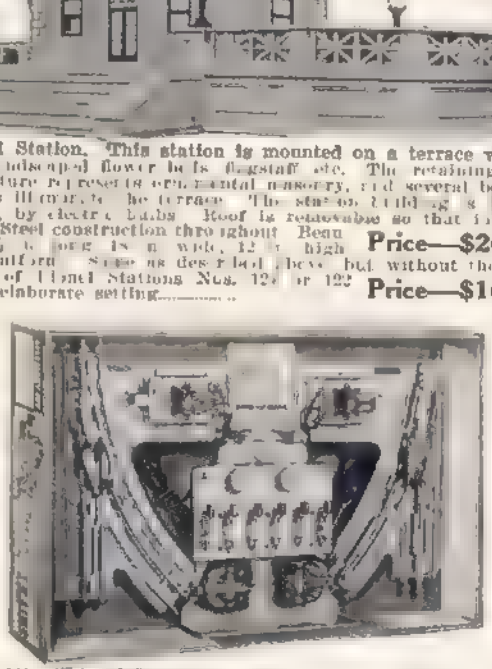


No. 86. "Lionel Standard" Telegraph Post Set. These new telegraph posts incorporate a wonderful new feature namely, the extension can attached to the base, by means of which the telegraph posts are rigidly fastened to the track. The set comprises six telegraph posts 8⅝ inches high, attractively packed.

Price—$4.50

No. 071. "O" Gauge Telegraph Post Set. Same as above, but for "O" Gauge Track. Telegraph Posts are 6⅝ inches high.

Price—$3.75



No. 235. "Lionel Standard" Accessory Set. Comprises 1 pair (right and left hand) No. 022 "Distant-Control" switches and 1 No. 439 illuminated panel board. A desirable new accessory that every boy will want. Very attractively packed. Complete with lamps and connecting wires.

Price—$17.50

No. 018. "O" Gauge Accessory Set. Comprises 1 pair (right and left hand) No. 022 "Distant-Control" switches and 1 No. 439 illuminated panel board. Complete with lamps and connecting wires.

Price—$15.50

THE LINE BEAUTIFUL
American

Sixty-nine years of experience in the children's vehicle industry has been placed behind the merchandise on these pages which has been manufactured by The American-National Company. During their long experience in this field they have come to know what the public wants and are giving it to them. The American-National line of children's vehicles is the most complete in the world, and while the limited space in our catalog prevents our showing the entire line, we are illustrating several popular numbers of autos, airplanes, and doll cabs. Information regarding other items in the line will be furnished on request.

AIRPLANES "American Flyer" AIRPLANES

SPIRIT OF COLUMBIA
Equipped with the famous American Flyer speed-regulated spring motor with brake. Has rubber tires, adjustable rudders, movable wing and can travel in a circle and is beautifully enameled in orange, red, blue and white. Size 19½" long, 18" wide and 6" high.

553—Price.....$2.00

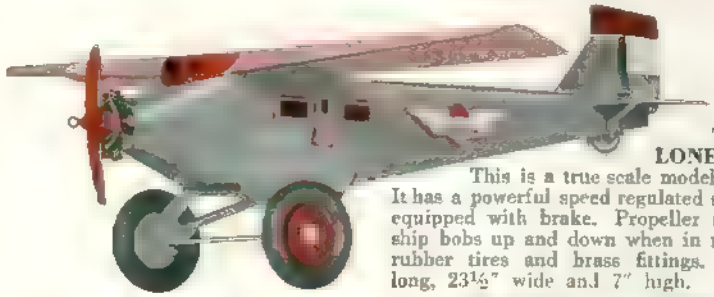
Complete your air squadron with these beautifully bright colored enameled airplanes. Strongly constructed of heavy gauge steel, they are built to last a playtime age, and they are especially noted for their Fun-Making features. All American Flyer Airplanes can be used as pull toys if desired.

The SKY KING
A scale model cabin-type tri-motor biplane pull toy. This is a construction toy. The three propellers revolve automatically when in motion. Has rubber tires, brass cabin, windows and doors, and adjustable rudder. Size 21½" long, 23½" wide and 8" high.

567—Price.....$5.00

SPIRIT OF AMERICA
This pull toy monoplane is similar to "Lindy's" famous ship. The propeller revolves automatically and a ratchet arrangement on the landing wheels imitates the hum of a motor, when in motion. Size 19½" long and 18" wide and 6" high.

550—Price.....$1.25



The LONE EAGLE
This is a true scale model monoplane. It has a powerful speed regulated spring motor equipped with brake. Propeller revolves and ship bobs up and down when in motion. Has rubber tires and brass fittings. Size 21½" long, 23½" wide and 7" high.

560—Price.....$3.50

WIND-UP "American Flyer" EQUIPMENT

Equipment, such as featured on this page, is necessary to put the real fun in miniature railroading. All models are durably constructed and are completely assembled, ready to operate.

SUBURBAN STATION. Large waiting room and platform. Size 6x4x3½".
93—Price.....$0.50

DOUBLE ARM SEMAPHORE. Blades are operated independently of each other. Height 10½".
208—Price.....$0.65

WATER TANK. Adjustable water spout is held in position by cord and weight.
2020—Price.....$0.85

DOUBLE ARM TELEGRAPH POLE. Height 7¾".
209—Price.....$0.25

CROSSING GATE. Manually operated. Height 11¾".
2021—Price.....$1.00

HYDE PARK STATION. Attractively lithographed. Size 6x4x3½".
90—Price.....$0.40

SINGLE ARM SEMAPHORE. Blade can be raised or lowered. Height 7½".
207—Price.....$0.25

WATCHMAN'S TOWER. A very realistic model. Has swinging bell. Height 10".

GAMES AND STENCIL SETS

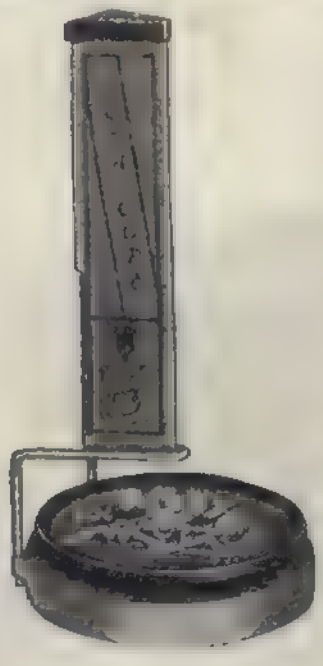
Ten Pins

No. 17 pins are seven inches long turned from 1½-inch stock. Head or top of pins are well rounded giving a graceful appearance. Balls are 1 6/8th inches in diameter and are finished like the pins in tumbled shellac. Per Set **$0.50**

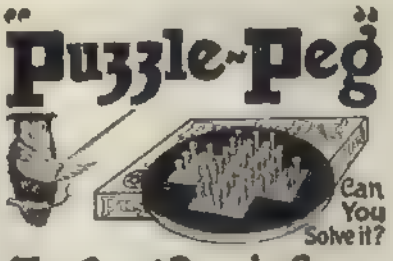
No. 18 pins are approximately 8½ inches long turned from 2-inch stock. Painted with a red color band and fine black lines. Size ball and varnish finish. Balls are turned from 2-inch stock, finished in tumbled shellac. Per Set..... **$1.00**

No. 10. An attractive shellac-varnish set with fancy coloring. Pins are 10 inches long and are turned from selected stock. Balls finished with shellac. Per Set **$4.50**

A simple, harmless fun creator; 100 different stunts in each series. No two alike. Amusement for an entire evening. Instructions with every game. Puts pep in the parties **$0.50**



"Puzzle-Peg"

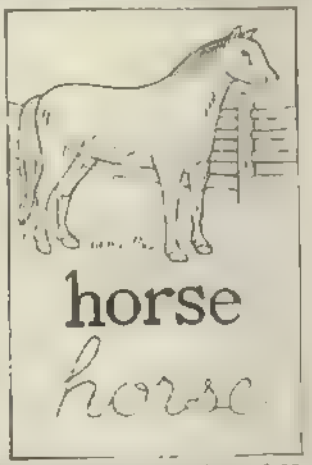


The Great Puzzle Game

Fun for Everybody

Puzzle-Peg. Played by one it makes fun for all. Size 6¾ x 6¾ inches. Each **$0.50**

Blox-O. A wonderful game for two players. No matter how clever, they cannot exhaust its possibilities, because moves must be planned ahead. Size, 6¾ x 6¾ inches. Each **$0.50**



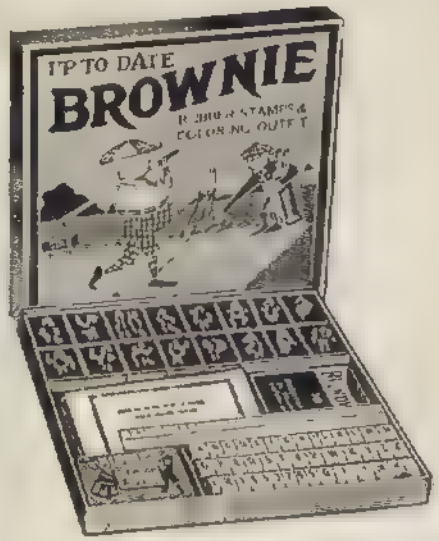
No. 1413. This set consists of 18 different Rubber Stamps mounted on wooden blocks, size 3⅛ x 1¾ inches. The tops are lithographed, showing Animals, Birds, Trees, Flowers, etc., with the name of each character spelled out both in Plain and Script Letters; the bottoms of the blocks contain rubber dies in outline, corresponding to the characters on the tops of the blocks, with which the child can print the same. Four different colors of Crayons, Ink Pad and a Paper Pad are supplied with each set. With this set the child prints the outline of each character at the same time printing the name of the same in both Roman and Script Letters, then colors the impression with the crayons in tints true to nature. Each set up in a neat cardboard box with label in four colors. Packed one-half dozen in carton. Size of box 11⅝ x 12½ inches. Each **$2.00**

ARTASCOPE

To a child this wonderful toy seems nothing short of a magic eye that looks right into fairyland. Through the Artascope's wizard lens, the most common-place odds and-ends . . . a leaf, a flower petal, a bead, a bit of bright silk, a scrap of colored paper . . . become gloriously fantastic designs, glowing with color.

The Artascope is 9½ inches high. Each instrument is securely packed in a beautifully lithographed carton.

Each **$2.00**



No. 1410A. Consists of 20 Rubber Stamps, 1⅝ x 1⅛ inches, each stamp topped with a beautifully colored label. An Ink Pad, Paper Pad and a box of Assorted Color Crayons. Size of box, 9 x 9 inches. Packed six assorted to a carton. Each **$1.00**

No. 920—Double Nine Dominoes Highly polished, ebony black finish with white enamel spots. Dragon design finely embossed on back Packed in beautiful multi-colored lithograph label box Per set $0.25

New Conestoga Toys

A New Hubley Toy

The three new items shown here were a feature of the Conestoga exhibit that attracted a great deal of attention from buyers at the New York Toy Fair this year.

The new cannon is an addition to the popular line of Big-Bang Field Artillery, and increases the range of sizes to four—No. 6F (the new cannon) length 9 inches, retail price, $1.50; No. 8F, 11 inches, $2.25; No. 12F, 17 inches, $3.50; No. 16F, 23 inches, $5.50. The No. 6F Light Field Gun is finished in semi-gloss velvety black, mounted on two large red artillery wheels, the same as other Big-Bang Field Artillery. Cannon and drag beam are cast one piece, making an especially sturdy toy. The Bangsite (ammunition) is carried in the end of the drag beam. The cannon has the graceful taper of a real field piece, and gives a real flash and roar when discharged. The standard shipping package contains 12 No. 6F Light Field guns, each in an individual metal-edge box. Total shipping weight, 25 lbs.

The Bombing Plane

All metal, finished in light gray semi-gloss Duco and mounted on three wheels, the new Big-Bang Bombing Plane makes a sturdy, attractive pull toy. It has the graceful stream lines, the suggestion of speed and endurance, that characterize the latest developments of airplane construction. It is fired with Bangsite, like any other Big-Bang, and each "bang" spins the propeller. With the increasing enthusiasm for airplane toys, the Conestoga Corporation expects that this new number will be a winner. Its reception at the New York Toy Fair seems to bear out this belief. The Bombing Plane is shipped with the wing removed, in an attractive individual box, about 4 3-4 in. wide by 5 1-4 in. deep and 13 1-4 in. long. The wing snaps on over the body of the plane like the lid on a box and is held in place by small grooves. The standard shipping carton contains six Bombing Planes; shipping weight, 31 lbs.

The Eight Minute Spinner

The new Ro-To-Tops retail for 15c each, instead of 25c, the former retail price. They are made of metal, finished in a variety of bright colors. There are no sharp edges or springs. The Ro-To-Tops can easily be made to spin for eight minutes; and, with a little practice, much longer when placed upon a smooth surface, such as a china bowl. Twelve Ro-To-Tops are mounted in a false bottom in an attractive counter display box. There are four different designs in each box and each comes in three different colors; thus there are twelve different tops in each counter display box. The cord is coiled around the stem and held in place by a cardboard disc, upon which are printed full directions for spinning. Top, cord and directions are kept all together in one unit, making Ro-To-Top a very convenient item to sell.

The standard package or carton contains six dozen Ro-To-Tops. Shipping weight, 30 lbs.

The feature of the two new Hubley toy boats is the miniature Johnson Outboard Motor which is a toy counterpart of the speedy mechanism of the popular outboard racers. The Johnson motor is called the "Sea Horse" and this name has been given to the Hubley toy No. 19, illustrated here. The No. 18 is known as the "Static," the only difference being the imitation water base which is on the No. 19 only. The rubber tired wheels are eccentric and, when pulled, the boats ride the waves, giving a chuking noise to imitate the motor exhaust also. The Hubley Manufacturing Company of Lancaster, Pa., has found that both toys are proving popular with the trade.

A Corner of the New Waldorf Show Room

R. A. Mumm, president of the Waldorf Toy Corp., is receiving many compliments on the attractive appearance of their new showroom.

The entire layout, decorations and furnishings, have been executed in the latest of modernistic style, down to the minutest detail. The coloring is especially noteworthy—the walls, tables and even the chairs and desks have been finished in a variety of bright hues that blend together harmoniously. This new American home for Waldorf toys, which are designed by children, is a most delightful and original place for the showing of these unusual playthings that are arousing so much comment.

A Miniature Model Electric Range

The Metal Ware Corporation, Two Rivers, Wis., announces a new Empire Miniature Electric Range—a miniature model of the Empire Kitchenette Range. Because of its small size, this new educational toy is placed on the market at a much lower price than the larger models—yet the stove really cooks and bakes. Any little girl over six years of age can easily manage it and, with the help of mother, learn to cook, to prepare dainty dishes for parties—or play house The stove is attractively finished with colored panels of green or blue—that follow the modern color trend in kitchens and on big ranges. Three aluminum cooking utensils, percolator, pie tin, cake and bread pan are furnished as standard equipment, in addition to the 6-foot cord and plug for attaching to any standard light socket. Size 6½x 12x10¾ inches.

Making Birds With Real Feathers

"Feather Fun" manufactured by Moss & Harrison, 40 E. 21st street, New York City, is among the latest arrivals in the toy field and embodies a new idea in a weaving game. The set consists of weaving surfaces on which are outlined the shape of a bird and the child sews on the actual plumage, which is furnished in natural color. Then by affixing an artificial eye, paper beak and feet, a surprisingly natural result is obtained. The fact that actual plumage is used serves to impress on the child the color and shape of various birds and is a very important educational factor The feathers are scientifically treated, making them absolutely sanitary Each box contains three birds in colors, six weaving surfaces and all necessary materials, and retails for $1.00. The feathers are covered with cellophane and a handsomely colored cardinal illustrates the cover, making an attractive display box. Hoest & Co. of 45 East 17th street, New York City, are sole selling agents.

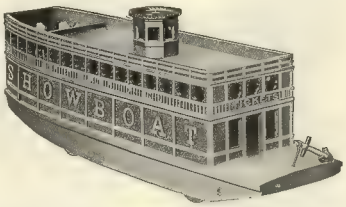
Just Another Reminder
CHILDREN'S DAY
June 15th

Amberg Notes

Louis Amberg & Son had a remarkably attractive and colorful display at the Chicago Toy Fair, featuring especially "It," the doll with the new body twist, which allows of many new motions. They state that they are now three or four weeks behind on their deliveries, in spite of working twelve hours a day. The "Teenie Weenies" are special favorites at this time, as they are particularly fitting for spring and summer sales The little sitting pup, sold with "It," has been approved because of the cunning extra feature which it provides

An Amberg Creation

Business done at the Fair was reported as being exceptionally good In an interview, J. L. Amberg stated that baby dolls were very popular and that composition dolls are in big demand. Felt dolls are having immense sale, dollar goods being especially desired Many specialty stores are pushing these felt dolls, one large drug store having sold over nine hundred in a single week in March. Among the reasons for the popularity of these dolls are their colorful appearance, low price and the attribute of being well dressed, washable and undressable.



The Arcade Show Boat

A new toy, brought out by the Arcade Mfg Co., which has achieved instant success is "Show Boat." This has been made in conjunction with Carl Laemmle's feature talking movie production of the same name, which was taken directly from Edna Ferber's novel and combined with many features of the Ziegfield musical play. By tying up with Universal Pictures Corp., the Arcade Mfg Co has made arrangements to give the dealers beautiful moving displays, as well as slides. Theatres will undoubtedly be glad to run the slides on the screen if dealers will cooperate by giving the "Show Boat" displays and the toys a prominent position in their windows. This will mean a great deal to the dealer, inasmuch as the dealer's name will be flashed on the screen before thousands of theatregoers. The moving picture, "Show Boat," is said to be one of the greatest hits in motion pictures and is now making a record run wherever it is being released.

Geo. Borgfeldt & Co announce that they hold exclusive control, under license contract for the United States, of the comic animal characters known as "Bonzo" and "Dismal Desmond," in their application to merchandise. "Dismal Desmond" was originated in England by R. E. Ellett, and represents a long-eared, spotted hound generally sitting upon his haunches and having a grotesque face with a ridiculously melancholy expression. "Bonzo" was originated by the English comic artist, Geo. E. Studdy. Both of these characters are protected by copyright and design patents.

Buddy Poppy Sales

The Annual National Sale will be held during the week of Memorial Day. The White House has annually endorsed the sale. It is also endorsed by the General Federation of Women's Clubs and by state federations; William Green, President, American Federation of Labor; fraternal organizations; religious leaders; and business and professional association throughout the country.

All the Veteran of Foreign Wars Buddy Poppies are made by disabled and needy ex-service men, many in government hospitals. The entire proceeds are used for relief work, a portion being allotted to the V. F. W. National Home for Widows and Orphans of ex-Service Men.

Toy Cannon, Pistols and Guns

Toy Cannon

N9368 TOM THUMB CANNON—Accurately shooting cannon with good firing range. Cannon is loaded by inserting colonial wooden shells. Solid wood perforated wheels. Mounted on swivel base making aiming direct. Box of shells furnished. Painted black with red spoked wheels and frame. Size, 10x 4x6 inches 16.00

N9436—GREAT GUN CANNON—A reproduction of a piece of field artillery with two wheels six inches in diameter. It shoots a cork ball by means of an automatic spring plunger. The barrel of the cannon may be raised to the correct angle for shooting the ball by the carriage which also acts as a rammer for the cork ball. Finished in gray with black trimmings. Packed in colored display box, measuring 17x6x3 inches ..... 16.00 Per doz.

N9389—TOY CANNON—This cannon shoots a lead rubber projectile with a loud report. Mounted on a double riveted spoked wheel. Made of heavy steel as stated with olive drab lacquer, hard baked. Gun is mounted upon a swivel base so that it can be aimed in any direction. Strong, heavy spring mechanism works on the principle of a bow. Length, 15½ inches. Height, 4 inches. Width, 8¼ inches ..... 16.00 Per doz.

N9389½—SONNY U. S. ARMY ANTI-AIRCRAFT TRUCK—A sturdily constructed war truck made of heavy cast iron painted an olive drab, the exact color of the army trucks. Has 8 safety shells and an accurate shooting swivel base gun. Rubber tired wheels for easy rolling. Length, 9 inches. Height, 14 inches. Width, 6 inches ..... 6.00 Each

N9389—CANNON AND CAISSON TOY—A well equipped and realistically designed cannon outfit. Made of heavy steel and painted olive drab hard baked color. The caisson holds eight safety shells and is gun exact copy of a real caisson. Has adjustable cover. Length of caisson, 10 inches. Height, 14 inches, height of both 4½ inches. Display with your toy soldiers ..... 3.00 Each

Anti-Aircraft Guns

N9417A — ANTI-AIRCRAFT GUN—An olive drab colored realistic cast iron model of a rapid fire anti-aircraft gun mounted on a swivel type screw base. Designed for use with roll caps, but makes an excellent toy without any ammunition. Produces a realistic report. Length, 6½ inches. Height, 6 inches. Packed one in a carton ..... 16.00 Per doz.

N9417B — ANTI-AIRCRAFT GUN—Same as No. 9417A, but finished on olive drab with military type spade and shell mounted. Packed one in a carton ..... 17.00 Per doz.

Big Six Gun

N9358O—KOKOMO BIG 6 REPEATING GUN—The Big 6 Gun shoots rubber bands with surprising accuracy. Gives children action and fun and is perfectly harmless. Made of metal, nickel plated, brilliant colors. Gun will shoot accurately at 15 feet and will not leave children or damage anything in the house. An inner tube cut in ¼ inch pieces will furnish ammunition for a long time. Order set N9420 for best results ..... 3.00 Per doz.

Machine Gun

N9429—KOKOMO TWIN SIX MACHINE GUN—Sends toy with juvenile appeal. Shoots twelve rubber bands with each loading as rapidly as the crank is turned. Any kind of rubber bands will do for ammunition. Very accurate with half a dozen rubber bands. Has belt feeding mechanism, brilliant colors. Mounted on tripod allowing gun to be swung to any position or any perpendicular angle. Height, 24 inches ..... 24.00 Per doz.

Target

N9443O—KOKOMO BIG SIX UNIVERSAL TARGET—Designed for use with the rubber band gun or the machine gun as well as all other toy shooting devices. All metal construction. Six targets numbered for competitive shooting and other games. Every hit drops a target showing score. Modeled after regular shooting gallery targets. Length, 20 inches ..... 8.00 Per doz.

Play Boy Cannon

N9404J—PLAY BOY CANNON A realistically martial, modern cannon finished in complete detail. Exceptionally strong plunger which shoots wooden tipped darts. Most universal value offered in toy guns. Equipped with a shield for use behind the line of the latest big type Artillery duty cannon. Length, 11 inches. Height, 11 inches. Width, 2 inches ..... 16.00 Per doz.

Ronson Revolver

N9425—RONSON REVOLVER—Harmless, looks like a real revolver. Hair trigger. Works as fast as you can move your fingers. Full size, 7½ inches long. Finished in gun black. Ammo loaded ready for action ..... 8.00 Per doz.

Ronson Reloads

N9428S—Reloads for Ronson repeater revolver toys ..... .72 Per doz.

Ronson Starlight

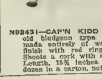
N9426I — RONSON STARLIGHT — All parts are made of steel except handle which is wood. Enameled in various colors. A wonder display of mysterious sur flashes of red, white and blue, are instantaneously created by simply pushing the lever. Absolutely harmless. Packed one in a carton 1.00

N9422—Refund for Ronson Starlight ..... 1.44 Per doz.

Double Flash Spit Fire Gun

N9381S—SPIT FIRE TARGET RIFLE—Shoots a suction cupped arrow and flashes when fired. Length, 21¼ inches. Packed one in a target-board. Autographed card. Display box ..... 15.00 Per doz.

Wood Popguns



N9343I—CAP'N KIDD PISTOL—An old bludgeon type pirate pistol made entirely of wood. Natural finish with red ring decoration. Shoots with a cap. Length, 13½ inches. Packed one in a carton, not broken ..... 4.00 Per doz.

Mac Machine Guns

N9387S—MAC MACHINE GUN—Safe and harmless. Can be operated by a three-year-old. Made of high grade steel, finished in brigal colors. Works with paper caps. Length of gun, 10 inches. Gun has three paper rolls. Extra paper rolls can be secured in any department. Packed individually ..... 16.00 Per doz.

N9357O—Extra ammunition for Mac Machine Gun. 2 rolls to a package. Packed one dozen packages, not broken ..... 1.44 Per doz. pkgs.

Daisy Water Gun

N9426S—DAISY LIQUID PISTOL—Steel blue finish, designed after the latest automatic pistol, simple to load and discharge, no rubber bulb to get out of order, will throw a fine stream of water a distance of about seventy-five feet. Length, 5⅝ inches ... 4.00 Per doz.

Ronson Repeater

N9423 — RONSON REPEATER—A toy replica of the famous automatic revolver, which operates automatically without caps, smoke powder or flame works on the old flint and steel principle, hardened steel flywheel friction automatically with each pull of the trigger against the sparkling flint, producing a brilliant red flash, producing a small flint rod at the side of the muzzle. Made of pressed steel length 4½ inches ..... 4.00 Per doz.

Broncho Automatic Pistol

N9437I — WYANDOTTE BRONCHO COMBINATION—An automatic broncho in a leather holster that will delight adventure playing boys of all ages. A fire combination toy with sure-shooting, realistic tin and rubber pistol. Made of high grade leather with a five pointed star artistically painted near the top of the holster. Adjustable leather strap to hold holster firmly. Packed one dozen in a box, not broken ..... 4.80 Per doz.

CLIMBING TRACTOR

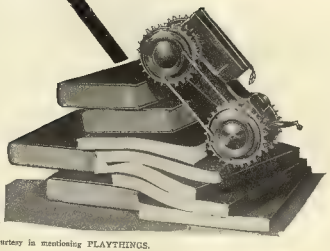
There Is Nothing Like It!

You can hardly believe your eyes when you see how easily it makes the grade over piles of books and other objects in its path. Sturdy and strong enough too, to stand the rough treatment it will receive at the hands of a young lad that likes to pretend he's a full fledged Tractor Operator.

It Climbs Over Everything

The demand for educational toys is growing. You notice it every day. Show them what the Climbing Tractor will do—and you've made a sale.

And with just as much facility as it goes through its antics, will it increase the turnover in your toy department.



ANIMATE TOY

A Trade Mark Which Stands For American Ingenuity.

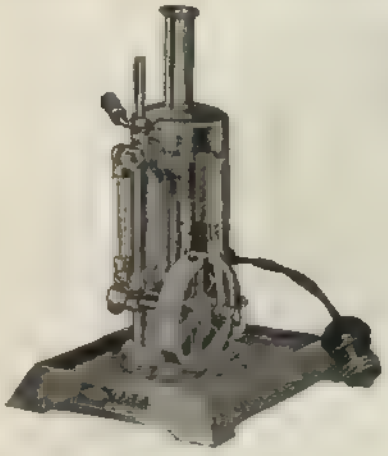
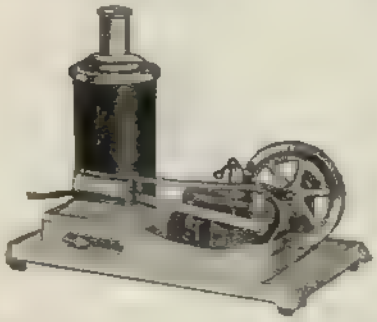
EMPIRE ELECTRIC STOVES AND ENGINES

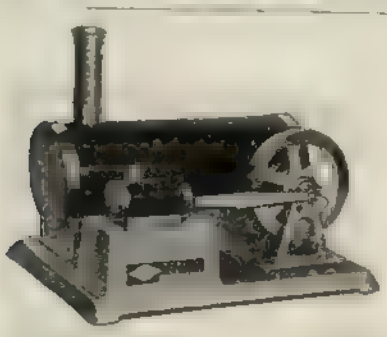
All Empire items are fully approved and passed by the National Board of Fire Underwriters, by the Youth's Companion Laboratories and the Hydro-Electric Power Commission. Built like real steam engines, steel shafts and brass bearings accurately machined; repair parts can be furnished at any time, and these products will last for a life time



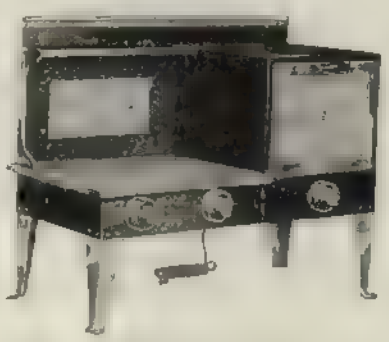
B31. This model is exactly like the horizontal in the power developed and in the equipment. The only difference is found in the vertical construction. The miniature model of the high-powered vertical steam engine for the boy who prefers this type. See description of **Model No. B30** for mechanical construction
Standard package 3. Each..... **$12.00**



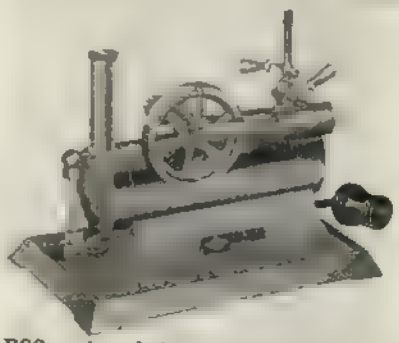
B33. A new and powerful little engine which runs directly from the lighting socket or wall plug. Finished in red with nickel trimmings. A safe and educational electric toy or a practical source of power for moving window displays and similar needs
Standard package 2. Each..... **$15.00**



B32. Something entirely new in model engine design. Looks and runs like a steam engine, but operates entirely from one ordinary dry cell battery which fits inside the boiler. Finished in red and black with nickel-plated trimmings. A safe and instructive toy which will make any boy's heart fairly dance with joy.
Standard package 6. Each..... **$5.00**



B25. A miniature Electric Range for practical kitchenette use. Cooks as efficiently as any large range. Two surface units and oven, each controlled by a separate switch. Thermometer in oven door. Four aluminum utensils included with each range.
Standard Package 1. Each.. **$20.00**



B30 A real steam engine with whistle, safety valve, water gauge and with throttle. Electric heating element creates the steam and eliminates the fire hazard entirely. Finished in bright red with nickel trimmings. Operates from the lighting socket or wall plug
Standard package 3. Each . **$12.00**

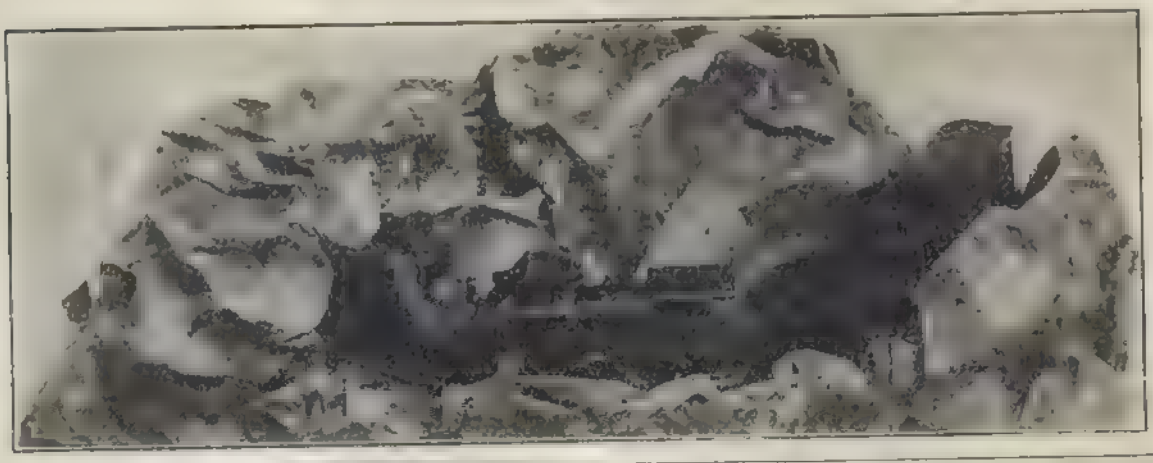
No. B33. Electric Steam Engine. Turbine type. It is a miniature duplicate of large single phase steam turbines, and develops a fascinating natural turbine hum. Its assembly is similar to Model B30 with the exception of generating mechanism. Equipped with throttle, whistle, safety valve, water gauge, seamless drawn copper boiler with heavy cast base, strong brass running parts and steel connections accurately machined and highly nickel plated. 400 watts. Size, 9¾ x 5¾ x 7¼ inches. Unit weight, 6¾ lbs. Each **$10.00**

B26. Here is a miniature Electric Range which will make any girl happy. It comes complete with four miniature aluminum cooking utensils and connects to any lighting socket or wall plug. Can be used for actual cooking. Finely finished and highly instructive.
Standard package 3. Each..... **$7.50**

B27. A miniature Electric Range which follows the modern trend for side ovens. Surface units and oven are controlled by two switches located on the front panel of the range. An educational toy which teaches girls to cook and bake. Equipped with four miniature aluminum cooking utensils. Connects to lighting socket or wall plug.
Standard package 3. Each..... **$12.00**

No. B24—Miniature Electric Range. While smaller in size than the other Empire ranges, it cooks and bakes in a satisfactory manner. Bright colored panels of green, blue, red and white give the stove an attractive up-to-date appearance. The legs, door frame and rounded strip across the top are nickel plated. And the frame is black japanned. Equipped with three aluminum cooking utensils, percolator, pie tin, cake and bread pan. Also furnished with a six-foot cord and plugs for attaching to any standard light socket. Size, 6¾ x 7¼ x 10¾ inches. Each . **$5.00**

EASY-BUILT MOUNTAIN SCENERY



Is a specially treated paper finished in 5 colors to represent mountains which, when formed into irregular shapes, produces a wonderful realistic effect around mechanical trains under the tree. Made in a flat piece, 6 feet long, 2 feet wide. Per roll $0.75

Easy-Built Sky Scenery. Same description as above, but realistic effect of sky. Per roll.. $0.50

Artificial Christmas Trees

These Artificial Christmas Trees are well constructed and have a color true to nature. All are set in white enameled wooden pots.

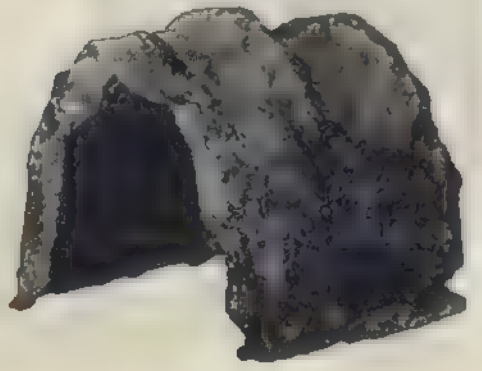
No. 7.	64 in. high	Each .	4.00

TUNNELS



WATERFALLS

An artificial waterfall as illustrated. 20 in. high, 15 in. wide, 15 in. deep. A silver belt 4 in. wide revolves on two rollers to represent water falling between rugged mountainous formation. A string of electric lights is concealed in the crags and crevices, which create a beautiful effect. These waterfalls are made in two models.

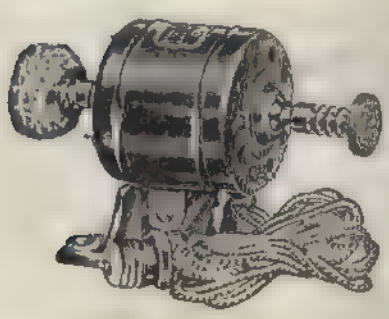
AEROPLANES, MOTORS, ETC.

Electrical "Spirit of St. Louis"

No. E. A new and greatly improved model of this popular toy. The motor used is the famous Eskimo which is used on Eskimo Fans and appliances. Strong and sturdily built. Lithographed in attractive colors, and sufficiently weighted so that it will not tip over. The operation is similar to a regular aeroplane as it starts from the floor and as speed increases it gradually rises until the two planes are on an even keel when it starts to dip as they both whirl around the standard. When the circuit is broken the plane glides gracefully to the floor. Height of standard 2 inches. Length of plane, 13 inches. Length of cross arm 18 inches. Each **$10.00**

Eskimo Utility Motor



Equipped with the high class Eskimo Motor, this device enables the boy or girl to polish, sharpen, grind, or by attaching pulleys, operate any of the many mechanical toys which are designed to run by either steam or electricity. It comes equipped with polisher, grinding wheel, and belt, and grooves to take care of several pulleys. The motor is mounted on a sturdy, solid foundation and is 5 inches high and 8 inches wide, including pulleys. The toy is equipped with 7 feet of cord and light socket plug with on and off switch located in the base. It operates on 110 volts A. C. or D. C. Complete with attachments. Each **$7.00**

No. 311—Tri-Motor Aeroplane. Made of heavy sheet auto steel, electric welded and securely cleated by heavy lugs. Finished in attractive colors: Cream, Red and Green. Size 28 inches over 24 inches wide, 9½ inches high. Equipped with rubber tires, three revolving propellers and engine noise maker. Each **$3.50**

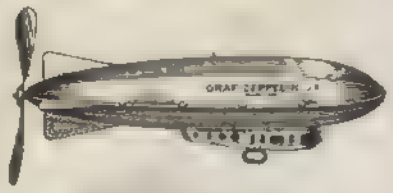
No. 11. Same size and description as above but with one revolving propeller. Each **$2.50**

No. 6—Airways Express. Beautifully designed and lithographed Ford type Tri-motor Monoplane. Center propeller is equipped with rotary motor, making a noise as if from exhaust when the toy is in motion. Aluminum finish. Size: 12¾ inches long, 13¼ inches wide, 3½ inches high. Each.. **$0.50**

No. 2810—Aeroplane Set. Consists of one No. 1011 Silver Eagle Flying Airplane and one No. 1017 Flying Zeppelin. Made of pure aluminum, packed in attractive box. Per set **$1.00**

No. 211. A well made pull toy Aeroplane. Made of heavy sheet auto steel, electric welded and securely cleated by heavy lugs. Attractively finished in cream, red and green. Size 22 inches long, 20 inches wide, 7¾ inches high. Equipped with revolving propeller and engine noise maker. (Steel tires.) Each **$1.25**

No. 1011—Silver Eagle Airplane. Made of pure aluminum, beautiful in appearance and solidly constructed, latest design. Wingspread, 9¼ inches, length, tip to tail, 11¾ inches. Powerful clock spring motor, flexible unbreakable propeller. Flies in a wide circle when suspended by a string from the hand or when fastened to the ceiling. Each **$0.50**



No. 2017—Zeppelin. Made of pure aluminum, beautifully finished, latest design. Has powerful clock spring motor and flies in a wide circle when suspended from a string in your hand or from the ceiling. Size, 16 inches long. Each **$1.00**

No. 1017—Zeppelin. Same description as above but 10 inches long. Each **$0.50**

No. 686—Graf Zeppelin. An iron pull toy attractively finished in blue, green or yellow with bronze lettering. Size, 14¼ inches long. Each **$1.50**

No. 684—Los Angeles. Same description as above but 11½ inches in length. Each **$1.00**

Arcade Airplanes are splendid reproductions of the well known Monocoupe Plane. Made of metal and furnished in assorted colors—Aluminum, Red and Blue.

No. 357. Length, 10 inches. Width, 10⅞ inches, height, 4 inches. Each **$1.00**

No. 355. Length, 7½ inches. Width, 8½ inches, height, 3 inches. Each **$0.50**

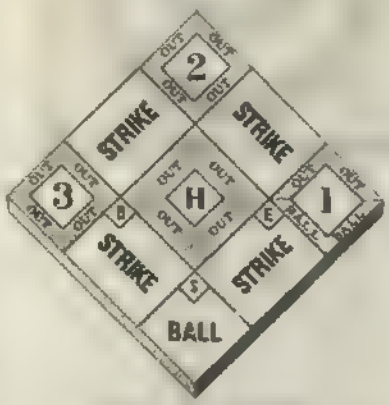
All Year Round Sellers

"Gym" Horseshoes No. 155. For Gymnasium and the Outdoors. 2 heavy metal plates 6¾ inches in diameter; 4 full size wire-reinforced heavy rubber shoes
Each $2.00



"Apex" Dart Baseball

"Apex" Dart Baseball. The board, which represents the diamond, is made of ⅞-inch lumber with tongued and glued cleats to prevent warping. The entire face is covered with compressed cork—the ideal material for a dart board. It holds the darts firmly yet they are easily withdrawn, leaving no marks. It wears indefinitely. The spaces which represent the various plays are divided by steel wires. Darts cannot hit "on the line," thus eliminating any possibility of dispute. Note: No darts are included with this Board. Size, 30 x 30 inches.
Each..... $18.00

Quarterback Football Game. A realistic football game and one of the most entertaining games on the market. "Simple enough for children, yet scientific for older folks." Attractively constructed of heavy cardboard with four-color printing, complete directions and up-to-date football rules on inside of the cover.
Each $2.00

Parlor Basketball Game. A very clever game, attractively boxed.
Each $2.00

Basketball Games

No. 5B—Basket Ball Game The stand is made of wood highly polished and varnished in attractive colors. The rim of the basket is of nickel-plated wire and the basket itself of regular hand-made wire. Each..... $2.50

No. 2B—Basket Ball Game. Similar to above, only two baskets. Each..... $1.00

No. 100—Bagatelle. Same general description as above but without cue. Size, 12½ in. x 24¾ in. Each $1.50

No. 210—Loop Ball. The marbles are driven by the spring along the alley and "Loop the Loop" into the upper plate where they drop into one of five openings giving points, and automatically return to the starting place for succeeding shots. Size, 25¾ inches long, 5½ inches high, 4¾ inches wide Each.. $1 00

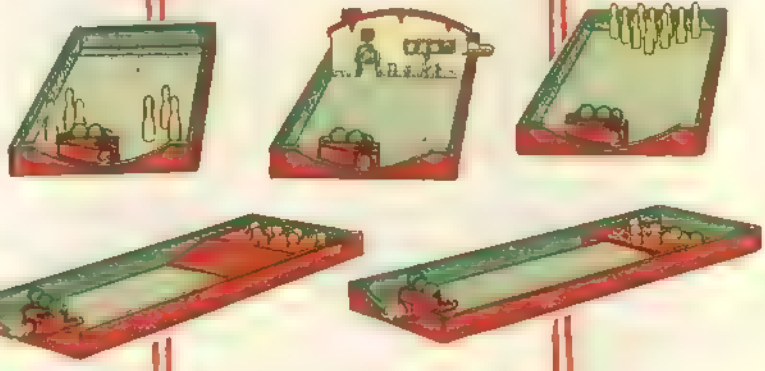
HUSTLER GAMES

HUSTLER BASEBALL

Year after year this unusually interesting game proves itself one of the most popular Hustler items. Playing surface is made of highly colored lithographed metal. Frame is of wood. All mechanical parts made of steel. Plays are designated on revolving drum operated by push button. Size overall—14¼"x9¼"x3½". Packed one in an attractive carton, 12 cartons in a case. Weight per dozen, 30 lbs.

Each $2.00

HUSTLER "BIG FIVE" GAME



This Hustler game won popular favor due to the fact that it provides five interesting games in one. Frame is of wood. All metal parts are lithographed in bright colors. Provided with a mechanical "shooting" device. Each of five games quickly set up and easily played. Complete set packed one in an attractive carton, 12 cartons in a case. Weight per dozen, 47 pounds.

Each $2.50

HUSTLER FOOTBALL

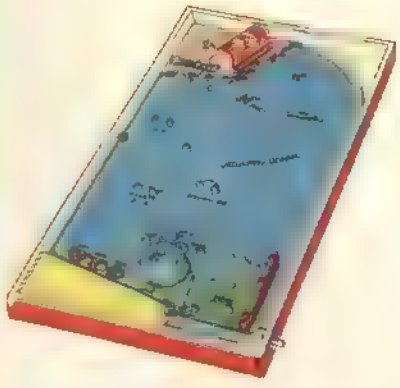
Because of its true-to-the-game action this game has received the endorsement of Fielding H. Yost, football authority. Playing surface is made of highly colored lithographed metal. Frame is of wood. All mechanical parts are made of steel. Plays are designated on revolving drum operated by push button. Size overall—14¼"x9¼"x3½". Packed one in an attractive carton, 12 cartons in a case. Weight per dozen, 30 lbs.

Each $2.00

HUSTLER QUESTOR

An interesting and educational game in which questions of History, Invention, Geography, Flags of Nations and many other subjects are answered on a revolving drum. Operated by a push button. Playing surface is made of highly lithographed metal. Frame is of wood. Mechanical parts of steel. Size overall—14¼"x9¼"x3½". Packed one in an attractive carton, 12 cartons in a case. Weight per dozen, 35 lbs.

Each $2.50



HUSTLER AERO RACE

This interesting game is based on trans-Atlantic ocean airplane flights. Is made of wood, finished in bright colors. Game is operated by a mechanical "shooter". Size overall 11½"x8½"x-15½". Packed one in an attractive carton, 12 cartons in a case. Weight per dozen, 18 lbs.

Each $1.00

HUSTLER CONSTRUCTION TOYS

Bildkraft Set No. 1

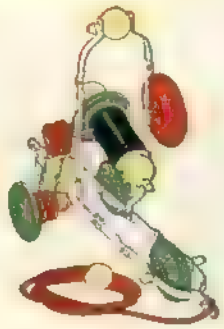
HUSTLER BILDKRAFT

A *new* construction set having many *new* and *exclusive* features. With it can be built more realistic models, *in color*. Construction parts are all made from cold rolled steel and brightly colored as shown above. Wheels and pulleys are of wood, each having a rubber core to simplify assembly and eliminate bolts and screws. Packed in two sizes, as follows:

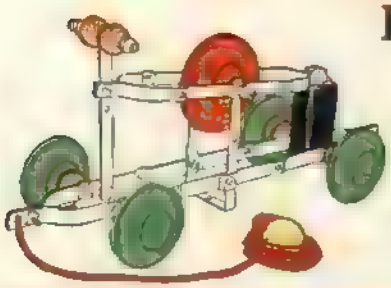
No. 1 BILDKRAFT
One complete set as shown above in an attractive carton. Size overall—1½"x10"x14". Two dozen in a case, weight 60 lbs.
Each $1.00

No. 3 BILDKRAFT
One complete set as shown above in an attractive carton. Size overall 1½"x11"x19". One dozen in a case, weight 42 lbs.
Each $2.50

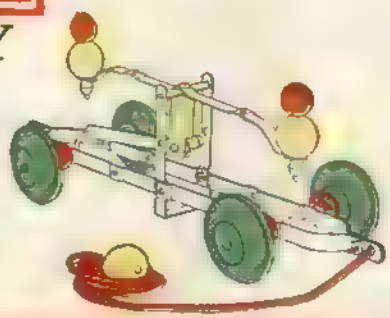
Bildkraft Set No. 3



HUSTLER *Action* TOY BUILDER

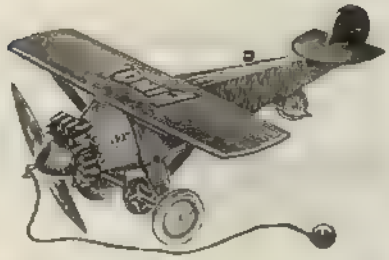


The wood parts of this unusual construction toy, with which real, action toys can be built, are brightly colored. Metal parts are made of cold rolled steel. Instructions for building many models accompany each set. One complete set packed in a strong, attractive, screw cap tube. Overall size—3"x12". One dozen in a case, weight 15 lbs.
Each $1.50

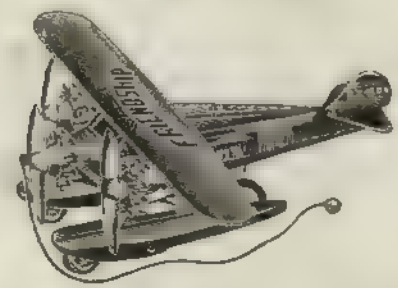


Created by HUSTLER TOY CORPORATION *Sterling, Ill.*

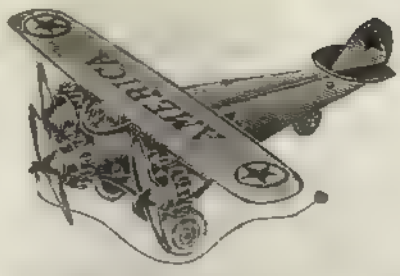
IRON TOYS



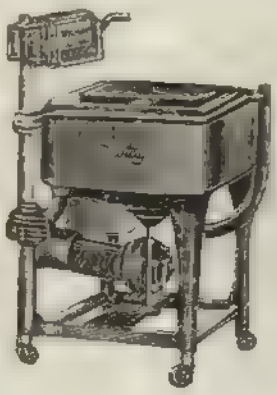
No. 7. An exact copy of the single-motor Ryan plane that 'Lindy' used. The propeller revolves and the exhaust coughs. Made of aluminum and cast iron, fitted with rubber tires and pulled by a string. It is 12 inches long 13¼ inches wide, 4½ inches high. Each $3.00



No. 15—Friendship Plane. This toy is a model of the plane used by Amelia Earhart in her famous transoceanic flight. The plane is 11¾ inches long, 13⅜ inches wide, 4¾ inches high. The three propellers move and there is also an imitation motor exhaust when the toy is pulled along. The plane is made of iron, attractively painted. Each..... $4.00



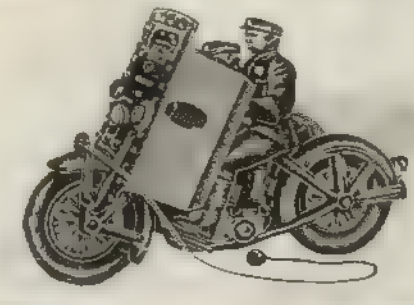
No. —The "America." a duplicate of Byrd's Tri motor Fokker plane with its three revolving propellers. Rubber tires coughing exhaust attractively colored pulled by a string. Size, 14 inches long, 17 inches wide 5½ inches high. Each $5.00



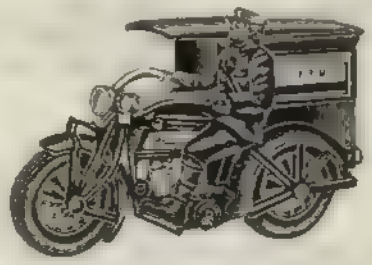
No. 6—Maytag Washer. Height 7½ inches, width 4½ inches, depth 4½ inches. 1 in box. Each $2.25

No. 18—Boat. The "Sea Horse" is equipped with a toy model of the famous Johnson Outboard Motor. It runs on rubber tired eccentric wheels, which give it a wave-riding motion. Also has imitation motor exhaust. Each..... $1.50

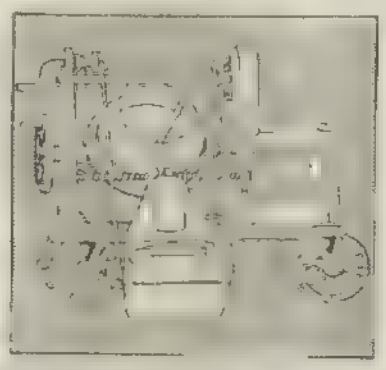
No. 803—Whirling Monoplane. A mammoth monoplane with 4 blade colored propeller which revolves and rings bell as it "taxis" along. Length, 30½ inches. Each $3.00



No. 13—Indian Armored Car. A pull toy beautifully lithographed. Length, 8 inches. One in box. Each. . $2.25

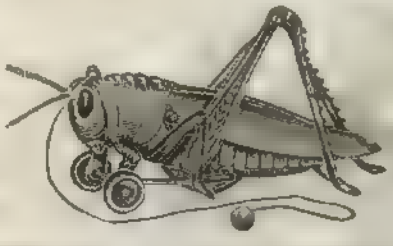


No. 14—Indian Air Model Motorcycle. This good looking pull toy is most realistic. It is painted in the same colors used on the U. S. Air Mail Truck, with the familiar blue white and red stripe on the side car. Length, 9¾ inches, width 5 inches, height 4¾ inches. Rear door of side car opens for load. Equipped with rubber tires, imitation exhaust and demountable rider. Each . $3.00



Jaeger Concrete Mixers. Top crank, by means of cable, lifts hopper which automatically empties into bucket. Wheel turns gear wheel, engaging teeth on bucket gears which turn bucket to thoroughly mix contents, while a side lever provides quick dumping. Uprights finished in blue with gear of bright orange trimmed with gold bronze. Wheels, bucket and hopper of highly polished nickel. Made in two lengths 7¼ and 8½ inches.

No. 650. Each . . $3.50
No. 654. Each . . 2.50

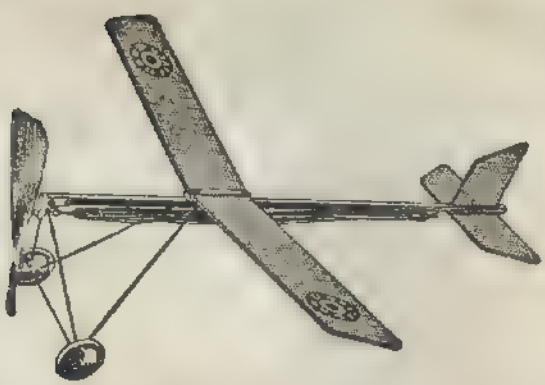


No. 9—Grasshopper. An iron pull toy lithographed in realistic colors. Length 12 inches, width 4½ inches, height 5½ inches. 1 in box. Each $2.00

No. 16—Indian Motorcycle. The new four cylinder Indian Motorcycle is 9 inches long. Assorted colors, red, yellow and green, and has demountable rider, rubber tires and imitation motor exhaust. Each . . $1.50

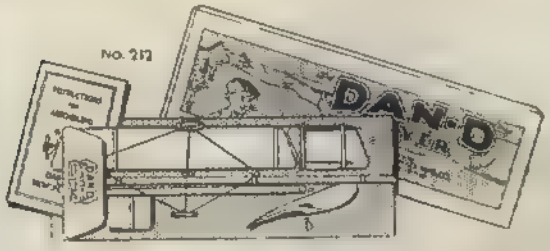
AEROPLANES

Real Flying Toy Aeroplanes



No. 200. Looks and flies like a real Airplane—22-inch wing spread. Made of selected materials. Balsa wood, the lightest wood known, is used for wing and tail surfaces. Wings are covered with bright tape. Spring steel landing gear. Rear wheels. Finished in attractive bright colors. Each.... $1.00

No. 125. Dan-D Flyer Erector Set. Builds a Glider and Airplane with propeller power. Same construction and finish as above number. Each..... $1.50



No. 212—U-Build-It Biplane. Teaches the boy how to build a Biplane. Finish and construction same as No. 200. Each $2.50

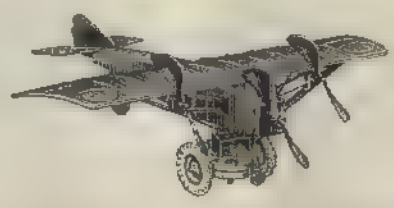
No. 216—Dan-D Flyer Erector Set. Makes two complete Airplanes, a Monoplane and a Biplane, each 22 inches across the wing. Made of best selected materials. Each..... $3.50

American-Ace Aeroplane Kite. The American-Ace shows the foundation and general character of an Aeroplane, and is built to scale, after the Bi-plane type. Material Construction—cloth, linen strings used throughout, wing stays of bass and hickory wood, struts of aluminum. No nails used in its construction. Each..... $1.50

Kingsbury Mechanical Aeroplanes

No. 766—Taxiplane. A Biplane very similar in design to the planes in the Mail Service. The government is urging more frequent use of the air mail. This is a constant reminder in the home of this wonderful new service. Length, 15 inches with wing spread of 12 inches. Equipped with motor and rubber tires. Each $2.00

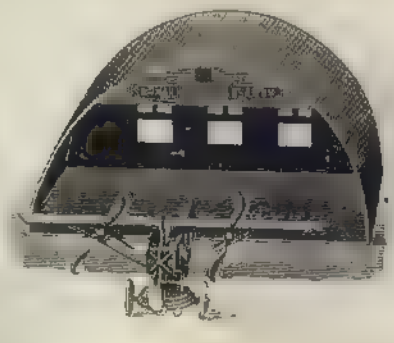
Tri-Motor Monoplane



No. 767. A beautiful model three-propeller plane. Finished in gold bronze with blue bronze trimmings. All three propellers spin as the motor drives the plane along. Wing spread of 15 inches. Each $2.50

No. 710—Monoplane. Similar to preceding number, but with standard clock spring motor. Plane runs in circles "banking" realistically, with propeller spinning. Wheels may also be set to taxi straight along the floor. Each..... $1.50

No. 365—Cabin Plane. The type of plane now in use on the Trans-Continental airways. Equipped with motor and rubber tires. Each $3.50



No. 8867—Metal Hangar 13 inches in size. Any of the above model planes will fit in this hangar. Each.... $3.25

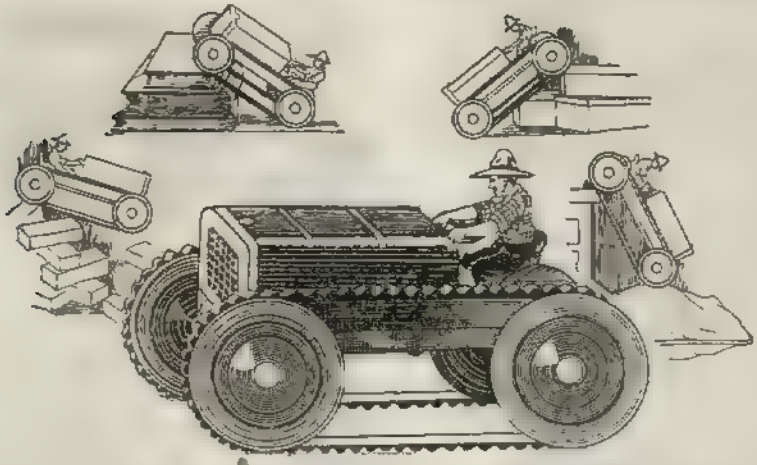
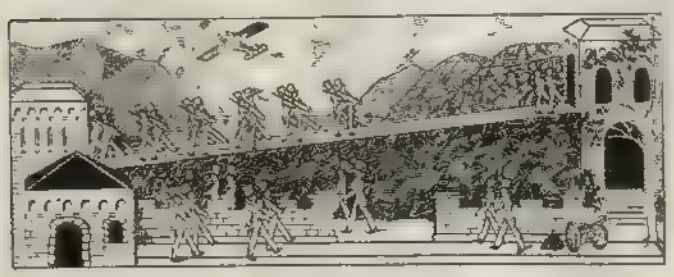
MECHANICAL SPECIALTIES

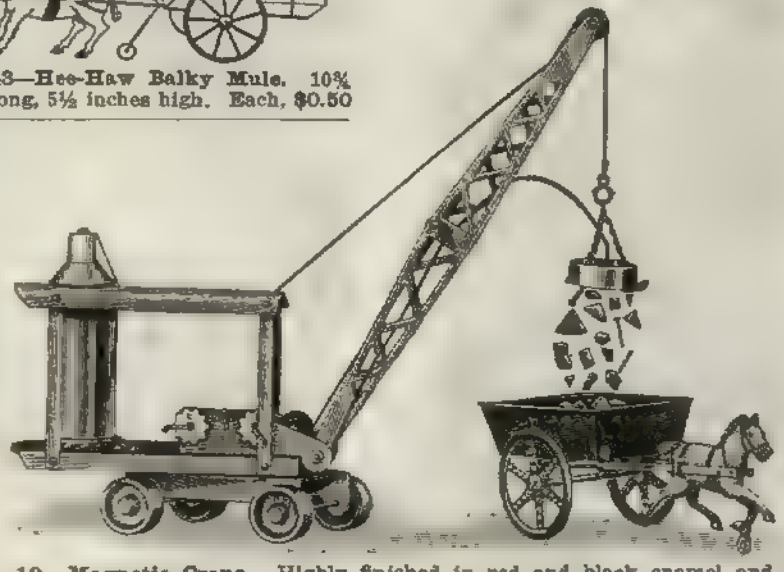


No. 1000—Climbing Tractor. A sturdily built Tractor, with Farmer boy in seat, made of heavy gauge aluminum, that climbs up, down and over everything and all obstacles. Has lots of pep and really uncanny as to the many times its own weight that it will pull. Equipped with a very powerful steel spring and governor, giving it a real slow action. Has a caterpillar type of rubber tread. It is built for rough handling, and when coming down an incline it goes just as slowly as when going up because of this special governor. Lots of play value, and it is just as interesting to the grown up as to the youngster. Size: 8¼ inches long, 3¾ inches wide. Each..... $2.25

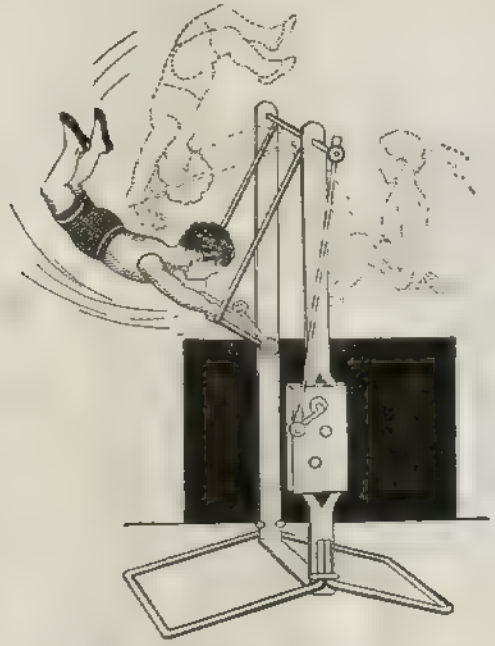


No. 580 — West Point. New beautifully lithographed toy, showing West Point cadets marching up an incline representing the barracks and grounds of West Point. Size: 14½ inches long, 5½ inches high, 2⅛ inches wide. Each $0.75

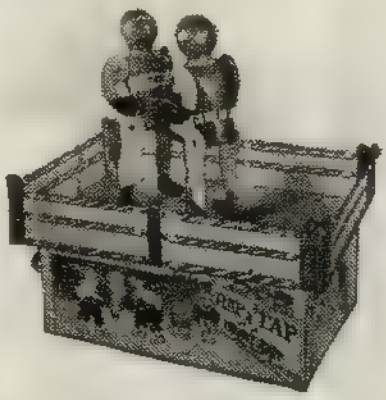
No. 43—Hee-Haw Balky Mule. 10¾ inches long, 5½ inches high. Each, $0.50



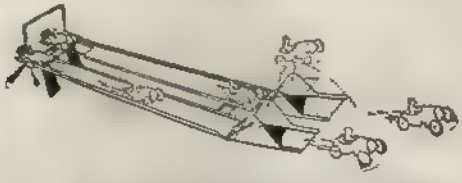
No. 10—Magnetic Crane. Highly finished in red and black enamel and nickel. Furnished with batteries ready to operate. Will lift iron and steel articles weighing up to one-half pound. Controlled by button switch. Each..... $5.00



No. 590—Acrobat. Here is a toy that performs different stunts at each winding. It runs for a long duration and the all metal acrobat figure performs in a surprising manner at each winding. Equipped with strong unbreakable spring 12 inches high, 8 inches wide. Each $0.75

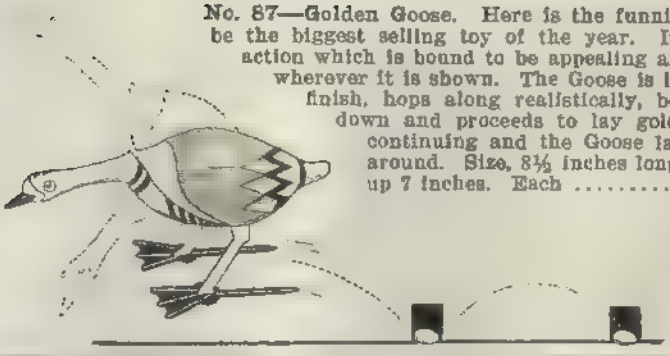


No. 45—Rap and Tap. Portrays very amusing and popular pastime of two boxers performing at a vigorous gait. Size: 6½ inches high, 4⅛ inches long, 4⅝ inches wide. Each..... $0.50

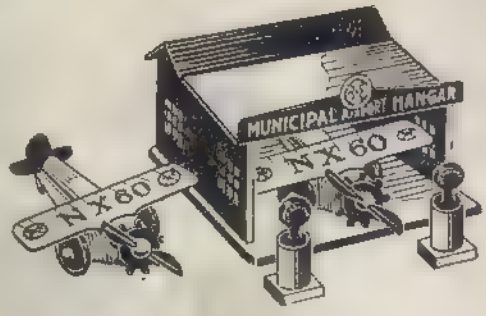


No. 16—Double Stunt Auto. When the lever is released the two cars start to race down the runways, and over the hurdles. The car which travels the farthest is the winner. 11 inches long, 4 inches wide, 2⅜ inches high. Each $0.25

MECHANICAL SPECIALTIES



No. 87—Golden Goose. Here is the funniest and probably will be the biggest selling toy of the year. It has a distinct new action which is bound to be appealing and create quite a stir wherever it is shown. The Goose is lithographed in a gold finish, hops along realistically, bobs its head up and down and proceeds to lay golden eggs; the action continuing and the Goose laying eggs as it hops around. Size, 8½ inches long, 4 inches wide, head up 7 inches. Each $0.50



No. 510—Hangar with Plane. The Aeroplanes are equipped with high speed friction motors and the propellers revolve when in motion. These friction Aeroplanes are high speed and can climb up an incline. Lithographed metal Aeroplane hangar measuring 5½ inches long, 5 inches wide, 3⅜ inches high. The two Aeroplanes measuring 4½ inches long, 4½ inches wide and 1½ inches high. Each..... $0.50

AEROPLANES THAT WILL FLY

Broadfield No. 35 Racing Model Here is a real duration contest model of the pusher type, which has been described in many boys' publications. Double surface built-up wings covered with tough Japan fibre paper, two 9-inch bent wood propellers with special bearings, geared winder, and 28-inch frame assembled ready to attached wings and propellers. Each plane packed in a special box, with the full flying directions. Each.... $5.00

No. 211B—Broadfield Cabin Monoplane. This model resembles very closely Lindbergh's "Spirit of St. Louis" monoplane, in which he made his famous flights. In order to increase the flying quality of this plane it was necessary to make a number of changes which makes the plane extremely light. Under favorable conditions it will fly over 300 feet. The body of the plane is built up of balsa wood, side panels specially prepared, landing gear with steel axle for the wheels. The propeller is made on detachable motor base which can be readily detached from the body by means of a special snap. This plane is very attractive in appearance and comes packed each in a box with full directions to fly. Each $10.00

IDEAL CONSTRUCTION FLYING AEROPLANES

Ford Tri-Motor Monoplane "Floyd Bennett."—A three-foot Flying Model. A perfect scale reduction model of the Airplane used by Commander Byrd on his South Pole expedition, named after the immortal Floyd Bennett, his companion on many flights. The construction of the Ford model will give the builder an opportunity to study the latest and most scientific improvements in aeronautics. This model is guaranteed to fly when correctly assembled. Complete Construction Outfit, ready to assemble. Each.. $8.50

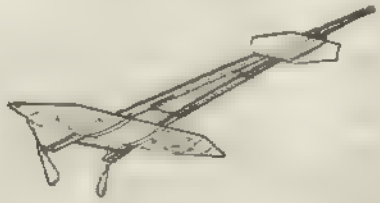
Fokker North Pole Monoplane—A Three-foot Flying Model. A perfect, scale-reduction model of the Fokker tri-motored Monoplane in which Commander Richard E. Byrd made his famous North Pole flight; and the same type of Airplane in which he more recently flew to the shores of France. The distinctive constructional features of the original have been copied in this model. The use of specially formed ribs greatly simplifies the wing construction. This model is guaranteed to fly when correctly assembled. Complete Construction Outfit, ready to assemble. Each $8.50

DeHavilland Bi-plane—A Three-foot Flying Model. An accurate Model, 1/14 actual size, of the Airplane in which the famous Liberty Motor of war days was installed; the type used by the U. S. Army Pilots in their flight around the world, and now used by the U. S. Air Mail Service. This IDEAL Model has many features not usually found in Model Airplanes, and is a wonderful example of the Bi-plane type. The model is guaranteed to fly when correctly assembled. Complete Construction Outfit, ready to assemble. Each $7.50

Bleriot Cross-Channel Monoplane—A Three-foot Flying Model. This is an exact model, 1/10 actual size, of the famous **Bleriot XI**, the first to fly across the English Channel, and one of the competitors in the first Airplane race held at Rheims, France, in 1909. This model has silk covered wings and many neat and substantial fittings. It is easy to build, and is guaranteed to fly in the air when correctly assembled. Complete Construction Outfit, ready to assemble. Each..... $5.00

Nieuport French Scout Monoplane—A Three-foot Flying Model. This is an accurate Scale-reduction Model of one of the leading French Scout and Pursuit Planes. Its construction is so simple that any handy boy can build it. This Nieuport Monoplane is a graceful flyer; in fact, is guaranteed to rise from the ground under its own power and fly in the air, when correctly assembled. Complete Construction Outfit, ready to assemble. Each $6.00

New York-Paris Monoplane—A Three-foot Flying Model of Lindberg's "Spirit of St. Louis." An exact reproduction of the famous Monoplane in which Colonel Charles A. Lindbergh made his celebrated flight from New York to Paris. The constructional features of the original have been duplicated faithfully in this model and the assembling is greatly simplified by the use of formed ribs in the wings. This model is guaranteed to rise in the air and fly under its own power when correctly assembled. Complete Construction Outfit, ready to assemble. Each.. $7.50



The Cecil Peoli Racing Airplane—A Three-foot Official Championship Racer. Here is an American Racing Airplane that has broken records for distance and duration in the air. Its official distance is 1,691½ feet; duration is 48⅘ seconds. Unofficially it has flown more than 2,000 feet, and remained in the air over a minute. This Airplane will give a good account of itself in any competition. The construction is not difficult; all parts being furnished ready to assemble. Complete Construction Outfit. Each $3.75

Everyboy's Airplane is a graceful machine, 3½-foot wing span, strong and sturdy in construction. Weight, 10¼ ounces complete. Made largely of aluminum and will not suffer from the shocks incident to trial flights. Equipment includes a 10-in. carved propeller, pneumatic-tire disc wheels, aluminum engine cowling, ribs, bulkheads and landing gear. Pure Para rubber motive power. Comes complete in strong box containing all parts and clear, complete directions for assembling and flying. Each $6.00

No. 54—"Tom Thumb" Speedster. Size 10 x 2 x 4½ inches. This type of boat is something that has never been tried before. It will run with surprising speed when rubber motor is wound by hand at propeller same as you would wind a toy flying aeroplane. It is a good toy and will run in the bathtub, seashore or pond. Natural color body varnished with green underbody, wood steering wheel, colored pennant on mast. Each..... **$3.50**

No. 201—"Rolla Boat." A new design furnished in a white hull with a yellow sail. Four wheels and hollowed to give a lot of room for sand and other toys. Each . . **$1.00**

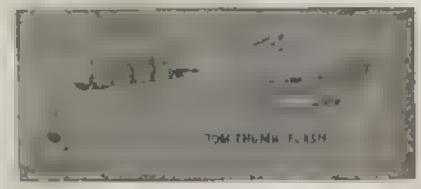
MOTOR BOATS

A perfect reproduction of a costly modern speed boat made of California Redwood, perfectly matched and constructed so that it will endure hard usage. The hull is finished in natural mahogany topsides and sea green underbody. The interior of the hull is finished with as much care as the exterior. Equipped with a guaranteed motor that winds up as you would crank a real marine engine. The deck is fitted with searchlights, coamings, pennants, etc. Special mechanical motor. The Flying Yankee Speed Boats are propelled by special spring motor designed and built for these models and is far superior to the usual toy spring unit. It is designed to give a thousand revolutions to a two-inch propeller. The motor is enclosed in a steel case which is finished to appear like a real marine engine. Will run about 300 feet in still water.

No. 65—Flying Yankee. Same general form as No. 68 and No. 73 and 19 inches long. Finished in natural topsides and red underbody. Equipped with guaranteed motor. Each . **$3.50**

No. 68. Size, 22 inches . . Each **$6.00**

No. 73. Size, 27 inches . . Each **10.00**



No. 55—"Tom Thumb" Coast Guard. Size 11¾ x 3¼ x 4½ inches. Same as No. 56 but with gun that will turn, motor boat cabin with brass portholes. Color, black cabin, black gun. Colors, gray and red body and finished in varnish. Packed each in box. Each **$1.00**

Built along the lines of a real speed boat, fitted with bright brass spray-hood, capstan, propeller, steering wheel and positive-acting rudder. Driven by a powerful, encased spring motor. The boat is guaranteed non-sinkable.
No. 575. 14½ in. in length. Each **$5.00**

No. 590—Motor Yacht. Miss America III is a motor yacht. Durably built of the best material possible, it has the lines of a real high-class yacht, fitted up with cabins forward and canopy aft, and with all portholes, mountings, railings, motor parts, etc., of full brass. Miss America III is driven a distance of approximately 250 feet on one winding of a powerful encased spring motor, the best obtainable. The deck cabins and all upper work are mahogany finish. The hull is finished in best white enamel to the water line while the bottom is green. The combination is exceedingly attractive. All trimmings are of polished brass. Length, 26 inches, width 5½ inches. Each . **$12.00**

BOATS AND TELEPHONES

BOATS

No. 215—"Tom Thumb" Battleship Size, 25¾ x 3½ x 5¼ inches. Turret guns on both ends of Battleship turn around. Brass portholes on both sides Solid one-piece hull. No. 75—Toyphone. Height, 8¼ inches; black mouth piece. Assorted colors, red, blue and pink Each $0.50

No. 425—Telephone. Large size all nickel plated. Each $1.00

WEEDEN STEAM ENGINES

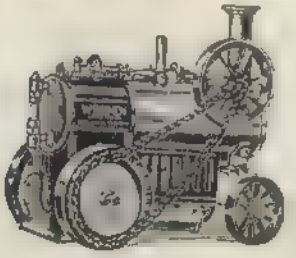
OSCILLATING TYPE

THESE ENGINES ARE MADE IN AMERICA

SAFE AND SIMPLE

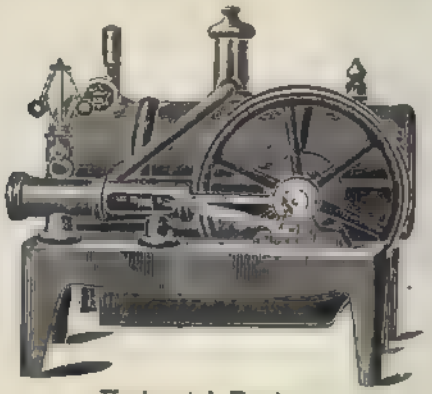
BEST TOY ENGINES MADE

Guaranteed by the Manufacturer as to workmanship. Each engine is carefully tested before it leaves the factory with live steam and adjusted to run All are Doubly Safe. The safety valve on each engine is fool proof and the valve parts are so arranged that they act as an emergency outlet should the safety valve fail to work. The lamps are all constructed without solder and cannot be filled without removing the wick The fuel is denatured alcohol. So simple anyone can set up and run. Full directions with each engine.



Steam Tractor

No. 645—Steam Tractor, polished brass boiler of gun metal finish; a balance wheel with nickel face; well-fitted water glass; nickel-plated whistle and brass safety valve. Chain drive of brass and cylinder of the oscillating type. Size, 7½ x 3¾ x 7¼ inches . Price, each..... $6.00



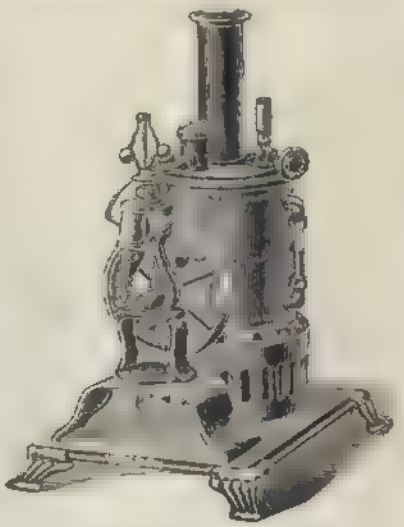
Horizontal Engines

No. 14—As illustrated. Size 7¼ inches x 6½ inches x 6 inches. Each.. . $5 00

No. 123—As illustrated. Size, 10½ inches x 8 inches x 4 inches. Each..... $2 50

No. 138—Boiler is polished blued steel finish; fire box and base of finished sheet steel Size, 10¼ in x 9¾ in. Each .. $3.00

No. 311 — Has large polished brass boiler, iron fire box firmly mounted upon a substantial base. The safety valve is locked on top of boiler and made steam tight by small rubber washers. Engine is provided with a Brass Whistle that works perfectly, a large cylinder which is attached to nickel plated steel frame mounted on top of boiler and a balance wheel 2½ inches in diameter with turned face. This engine runs rapidly under small steam pressure and makes a very fine appearance. Base, 8½ inches x 6 inches. Height, 9 inches Each $3.00



Upright Engine

Engine No. 17—The Best Model. High speed, powerful and simple. Size 9 inches x 6½ inches x 5⅝ inches. Each.... $4.00

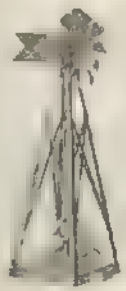
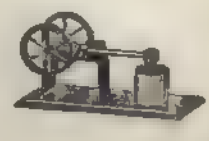
No. 239—Size 12 inches x 4½ inches. Each..... $1.00

No. 144 — Size 11¾ x 4½ inches Each..... $1.50



No. B-30—Windmill Pump. This interesting and attractive accessory toy, for use with Empire Engines, not only looks and runs like a windmill, but it actually pumps water—lots of it and in a continuous stream. Fill the trough with water—hook the Windmill up to any Empire Engine, either direct or through the variable speed unit—prime the pump as is done on the farm—and the windmill will pump continuously, if desired, from morning till night. Highly fascinating in operation and appearance. Heavy base and wheel finished in bright red duco. Tower and all running parts nickel plated. Size 7 x 8 x 24. Unit weight, 4½ lbs. Standard package 2. Weight, 16 lbs. Each $5.00



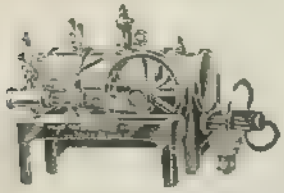
No. 85. Trip Hammer. It is simple in design and will run easily and rapidly under steam pressure. The base is 3½ x 6 inches, and it has two pulleys, each 1½ inches in diameter, and is finished in bright colors. Each..... $0.50

No. 81. Windmill Attachment is 7½ inches high; base, 4½ inches in diameter; spread of arms, 7¼ inches. It also has a door and small window at the top. Each..... $1.00

No. 80. Windmill Attachment is 6½ inches high; base 3¾ inches in diameter spread of arms, 6 inches Each . . $0.75

ENGINES AND ACCESSORIES

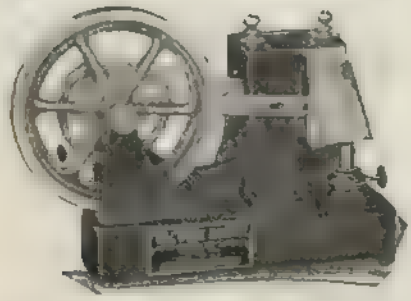
ELECTRIC ENGINE



No. 647. Large highly polished brass boiler, trimmed with Steam Dome, Brass Whistle, Safety Valve, and Water Glass with Brass Cocks, and is connected to steam chest on cylinder with polished brass pipe. Electric heating unit is firmly attached to boiler. Cylinder, steam chest and slide rest are cast in one piece and cannot get out of order. The whole engine is in every way strong and durable. Size, height, 6¼ inches. Set on base 6 x 5¾ inches. Each $7.50

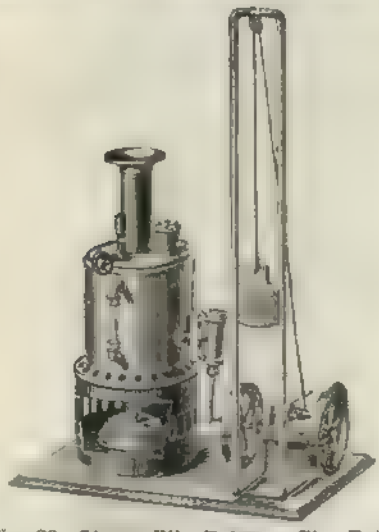
VACUUM ROTOR ENGINE

The ROTOR
Successor to the Motor



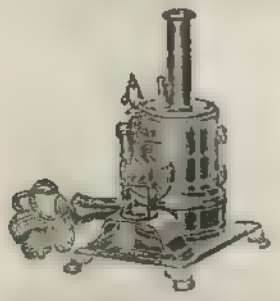
The Vacuum Rotor is a device for producing power from the pressure of the atmosphere. It acts just like a gasoline engine, but without any of the accompanying dangers. Its power is not produced through high pressure or explosion and there is no danger of either fire or shock. It is much safer than a steam engine, a gasoline engine or even an electric motor; the safest power toy that has ever been hitherto manufactured. The power is produced by the air that you breathe into your lungs, when acted upon by a tiny flame from a small alcohol burner such as is used for melting sealing wax. Size, height, 6½ inches; width, 4½ inches; length, 9¼ inches. Weight, 7½ pounds. Horse-power, 150; ½ oz. alcohol lasts 1 hour. Each $6.00

No. 2. Same construction as above but larger size. Each $9.00



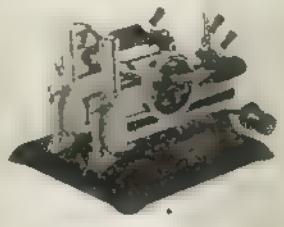
No. 36—Steam Pile Driver. The Boiler is made of Blued Steel and has a Brass Whistle and Water Glass; and the engine is fitted with double Balance Wheels and Winding Drum; Shipper lever; Gallows Frame or Hammer Guides and Hammer, all thoroughly made and put together. The working parts are polished nickel plate. Height 13 inches. Base, 6 x 5½ inches. Each $3.50

ELECTRIC ENGINE

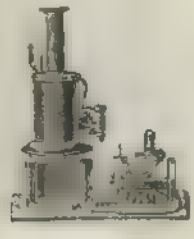


No. 661. Reversible Electrically Heated Steam Engine. Height, 9 inches; base, 6¼ x 5½ inches. Instead of using alcohol as a fuel for all our engines, we are featuring electricity as a means of heating water to generate steam. Each engine is provided with a two-piece plug which can be screwed into any 110 volt lighting fixture and it has a connector piece on the end of heater cord to put on the terminals attached to the engine frame. The engine has a highly polished blued brass boiler firmly secured to a cast iron base finished in polished nickel. It has a water glass with brass connections. A reversing valve by means of which the engine can be run either forward or backward with equal speed, and the valve is so constructed that it will always work properly and never get out of order. Each $6.50

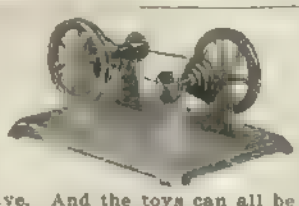
Electric Engine No. 672. Size: Height, 10½ in.; base, 9½ x 6¾ in; balance wheel, 3⅛ in. in diameter, ½ in. face; bore of cylinder, 9/16-in. single acting, gas engine type. Comes with a two-piece plug, has connector piece on end of lamp cord which can easily be put on the terminals which are attached to the iron frame. Each..... $6.50



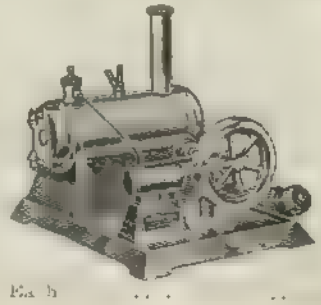
Electric Steam Engine, Twin Cylinder Type, B-42. This model is equivalent to two B-30 Horizontal Engines mounted on a common base, with double heating capacity and double power. It is equipped with two cylinders, separate throttles, two fly wheels, water gauges, stacks, safety valves and a whistle. It is a powerful engine for the operation of mechanical toys. See description of Model B-30 for mechanical construction. Watts, 600. Size, 9¼ x 8½ x 7½. Unit weight, 12¼ lbs. Standard pkg. 1. Weight, 26 lbs. Each $25.00



No. 37—Steam Force Pump. The Steam Force Pump is a Steam Engine and Force Pump combined, and in operation gives a good idea of how water is pumped and forced by steam pressure. The boiler, engine and pump are mounted on and well secured to a strong base. The Boiler is made of blued steel, is strong and durable, and has a Brass Whistle and Water Glass. The lamp is provided with a large wick so that a good-sized flame can be had and the engine run at high speed. The double balance wheel serves to regulate the speed, thus insuring a steadier flow of water from the nozzle. The motion of the engine is transmitted to the pump through the medium of our patent pinion and gear wheel. Suction hose, leading hose and nozzle are provided with each pump. The pump is finished in polished nickel plate and colors. At ordinary speed it will throw a stream of water about six feet. The higher the speed of the engine, the farther the stream of water will be thrown. Height, 8¾ in. Base, 6 x 8¼ in. Each $3.00



No. B-34—Variable Speed Unit. The variable speed unit adds a big, new thrill to operating engines. For with this unit any model Empire Engine has sufficient power to drive ten or twelve accessory toys. Each toy takes off from a separate drive. And the toys can all be operated at different speeds. Boys retain a keen interest in such a set-up, which provides almost unlimited variety to the things which they can do long after the novelty of the engine itself has diminished. The Empire Variable Speed Unit is sturdily constructed with a heavy red duco base. All running parts are nickel plated. Size, 6½ x 8 x 4. Unit weight, 2½ lbs. Standard package, 6. Weight, 17 lbs. Each $2.50



No. 670. Size: Height 8 in. Base, 9½ x 6¾ in. Balance wheel, 3¼ in diameter, ½ inch face, bore of cylinder, 9/16 in single acting, gas engine type. Comes with a two-piece plug, has connector piece on end of lamp cord which can easily be put on the terminals which are attached to the iron frame.

Each $6.50

A Preference
Based Upon Facts

THERE are superstitions aplenty among tool buyers and likes and dislikes that cannot be reasonably explained—there are sudden bursts of popularity that are hard to predict or control.

But the year in, year out preference for the TRIMO pipe wrench among a substantial class of buyers is a preference based upon facts—cold facts, as cold as the fine tempered steel of TRIMO itself.

One of those facts is tremendous strength; another is exceptionally long wear. They are quality facts and buying facts—facts that mean business for you.

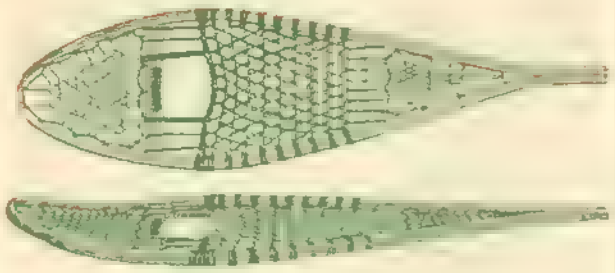
SNOWSHOES

MAINE



Tubbs—Model for Men

The conservative shape and spread of this type shoe makes it exceptionally desirable for general service over long trips. The slightly curved toe makes it equally practical up hill and on the level. This model was selected by the British Government in 1918 and 1919 for the use of their troops at work in Northern Russia. More Tubbs' Snowshoes were used in war service than were those of all other manufacturers combined.

NOTE—Snowshoes are furnished without attachments

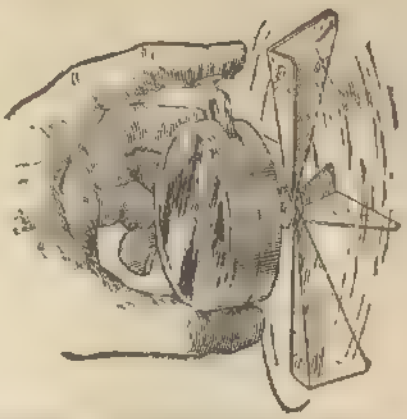
The Cyclone Rotary Hand Fan

THE BEST FAN EVER INVENTED

Produces a constant current of wind.

NO TROUBLE OR FATIGUE

VERY REFRESHING



You have merely to PRESS THE BUTTON, and the three REVOLVING BLADES revolve with almost incredible rapidity, producing a constant and continuous stream of COOL AIR. It is a great improvement upon the ordinary fan, that is very tiring to operate, and that causes almost as much warmth as it alleviates. It comes in both Tortoise and Ivoryoid, weighing almost nothing to speak of, yet it is very strongly constructed and not likely to easily get out of order. The fan blades are so marvelously light and smooth that, even if they are allowed when in motion to come in contact with the face, no injury is caused.

No. 4539. THE CYCLONE ROTARY HAND FAN. PRICE, POSTPAID, 50 Cents

Uncle Sam's Cash Register Banks

It Rings! It Registers! It Adds! It Opens Automatically!

NO KEYS TO LOSE OR BREAK!

No. 6617. Holds Nickels, Dimes and Quarters.

These Banks are not toys, but practical Savings Banks. There are **SIX** different kinds. One Bank is made for **PENNIES** only; one for **NICKELS** only, another for **DIMES** only, another for **QUARTERS** only; one for **HALF DOLLARS**; and in addition to these there is the **3-COIN BANK** that holds **NICKELS, DIMES and QUARTERS.** In addition to the **COINS** that each Bank holds, there is a special opening for Bills. However, the Bills, of course, [illegible] **AUTOMATICALLY**, [illegible] cannot be opened before the [illegible]

No. 6614. Holds Dimes.

[illegible]

"The Little Millionaire"

Combination Savings Bank

Your First Step on the Road to Independence

No Keys to Lose. Holds Ten Dollars in Silver.

"The Little Millionaire" is a very high grade Savings Bank. There are no keys to lose. There is a special Combination to each Bank, and it [illegible] Bank cannot be opened there are no keys to lose, and as there are numerous combinations no one else can open yours unless they know the particular Combination to your Bank. Thus every person in the family may have a bank with a different combination and it is impossible for one to open another's Banks. The Bank is made of solid brass, heavily nickel plated, stands about three inches high, and not quite two inches in diameter. It will hold any kind of coin, with a capacity of about Ten Dollars in silver. Of course it will also accommodate the coins of other countries.

No. 2574. "THE LITTLE MILLIONAIRE" Combination Savings Bank. Three for $2.00, or $7.00 per dozen, postpaid to any address **75c**

THE CLASSIC BOOK BANK

A Masterpiece!

The Successful Home Safe

Beautiful Mission Grain Binding Tougher Than Leather.

HERE is a Home Bank of [illegible] kind. A bank that [illegible] slips into a man's pocket or a lady's handbag comfortably—a novel and attractive bank of the very highest quality. We take particular pride in drawing your attention to the rich outward appearance of the Classic Book Bank. The cover is made of first grade Keratol, a rich mission grain gives the appearance of a very expensive book. The deep, clean cut embossing of the lettering adds greatly to its attractiveness. It could take its place in any library, and this should assure it a place in every home. The "Classic" "feels" as good as it looks. Keratol is not applied direct to the steel sides, but there is a [illegible] layer of [illegible] and bound over the metal, which makes the cover [illegible] only to resist [illegible] and tearing. The banks have two doors and [illegible] and wood lined, and [illegible] to prevent [illegible] The banks [illegible] tools, [illegible] making a really strong box. It has a coppered interior, making the bank [illegible] and odor proof, making this [illegible] safe. Brass [illegible] prevents the [illegible] Bank [illegible] and locks [illegible] be opened without the use of the key. Two keys [illegible] with each bank, and each Bank comes [illegible] [illegible] [illegible]

ENTIRE PAGE ONE IN A BOX

DECOY DUCKS.

SHERMAN FOLDING.

Open. Folded.

Not a profile decoy. Made of wood and vulcanized fiber, thoroughly water-proofed. Colored true to life. No counter weights. Rides in rough water. Can be used in shallow water or on shore. Head and tail fold to protect when carrying. Body folds flat on wood base. Easily and quickly set up.

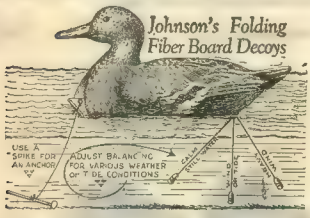
Per Dozen

No. S-600M—Decoys; mallard..... $7.00
No. S-600BB—Decoys; blue bill..... 7.00
No. S-600CB—Decoys; canvas back..... 7.00

Weight per dozen, 8 lbs.

Assorted 8 males and 4 females to a dozen; weight per dozen, 8 lbs. Packed one dozen in a bag. We do not break bags.

JOHNSON'S FOLDING.



The ⅛-inch cedar float, also waterproofed, slides snugly inside the body to spread and float it. A balancing device attached to the float makes tipping impossible. Suggestions for different ways of using printed on the bottom of each decoy.

Each dozen fit compactly in two canvas bags.

Per Dozen

No. S-JFD—Decoys; mallards only; weight per doz., 8 lbs..$8.50

ILLINOIS RIVER, FOLDING.

Painted in natural colors on both sides to represent mallards. Three on a wooden float. The float is in three pieces, joined at one end with a three-plate hinge and a bird floats at each extremity. A spring holds them open.

One dozen (four floats) in a carton, including cord and anchor for each float.

Per Dozen

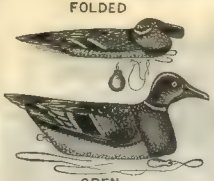
No. S-RD Decoys; mallards only; weight per doz., 8 lbs .$14.70

All above one dozen in a carton (8 male and 4 female.)

Sold only in full cartons.

CANVAS FOLDING.

VERI-GOOD.



Real duck charmers; big, fine looking decoys with that desired life-like feathery effect. Can be opened or folded with remarkable speed. Stray shots do not affect the bouyancy of the decoys in any way. Made light in weight, compact and are very durable.

You can remove the canvas covers from the frame work very easily and hang them up to dry instead of packing the decoys away damp for storage. You can also obtain new covers when the original coverings are old from long usage, which can be very quickly replaced without the use of any tools.

Per Dozen

No. S-525—Decoys; mallards only; complete with anchors and cords; weight per doz., complete with anchors, 14 lbs..$19.50

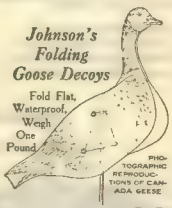
One dozen in a carton (assorted, 6 males and 6 females to a dozen).

Sold only in full cartons.

DECOY GEESE.

FOLDING.

Printed in natural colors on tough fibre board, thoroughly water proofed and reinforced. They have the exact appearance of live geese.

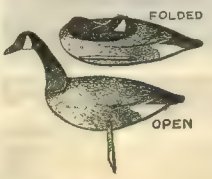


Per Dozen

No. S-800—Decoys; size, about 20x11x12 inches; weight per dozen, 12 lbs.....$16.00

One dozen in a canvas bag.

CANADA.



Made entirely of wood, the body is made in two parts, also the head and neck. These parts are riveted together so that the decoy will fold up very compact and can be readily opened up to resemble a goose in various positions.

Per Dozen

No. S-SLG—Decoys; size, about 9x10x12 inches; weight per dozen, about 12 lbs.....$18.00

One dozen in a strong fiber box.

STANDARD.

SOLID, FLAT BOTTOM.

Rough Surface—Non-Shine Finish.

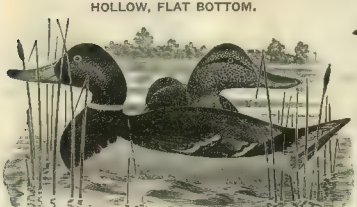
The above decoys are made of selected quality cedar, especially treated to resist moisture. They are flat bottomed, rough surfaced, non-shine decoys. They also float high in the water and are so made that at a little distance they cannot be distinguished from real ducks. They are heavily painted with several coats of lead paint. The glass eyes are set into the head with long steel pins. Shape is such that they conform to the water so that it is almost impossible for them to turn over.

All models of these decoys are actual reproductions of the ducks they are intended to decoy and represent. The acme of perfection in decoy making.

	Per Dozen
No. S-1M—Decoys; mallard	$15.00
No. S-1BB—Decoys; blue bill	15.00
No. S-1CB—Decoys; canvas back	15.00
No. S-1RH—Decoys; red-head	15.00

SUPERIOR.

HOLLOW, FLAT BOTTOM.



These decoys are actual reproductions of live birds and are the very latest thing in duck lures. Hollow construction, made of genuine Idaho cedar, life size, hand painted, non-shine finish. They weigh approx. 23 lbs. per dozen, 14 lbs. less than the solid.

	Per Dozen
No. S-HM—Decoys; mallard	$20.00
No. S-HBB—Decoys; blue bill	20.00
No. S-HCB—Decoys; canvas back	20.00
No. S-HRH—Decoys; red heads	20.00

One dozen in carton (8 male and 4 female).

Sold only in full cartons.

BABY SPECIAL.

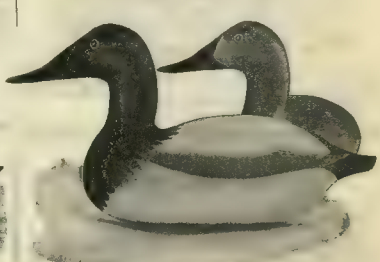
LIGHT WEIGHT, FLAT BOTTOM.

Flat bottomed, made of cedar. When in the water they have a most life-like appearance. They will attract live birds where all other decoys fail. They have no equal in that respect. Eyes are finest enamel, color of living bird. Shape is such that they ride naturally in the water and it is almost impossible for them to turn over. They require very small body weights. One strip bar lead will make three body weights. Heads and bills are of special shape and design. They are easily carried, weight being less than half the weight of other decoys.

	Per Dozen
No. S-11—Decoys; blue bill	$20.00@

MAMMOTH.

SOLID, FLAT BOTTOM.



Life size, 12½ inches long, 6½ inches wide, 4½ inches deep; with long neck; exact imitation of the canvas back in shape and coloring; eyes are finest enamel, colored same as the living bird. Made of cedar, solid body, flat bottomed so that it rides the water like the "real thing." Weight per carton, 40 lbs.

	Per Dozen
No. S-MC—Decoys; canvas back	$25.00

Every Doll You Buy In 1929 Should Have A Mama Voice!

OUR national advertising campaign will bring to the attention of millions of mothers the difference between dolls that say "MA-MA" and those that just make some sort of noise.

The difference in cost between a doll that just makes some sort of a noise and one that says "MA-MA" clearly and distinctly is only ten cents. There is no reason why all your dolls should not have Ma-Ma voices.

Be prepared to fulfill the demand for dolls that say "MA-MA," for the buying public will know the difference this year.

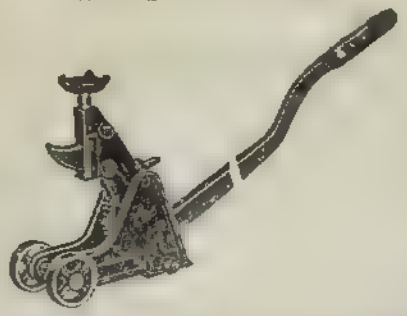
GARAGE JACKS

WALKER LIFT-A-CAR



A Few Short Strokes with the 48 inch Handle Lifts the Car to Any Desired Height; The Short Handle Clears Gas Tanks, Bumpers, Spare Tires and Fenders

The Foot Lift 3½ inches From the Ground When Lowered Will Grab the Axle of Any Low Slung Car and Make the Lift to the Desired Height; Especially Designed to Enable Service Men to Render Quick Service on All Cars, Especially Those With Low Axles and Balloon Tires.

Built to Lift One Corner of the Heaviest Car with Minimum Effort; All Working Parts are Sturdily Built; The Frame is Malleable Iron; The Pawls and Cap are Drop Forged; The Rack Bar is Case Hardened Steel and the Cantilever Principle of Lifting, Combined with Perfect Principles of Leverage, Make Lift-a-Car an All Around Garage Jack.

Specifications

Height 7⅛ inches; Height of Foot, 3½ inches —7¾ inches; Raise 18¾ inches; Wheel Base 10½ inches; Capacity 2000 lbs.

Each

No. W715A—Weight Each, 40 lbs. . . . **$35 00**

Loose

MARQUETTE MODEL "G" TRUCK JACK

A Profitable and Indispensable Jack for Every Shop Handling Heavy Vehicles. Provides a Quicker, Easier and Safer Method for Handling Heavy Trucks and Busses up to 12,000 lbs. 25 lbs. Pressure on the Handle Lifts a Ton on the Saddle.

Multiple Stroke; Planatary Gearing; Cut Gear Teeth

Two Reductions; Less Friction; the Load Rolls Up on Roller Bearings.

Simple Reversing Mechanism.

Long Curved Handle Bars Make it Easy to Place Jack Under Front or Rear Axle.

Handle is Adjustable to Different Lengths, Making the Distance from Swivel Cap to End of Handle 6 feet 2 inches to 7 feet when Extended.

Easy to Dolly Under the Wheels, Due to its Short Wheel Base and Low Handle Bar. One Center Caster, Only 26 inches from Center of Rear Wheels, Makes it Easy to Swivel, Steer and Shift Around.

The Caster has a Thrust Ball Bearing; Both the Caster and the Wheels have Roller Bearings.

Wide, Safe Support of Load Resting Directly on the Extreme Outer Ends of the Axle, Next to Wheels, Center to Center 15½ inches; Outside to Outside of Rear Axle Shaft 19 inches.

Lifting Range from 5 inches (Low) to 17⅜ inches (High); Range 12⅜ inches; Capacity 12,000 lbs

TIRE SERVICE JACK

MARQUETTE

A Universal Jack; With a New Sure Grip Swivel Cap; Steel Construction Throughout Jack; Drop Forged Pawls; Heat Treated Swivel Cap; Simple Reversing Mechanism; The Jack Drops Automatically to Low Position After Load Leaves Cap; Safe, It Cannot Drop while Load is On; Long Handle Gives a Big Leverage and Clears Gas Tank, Bumpers, Trunk, Spare Tires, Etc.

Specifications

Low, 4½ inches; High, 16½ inches; Lift, 11 inches; Capacity, 1½ Tons

Each

No. E—Weight Each, 45 lbs. **$40 00**

Loose

WALKER

Every Conceivable Lift that is Required Can be Made in the Smallest Operating Space with the Least Manual Effort. When Set to Lift the Handle Cannot Pass Beyond a Vertical Position. This Eliminates the Danger of a Man Being Thrown Against the Car or the Handle Hitting the Car.

There are no Contact Rods on the Handle to Work with the Fingers, Which Means That the Operator Has a Firm Grip on the Handle with no Other Duties for His Fingers While Operating the Jack. There is No Possibility of Breaking the Jack by Attempting to Lift Beyond its Maximum Height. On the Last Up Strokes an Automatic Reverse Operates and Another Handle Stroke Starts the Jack Down When a Man is Working Under a Car, After Lift Has Been Made, the Handle Can be Unlocked From its Connection with the Lift Members so that at Any Contact with the Handle by a Passing Car or Another Mechanic Will Not Raise or Drop the Load

Specifications

Low Lifting Point	5 inches
Raised Under Power . .	12 inches
Maximum Height . .	17 inches
Capacity	5000 lbs

Each

No. W740—Weight Each, 120 lbs. . . **$72 00**

Same Construction as No. W740, Except it is Short Coupled, That is the Frame is 13½ inches Shorter and Has 6 inch Malleable Wheels; Particularly Adapted to Loading and Unloading Freight Cars.

Each

No. W742A—Weight Each, 120 lbs. **$72.00**

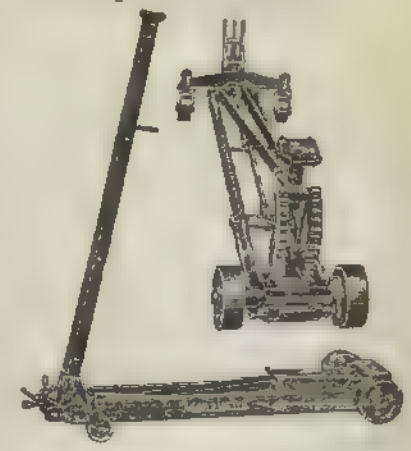
GARAGE JACKS

MARQUETTE MODEL "D"



BALLOON JACK

Only 5½ inches High. Goes Under Lowest Axle on Cars with Deflated Balloon Tires. Handles All Types of Cars; Standard or Balloon Equipped. The Marquette is Quickly Stepped Up with a Foot Lever to Height of Load. See Illustration.

Load Rolls Up on Pinion Floating on Axle Equipped with Roller Bearings, Making Lift Practically Frictionless; Lifts Any Car with a Few Short, Easy Strokes.

Five Operating Positions of Handle; This Means Room to Work Handle in High Position When Close to Walls or Other Cars; Low Position to Clear Bumpers, Trunks, Etc.

Handle Locks Upright Out of Aisle When Jack is Under Car. Large Swivel Cap Can be Adjusted 2⅝ inches.

To Reverse and Let Load Down Simply Throw in the Reverse Lever and Operate Same as When Lifting. After Swivel Cap Leaves Load Jack Automatically Drops to Lowest Position.

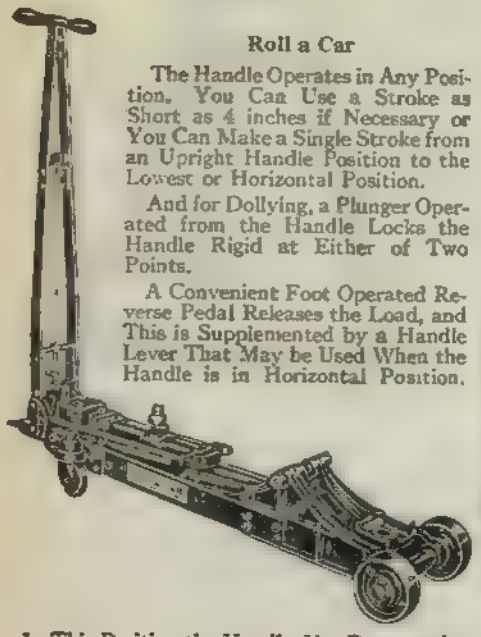
GARAGE JACKS

WALKER

HYDRAULIC



Roll a Car

The Handle Operates in Any Position. You Can Use a Stroke as Short as 4 inches if Necessary or You Can Make a Single Stroke from an Upright Handle Position to the Lowest or Horizontal Position.

And for Dollying, a Plunger Operated from the Handle Locks the Handle Rigid at Either of Two Points.

A Convenient Foot Operated Reverse Pedal Releases the Load, and This is Supplemented by a Handle Lever That May be Used When the Handle is in Horizontal Position.

In This Position the Handle Also Protects the Reverse Pedal from Accidental Release.

The Handle Has Two Definite Stops—it Cannot Go Past the Vertical Position and Cannot Touch the Floor When in the Horizontal Position. A Special Safety Valve in the Large Oil Reservoir Acts as an Automatic Emergency Release Which Absolutely Prevents Overloading. The Rear Casters Are Mounted on Radial Ball Thrusts and Completely Shrouded to Shed Water When the Jack is Used on the Wash Rack.

The Construction Throughout is Rugged and Strong. Wear on the Hydraulic Parts is Reduced to a Minimum Through Exclusive features of Design. The Entire Hydraulic Mechanism is Mounted on a Fulcrum Pin at the Rear, Giving a Direct Drive to the Cantilever Arm and Eliminating Wear or Stress Upward or Downward on the Piston or Connecting Rod.

The Walker Hydraulic Has the Same Counterbalanced Construction That Makes it Position so Easily—the Same Low Starting Point of 5 inches and High Raising Point of 17 inches—the Same Sturdy, Non Tipping Cap Construction. And in Addition it Has the Smooth, Easy Lifting Qualities That Hydraulic Operation Gives.

The New Hydraulic Roll-A-Car Has Positive Safety Features That Prevent Overloading or Accidental Release of the Jack While Under Load. It Operates in Closest Quarters, Up Against Obstructions, Under Running Board or Fender—and as Little as a four-inch Handle Stroke is All That is Required to Make a Lift.

All Parts of the Hydraulic Mechanism Are Built with Ample Over-Capacity to Guarantee a Full Load of 5000 pounds. A Large Oil Reservoir, Together with Special Recesses in the Cylinders to Catch and Return Oil Forced Past the Piston, Makes One Filling of Oil Last Indefinitely. Felt Washers Prevent Pistons From Carrying Dirt Into Cylinders. Precision Honed Cylinders Insure Against Loss of Pressure and Insure Long Life and Easy Operation.

Specifications

Low Lifting Point	.5 inches
Raise Under Power	12 inches
Maximum Height	17 inches
Capacity	5000 pounds

MARQUETTE

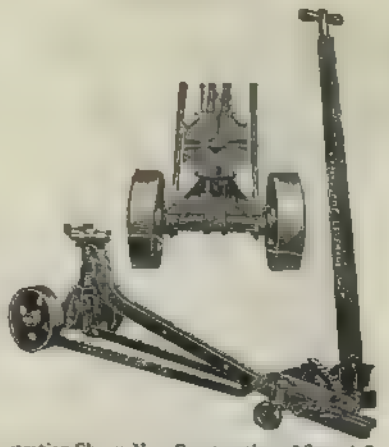

Illustration Shows New Construction of Swivel Cap

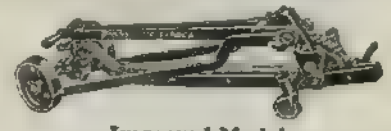


Improved Model

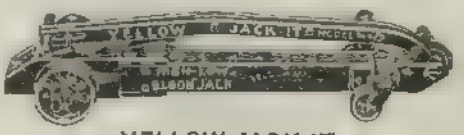
(Formerly "Red Devil")

Has 100 Per Cent Increased Leverage Over Old Red Devil and a Corresponding Ease in the Release of the Load; Has a Hinged Handle That Permits Bringing Handle Up Out of Aisle When Load is Raised or Folds Flat When Not in Use or Makes Easy Swivel Cap Adjustment When Car Has Rear Protrudances; Has a Big, Generous Swivel Cap (5x5 inches) of All Steel with a Large Center Hole to "Take" Drain Plugs and Grooved to Accommodate Truss Rods; This Exclusive Swivel Cap Feature on the Wood-Imes Leverage Jack Puts a Stop Forever to the Harmful Abuse of Supporting a Car on a Drain Plug When Jacking Up; Has Every Working Part of All Steel Construction; Does in One Stroke What the Average Jack Requires Six Strokes to do, as it Raises or Lowers Any Car with One Stroke; No Complicated Parts or Operations.

When Not in Use Fold the Handle Down Flat and Shove the Jack Under a Bench or in a Corner Out of the Way.

Each

No. WB—Adjusts 8¼ to 13¾ inches; Lifts 4½ inches; Length Over All, 62 inches; Long Folding Handle; Steel Wheels; Weight, 125 lbs **$06.00**



YELLOW JACK-IT

HIGH-LOW BLOON JACK

Designed to Handle Any Car with Balloon Tires. It Has a Lifting Range of From 6 inches When Lowered to 14¼ inches at Maximum Height; Ratchet Mechanism; is Simple, and in Close Quarters Permits Raising the Load by Short Strokes, Holding the Handle at Any Angle Desired.

Specifications

Length of Jack, 43½ inches; Length of Handle, 42 inches; Diameter of Wheels, 6 inches; Face of Wheels, 2½ inches; Diameter of Casters, 3½ inches; Axle in Large Wheels, 1¼ inches; Lift, 8¾ inches; Minimum Height, 6 inches; Maximum Height, 14¼ inches; Weight, 134 lbs.; Capacity, 5,000 lbs.; Roller Bearings Throughout.

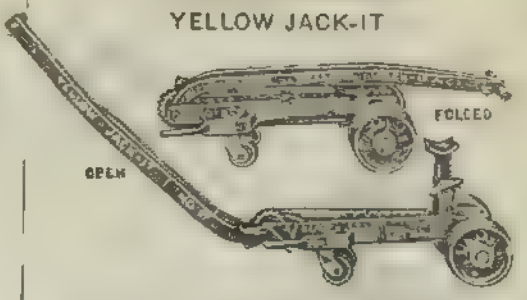
Each

No. 4Y—Weight Each, 134 lbs. **$80.00**

Loose

GARAGE JACKS

YELLOW JACK-IT



For Pleasure Cars and Light Trucks; Has a Lifting Capacity Up to 5,000 lbs.

Its Short Length of 31 inches is a Great Advantage When Unloading Automobiles From Freight Cars and in Close Places. Handle Folds Down When Not in Use. So Compact That it May be Quickly Thrown in the Wrecking Truck When Called Out on a Job.

Pressure on the Foot Lever Raises the Rack Bar Up to Meet the Load. Then the Load is Lifted by Strokes of the Handle. Ratchet Mechanism Makes it Possible to Operate the Jack with Handle at Any Desired Angle. A Full Sweep Stroke is Not Necessary.

Specifications

Length of Jack, 31 inches; Length of Handle, 38 inches; Diameter of Wheels, 7½ inches; Face of Wheels, 2½ inches; Diameter of Caster Wheels, 3½ inches; Face of Caster Wheels, 1¼ inches; Axle in Large Wheels, 1¼ inches; Roller Bearings, Our Own; Ratchet Lift, 5 inches; Maximum Lift, 16¼ inches; Range of Adjustment, 3½ inches; Minimum Height, 8¾ inches; Capacity, 5,000 lbs.

NEW IMPROVED ENDERS RAZOR

Duralum Handle With Mirror Like Finish

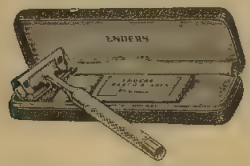
CAN'T RUST—CAN'T TARNISH

Distinctive Features of ENDERS RAZOR

The bend end of the Enders ends your shaving troubles—"Just like wiping your face with a towel."

Perfectly Simple Simply Perfect:

1. Only three parts: Blade, Clip, Handle. Apart in one second; together in three.
2. No hole, spring or screw. Easy to clean. No part a towel will not reach.
3. Comb guard is set in FRONT of, NOT on top of the blade. Permits FREE shaving ENTIRE length of the blade.
4. The bent end puts the blade FLAT on the face. It SHAVES. It does NOT scrape.



No. C800—Enders Razors are packed in attractive new supertex covered steel cases in colors assorted as follows: tan pig skin with cerise insert pad, cerise python with ecru insert pad and green fleece with peacock pad. Size of case 5×1⅝×¾ in. Each razor complete with 6 Ender Blades .....per dozen $17.75

ONE IN A BOX. HALF DOZEN IN A DISPLAY CARTON

ACE RAZOR BLADE STROPPER

For sharpening all makes of Safety Razor Blades, as well as old style Razors

You get MORE and BETTER SHAVES from any blade by using the ACE RAZOR BLADE STROPPER

A novel and effective item that does every bit of what its name implies. The Ace Razor Blade Stropper will recondition the edge of any old style razor or safety blade. It straightens out the microscopic edge that has been turned over by shaving and makes it smooth and keen, so that shaving becomes a pleasure. Simply draw the blade back and forth between the balls very lightly. DON'T BEAR ON. Start with a new blade and see how many good shaves you get.

No. C1161—Ace Razor Blade Stropper, consists of 2 steel balls held together firmly by a clever spring arrangement, 1⅜ in. green enameled handle, length overall 2¾ in.....per dozen $8.65

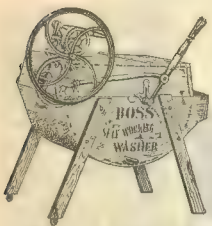
BOSS.

HAND OR BELT.



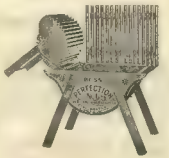
The ball bearing fly wheel runs like a bicycle and is geared up to make 900 revolutions with every 50 strokes of the operating lever. This oscillates the cylinders 180 times, 90 forward and 90 backward strokes every minute, thus creating a tremendous cleansing force with unusually quick and thorough results. Running at this high speed the ball bearing fly wheel serves the same purpose as the fly wheel on an engine, makes the machine run surprisingly easy with an even, smooth running motion.

Machine cut, smooth running gears; ball bearing fly wheel with belt groove in wheel for belt drive; gears amply shielded, self-adjusting; sediment zone; detachable cylinder connections for easy cleaning; large rigid wringer attachment; rollers on rear legs

Each

No. 32—Washing Machines; family size; capacity, 16 gallons; shipping weight, 120 lbs.....$24.00

PERFECTION.

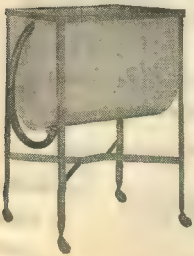


An inexpensive but efficient washer. Open top with ball lift cut. Built of southern cypress throughout. In every way it is one of the best open top washers made.

Each

No. 4—Washing Machines; capacity, 11 gallons; shipping weight, 55 lbs.....$8.00

SELF-DRAINING TUBS.



The Brammer self-draining tubs have ample capacity for a large family washing. These tubs are made of heavy galvanized metal with heavy angle steel frame. The casters are sufficiently large to make them easy to move on any floor when loaded. A good grade of rubber hose is used for draining into a sewer or bucket. Enameled and finished in battle ship gray.

No.—Galvanized metal table top for two drain tubs can be furnished at additional list price of $2.00.

Each

No. B-SDT Brammer Self-Draining Tubs; depth tub, 15 inches; width tub, 16 inches; length, 21½ inches; height over all, 32¼ inches; weight each, 92 lbs.....$7.50

Packed two in a crate.

WASHERS.

ACME.

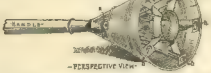
A vacuum washer with inner cone and perforated band. The construction permits agitation of water with every movement of washer. Downward stroke forces air, steam and hot water through clothes. Quick lift gives great pulling power. Washes curtains, laces, etc. without injury to fabric.

Made from heavy tin plate; no solder is used in its construction, this enables user to place washer on stove without danger of melting. Handle is plain finish hardwood.

Each

No. B-A—Washers; diameter bottom, 8 inches; height over all, 45 inches; weight each, 1½ lbs.....$1.10

KING AIR FORCE.



Made of heavy charcoal tin plate; special air tube construction; will do faster work than the average hand washer

Handle is plain finish hardwood.

Each

No. B-KAF—Washers; diameter bottom, 8½ inches; height over all, 34 inches; weight each, 1¾ lbs.....$1.44

CLEANER.

ROYAL LEMON.

For the Washing Machine.

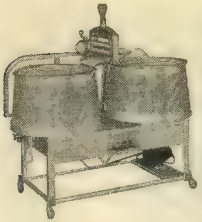
Royal Lemon, a new soap in powdered form. Superior to soap or soap chips for washing machines and family washing. Softens the hardest water. Will not injure the hands. No other soap needed.

There is nothing better for washing dishes, cleaning the bath tub, wash bowl, sink and tiling, for cleaning rugs and carpets and for all cleaning.

Per Package

No. B-RL Royal Lemon Cleaner; in 5-pound packages; nine packages in a case.....$1.20

WHITE LILY ACE, TWIN TUB.



Twin Tub washer is double capacity and may be obtained in either electric or power in either copper or wood. Has two clutch controls which makes it possible to operate both agitators at one time, or independent of each other. Also the wringer may be operated independent or while both agitators are in use.

It is equipped with a large steel folding bench for two rinse tubs and is fastened to the re-inforced main frame, which is constructed of heavy angle steel.

Finished in baked white enamel, trimmed dark blue.

Its dimensions are, length 4½ feet, width 2½ feet.

ELECTRIC.

Each

Above prices for 110V AC current.

HAND POWER.

O. K. WESTERN.

Round hand washer is a leader in the low priced field of hand operated washing machines, having a self adjusting solid elm dasher with mechanisms of simple construction, only two gears used in this unit.

The tub is constructed from Louisiana red cypress. All connections of the bottom of this tub are dovetailed as well as the lid which is double thick and gives added strength at this point and prevents steam and heat from escaping. The sides of the tub are tongued and grooved which gives it unusual durability and strength and the interior of the tub is corrugated throughout.

Each

No. B-H1—Washing Machines; shipping weight, 56 lbs. .$10.50

HAND POWER.

O. K. KNOXALL.

Tub is made of select grade Louisiana cypress, which insures long life and dependable service. All connections are either dovetailed or tongued and grooved. The lid is of double thickness to prevent escaping of steam and heat and gives added strength. The sides and bottom of the tub are corrugated, giving the greatest possible washing efficiency.

Through the special designed gears, the operator exerts an enormous leverage because of the methods used in setting the handle and its connecting parts.

This machine is specially constructed throughout, gears and shafts over size with reamed bearings.

Each

No. B-H5—Washing Machines; shipping weight, 96 lbs..... .....$18.00

The O. K. Knoxall can be readily changed from a hand operated machine and driven by gasoline engine or from a line shaft.

Each

No. B-H5P—Washing Machine Power Attachments.....$3.30

WHITE WAY HAND AND POWER WASHERS.

Easy to operate; ball bearing equipped; unusual sturdy construction. Aluminum dasher fits over a cast aluminum center post and automatically adjusts itself to the load of clothing in the machine.

The fly wheel and reduction gears are assembled to a solid one piece cast iron frame which is mounted on rigid cross members beneath the tub.

The tub is built of selected Louisiana red cypress. The entire construction of this tub is dovetailed and tongued and grooved throughout. The lid is of double thickness. The sides and bottom of the interior of this tub are corrugated.

Each

No. B-H7—Washing Machines; with power attachment; shipping weight, 136 lbs..... .....$30.50

No. B-H7W—Washing Machines; without power attachment; shipping weight, 105 lbs..... 25.00

POWER ATTACHMENT FOR MODEL H-7.

Consists of drive pulley and idle pulley built in a cast iron frame, provided with a belt shifting device. This permits user to start or stop machine without throwing off the belt.

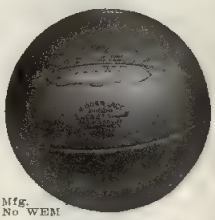
Wilson-Meanwell Official Basketballs

Mfg No. J4S

The Wilson-Meanwell "Double Lace" Official Intercollegiate Basket Ball. The Wilson "Double Lace" (Patented) method on this ball, using a special strong, thin calf-skin lace, eliminates the awkward bulges and disadvantages of the old style heavy rawhide lace. This is an official valve-type ball, with all of the Wilson-Meanwell features This ball, like the "Hidden Lace" ball, is ROUND and because of the patented Wilson fabric double lining, it stays round. The "Double Lacing" permanently closes the lacing aperture because it is a double lock style of lacing which cannot slip

Wilson-Meanwell ball made of finest selected pebble grain cowhide, specially tanned, complete with patented valve bladder Each in box.

No. 12R29. Each..... 13.52



Mfg. No. WEM

The Wilson Meanwell "Hidden Lace" Official Intercollegiate Basket ball is used in more important Basketball Championship events than any other.

The Ball is ROUND and because of the Wilson Patented double lining, it stays round. The hidden lace assures a continuously smooth surface that means greater accuracy. It's a livelier ball, has no bladder stem or lacing bulge and inflates through a valve just like an auto tire.

Made of finest Gunnison pebble grain cowhide. Complete with seamless patented valve bladder. Each in box

No. 12R38. Each..... 13.72

WINCHESTER

TRADE MARK

WINCHESTER CALENDAR

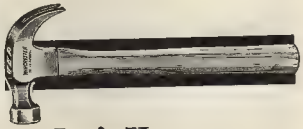
Week of July 21st to 27th

"IN THE STONE AGE"

In the stone age a hammer was both weapon and tool. In the steel age, however, men show more discrimination. They use guns for weapons and an altogether different kind of hammer finds its way into their tool kit.

It might seem strange, therefore, that the makers of world standard guns and ammunition should, in one and the same plant, take up the manufacture of fine tools. But when you think that both guns and tools call for the highest quality of steel and that gun makers are past masters in the art of fabricating super qualities of steel it is really a most logical connection.

In making Winchester firearms, moreover, we found it necessary to develop for ourselves the exacting TOOLS needed to produce the extreme precision parts of a Winchester Gun. We had to satisfy that hardest of all customers to please—OURSELVES—and you will find the same high type of satisfaction, the same high quality in steel and the same exacting workmanship in the Winchester Tools you now can offer to YOUR customers.



Let's Hammer Home These Facts

A TOOL can be a constant satisfaction or a constant disappointment to its owner. No one, for example, can do satisfactory work with a loose-headed hammer—a hammer that won't pull nails—a hammer that chips out and endangers fellow workers or a hammer turned up at the edges or hollowed in the center so that it won't drive nails home flush.

Winchester hammer polls, therefore, are made from drop forgings and carefully heat treated to the proper hardness. They are neither so hard that pieces fly off nor yet so soft that they "upset" forming hollows in the center of the face. The nail pulling slot is made with a knife edge which slips under a nail that is scarcely protruding and will even grab and pull a nail which has no head. The fine second-growth hickory handle is firmly anchored to the head by a patented interlocking wedge.

It's a hammer customers pick up and handle with appreciation—a hammer they appreciate still more in use. Ask your jobber for full details on Winchester Hammers and the entire line of Winchester Quality Tools.

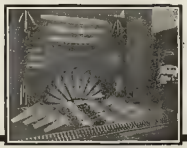
—"Sure, it's an Atkins"

Today, saw users are particular about the saws they buy. Practically every carpenter and mechanic the world over is impressed with Atkins famous "SILVER STEEL" Hand, Rip and Panel Saws—the saws that have the Two-Way Taper Grinding which makes it unnecessary to carry a wide set; and the exclusive Mirror and Damaskeen polish.

Atkins Nos. 53, 65, 400 and 401 are equipped with the world renowned Improved Perfection handle—the handle that prevents wrist strain and makes sawing fast and easy.

A PERFECT SAW
FOR EVERY PURPOSE



Other well-known Atkins brands are Nos. 50, 51, 52, 64, furnished with Old Style Block Handle for those who prefer the old pattern.

Remember, Atkins Saws are furnished in Regular Width, Skew or Straight Back, or in the Light, Narrow Ship Patterns.

Make your next order read ATKINS. Try our profitable SILVER STEEL Hack Saw Blades which come to you mounted on card for immediate sale to machinists, garage mechanics, farmers, etc.

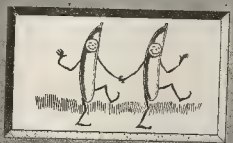
WINCHESTER

TRADE MARK

WINCHESTER CALENDAR



Week of August 18th to 24th

"Alike as two peas in a pod."

Most standard tubular flashlights are "alike as two peas in a pod." The customer, therefore, is satisfied with almost any make that's offered him and buys his flashlight wherever he happens to be.

For this reason it's wise selling to offer a distinctive choice in flashlights—new styles adapted to new uses that will really stand out and make the customer want to come to you.

Winchester has pioneered in flashlight designs just as more than sixty years ago it pioneered in the making of fine guns. You will find, in the Winchester line, not only many improvements in the standard tubular styles, but flashlights of altogether new design. Some of these new styles are illustrated here. They are selling rapidly wherever shown and you will find it well worth while to be the first, in your community, to put them on display.

Here's a Mighty Handy Lantern

The Focusing Lantern

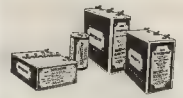
Operates like a flashlight but is built like a lantern. Small, compact, convenient. Take it up or set it down, slip it in your pocket, clip it to your belt or carry it by its bail hanger handle. With its blue crystallizing lacquer case and aristocratic nickel plated trim, customers call it the handsomest and most generally *useful* type of light they've ever owned.

Focusing Searchlight

Operating on five cells, this giant among flashlights throws its brilliant beam almost a quarter of a mile.

The Headlight

A light that fastens to the head or hatband and throws its light wherever the user looks while the battery case slips into his pocket and leaves him both hands free.



Flashlight and Radio Batteries

All standard sizes. All of Winchester quality.

WOLVERINE TOY FAMILY

MERRY MILLER
No. 77

Fantastic, Colorful Different, Sand Toy

An original touch of humor adds fascination to the colorful action of this newest and most popular of sand toys. Its fantastic coloring sets it apart in appearance. Mill-wheel revolves carrying load of sand while the merry miller attempts to steal around the house, followed by his dog. Wife awaits him with her rolling pin. Action continues for a long time. An unparalleled value at $1.00. All set up ready for play. Highly attractive box.

12" High

19" Long

HOOP-O-LOOP
No. 156

An Intriguing Hunting Game

Here is a dollar game that is one of the most sensational items of its type. Different in action, interest and appearance. Little Hunter shoots the hoop out of a gun through the bridge where a marker goes up for a score. The hoop continues up the incline to be caught by any one of 24 pegs for another score. Pegs are numbered and colorfully illustrated by various wild animals—skill and thrills aplenty—all set up for immediate play. Six hoops with each game. Striking box in full color.

See the Wolverine Display at the SAN FRANCISCO TOY FAIR, Week of May 27th—Room 3024 — Palace Hotel.

Write for complete catalog 6A, illustrating and describing the complete Wolverine line.

Other new additions to the Wolverine Toy Family

NO. 26 FLEET FLYER—
Dashing, tire-wire aeroplane toy with a wealth of unique interest. $1.00.

No. 157 PENNANT WINNER BALL GAME—
Another Dr Lane Wolverine Creation. A real baseball game involving every big league play.

And new treatments in sprayed sand pails and sprinkling cans. Also attractive sand sets.

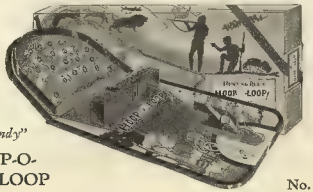
Profitable Answers to the Demand for "Something Better!"

"Sunny Suzy" LAUNDRY SET No. 4

Wolverine, with a finger on the pulse of public demand, has noticed a marked trend toward higher-priced playthings. Wolverine is meeting this demand with many quality numbers, outstanding among which is the No. 4 Laundry Set. The success of this De Luxe Laundry Set, founded upon requests for "something better," has surpassed the most optimistic expectations. In its complete construction and splendid quality it bears a close resemblance to Mother's own laundering equipment. It is, indeed,

A Quality Item for Quantity Sales.

No. 4 Laundry Set contains enamelled metal washtub; glass surface washboard; clothes reel; 12 clothes pins in bag; clothes basket; galvanized wringer with real rubber rollers; sturdy ironing board. Of special attraction is the electric iron with enamelled handle. All colored pieces are uniformly enamelled in a rich blue. Packed in one-piece corrugated container.



"Sunny Andy"

HOOP-O-LOOP

HUNTING GAME HIT

19" Long

No. 156

The unique action and competitive thrill of this new and different hunting game has captured thousands of little fancies. The hunter shoots a hoop from a gun through a bridge where marker is raised for a score. Hoop continues, speeding up incline, to be caught by one of 21 pegs for another score. Pegs are colorfully illustrated with pictures and names of wild animals. Set up, ready for play, in full-colored box. A stocking number for added profits . . . stock it early.

WASHING MACHINES

NEW HORTON ELECTRIC

Six-Minute Washer With the New Three-Wing Aluminum Agitator.

The Tub is Made of Extra Heavy Copper (Eighteen Ounce, to be exact); Heavily Nickel Plated Inside, and the Outside Specially Burnished and Finished in Clear Lacquer.

The Motor is a Heavy Duty One-Fourth Horse Power, 110 Volts, 60 Cycles, A. C., Built with Power for Any Load

The Wringer is the Famous Horton Swinging Wringer with Twelve-inch Full Size Semi-Soft Rubber Rolls Absolutely Free from the Faults Found in the Ordinary Wringers; Wringer can be Used Whether Agitator is Running or Not; Positively Safe, Because a Convenient Trigger Lever Throws the Rolls Apart Instantly.

The Mechanism is Self-Oiling and Placed Beneath the Tub; The Washer is Perfectly Balanced on Four Legs and Mounted on Casters of Special Design which Make it Extremely Easy to Move About.

Compare the Sturdy Construction of This Washer with that of Any Other Washer, Nowhere will You Find its Equal.

This Washer Duplicates the Perfect Cleaning Action of Hand Washing, Washing Anything from Silk Lingerie to Heavy Comforts Without Wear or Strain, Without Twisting or Tangling, and Delivers Them More Freshly Clean than You Could Imagine; All This in Six Minutes.

Each

No. 36E—Weight Each, About 254 lbs., Crated..... **$162.50**

One in a Crate

Note—If Any Other Current or Voltage is Wanted, We Can Furnish Promptly by Shipping Direct from Factory, Ft. Wayne, Ind., N. F. A. Extra Charge for Odd Frequency Motors.

WASHING MACHINES

HORTON ELECTRIC

Improved

Tub Made of the Highest Grade Louisiana Red Cypress and Fully Corrugated Inside by a Special Process to Avoid Splinters.

All Driving Gears are Machine Cut; All Exposed Gears Covered to Prevent Accident.

Equipped with a Special Two Roll Reversible Ball-Bearing Three-Way Wringer with Patented Device to Prevent Injury; A Simple Movement of Hand Swings Wringer from One Position to Another.

Specially Designed Motor to Operate Washer and Wringer at the Same Time; Equipped with Heavy Ball Bearing Casters; Regular Motor Equipment; ¼ H. P., 110 Volt, 60 Cycle, Alternating Current.

Each

No. 33E—Weight Each, About 242 lbs **$120 00**

NOTE—If Any Other Current or Voltage is Wanted, We Can Furnish Promptly by Shipping Direct from Factory, Ft. Wayne, Ind., N. F. A. Extra Charge for Odd Frequency Motors.

WASHING MACHINES

HORTON POWER

Improved Dolly Type

A Combined Washing and Wringing Machine. Entire Mechanism and Working Parts Underneath Tub

Wringer Can be Swung into any Position; Drain Board Reversible Type; Safety Release Which Releases Instantly at Touch of Operator Lid or Cover Easily Opened or Closed; Fits Snugly, Preventing Heat from Escaping.

Tub Constructed of the Finest Louisiana Red Cypress; Non Absorbent and Long Lived. Corrugated on Inside.

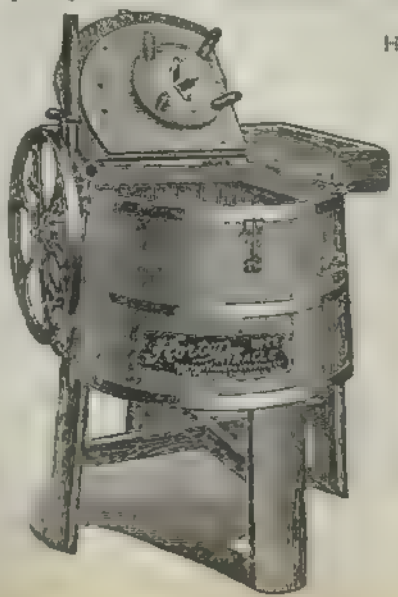
Agitator is of Four Winged Construction; Floating Type; Adapting Itself to Any Load.

Entire Machine Easy and Simple to Operate and Keep Clean.

Each

No. 33P—**Power**; for Any Kind Belt Power; Weight Each, 200 lbs... **$90 00**

One in a Crate



HORTON MIRACLE

Tub Made of the Highest Grade Louisiana Red Cypress Covered with Three Coats of Varnish, Thoroughly Seasoned. It is Made Larger on Account of the Easy Running Mechanism. It is Fully Corrugated on the Inside by a Special Process to Avoid Splinters.

The Fly Wheel Can be Taken off Instantly and a Pulley Wheel Can be Put in its Place, Making a Gasoline Engine Power Machine. And the Belt Need Not be Removed Each Time Lid is Opened.

The Operating Lever Can be Placed in Either One or Two Positions Convenient for a Short or Tall Person, Adult or Child.

Driving Gears are Cut.

The Mechanism (Except the Fly Wheel) is Gold Bronzed. The Fly Wheel and Hoops are Green Enameled.

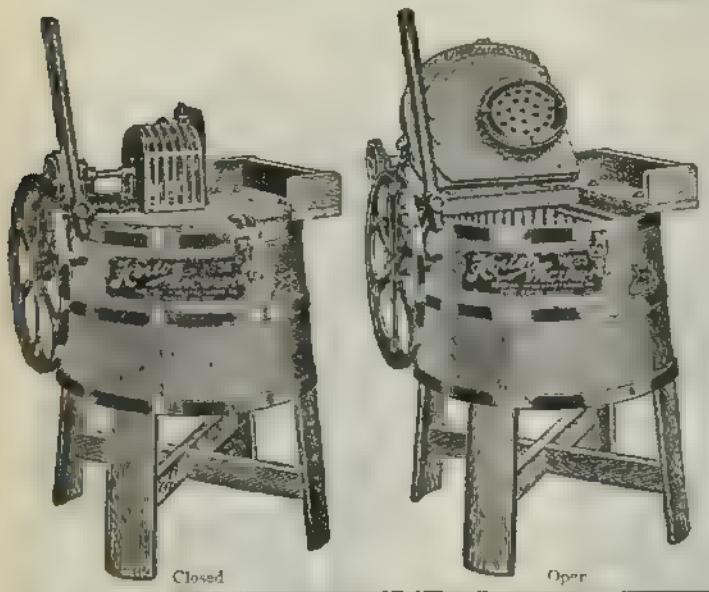
Each

No. HM22—Weight Each, 100 lbs..... **$30 00**

One in a Crate

WASHING MACHINES

HORTON VACUUM



The Plunger, or Agitator, Does More Work with the Same Effort than on Other Machines, Because it Makes 2½ Strokes to Each Stroke of the Operating Lever.

Perforations Act as a Valve to Let in Air for Suction Each Time the Plunger is Raised Out of the Water.

The Operating Lever Can be Placed in Either of Two Positions, Suitable for Either Child or Grow Person.

Mechanism—Driving Gears are CUT Instead of Cast, Causing the Teeth to Mesh Perfectly and Reduces Friction to a Minimum. It also Makes the Machine Run Much Easier, Perfectly Noiseless, and it Will Wear Much Longer.

Tub—The Tub is Made of the Highest Grade Louisiana Red Cypress (the Wood Eternal), Thoroughly Seasoned. It is Made Larger on Account of the Easy Running Mechanism, Enabling the Work to be Done Much More Quickly. It is Fully Corrugated on the Inside by a Special Process to Avoid Splinters.

Finish—The Mechanism (Except the Fly Wheel) is Gold Bronzed. The Fly Wheel and Hoops are Green Enameled. The Tub has Three Coats of Coach Varnish and the Name is on a Beautiful Decalcomania Transfer. These Combinations Give the Entire Machine the Appearance of Parlor Furniture.

CLOTHES WASHERS

RAPID

Makes Clothes Washing Easy; Saves the Knuckles, Saves the Clothes, Saves One-half the Soap. Just the thing for Washing Curtains and Other Delicate Fabrics. The Heavy Part of the Washing is Quickly Done by Placing the Clothes, or Fabric, to be Washed in a Tub of Water or Suds (the Water Can be Boiling Hot), and Agitating the Water by a Vertical Motion of the Washer. Fifteen Minutes Time to a Tub of Clothes. This Forces the Water Through the Fabric and Removes the Dirt.

Made of Bright Tin Plate; Very Strong and Durable; All Edges Rounded, No Sharp Edges to Tear Clothes or Fabrics, 40 inch Natural Finish Hardwood Handle 4 inch Nib Handle Bolted to Large Handle; Length Over All 48 inches; Diameter, 8¼ inches.

	Per Dozen

FLY ROD REELS.

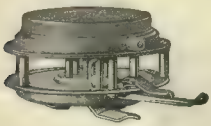
AUTOMATIC.

MEISSELBACH.

As light as a good automatic reel can be made. Constructed of a special metal, light as aluminum, strong as steel and rustproof. The strongly constructed winding mechanism is completely enclosed. To wind up the spring without disturbing the line, turn the drum on top of the reel. A reel which every fly fisherman will be proud to own.

	Each
No. S-MAR—Capacity, 90 feet of G line; weight, 10 ozs.	**$6.00**

MARTIN.



Made of aluminum, very light weight, about 8 ounces. Operated by the little finger, one hand controlling both rod and reel. No. 1M without lock brake, Nos. 2M and 3M with lock brake.

	Each
No. S-1M—Creek Whipper; 25 yards capacity	**$6.16**
No. S-2M—Fly Casting; 25 yards capacity	**6.80**
No. S-3M—Bass Casting; 50 yards capacity	**7.50**
No. S-3MLP—Same as No. 3M, but with automatic line protector	**8.80**

MARTIN FLY-WATE.

New Martin Fly-Wate is lighter than any other automatic on the market (6 ounces), yet it is exceptionally strong and sturdy.

Made of Duraluminum, a light, strong metal that has been selected as the safest material for use in building airships. The milled brass gears have large teeth, insuring long life. The spindle rod hardened steel and the line spool is of light aluminum. The reel is fitted with a large, hardened steel, reversible line guide made the full size of the opening for the line. This opening being exceptionally large, will prevent piling and snarling of the line. The new spring tension throw-off is made practically flush with the side of the reel. It is easily operated by lifting the release with the thumb nail and allowing the drum to revolve slowly while held in the palm of the hand.

	Each
No. S-27—Capacity, 90 feet of G line or a full 30 yard H. F. H. double tapered line	**$12.66**

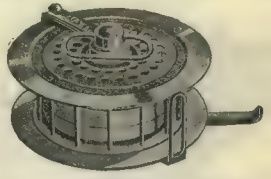
SUPEREX.

The Pflueger-Superex automatic reel has all the features which are necessary to safely claim for it the best "automatic" possible to make. Ideal for casting, trolling or still fishing.

Made of extra strong, light weight metal; extra long bearings; very best steel in main spring; main spring release device; brake release makes a free spool reel; Tungsten steel swinging loop line guide; extra strong and free running gears; oiling device avoids taking reel apart; hole in brake lever to attach hook when not in use; friction relief allows line to play out when spring is fully wound. Satin gun metal finish.

	Each
No. S-775—Spool capacity, 33⅓ yards; ¾-inch pillar; 3½-inch disc	**$8.00**

Y. & E.



The Y. and E. is the pioneer among automatic reels. Made of aluminum; operated by the little finger, and will wind fast or slow. Nos. S-A and S-B with free running attachment, other numbers without.

	Each
No. S-A—125 feet capacity	**$12.50**
No. S-B—300 feet	**14.50**
No. S-1—90 feet	**9.60**

Crown Bicycles are superior in construction, material and finish, and have individuality and selling arguments that cannot be found in other lines.

They are made from the best materials procurable; elegantly finished and equipped with genuine patented one-piece Faber crank hangers, roller chain and all models with coaster brakes, mud guards, stand and fancy head.

The most careful attention has been given to selecting the equipment. You will find the Crown a superior line and a money maker for you.

ZANESVILLE
STONE FILTER

The Process of Filtering is by Percolation Through a Porous Natural Stone from the Upper to the Lower Jar Simply by the Force of Gravity which is Nature's Own Process of Filtering.

The Filtering Discs are a Natural Stone Quarried from the Earth, which is of Such a Nature That it Does Not Allow the Filth it Extracts to Enter its Pores, but Retains All Impurities Upon its Surface Whence They are Removed in Cleaning, which is as Simple an Operation as the Cleansing of an Ordinary Jar or Pail. Filter Disc can be Cleaned in Two Minutes Ready for Use, when it is the Same as New.

Every Part is Easily Gotten at for the Purpose of Cleansing.

Filter is All Stone and There is Nothing to Rust and Corrode or Become Foul and Never Become Water Soaked, the Water in Them Retaining its Sweet, Natural Taste.

They Have Been Fully Tested and Their Merits Established as Possessing Every Practical Adaption for Family Use, Rendering the Most Impure and Foul Rain, River or Hydrant Water Free from All Organic Matter, Gases, Taste or Smell.

Dimensions and Capacities

Nos.	Disc, ins.	Cap., Top Vessel, qts.	Cap., Bottom Vessel, qts.	Cap., Gal Per Day

"Where Indian Summer Spends the Winter"

Come to Sea Island Beach

SAINT SIMONS ISLAND, GEORGIA *(Midway between Savannah and Jacksonville)*

The Island Made Famous by the Recent Vacation of the President

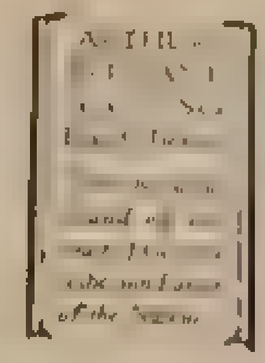
FROM a woman's viewpoint—or a man's—this beautiful isle off the coast of Georgia is a paradise. For while he's smacking 'em far (and wide) on the sportiest of golf courses (velvety *grass* greens); or dropping a deer or wild turkey in the 60 000-acre private hunting preserve*, or trolling waters that teem with game fish . . . there's something more for her than the "solitary chair" on the beach.

There's horseback riding in tree-canopied lanes. There's tennis. There's clay pigeon shooting not far from the hotel. There's archery . . . and women and children find this so thrilling. There's yachting . . . and motor-boating. There's also a miniature golf course close by the hotel, with water-holes to be played with mashie, niblick and putter. There's a five-mile stretch of beach, sand-packed and smooth as concrete for one who likes to do 40-50-60 in a smooth, fast-stepping car.

The Cloister Hotel

A wonderful hotel in a wonderful setting. Overlooks the Atlantic. Service and cuisine unexcelled. Diamond-back terrapin, oysters and shrimp from our own beds, green vegetables from the famous Hamilton plantation, fresh milk and cream daily from registered Guernseys. Bath in every room. Dancing and entertainment every evening . . . no dull moments.

A delightful home colony where cottages of unusual charm, attractively furnished, will *tempt* you to spend the Winter.



The Cloister Hotel

Sea Island Beach is on an island ten miles out in the Atlantic, reached by motor boulevard

The ROMANCE of Scotland

Scotland stands on the threshold of the storied lands of the Old World. It is a land whose history is a romance and whose romance is history. Its scenery is a fitting background for the characters who have played their parts in its stirring story—characters whom Burns and Scott have made immortal.

Edinburgh is a worthy capital for this land of romance. The mighty rock of Arthur's Seat looks down on a city of astounding beauty, a city that casts a magic spell on all who come within its walls.

Let the London Midland and Scottish Railway take you to Scotland this year. L M S travel is famed throughout the world for its comfort and speed.

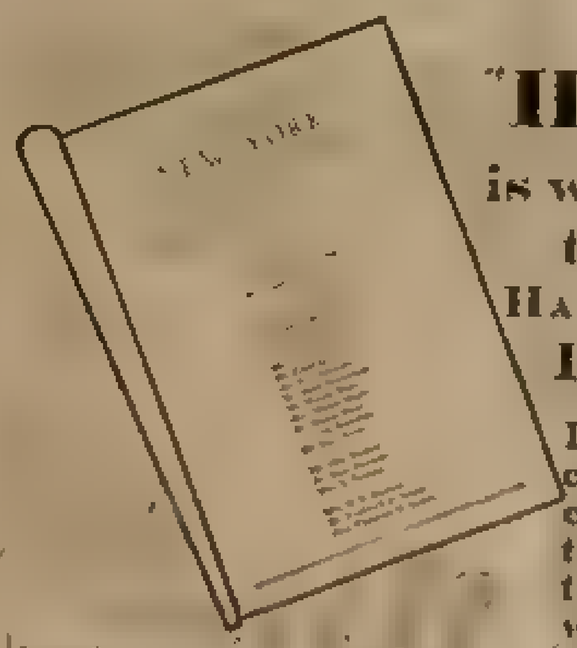
LONDON MIDLAND & SCOTTISH RAILWAY



"HEALTH" is written between the lines of a HAMBURG-AMERICAN Passenger list

Hamburg-American Liners have carried the elite of the world "Across the Atlantic." The worlds of society, business, art, music—the prominent in every walk of life, have added their names to Hamburg-American passenger lists. And there is still another passenger whose name is never listed though he is always there—"Health." "Health" crosses with every one via the Hamburg-American Line.

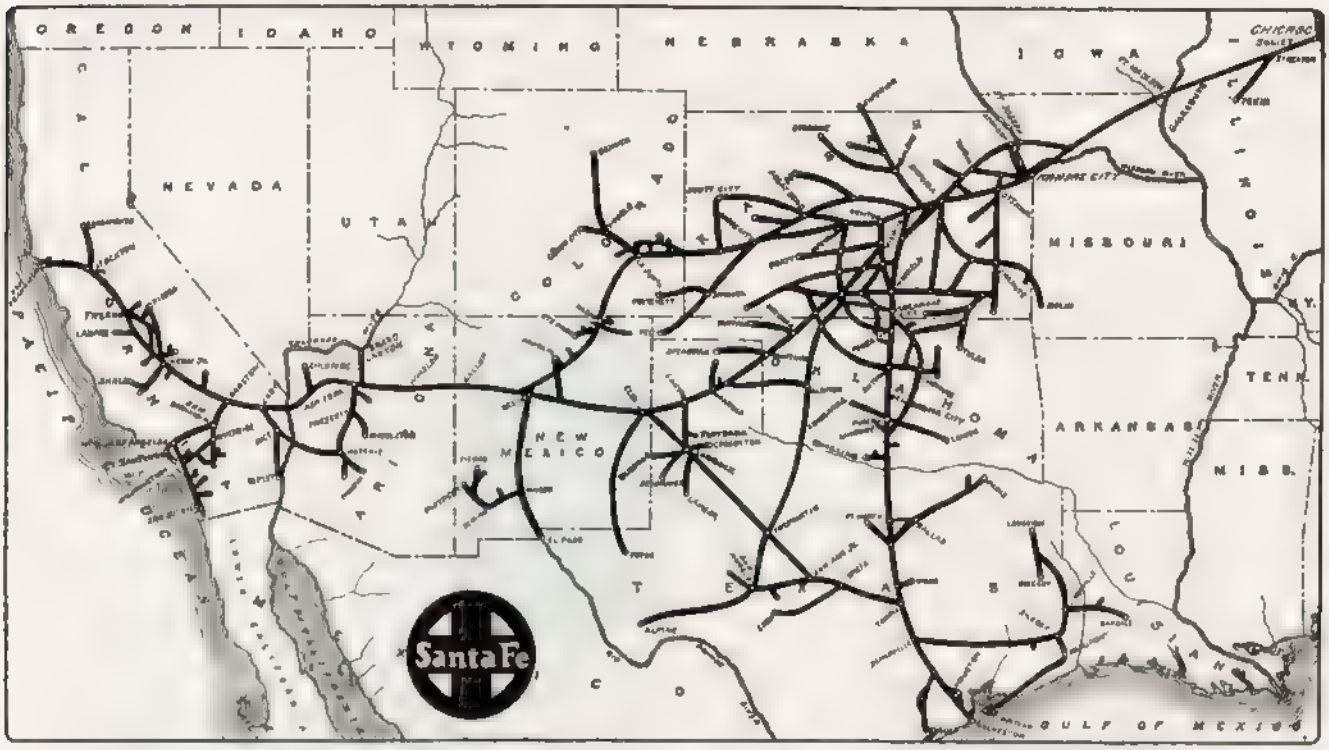
SWEDISH STATE RAILWAYS

Travel Information Bureau Dept. 2A

551 FIFTH AVENUE, NEW YORK CITY

SWEDEN

Santa Fe *"all the way"*



The Santa Fe—

is the only line operating on its own rails "all the way" to California.

Fast "One Line", "On Time" Service—

to and from California, Texas and points in intermediate states means no switching or extra handling at terminals.

Daily "Run Through" Package Cars—

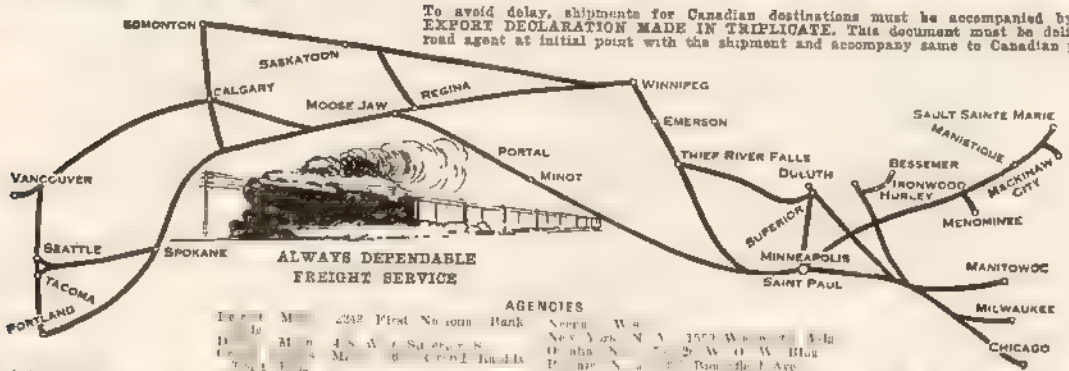
handle your merchandise from Boston, New York, Chicago, St. Louis, Kansas City, and other large centers as terminal points, to destinations in California and in the Santa Fe Southwest with On Time regularity.

Consult Chamber of Commerce monthly reports of Chicago, St. Louis and other cities. Check Santa Fe percentage of performance with that of other lines and be convinced of what Santa Fe "One Line"—"On Time" service means to you and your customers.

As the CROW FLIES

THE Soo Line travels into the great Northwest and Western Canada almost "as the crow flies." The map below shows the directness of our arteries into this great country.

Fast, efficient movement of freight results, and the special care with which the Soo Line handles even the smallest crate insures its safe arrival.



ALWAYS DEPENDABLE FREIGHT SERVICE

To avoid delay, shipments for Canadian destinations must be accompanied by SHIPPERS EXPORT DECLARATION MADE IN TRIPLICATE. This document must be delivered to railroad agent at initial point with the shipment and accompany same to Canadian port of entry.

"We didn't just happen to become an important factor in the handling of automobiles"

For years we have specialized in this; the same as we have in the handling of each class of traffic moving over our lines.

Automobile people are very exacting. They are constantly on the alert to get the best transportation available.

The amount of automobile traffic we handle is a good indication of the quality of Southern Pacific service.

We have a well trained organization carefully studying each commodity we handle.

We're equipped to furnish the highest type of freight service, no matter what commodity you deal in. There's no limit to our capacity. We can handle anything you have—from a basketful to entire output of your factory or fields.

Southern Pacific

SUPERIOR INCINERATOR COMPANY

WILSON BLDG. DALLAS, TEXAS

The first Superior Incinerator was built over twelve years ago. At that time very few cities were disposing of their garbage, rubbish, etc., by incineration and, in fact, very few people knew what an incinerator was. But from the very start the Superior type of Incinerators was successful. They performed in such an efficient and sanitary manner that more and more cities learned of this ideal method of waste disposal until, at the present time, the majority of the cities in the United States have an incinerator or plan to build one very soon.

Some of the early incinerators were designed and built so poorly that they were abandoned. Their bad record prejudiced people against incinerators in general and kept some cities from building them for many years. But we are very proud of the fact that this Company has never built a plant that was or is a failure. Numerous repeat orders bear testimony to this fact.

While the first Superior Incinerators were among the best in their day, we have continually sought to improve the design and construction of them. This Company was the first to adopt certain methods of construction that have become recognized today as being essential to the construction of a good plant. The Superior Incinerator Company has no business whatever except that of designing and building municipal incinerators. They are our only product and our best efforts are put to that end.

The Superior Incinerator destroys all kinds of garbage, rubbish, dead animals, etc. All the refuse, including tin cans, may be collected and burned together. This eliminates the high cost of double collection and double handling.

CHICAGO'S FIRST INCINERATOR. THIS PLANT WAS GUARANTEED TO BURN 600 TONS PER DAY BUT HAS PROVED THAT IT CAN BURN 800 TONS PER DAY. THIS PLANT BUILT BY SUPERIOR INCINERATOR CO., DALLAS, TEXAS

LAKE FOREST, ILLINOIS, INCINERATOR. BUILT BY SUPERIOR INCINERATOR CO., DALLAS, TEXAS

The Superior Incinerator has a high-temperature, mutual-assistance, multiple-cell furnace, arranged to give the highest possible heat efficiency. All odor is completely eliminated by the high temperature maintained at all times by one cell's assisting the other.

Where the city's rubbish and garbage is collected together, no commercial fuel is required, the refuse itself being the only fuel needed.

The residue from the plant consists of clean ashes, free from all organic matter. These ashes may be dumped and used for fill anywhere without giving offense.

The Superior Incinerator is designed to give ease of handling at the lowest operating cost possible.

The plant combines the most sturdy construction with a pleasing appearance. Most plants built by the Superior Incinerator Company are located in the very heart of the city. Of course this central location means a short haul and low collection cost.

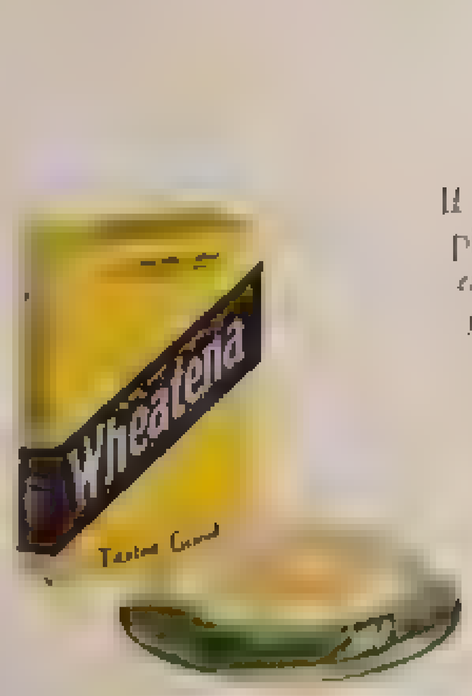
The Superior Incinerator Company builds plants of all sizes from the smallest—burning one ton per hour—to plants as large as may be required. All of these sizes work upon the same furnace principle with changes to meet the specific condition.

The Superior Incinerator Company maintains an organization thoroughly familiar with refuse disposal problems through years of experience. This organization is at the service of any municipality, or those interested, who may desire our assistance in planning its refuse disposal requirements. This service is available to you without any obligation to us whatsoever.

We shall be glad to furnish our catalog upon request. This catalog gives a detailed description of the Superior Incinerator, together with illustrations of different sizes built and other information.

If you want *vital* energy

~eat Wheatena



If you want sparkling eyes . . a spring in your step . . the mental and physical vigor that keeps life young and joyous . . *you must have vital energy*. And one of the richest sources of this vital energy is the golden, life-giving heart of the wheat kernel

In Wheatena—the nut-brown cereal—you get ALL of this golden heart. Served with milk, Wheatena is one of Nature's most nearly perfect foods, supplying the great muscle-building proteins and health-promoting minerals, vitamins and bran

How fortunate that Wheatena is so wonderfully delicious, so quick-cooking and so economical! It's ready to eat in 2 or more minutes (for babies, longer) and costs less than 1 cent a dish. Doctors have recommended Wheatena for nearly 50 years—for babies, for children, for adults of all ages

Send for this booklet today

THE DELICIOUS NUT-BROWN WHEAT CEREAL

E. R. SCELY, President
Wilson-Western Sporting Goods Co.

What the World's Greatest Golf Ball Owes to the Tire Industry

Wilson
GOLF EQUIPMENT

WHEN today's fine automobile roads were still a dream of the future . . . tires were far less perfect than now. Yet the important tire companies fell into the competitive sales policy of making definite mileage guarantees. • • • • •

Impressive, they sounded at first. But the man who lived near good roads exceeded the guarantee no matter what tires he used. And the man on bad roads usually fell far short—and he felt cheated. • • • •

It was proven an unsound and limited policy at best. When roads and tire construction both improved the manufacturers issued broader guarantees for better tires instead of trying to *guarantee the roads!* This policy based upon fair dealing was not limited to a number of miles but to the satisfaction of the user.

In offering the American public the amazing new Hol-Hi Golf Ball, Wilson-Western is adopting this sound policy. In the Hol-Hi ball are combined, at last, the tremendous distance of the high-compression ball (never possible to guarantee before)—and the tough cover heretofore valuable mainly as a background for guaranteeing a specified number of holes per ball. It is offered to the public on a basis of superior value, without limiting this value to play over a specified number of holes. • • • • • • • •

The Hol-Hi swept into nation-wide popularity last year at $1.00. Improvements have been made in this year's product, manufacturing costs slightly increased—and yet the demand for this sensational ball is now so great that, by quantity production, we have been able to reduce the price to 75c. • • • •

HOL-HI

OUR GUARANTEE

This Hol-Hi Ball is guaranteed to give absolute satisfaction—no matter how many holes you choose to play it—for the length of its life in the hands of the original purchaser. It is entirely guaranteed for durability, playability and uniformity. It will not shock or wobble in the air. It is guaranteed to retain its shape, not to crack, and to retain its paint. If not entirely satisfactory, it will be immediately replaced.

Pacific Northwest and Alaska
California—Zion National Park
Bryce Canyon—Cedar Breaks
Grand Canyon National Park
Kaibab Forest—Colorado
Salt Lake City—Ogden

Glacier-gripped mountains, colossal canyons, spouting geysers, tremendous waterfalls, wild animals, wild flowers, big trees, jeweled lakes, famous beaches, missions, movies in the making, world ports and metropolitan cities. Rest, play, adventure, education.

Low Fares This Summer
to ALL the West

Independent or Escorted All-expense Tours. Let us show you how you can combine as many of these wonderlands as you choose on one Union Pacific Tour. The cost is surprisingly low. Many fine fast trains daily. Tell us which region you are interested in and we will send illustrated travel book and complete information.

Address nearest representative or General Passenger Agent, Dept. 315, at Omaha, Neb.; Salt Lake City, Utah; Portland, Ore.; Los Angeles, Calif.

UNION PACIFIC
THE OVERLAND ROUTE

In writing to advertisers, please mention Town

Sail with the Sun
over the Southern Route into the flower-laden land of
Hawaii

COME know the thrill of riding a racing roller—of looking into yawning craters—dipping into velvet waters and shooting parfrom a lava tee.

Come dance in the brilliant moonlight, hike over green garlanded peaks, drift in a canoe past coral strands and delve in a tropical forest. Come rest, play and daydream the hours away in beautiful Hawaii.

Sail Direct From the Port of Los Angeles

Frequent sailings on magnificent liners

S. S. City of Los Angeles, the new *S. S. City of Honolulu* now being prepared to offer the highest degree of steamship luxury, and the popular cabin liner *S. S. Calawaii*.

Inclusive 3-Weeks Tour
$278.50 - $323.50 - $406

and upward, covering every ship and shore expense depending on steamship and hotel accommodations selected. 3-Weeks tour Los Angeles back to Los Angeles, including the 3-day wonder-trip from Honolulu to Hilo and Kilauea volcano.
